Instructions

The list below shows the components to each Fix It! Grammar weekly exercise.

Although **Mark It** is listed before **Fix It**, the student may choose to **Fix It** first and then **Mark It**. This is acceptable because the *Fix It! Grammar* exercises are like a word puzzle. The goal is to complete the lists at the top of the student page for each passage.

Students should discuss their work with the teacher after working through each daily passage. However, older students may work with their teacher on a weekly basis. Students should actively be involved in comparing their work with the Teacher's Manual. The repetition of finding and fixing their own mistakes allows them to recognize and avoid those mistakes in the future.

Fix It! Grammar should be treated as a game. Keep it fun!

Learn It! On the first day of the new Week, read through the Learn It section.

Each Learn It covers a concept that the student will practice in future passages. Instructions for marking and fixing passages are included

in each Learn It.

Read It! Read the day's passage.

Look up the bolded vocabulary word in a dictionary and pick the definition that fits the context of the story. Maintain a list of vocabulary words and their definitions.

The vocabulary definitions are printed in the Teacher's Manual.

Mark It! Mark the passage using the guide at the top of the daily practice page.

Fix It! Correct the passage using the guide at the top of the daily practice page.

The Teacher's Manual includes detailed explanations for grammar

concepts and punctuation in each daily passage.

Rewrite It! After marking, correcting, and discussing the passage with the teacher, copy the corrected passage on the lines provided or into a separate

notebook.

- Copy the corrected story, not the editing marks.
- Indent and use capital letters properly.
- Copy the corrected punctuation.

Learn It!

Every word belongs to a word group—a part of speech. There are eight parts of speech. The first part of speech that you will learn is the noun.

Noun

A **noun** names a person, place, thing, or idea.

To determine if a word is a noun, test it:

Can an article adjective (a, an, the) come before it? Is it countable?

Find It! Read the sentence and look for the words that name people, places, things, and ideas.

Mark It! Write *n* above each noun as shown below.

Timmy hid behind vegetables in the garden.

Article Adjective

The **article adjectives** are *a*, *an*, *the*.

A noun follows an article adjective. Sometimes adjectives (describing words) come between the article and its noun, as in the busy mouse.

Mark It! Write ar above each article.

ar A gray mouse hid behind an eggplant in the garden. For more information about nouns, see page G-5.

Noun Tests:

the two _

A noun does not always have an article adjective before it. However, if there is an article adjective, a noun will follow it.

For more information about article adjectives, see page G-14.

Ask students to identify the noun that follows each article.

mouse eggplant garden

Capitalization

Capitalize the first word of a sentence.

Capitalize proper nouns.

The word *girl* is a common noun, but *Jenny* is a proper noun. The word *country* is a common noun, but *England* is a proper noun.

Fix It! Place three short lines below letters that should be capitalized.

the country mouse named timmy lived in england.

End Mark

Use a period at the end of a statement.

Fix It! Place a period at the end of each sentence.

Timmy loved his home.

For more information about indentation, see page G-31.

In fiction (stories), there are four reasons to start a new paragraph:

> new speaker, new topic, new place, new time.

Indentation

Notice that some sentences are indented. An indented sentence means that the sentence begins a new paragraph.

Pronoun

A **pronoun** replaces a noun in order to avoid repetition. It refers back to some person or thing recently mentioned and takes the place of that person or thing.

There are many types of pronouns. The personal pronouns take the place of common and proper nouns. The personal pronouns in the table below are organized by number, person, and function.

Number means one (singular) or more than one (plural). Person means who is speaking (1st), spoken to (2nd), or spoken about (3rd).

Function means the job a word is doing in the sentence.

2 numbers	3 persons	These pronouns can function as the subject of a sentence.	These pronouns can function as the object of a preposition.	These possessive pronouns function as adjectives.	These possessive pronouns do not function as adjectives.
	1st	I	me	my	mine
singular	2nd	you	you	your	yours
	3rd	he, she, it	him, her, it	his, her, its	his, hers, its
	1st	we	us	our	ours
plural	2nd	you	you	your	yours
	3rd	they	them	their	theirs

Mark It! Write *pr* above each pronoun.

Timmy traveled to town. It was busy with many people. pr He was scared of them and their noise.

Without pronouns to replace the nouns, this passage sounds strange.

Timmy traveled to town. The town was busy with many people. Timmy was scared of the people and the people's noise.

For more information about pronouns, see page G-6.

The noun the pronoun replaces is called the antecedent.

Ask students to identify the nouns that the pronouns replace.

It replaces town **He** replaces *Timmy* **them** replaces *people* their replaces people's

Week 6 students will learn a possessive pronoun like their replaces a possessive noun like people's. Both function as adjectives.

Capitalization

Capitalize the personal pronoun *I*.

Fix It! Place three short lines below the personal pronoun *I*.

When the basket opened, i jumped out.

End Mark

Use a question mark at the end of a question.

Fix It! Place a question mark at the end of each question.

Preposition

A **preposition** starts a phrase that shows the relationship between a noun or pronoun and another word in the sentence.

A prepositional phrase always begins with a preposition and ends with a noun or pronoun. The phrase may have adjectives in between but never a verb.

The noun or pronoun that ends the prepositional phrase is called the object of the preposition. When the object of the preposition is a pronoun, it will be one of the objective case pronouns: me, you, him, her, it, us, you, them.

Memorize It! preposition + noun (no verb)

Find It! Use the list below to find the prepositions in the sentence. Once you find a preposition, ask "What?" to identify the noun or pronoun that ends the prepositional phrase.

Mark It! Underline each prepositional phrase. Start the line under the preposition and end with the noun.

Near the garden Timmy climbed into a large basket that was filled with vegetables.

For more information about prepositions, see page G-8.

Ask students to identify the prepositional phrase and explain how it follows the pattern.

near what? **garden** Near the garden starts with a preposition (near) and ends with a noun (garden). It has an article in between but no verb.

into what? basket into a large basket starts with a preposition (into) and ends with a noun (basket). It has an article and an adjective in between but no verb.

with what? vegetables with vegetables starts with a preposition (with) and ends with a noun (vegetables).

Prepositions List

aboard about above according to across after against along amid	around as at because of before behind below beneath beside	between beyond by concerning despite down during except for	in inside instead of into like minus near of	opposite out outside over past regarding since through	toward under underneath unlike until unto up, upon with within
amid	besides	from	on, onto	to	without

When to is followed by a verb, as in to finish, it is called an infinitive. It does not fit the prepositional phrase pattern because *finish* is not a noun or pronoun. Do not mark infinitives as prepositional phrases.

Capitalization

Capitalize days of the week and months of the year.

Do not capitalize seasons: spring, summer, fall, winter.

Fix It! Place three short lines below letters that should be capitalized.

On a $\underline{\underline{w}}$ ednesday that summer in $\underline{\underline{i}}$ une, Timmy ate peas.

End Mark

Use an exclamation mark at the end of a sentence that expresses strong emotion.

Fix It! Place an exclamation mark at the end of each exclamatory sentence.

Timmy was starving!

Week 3

Read It! Mark It! Fix It! Day 1 2 articles (ar) 5 capitals early one monday in april, timmy snuck into the garden. the peas looked delicious 5 nouns (n) 1 end mark 2 prepositional phrases
