3x3SM Home Protection Plan

WANT PROTECTION YOU CAN COUNT ON? GET AN AHS® 3x3SM HOME PROTECTION PLAN.

What is a home protection plan?

A home protection plan is a service contract that covers the repair or replacement of many of the most frequently occurring breakdowns of home system components and appliances. It lets you know you're ok if something goes wrong with a covered item.

Why do I need a home protection plan?

The one thing you can be sure of is that eventually, your home system components and appliances will break down. A home protection plan may help make those costs more manageable when that happens, while making it easy for you to get a qualified professional to your home to fix the problem.

Why go with American Home Shield®?

At American Home Shield, we're dedicated to making sure you get the outstanding customer service, from the moment you call with a problem until the problem's resolved. We like to think that's what's made us the industry leader with 40 years of experience in helping our customers.

- We strive to provide an outstanding service experience. You can request service by phone or online.
- We see each service call as an opportunity to keep our commitment and build customer loyalty. The typical AHS customer makes over two service calls per year.
- Home protection plans are our core business. You can rest assured knowing our focus is on responding to our customers.

* The AHS Home Protection Plan covers the repair and replacement of the home systems and appliances specified as covered in the contract in the event such items malfunction during the term of the contract due to a cause specified as covered in the contract. Full details of your AHS 3x3 Home Protection Plan will be included in your contract. To review a copy of the contract that details specific coverages, exclusions and limitations prior to enrollment, please call AHS. Covers single-family homes under 5,000 sq. feet. This initial fee covers any additional service contractor visits required for the same breakdown within 60 days of the original service date. Additional charges may apply for some repairs and replacements. AHS may offer you cash in lieu of repair or replacement in the amount of AHS' expected cost to repair or replace an item, which in most cases may be less than retail cost. When making replacements, AHS will install system components and appliances with similar features, capacity and efficiency but not necessarily the same dimension, color or brand. Items not designated by the manufacturer for residential use are not covered. Refer to contract for state-specific cancellation provisions. Offer valid for new AHS customers only.
