

Dear Tenant:

Rent is to be paid online through your Tenant Portal. You should have already set up your Tenant Portal in order to sign the lease.

Use your Bank ACH information to make your rent payment through the portal (i.e. Bank Account & Routing Number); this way, it will not charge you any extra fees.

If you pay using a debit or credit card, a merchant fee will be assessed.

Please let us know if you have any questions regarding paying rent. We recommend trying to pay before the 5th, especially the first time, in case you need to contact us for any issues.

Regards,

Agent/Manager
