

Bugs, Pests, & Creepy Crawlers

Insects come in because it is hot outside and it only takes 1/64th of an inch to get in the house. Here are DIY ways to keep them under control (and when to call professional help).

FLEA CONTROL

- Bathe your pet(s), done by owner
- Sprays, foggers (inside)
- 2 rounds of spraying in yard (pros)

COCKROACH ELIMINATION

- Clean the house and maintain cleanliness
- Seal cracks
- Boric Acid

SQUIRREL REMOVAL

- Trap the squirrel (done by the pros)
- Trim or remove limbs 8 to 10 feet away from the house roof
- Remove bird feeders

ANTS CONTROL

- Trim trees 8 to 10 feet away from the roof
- Take care of any leaks
- Don't let electrical lines or trees to close to the house.

SCORPION EXTERMINATION

- Spray outside the house
- Get rid of other pests, since scorpions eat other pests

TERMITE EXTERMINATION

- Check mulch (the drier the worse)
- 1-2 inch gap fence
- Move firewood and any wooden boards away from the house
