Issuer/Trust: The CurrencyShares Singapore Dollar Trust

Issuer Website: www.currencyshares.com

Primary Listing Exchange: NYSE Arca

Compliance and supervisory personnel should note that, among other things, this Information Circular discusses the need to deliver a prospectus to customers purchasing shares of the Fund (“Shares”) issued by the CurrencyShares Singapore Dollar Trust (“Trust”). Please forward this Information Circular to other interested persons within your organization.

The purpose of this information circular is to outline various rules and policies that will be applicable to trading in these new products pursuant to the Exchange’s unlisted trading privileges, as well as to provide certain characteristics and features of the Shares. For a more complete description of the Issuer, the Shares and the underlying market instruments or indexes, visit the Issuer Website, consult the Prospectus available on the Issuer Website or examine the Issuer Registration Statement or review the most current information bulletin issued by the Primary Listing Exchange. The Issuer Website, the Prospectus and the Issuer Registration Statement are hereafter collectively referred to as the “Issuer Disclosure Materials.”

Background Information on the Fund

The CurrencyShares Singapore Dollar Trust (the “Trust”) is a grantor trust formed under the laws of the State of New York pursuant to the Depositary Trust Agreement. The Trust holds Singapore Dollars and is expected from time to time to issue Baskets in exchange for deposits of Singapore Dollars and to distribute Singapore Dollars in connection with redemptions of Baskets. The investment objective of the Trust is for the Shares to reflect the price in USD of the Singapore Dollar. Earning income for Shareholders is not the objective of the Trust. Whether investors earn income primarily depends on the relative value of the Singapore Dollar and the USD. If the Singapore Dollar appreciates relative to the USD and a Shareholder sells Shares, the Shareholder will earn income. If the Singapore Dollar depreciates relative to the USD and a Shareholder sells Shares, the Shareholder will incur a loss.

The Sponsor believes that, for many investors, the Shares represent a cost-effective investment in Singapore Dollars. The Shares represent units of fractional undivided beneficial interest in, and ownership of, the Trust. The Sponsor intends to have the Shares listed and traded on NYSE Arca under the symbol "FXSG." The Shares may also trade in other markets, but the Sponsor has not sought to have the Shares listed by any other market.

The Sponsor, Guggenheim Specialized Products, LLC d/b/a "Guggenheim Investments," a Delaware limited liability company, established the Trust and is responsible for registering the Shares. The Sponsor generally oversees the performance of the Trustee and the Trust's principal service providers, but does not exercise day-to-day oversight over the Trustee or the Trust's service providers. The Sponsor may remove the Trustee if any of various events occur.

The Sponsor maintains a public website on behalf of the Trust containing information about the Trust and the Shares. The internet address of the Trust's website is www.currencyshares.com. This internet address is provided here only as a convenience to you; the information contained on or connected to the Trust's website is not considered part of this prospectus.

The Trustee is The Bank of New York Mellon, a banking corporation formed under the laws of the State of New York with trust powers. The Trustee is generally responsible for the day-to-day administration of the Trust. This includes calculating the NAV of the Trust and the NAV per Share each business day, paying the Trust's expenses (which are accrued daily but paid monthly), including withdrawing the Trust's Singapore Dollars, if needed, receiving and processing orders from Authorized Participants to create and redeem Baskets and coordinating the processing of such orders with the Depository and DTC.

The Depository is JPMorgan Chase Bank, N.A., London Branch. The Depository and the Trustee have elected the laws of England to govern the Deposit Account Agreement between them. The Depository accepts Singapore Dollars deposited with it by Authorized Participants in connection with the creation of Baskets. The Depository facilitates the transfer of Singapore Dollars into and out of the Trust through the two deposit accounts maintained with it by the Trust. The Depository may pay interest on the primary deposit account but not on the secondary deposit account. Interest on the primary deposit account, if any, accrues daily and is paid monthly.

JPMorgan Chase Bank, N.A., London Branch, maintains two Singapore Dollar-denominated, demand deposit accounts for the Trust: a primary deposit account that may earn interest and a secondary deposit account that does not earn interest. The secondary deposit account is used to account for any interest that may be received and paid on creations and redemptions of Baskets. The secondary deposit account is also used to account for interest earned on the primary deposit account, if any, to pay Trust expenses and to distribute any excess interest to Shareholders on a monthly basis. Interest on the primary deposit account, if any, accrues daily and is paid monthly. The initial annual nominal interest rate as set forth in the Deposit Account Agreement is the Singapore Dollar Modal Broker Rate minus 40 basis points. The Depository may change the rate at which interest accrues, including reducing the interest rate to zero, based upon changes in the Singapore Dollar Modal Broker Rate, other market conditions or the Depository's liquidity needs. The Depository will notify the Sponsor of the interest rate applied each business day after the close of such business day. The Sponsor discloses the interest rate on the Trust's website. If the Sponsor believes that the interest rate paid by the Depository is not competitive, the Sponsor's sole recourse will be to remove the Depository by terminating the Deposit Account Agreement and closing the accounts.

The NAV of the Trust is the aggregate value, expressed in USD, of the Trust's assets, less its liabilities (which include estimated accrued but unpaid fees and expenses). The Trustee calculates, and the Sponsor publishes, the Trust's net asset value (NAV) each business day. To calculate the NAV, the Trustee adds

to the amount of Singapore Dollars in the Trust at the end of the preceding business day accrued but unpaid interest, if any, Singapore Dollars receivable under pending purchase orders and the value of other Trust assets, and subtracts the accrued but unpaid Sponsor's fee, Singapore Dollars payable under pending redemption orders and other Trust expenses and liabilities, if any. The NAV is expressed in USD based on the Closing Spot Rate as determined by The WM Company at 4:00 PM (London time) on each day that NYSE Arca is open for regular trading. If, on a particular evaluation day, the Closing Spot Rate has not been determined and announced by 6:00 PM (London time), then the most recent The WM Company determination of the Closing Spot Rate shall be used to determine the NAV of the Trust unless the Trustee, in consultation with the Sponsor, determines that such price is inappropriate to use as the basis for such valuation. In the event that the Trustee and the Sponsor determine that the most recent determination of the Closing Spot Rate is not Sponsor shall determine an alternative basis for such evaluation to be employed by the Trustee. Such an alternative basis may include reference to other exchange-traded securities that reflect the value of the Singapore Dollar relative to the USD. The use of any alternative basis to determine NAV would be disclosed on the Trust's website. The Trustee also determines the NAV per Share, which equals the NAV of the Trust divided by the number of outstanding Shares. The Sponsor publishes the NAV and NAV per Share on each day that NYSE Arca is open for regular trading on the Trust's website, www.currencyshares.com. A major market data vendor will disseminate the Indicative Optimized Portfolio Value (IOPV) for the Trust throughout the trading day to the Consolidated Tape association.

The Trust will create and redeem the Shares on a continuous basis, but only in Baskets. A Basket is a block of 50,000 Shares. The creation and redemption of Baskets will require the delivery to the Trust or the distribution by the Trust of the amount of Singapore Dollars represented by the Baskets to be created or redeemed, the amount of which is based on the combined NAV per Share of the number of Shares included in the Baskets to be created or redeemed. The amount of Singapore Dollars required to create a Basket or to be delivered upon the redemption of a Basket may gradually decrease over time if the Trust's Singapore Dollars are withdrawn to pay the Trust's expenses. Baskets may be created or redeemed only by Authorized Participants. Authorized Participants pay a transaction fee for each order to create or redeem Baskets and may sell to other investors the Shares included in the Baskets that they create.

The Trust's only ordinary recurring expense is expected to be the Sponsor's fee. The Sponsor is obligated under the Depositary Trust Agreement to assume and pay the following administrative and marketing expenses of the Trust: The Trustee's monthly fee, typical maintenance and transaction fees of the Depositary, SEC registration fees, printing and mailing costs, audit fees and expenses, up to \$100,000 per annum in legal fees and expenses, applicable license fees and NYSE Arca listing fees. The Trust may incur additional expenses in certain other circumstances. These additional expenses include expenses not assumed by the Sponsor, taxes and governmental charges, expenses and costs of any extraordinary services performed by the Trustee or the Sponsor on behalf of the Trust or action taken by the Trustee or the Sponsor to protect the Trust or the interests of Shareholders, indemnification of the Sponsor under the Depositary Trust Agreement and legal fees and expenses in excess of \$100,000 per year. If these additional expenses are incurred, the Trust will be required to pay these expenses by withdrawing deposited Singapore Dollars and the amount of Singapore Dollars represented by a Share will decline at such time. Accordingly, the Shareholders will effectively bear the cost of these other expenses, if incurred. Although the Sponsor cannot definitively state the frequency or magnitude of such expenses, the Sponsor predicts that they will occur infrequently, if at all.

The registration statement for the Funds describes the various fees and expenses for the Funds' Shares. For a more complete description of the Funds and the Underlying Indexes, visit the Issuer Website.

Principal Risks

Interested persons are referred to the discussion in the prospectus for the Fund of the principal risks of an investment in the Fund. These include tracking error risk (factors causing the Fund's performance to not match the performance of the underlying index), market trading risk (for example, trading halts, trading above or below net asset value), investment style risk, sector risk, investment approach risk, non-diversification risk, currency risk, liquidity risk and concentration risk.

Exchange Rules Applicable to Trading in the Shares

Trading in the Shares on IEX is subject to IEX trading rules.

Trading Hours

The value of the Index underlying the Shares will be disseminated to data vendors every 15 seconds during the Regular Trading Session.

The Shares will trade on IEX between 8:00 a.m. and 5:00 p.m. Please note that trading in the Shares during the Exchange's Pre-Market and Post-Market Sessions ("Extended Market Sessions") may result in additional trading risks which include: (1) that the current underlying indicative value may not be updated during the Extended Market Sessions, (2) lower liquidity in the Extended Market Sessions may impact pricing, higher volatility in the Extended Market Sessions may impact pricing, (4) wider spreads may occur in the Extended Markets Sessions, and (5) because the indicative value is not calculated or widely disseminated during the Extended Market Sessions, an investor who is unable to calculate an implied value for the Shares in those sessions may be at a disadvantage to market professionals.

Dissemination of Data

The Consolidated Tape Association will disseminate real time trade and quote information for the Shares to Tape B.

Delivery of a Prospectus

IEX Members should be mindful of applicable prospectus delivery requirements under the federal securities laws with respect to transactions in the Fund. Prospectuses may be obtained through the Fund's website. The prospectus for the Fund does not contain all of the information set forth in the Funds Registration Statement (including the exhibits to the Registration Statement), parts of which have been omitted in accordance with the rules and regulations of the SEC. For further information about the Fund, please refer to its Registration Statement.

In the event that the Fund relies upon an order by the SEC exempting the Shares from certain prospectus delivery requirements under Section 24(d) of the 1940 Act and in the future make available a written product description, the IEX Rules require that IEX Members provide to all purchasers of Shares a written description of the terms and characteristics of such securities, in a form prepared by the Issuer of the Fund, no later than the time a confirmation of the first transaction in the Shares is delivered to such purchaser. In addition, IEX Members shall include such a written description with any sales material relating to the Shares that is provided to customers or the public. Any other written materials provided by an IEX member to customers or the public making specific reference to the Shares as an investment vehicle must include a statement in substantially the following form: “A circular describing the terms and characteristics of [*the UTP Derivative Securities*] has been prepared by the [*open-ended management investment company name*] and is available from your broker. It is recommended that you obtain and review such circular before purchasing [*the UTP Derivative Securities*].”

An IEX member carrying an omnibus account for a non-member broker-dealer is required to inform such non-member that execution of an order to purchase Shares for such omnibus account will be deemed to constitute agreement by the non-member to make such written description available to its customers on the same terms as are directly applicable to IEX member under this rule.

Upon request of a customer, IEX Members also shall provide a copy of the Prospectus.

Suitability

Trading in the securities on the Exchange will be subject to the provisions of IEX Rule 3.170 and other applicable suitability rules. Members recommending transactions in the securities to customers should make a determination that the recommendation is suitable for the customer.

Trading Halts

IEX will halt trading in the Shares of a security in accordance with IEX Rules. The grounds for a halt include a halt because the intraday indicative value of the security and/or the value of its underlying index are not being disseminated as required, a halt for other regulatory reasons or due to other conditions or circumstances deemed to be detrimental to the maintenance of a free and orderly market.

Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations

The Securities and Exchange Commission (the “SEC”) has issued letters granting exemptive, interpretive and no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 for exchange-traded securities listed and traded on a registered national securities exchange that meet certain criteria.

AS WHAT FOLLOWS IS ONLY A SUMMARY OF THE RELIEF OUTLINED IN THE NO-ACTION LETTERS REFERENCED ABOVE, THE EXCHANGE ADVISES INTERESTED PARTIES TO CONSULT THE NO-ACTION LETTERS FOR MORE COMPLETE INFORMATION REGARDING THE MATTERS COVERED THEREIN AND THE APPLICABILITY OF THE RELIEF GRANTED IN RESPECT OF TRADING IN SECURITIES. INTERESTED PARTIES SHOULD ALSO CONSULT THEIR PROFESSIONAL ADVISORS.

Regulation M Exemptions

Generally, Rules 101 and 102 of Regulation M prohibit any “distribution participant” and its “affiliated purchasers” from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as

specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The SEC has granted an exemption from Rule 101 under Regulation M to permit persons participating in a distribution of shares of the above-mentioned Funds to engage in secondary market transactions in such shares during their participation in such a distribution. In addition, the SEC has granted relief under Regulation M to permit persons who may be deemed to be participating in the distribution of Shares of the above-mentioned Funds (i) to purchase securities for the purpose of purchasing Creation Unit Aggregations of Fund Shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the SEC has clarified that the tender of Fund Shares to the Funds for redemption does not constitute a bid for or purchase of any of the Funds' securities during the restricted period of Rule 101. The SEC has also granted an exemption pursuant to paragraph (e) of Rule 102 under Regulation M to allow the redemption of Fund Shares in Creation Unit Aggregations during the continuous offering of Shares.

Rule 10b-10 (Customer Confirmations for Creation or Redemption of Fund Shares)

Broker-dealers who handle purchases or redemptions of Fund Shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to the Funds for purposes of purchasing Creation Unit Aggregations

("Deposit Securities") or the identity, number and price of shares to be delivered by the Trust for the Funds to the redeeming holder ("Redemption Securities"). The composition of the securities required to be tendered to the Funds for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemption is subject to the following conditions:

- 1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;
- 2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c); and
- 3) Except for the identity, number, and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

Section 11(d)(1); Rules 11d1-1 and 11d1-2

Section 11(d)(1) of the Act generally prohibits a person who is both a broker and a dealer from effecting any transaction in which the broker-dealer extends credit to a customer on any security which was part of a new issue in the distribution of which he participated as a member of a selling syndicate or group within thirty days prior to such transaction. The SEC has clarified that Section 11(d)(1) does not apply to broker-dealers that are not Authorized Participants (and, therefore, do not create Creation Unit Aggregations) that engage in both proprietary and customer transactions in Shares of a Fund in the

secondary market, and for broker-dealer Authorized Participants that engage in creations of Creation Unit Aggregations. This relief is subject to specific conditions, including the condition that such broker-dealer (whether or not an Authorized Participant) does not, directly or indirectly, receive from the Fund complex any payment, compensation or other economic incentive to promote or sell the Shares of a Fund to persons outside the fund complex, other than non-cash compensation permitted under NASD Rule 2830(I)(5)(A), (B) or (C). (See letter from Catherine McGuire, Chief Counsel, SEC Division of Market Regulation, to Securities Industry Association, Derivative Products Committee, dated November 21, 2005.) The SEC also has taken a no-action position under Section 11(d)(1) of the Act that broker-dealers may treat Shares of a Fund, for purposes of Rule 11d1-2, as "securities issued by a registered open-end investment company as defined in the Investment Company Act" and thereby extend credit or maintain or arrange for the extension or maintenance of credit on Shares that have been owned by the persons to whom credit is provided for more than 30 days, in reliance on the exemption contained in the rule.

Rule 14e-5

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of the Funds (1) to redeem Fund Shares in Creation Unit Aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase Fund Shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of the Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of Shares, if made in conformance with the following:

- 1) such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchase; or
- 2) purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
- 3) such bids or purchases are not effected for the purpose of facilitating such tender offer.

SEC Rule 15c1-5 and 15c1-6

The SEC has taken a no-action position with respect to Rule 15c1-5 and Rule 15c1-6 as to the required disclosure of control by a broker or dealer with respect to creations and redemptions of Fund Shares and secondary market transactions therein. (See letter from Catherine McGuire, Chief Counsel, SEC Division of Market Regulation, to Securities Industry Association, Derivative Products Committee, dated November 21, 2005.)
