4. Architectural Control Committee. The Architectural Control Committee shall be composed of three (3) or more natural persons designated from time to time by the Board of Directors of the Association and such persons shall serve at the pleasure of the Board of Directors. The affirmative vote of a majority of the members of the Architectural Control Committee which shall be the required quorum of the Committee shall be required in order to adopt or promulgate any rule or regulation, or to make any finding, determination, ruling or order, or to issue any permit, consent, authorization, approval or the like pursuant to the authority contained in these By-Laws.

- (a) Improvements and Alterations; Plans and Specifications; Approval. Except for construction by the Declarant for purposes of restoration of improvements or structures to their original appearance or as otherwise provided in these By-Laws, no building, fence, wall or other improvements or structure shall be commenced, erected, placed, moved or maintained upon the project, nor shall any exterior addition to or change in any improvement located on the project be made until the complete plans and specifications showing the precise and exact nature, kind, shape, height, set-back, materials, color and location of the same shall have been submitted in duplicate to and approved in writing as to harmony of external design, color and location in relation to surrounding structures and topography and conformity with the design concept for the project by the Architectural Control Committee.
- (b) Approvals; Copy of Plans and Specifications Deposited; Lapse of Time Paramount to Approval. Upon approval by the Architectural Control Committee of any plans and specifications submitted pursuant to the provisions of these By-Laws, a copy of such plans and specifications, as approved, shall be deposited among the permanent records of such Committee and a copy of such plans and specifications bearing such approval, in writing, shall be returned to the applicant submitting the same. In the event the Architectural Control Committee fails to approve or disapprove any plans and specifications which may be submitted to it within thirty (30) days after submission, then approval will not be required and this Article XIII (4) shall be deemed to have been fully complied with.
- (c) Construction; Limitations; Deviations from Plans and Specifications. Construction or alterations in accordance with plans and specifications approved by the Architectural Control Committee pursuant to the provisions of this Article XIII (4) shall be commenced within twelve (12) months following the date upon which the same are approved by the Architectural Control Committee [whether by affirmative action or by forbearance from action, as provided in Section (b) of this Article XIII (4)], and shall be substantially completed within twelve (12) months following the date of commencement, or within such longer period as the Architectural Control Committee shall specify. In the event con-

struction is not commenced within the period aforesaid, then approval of the plans and specifications by the Architectural Control Committee shall be conclusively deemed to have lapsed and compliance with the provisions of this Article XIII shall again be required. There shall be no deviations from plans and specifications approved by the Architectural Control Committee without the prior consent in writing of the Architectural Control Committee. Approval for use on any unit of any particular plans and specifications or design shall not be construed as a waiver of the right of the Architectural Control Committee to disapprove such plans and specifications, or any elements or features thereof, in the event such plans and specifications are subsequently submitted for use upon any other unit or units.

- (d) Certificate of Compliance. Upon the completion of the construction or alteration of any building, fence, wall or other improvements or structure in accordance with plans and specifications approved by the Architectural Control Committee in accordance with the provisions of this Article XIII, the Architectural Control Committee shall, at the request of the owner thereof, issue a certificate of compliance which shall be prima facie evidence that the building, fence, wall, or other improvements or structure referenced in such certificate has been approved by the Architectural Control Committee and constructed or installed in full compliance with the provisions of this Article XIII and with such other provisions and requirements of these By-Laws as may be applicable.

No such rules, regulations, statements, criteria or the like shall be construed as a waiver of the provisions of this Article XIII or any other provision or requirement of this Declaration. The Architectural Control Committee may charge and collect a reasonable fee for the examination of any plans and specifications submitted for approval pursuant to the provisions of this Article XIII. The decisions of the Architectural Control Committee shall be final, except that any owner who is aggrieved by any action or forbearance from action by the Architectural Control Committee may appeal the decision of the Architectural Control Committee to the Board of Directors. A vote of two-thirds (2/3) of the then constituted Board of Directors shall be necessary to overrule a decision of the Architectural Control Committee.
- (f) Enforcement; Right to Correct Violations. In the event any building, fence, wall or other improvements or structure shall be commenced, erected, placed moved or maintained upon any unit, otherwise than in accordance with the provisions and requirements of this Article XIII, then the same shall be considered to have been undertaken in violation of this Article XIII and without the approval of the Architectural Control Committee required herein. Upon written notice from the Architectural Control Committee, such building, fence, wall or other structure or improvements shall be promptly removed. In the event the same is not removed, or the violation is not otherwise terminated, within fifteen (15) days after notice of such violation is delivered to the owner of the unit upon which such violation exists, then the Association shall have the right, through its agents and employees, to enter upon such unit and to take such steps as may be necessary to remove or

otherwise terminate such violation and the costs thereof shall be assessed against the unit upon which such violation occurred. A statement for the amount thereof shall be rendered to the owner of said unit at which time the assessment shall become due and payable and a continuing lien upon said unit and an obligation of the Owners, and may be enforced as provided in the Declaration. The Association shall have the further right, through its agents, employees or committees, to enter upon and inspect any unit at any reasonable daylight hour for the purpose of ascertaining whether any violation of the provisions of this Article XIII or any of the other provisions or requirements of the Declaration, exist on such unit provided, however, that no such entry and inspection shall be taken without a resolution of the Architectural Control Committee or the Board of Directors, and after reasonable notice to the owner of such unit.
