

Home Sales

Although they dipped slightly as compared to last month, Denver Metro area home sales in April remained strong. Throughout the month, 4,689 homes sold, down 1% compared to last month and up 3% from this time last year. Sales of detached homes were up 2% over last year. Condo/townhome sales also saw a year-over-year increase of 4%.

Supply & Demand

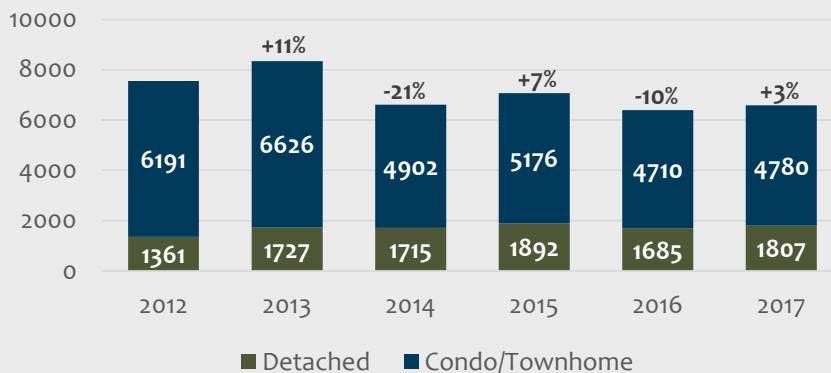

April brought an unexpected decrease in inventory to the Denver Metro housing market. At the end of the month, 5,825 homes were on the market, 18% more than this time last month, but 6 percent less than this time last year. Sales inched up, remaining consistent with numbers we've seen over the last 5 years. At the current sales pace, there are enough listings on the market to last 5 weeks.
