Instructions

The list below shows the components to each Fix It! Grammar weekly exercise.

Although **Mark It** is listed before **Fix It**, the student may choose to **Fix It** first and then **Mark It**. This is acceptable because the *Fix It! Grammar* exercises are like a word puzzle. The goal is to complete the lists at the top of the student page for each passage.

Students should discuss their work with the teacher after working through each daily passage. However, older students may work with their teacher on a weekly basis. Students should actively be involved in comparing their work with the Teacher's Manual. The repetition of finding and fixing their own mistakes allows them to recognize and avoid those mistakes in the future.

Fix It! Grammar should be treated as a game. Keep it fun!

Learn It! On the first day of the new Week, read through the Learn It section.

Each Learn It covers a concept that the student will practice in future passages. Instructions for marking and fixing passages are included

in each Learn It.

Read It! Read the day's passage.

Look up the bolded vocabulary word in a dictionary and pick the definition that fits the context of the story. Maintain a list of vocabulary words and their definitions.

The vocabulary definitions are printed in the Teacher's Manual.

Mark It! Mark the passage using the guide at the top of the daily practice page.

Fix It! Correct the passage using the guide at the top of the daily practice page.

The Teacher's Manual includes detailed explanations for grammar

concepts and punctuation in each daily passage.

Rewrite It! After marking, correcting, and discussing the passage with the teacher, copy the corrected passage on the lines provided or into a separate

notebook.

- Copy the corrected story, not the editing marks.
- Indent and use capital letters properly.
- · Copy the corrected punctuation.

Learn It!

Every word belongs to a word group—a part of speech. There are eight parts of speech: noun, pronoun, verb, preposition, conjunction, adjective, adverb, interjection.

For more information about the parts of speech, see the glossary.

Noun

A **noun** names a person, place, thing, or idea.

A **compound noun** is two or more words combined to form a single noun. This includes proper nouns with two or more words, such as Shere Khan.

ests:	
the	
two	

Article Adjective

The **article adjectives** are *a*, *an*, *the*. A noun follows an article adjective.

Pronoun

A **pronoun** replaces a noun in order to avoid repetition. It refers back to some person or thing recently mentioned known as the antecedent. Review the types of pronouns in Appendix III.

A **personal pronoun** takes the place of common and proper nouns.

A reflexive pronoun ends in -self (singular) or -selves (plural) and refers to the subject of the same sentence.

Week 4 students will learn that possessive pronouns like his and possessive nouns like Mowgli's function as adjectives.

Preposition

A **preposition** starts a phrase that shows the relationship between a noun or pronoun and another word in the sentence. A prepositional phrase always begins with a preposition and ends with a noun or pronoun (called the object of the preposition). Review the prepositions in Appendix III.

Memorize It! preposition + noun (no verb)

Mark It! Write n above each noun. Use a single n for a compound noun. Write *ar* above each article and *pr* above each pronoun. Underline each prepositional phrase.

ar ar n Shere Khan considered himself the greatest beast in the jungle. Ask students to identify the nouns, article adjectives, pronoun, and prepositional phrase and to explain how the prepositional phrase follows the pattern.

In what? jungle in the jungle starts with a preposition (in) and ends with a noun (jungle). It has an article in between but no verb.

For more information about numbers, see page G-33.

Numbers

Spell out numbers that can be expressed in one or two words, like twelve and one hundred.

Use a hyphen with numbers from twenty-one to ninety-nine.

Spell out ordinal numbers, like first and second.

Ordinal numbers tell the order or position in a sequence.

Fix It! Place a line through the incorrect number and write the correct word above it.

> six seventh

Mother Wolf had 6 cubs. Mowgli would become her 7th.

Capitalization

Capitalize the first word of a sentence.

Capitalize proper nouns and proper adjectives.

Capitalize the personal pronoun *I*.

End Mark

Use a period at the end of a statement.

Use a question mark at the end of a question.

Use an exclamation mark at the end of a sentence that expresses strong emotion.

For more information about indentation, see page G-31.

An attribution sets up

a quotation. It includes the person speaking

and the speaking verb.

Indentation

An **indentation** is a blank space between the margin and the beginning of a line of text. It shows the start of a new paragraph.

In fiction (stories), there are four reasons to start a new paragraph.

New Speaker: Start a new paragraph when a new character speaks. Include the attribution with the quotation. Sentences before or after the quotation that point directly to the quotation can remain in the same paragraph.

New Topic: Start a new paragraph when the narrator or a character switches the topic.

New Place: Start a new paragraph when the story switches to a new location. If several switches are made in quick succession, such as a character's journey to find something, it may be less choppy to keep in one paragraph.

New Time: Start a new paragraph when the time changes.

Fix It!

Place three short lines below letters that should be capitalized. Place the correct end mark at the end of each sentence. Add the ¶ symbol or an arrow → in front of each sentence that should start a new paragraph.

The paragraph mark (¶) is called a pilcrow.

¶ shere khan killed some of the villagers' cows. the villagers

were enraged!

When you rewrite the passage, indent. Start the sentence on the next line and write $\frac{1}{2}$ inch from the left margin.

Indentation Capitalization	new topic Shere Khan first word of the sentence; proper noun
	Wainganga River; India proper noun
	Shere Khan and Wainganga River are compound nouns. Because the compound noun forms a proper noun, both words are capitalized.
End Marks	Use a period at the end of a statement.

Shere Khan was a tiger who lived near the vast Wainganga River in **Rewrite It!** central India.

Capitalization	Shere Khan first word of the sentence; proper noun Sometimes first word of the sentence
End Marks	Use a period at the end of a statement.
Note	<i>Shere Khan</i> is the antecedent of <i>himself</i> and <i>he.</i> In the first sentence the pronoun following the verb refers to the subject, so a reflexive pronoun is used.

Rewrite It! Shere Khan did not limit himself to cattle. Sometimes he hunted man.

Read It!	Mark It!	Fix It! Day 4

Indentation	new topic
Capitalization	The; If first word of the sentence
End Marks	Use a period at the end of a statement.
Noun	Killing follows the article the, so it functions as a noun. Killing is the thing that the law forbade. A word that ends in -ing functions as a verb only if it follows a helping verb.

Rewrite It! The law of the jungle forbade the killing of man. If anyone harmed a human, it would endanger every beast in the jungle.

Learn It!

Verb

A **verb** shows action, links the subject to another word, or helps another verb.

An **action verb** shows action or ownership.

A **linking verb** links the subject to a noun or adjective.

A helping verb helps an action verb or a linking verb. The helping verb is always followed by another verb.

Every verb has a subject. The subject and verb (s v) belong together.

Subject

A **subject** is a noun or pronoun that performs a verb action. It tells who or what the clause is about.

Clause

A **clause** is a group of related words that contains both a subject and a verb.

Main Clause

A main clause contains a subject and a verb and expresses a complete thought, so it can stand alone as a sentence. Every sentence must have a main clause.

Find It! Read the sentence and look for the verb.

Ask, "Who or what ____ (verb)?"

Mark It! Write *v* above each verb and *s* above each subject.

Place square brackets around the main clause [MC].

The tiger knew the laws of the jungle].

Sentence Opener

A **sentence opener** is a descriptive word, phrase, or clause that is added to the beginning of a sentence. Using different sentence openers makes writing more interesting. After you mark a sentence, determine if the sentence begins with an opener that you know. If it does, mark it. Do not mark questions or quoted sentences.

#1 Subject Opener

A #1 subject opener is a sentence that begins with the subject of the sentence. Sometimes, an article or adjective will come before the subject, but the sentence is still a #1 subject opener.

Mark It! Write (1) above the first word of a sentence that starts with a subject

(1)

A young boy wandered from his village.

Some verbs function as either action or linking verbs.

He smelled (action) burned wood.

He smelled (linking) awful.

If you can substitute is for the verb, it is probably functioning as a linking verb.

For more information about clauses, see page G-20.

Ask students to identify the subjects and verbs.

What is the verb? knew Who knew? tiger

When to is followed by a verb, as in to hunt, it is called an infinitive. It does not function as a verb because to hunt does not have a subject. Do not mark infinitives as verbs.

For more information about sentence openers, see page G-42.

Ask students to identify the opener after they mark the sentence.

Students will mark every sentence except questions and quoted sentences.

Strong Verb

A strong verb dresses up writing because it creates a strong image or feeling. A strong verb is an action verb, never a linking or helping verb. Look for strong verbs in this book and write them on the Strong Verb collection page, Appendix II.

Throughout this book students must identify and fix common usage errors. The first usage error is related to pronoun agreement.

Usage with Pronoun Agreement

A pronoun replaces a noun in order to avoid repetition. An antecedent is the word the pronoun refers to.

The boy wandered. He did not hear his mother call him.

The personal pronouns he, his, and him refer to the noun boy. The noun boy is the antecedent of the pronouns he, his, and him.

A personal pronoun should agree with its antecedent in number.

Number means one (singular) or more than one (plural).

A personal pronoun should agree with its antecedent in number, person, and case.

Notice that the chart emphasizes number because that is the concept taught in this lesson.

		Subjective	Objective	Possessive	
2 numbers					
	1st	1	me	my	mine
singular	2nd	you	you	your	yours
	3rd	he, she, it	him, her, it	his, her, its	his, hers, its
				I	
	1st	we	us	our	ours
plural	2nd	you	you	your	yours
	3rd	they	them	their	theirs

The boy wandered. He did not hear his mother call him.

Boy refers to one boy. Therefore, only the pronouns in the singular row can replace the word boy.

The boys wandered. They did not hear their mother call them.

Boys refers to more than one boy. Therefore, only the pronouns in the plural row can replace the word boys.

Throughout this book you will see usage errors.

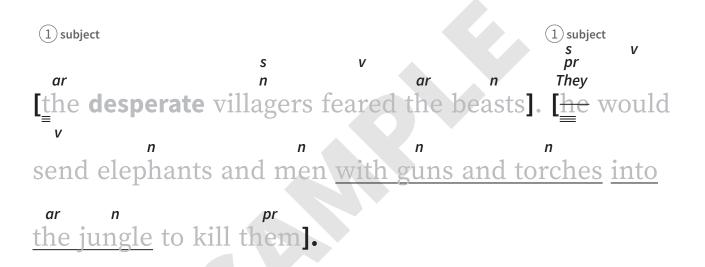

Ask students to identify the antecedent of each pronoun.

The plural noun wolves is the antecedent of They. The singular noun wolf is the antecedent of He.

Fix It! Place a line through the incorrect pronoun and write the correct pronoun above it.

The wolves obeyed the law. He could endanger others if they she did not. A wolf learned the law as a cub. They obeyed it always.

Capitalization	The; They first word of the sentence
End Marks	Use a period at the end of a statement.
Pronoun	The plural noun <i>villagers</i> is the antecedent of <i>They</i> . Change <i>he</i> (singular) to <i>They</i> (plural). The plural noun <i>beasts</i> is the antecedent of <i>them</i> (plural).
	villagers feared They would send
Note	The phrase to kill does not follow the PATTERN preposition + noun. When to is followed by a verb, it is called an infinitive. Do not mark infinitives as prepositional phrases because they include a verb. Do not mark infinitives as verbs because they do not have a subject. They function as neither a prepositional phrase nor a verb.

Rewrite It! The desperate villagers feared the beasts. They would send elephants and men with guns and torches into the jungle to kill them.

	Week 4 students will learn that a possessive pronoun like <i>his</i> is a pronoun that functions as an adjective.
	Shere Khan ignored, hunted toddler had strayed

Shere Khan ignored the law of the jungle and hunted a boy. A toddler had **Rewrite It!** strayed from his village.

	Week 4 students will learn that a possessive noun like <i>Shere Khan's</i> is a noun that functions as an adjective.
	Father Wolf proper noun He first word of the sentence
	Father Wolf is also a compound noun. Because the compound noun forms a proper noun, both words are capitalized.
End Marks	Use a period at the end of a statement.
Pronoun	Shere Khan is hunting, not pacing. The singular noun <i>Father Wolf</i> is the antecedent of <i>He</i> . Change <i>they</i> (plural) to <i>He</i> (singular).
	roar alerted He paced

Shere Khan's distant roar alerted Father Wolf to trouble. He paced **Rewrite It!** angrily.

Capitalization	Father Wolf; Shere Khan first word of the sentence; proper noun His first word of the sentence
End Marks	Use a period at the end of a statement.
Pronoun	The singular noun <i>Shere Khan</i> is the antecedent of <i>His</i> . Change <i>their</i> (plural) to <i>His</i> (singular). Week 4 students will learn that a possessive pronoun like <i>his</i> is a pronoun that functions as an adjective.
MC	Father Wolf was Shere Khan was hunting hunting would lead
Note	Week 4 students will learn an adjective follows a linking verb and describes the subject. <i>Worried</i> is an adjective, not a verb.
	A word that ends in -ing functions as a verb only if it follows a helping verb. In the second sentence hunting functions as a verb because it follows the helping verb was. In the third sentence hunting functions as a noun because it is the thing that would lead man to retaliate.
	To retaliate is an infinitive. It does not function as a verb.

Rewrite It! Father Wolf was worried. Shere Khan was hunting again. His hunting would lead man to retaliate.

Conjunction

A conjunction connects words, phrases, or clauses. A coordinating conjunction connects the same type of words, phrases, or clauses. The items must be grammatically the same: two or more adjectives, two or more prepositional phrases, and so forth.

FANBOYS: for, and, nor, but, or, yet, so

Comma

Do not use a comma before a coordinating conjunction when it connects two items in a series unless they are main clauses. PATTERN a and b

Use commas to separate three or more items in a series. PATTERN a, b, and c

Mark It! Write *cc* above each coordinating conjunction.

Fix It! Insert or remove commas. Follow the comma rules.

The toddler was lively, but defenseless.

He climbed a hill, peeked inside the cave, and wandered in.

Ask students to identify the coordinating conjunction and explain what it connects.

But connects two adjectives: lively, defenseless. No comma is used. a and b

And connects three verbs: climbed, peeked, wandered. Two commas are used. a, b, and c

#2 Prepositional Opener

A #2 prepositional opener is a sentence that begins with a prepositional phrase. The first word in the sentence must be a preposition.

Students will mark every sentence except questions and quoted sentences.

Comma

If a prepositional opener has five words or more, follow it with a comma.

If two or more prepositional phrases open a sentence, follow the last phrase with a comma.

Do not put a comma in front of a prepositional phrase.

Mark It! Write(2)above the first word of a sentence that starts with a prepositional phrase.

Fix It! Insert or remove commas. Follow the comma rules.

(2)

<u>Inside the cave,</u> the wolf cubs wrestled, <u>with their mother</u>.

Inside the dark and dank cave, the wolf cubs wrestled.

Do not include the opener in the main clause square brackets.

From the entrance of the cave, [Father Wolf watched].

After students mark the sentence, ask them to identify the opener and follow comma rules.

To identify phrasal verbs, consult a dictionary.

Phrasal Verbs

A phrasal verb functions as a single verb but has another word with the verb. The combined words form an idea that is different from the two individual words.

To cry means to shed tears; out means away from. To cry out does not mean to weep away from but to shout something. Cry out is a phrasal verb.

Mark It! Write a single v above a phrasal verb.

The boy could not catch up with the wolves.

Usage with Pronoun Agreement

A personal pronoun should agree with its antecedent in number, person, and case.

Week 2 you learned that a pronoun should agree with its antecedent in number (singular and plural). It should also agree with its antecedent in person.

Person means who is speaking (1st), spoken to (2nd), or spoken about (3rd).

		Subjective	Objective	Possessive	
2 numbers	3 persons				
	1st	I	me	my	mine
singular	2nd	you	you	your	yours
	3rd	he, she, it	him, her, it	his, her, its	his, hers, its
plural	1st	we	us	our	ours
	2nd	you	you	your	yours
	3rd	they	them	their	theirs

Notice that the chart emphasizes person because that is the concept taught in this lesson.

I did not hear my mother call me.

A character is **speaking** about himself. The speaker uses pronouns in the first-person row to speak about himself.

Ask students to identify the antecedent and explain the number and person of each pronoun.

The singular noun *Shere Khan* is the antecedent of He. Change You (second-person singular and plural) to He (third-

The plural noun *cubs* is the antecedent of them. Change us (first-person plural) to them (thirdperson plural).

person singular).

You did not hear your mother call you.

A character is **spoken to**. The speaker uses pronouns in the second-person row to speak to someone else.

He did not hear his mother call him.

A character is **spoken about**. The speaker uses pronouns in the third-person row to speak about another character.

Fix It! Place a line through the incorrect pronoun and write the correct pronoun above it.

He them
