- Miniature Golf/Water Slide
- Shopping & Dining
- Silver Coast Winery
- Local Airport

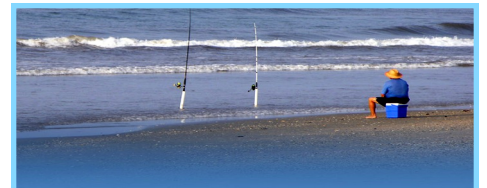

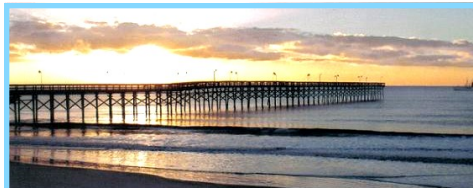

Ocean Isle is a seven-mile long barrier island accessed by one high-rise bridge spanning the IntraCoastal Waterway. A small airport is conveniently located on the mainland 1/4 mile from the bridge.

Ocean Isle provides a family beach environment with a total resort experience: waterfront restaurants offering casual to fine dining with breath-taking sunsets; specialty boutiques for your beach wear and souvenir needs; public tennis courts; a fishing pier; access to all water sports; a water slide; miniature golf; and an Ocean Museum. From May through October you can experience the nesting and hatching of sea turtles on the beach.

The island also boasts 72 canals among its cottage communities which connect to the Intracoastal Waterway. There is also a new Wildlife Boat Ramp under the bridge, all making this a favorite vacation rental area for boaters.

In the fall months, the area welcomes the North Carolina Oyster Festival, and the Purple Foot Festival, which takes place a nearby Silver Coast Winery.

Ocean Isle is also a golf lovers' paradise with more than 30 courses nestled along the marshes and IntraCoastal Waterway or among the pine forests, meadows and bays.
