Lessons Learned from Thirty Years of Teaching

DON'T MISS THIS
**FREE
EVENT**

In this talk Andrew shares many humorous experiences (and painful lessons) he has learned over thirty years of teaching and homeschooling.

It's hard not to do to your children what was done to you.
Process is more important than product.
All children are different.
"Progressive" education doesn't mean progress.
"College and career readiness" ... isn't.
Two secret keys to successful teaching.

You will be challenged or reassured (or both!) but sure to leave with an expanded vision of your calling as a home educator.
