Support **MEGAN DUFFEE**

On Saturday morning (May 5th, 2018) at 9:30am, Megan Duffee was driving on Highway 1 in Lexington, SC. A driver going the opposite direction veered into her lane and hit her head-on. She was then rear ended by the car behind her. Brandon, her husband and our fellow colleague, was following close behind in another vehicle. He was on the scene immediately. With life threatening injuries, Megan was rushed by ambulance to the ER at Palmetto Richland Memorial hospital and was later transferred to the ICU.

Please consider supporting Megan and Brandon on their long journey of recovering from this life altering accident.

TESTIMONIALS

Barb and Sallie were absolutely the best to work with. We really could not have asked for better customer service. They were honest and really helped with our questions and never left us without an answer. Our expectations were exceeded!

Lisa and Ryan M.

We had been looking for a house for a while when we ran across Brandon Diffe. He was hosting an open house in Gilbert, SC and we are so grateful that we met him that day. When Brandon says he wants to help people, he truly means it. We also worked with Sallie Chester. Both Sallie and Brandon were top notch! When we're ready to buy or sell again, we will be calling The Sallie Chester Team!

Johnny & Jennifer L. and Reta T.

Moving from out of state can be stressful! Barbara LeRoux did everything she could to make our experience as stress free as possible from beginning to end. She was great about helping with anything we needed prior to our move that we couldn't do ourselves because of our location. We would highly recommend Barb to anyone who wants the best possible real estate experience!

Melanie and Bill P.
