

Investors Exchange Product Information Circular 2016 - 0399

Date: August 31, 2016

Re: Wisdom Tree Emerging Markets Corporate Bond Fund

Investors Exchange LLC commenced operating as a national securities exchange on August 19, 2016 followed by a two-week security-by-security phase-in period. This Information Circular is being issued to advise you that the following security has been approved for trading pursuant to unlisted trading privileges (“UTP”) on the Exchange as UTP Derivative Securities pursuant to IEX Rule 16.160, and will begin trading on IEX during the phase-in period. See [the Exchange's Website](#) for the phase-in schedule.

Wisdom Tree Emerging Markets Corporate Bond Fund	EMCB

Issuer/Trust: WisdomTree Trust

Issuer Website: www.wisdomtree.com

Primary Listing Exchange: Nasdaq

Compliance and supervisory personnel should note that, among other things, this Information Circular discusses the need to deliver a prospectus to customers purchasing shares (“Shares”) issued by the WisdomTree Trust (“Trust”). Please forward this Information Circular to other interested persons within your organization.

The purpose of this information circular is to outline various rules and policies that will be applicable to trading in these new products pursuant to the Exchange’s unlisted trading privileges, as well as to provide certain characteristics and features of the Shares. For a more complete description of the Issuer, the Shares and the underlying market instruments or indexes, visit the Issuer Website, consult the Prospectus available on the Issuer Website or examine the Issuer Registration Statement or review the most current information bulletin issued by the Primary Listing Exchange. The Issuer Website, the Prospectus and the Issuer Registration Statement are hereafter collectively referred to as the “Issuer Disclosure Materials.”

Background Information on the Fund

The WisdomTree Trust (the “Trust”) is a management investment company registered under the Investment Company Act of 1940, as amended (the “1940 Act”), consisting of several investment portfolios. This circular relates only to the WisdomTree Emerging Markets Corporate Bond Fund (the “Fund”). The shares of the Fund are referred to herein as “Shares.” WisdomTree Asset Management, Inc. (the “Adviser”) is the investment adviser to the Fund.

The Fund seeks to achieve its investment objective through investment in debt securities issued by corporate entities that are domiciled in, or economically tied to, emerging market countries. The issuers of such debt will include public, private, and state-owned or sponsored corporations. Under

normal circumstances, the Fund will invest at least 80% of its net assets, plus the amount of any borrowings for investment purposes, in Corporate Debt. For these purposes, Corporate Debt includes fixed income securities, such as bonds, notes, money market securities and other debt obligations (such as loan participation notes) of emerging market issuers. Corporate Debt does not include derivatives. The Fund is an actively managed exchange traded fund (“ETF”).

The Fund intends to focus its investment on Corporate Debt issued in U.S. dollars. The Fund also may invest in Corporate Debt denominated in the local currency of emerging market countries. Non-U.S. dollar denominated debt is sometimes referred to as “local debt.” Local debt provides exposure to changes in the value of such non- U.S. currencies against the U.S. dollar. Corporate Debt includes debt securities issued by supranational organizations, such as the European Investment Bank, International Bank for Reconstruction and Development or International Finance Corporation, or other regional development banks. The Fund may invest to a limited extent in debt securities of emerging market governments (also known as “sovereign debt”) and debt securities linked to inflation rates in emerging market countries. The Fund intends to seek exposure to Corporate Debt from the following regions: Asia, Latin America, Eastern Europe, Africa and the Middle East. Within these regions, the Fund is likely to invest in countries such as: Argentina, Brazil, Chile, China, Colombia, Hong Kong, India, Indonesia, Israel, Jamaica, Kazakhstan, Malaysia, Mexico, Peru, the Philippines, Poland, Qatar, Russia, Singapore, Saudi Arabia, South Africa, South Korea, Taiwan, Thailand, Trinidad & Tobago, Turkey, Ukraine, the United Arab Emirates, and Venezuela. This list may change based on market developments. The Fund employs a structured investment approach that utilizes “top down” analysis of macroeconomic factors and “bottom up” analysis of emerging market countries and issuers. The Fund’s credit exposures are consistently monitored from a risk perspective and may be modified, reduced or eliminated. The Fund’s exposure to any single issuer generally will be limited to 10% of the Fund’s net assets. The Fund’s exposure to any single country generally will be limited to 30% of the Fund’s net assets. The percentage of Fund assets invested in a specific region, country or issuer will change from time to time.

The universe of emerging market Corporate Debt currently includes securities that are rated “investment grade” as well as “non-investment grade” (commonly referred to as “junk bonds”). The Fund intends to provide a broad exposure to emerging market Corporate Debt and therefore will invest in both investment grade and non- investment grade securities. Securities rated investment grade generally are considered to be of higher credit quality and subject to lower default risk. Although securities rated below investment grade may offer the potential for higher yields, they generally are subject to a higher potential risk of loss.

The Fund attempts to limit interest rate risk by maintaining an aggregate portfolio duration of between two and ten years under normal market conditions. Aggregate portfolio duration is important to investors as an indication of the Fund’s sensitivity to changes in interest rates. Funds with higher durations generally are subject to greater interest rate risk. An aggregate portfolio duration of between two and ten years generally would be considered to be “intermediate.” The Fund’s actual portfolio duration may be longer or shorter depending upon market conditions. The Fund may also invest in short-term money market securities denominated in U.S. dollars or the currencies of countries in which the Fund invests.

The Fund may invest up to 20% of its net assets in derivatives, such as swaps and forward currency contracts. A swap is an agreement between two parties to exchange payments based on a reference asset, which may be a currency or interest rate but also may be a single asset, a pool of assets or an index of assets. A forward currency contract is an agreement to buy or sell a specific currency at a future date at a price set at the time of the contract. The Fund’s use of derivatives will be underpinned by investments in cash or other liquid assets (typically short-term, high-quality money market securities). The Fund also may enter into repurchase agreements with counterparties that are

deemed to present acceptable credit risks. A repurchase agreement is a transaction in which the Fund purchases securities or other obligations from a bank or securities dealer and simultaneously agrees to resell them to a counterparty at an agreed-upon date or upon demand and at a price reflecting a market rate of interest unrelated to the coupon rate or maturity of the purchased obligations.

The Fund must invest at least 80% of its net assets directly in Corporate Debt. The decision to secure exposure through direct investment in Corporate Debt or indirectly through derivative transactions will be a function of, among other things, market accessibility, credit exposure, tax ramifications and regulatory requirements applicable to U.S. investment companies. If, subsequent to an investment, the Fund's 80% requirement is no longer met, the Fund's future investments will be made in a manner that will bring the Fund into compliance with this policy. The Trust will provide shareholders with sixty (60) days' prior notice of any change to this policy for the Fund.

As described more fully in the Trust's prospectus and Statement of Additional Information ("SAI"), the Fund issues and redeems Shares at net asset value ("NAV") only in large blocks of shares, respectively, (each block of Shares called a "Creation Unit") or multiples thereof. Each Creation Unit consists of 100,000 shares. As a practical matter, only broker-dealers or large institutional investors with creation and redemption agreements (called Authorized Participants) can purchase or redeem these Creation Units. Except when aggregated in Creation Units, the Shares may not be redeemed with the Fund. The Fund generally issues and redeems Creation Units in exchange for a portfolio of fixed income securities closely approximating the holdings of the Fund or a designated basket of non-U.S. currency and/or an amount of U.S. cash.

Dividends from net investment income, if any, are declared and paid at least monthly by the Fund. Distributions of net realized securities gains, if any, generally are declared and paid annually.

Shares are held in book-entry form, which means that no Share certificates are issued. The Depository Trust Company or its nominee is the record owner of all outstanding Shares of the Fund and is recognized as the owner of all Shares for all purposes.

The NAV of the Fund is calculated each day the national securities exchanges are open for trading as of the close of regular trading on the listing exchange, generally 4:00 p.m. New York time. The NAV of the Fund is calculated by dividing the value of the net assets of the Fund (i.e., the value of its total assets less total liabilities) by the total number of outstanding shares of the Fund, generally rounded to the nearest cent. In calculating its NAV, the Fund generally values its assets on the basis of market quotations, last sale prices, or estimates of value furnished by a pricing service or brokers who make markets in such instruments. Debt obligations with maturities of 60 days or less are valued at amortized cost, which approximates fair value.

Please see the Funds' prospectus for more information regarding the Funds and their investment objectives.

The registration statement for the Funds describes the various fees and expenses for the Funds' Shares. For a more complete description of the Funds and the Underlying Indexes, visit the Issuer Website.

Principal Risks

Interested persons are referred to the discussion in the prospectus for the Fund of the principal risks of an investment in the Fund. These include: investment risk, market risk, trading at prices other than NAV,

capital controls risk, cash redemption risk, counterparty and issuer credit risk, currency exchange rate risk, derivatives investment risk, emerging markets risk, high yield securities risk, interest rate risk, management risk, non-diversification risk and repurchase agreement risk.

Exchange Rules Applicable to Trading in the Shares

Trading in the Shares on IEX is subject to IEX trading rules.

Trading Hours

The value of the Index underlying the Shares will be disseminated to data vendors every 15 seconds during the Regular Trading Session.

The Shares will trade on IEX between 8:00 a.m. and 5:00 p.m. Please note that trading in the Shares during the Exchange's Pre-Market and Post-Market Sessions ("Extended Market Sessions") may result in additional trading risks which include: (1) that the current underlying indicative value may not be updated during the Extended Market Sessions, (2) lower liquidity in the Extended Market Sessions may impact pricing, higher volatility in the Extended Market Sessions may impact pricing, (4) wider spreads may occur in the Extended Markets Sessions, and (5) because the indicative value is not calculated or widely disseminated during the Extended Market Sessions, an investor who is unable to calculate an implied value for the Shares in those sessions may be at a disadvantage to market professionals.

Dissemination of Data

The Consolidated Tape Association will disseminate real time trade and quote information for the Shares to Tape B.

Delivery of a Prospectus

IEX Members should be mindful of applicable prospectus delivery requirements under the federal securities laws with respect to transactions in the Fund. Prospectuses may be obtained through the Fund's website. The prospectus for the Fund does not contain all of the information set forth in the Funds Registration Statement (including the exhibits to the Registration Statement), parts of which have been omitted in accordance with the rules and regulations of the SEC. For further information about the Fund, please refer to its Registration Statement.

In the event that the Fund relies upon an order by the SEC exempting the Shares from certain

prospectus delivery requirements under Section 24(d) of the 1940 Act and in the future make available a written product description, IEX Rules require that IEX Members provide to all purchasers of Shares a written description of the terms and characteristics of such securities, in a form prepared by the Issuer of the Fund, no later than the time a confirmation of the first transaction in the Shares is delivered to such purchaser. In addition, IEX Members shall include such a written description with any sales material relating to the Shares that is provided to customers or the public. Any other written materials provided by an IEX member to customers or the public making specific reference to the Shares as an investment vehicle must include a statement in substantially the following form: “A circular describing the terms and characteristics of [the UTP Derivative Securities] has been prepared by the [open-ended management investment company name] and is available from your broker. It is recommended that you obtain and review such circular before purchasing [the UTP Derivative Securities].”

An IEX member carrying an omnibus account for a non-member broker-dealer is required to inform such non-member that execution of an order to purchase Shares for such omnibus account will be deemed to constitute agreement by the non-member to make such written description available to its customers on the same terms as are directly applicable to IEX member under this rule.

Upon request of a customer, IEX Members also shall provide a copy of the Prospectus.

Suitability

Trading in the securities on the Exchange will be subject to the provisions of IEX Rule 3.170 and other applicable suitability rules. Members recommending transactions in the securities to customers should make a determination that the recommendation is suitable for the customer.

Trading Halts

IEX will halt trading in the Shares of a security in accordance with IEX Rules. The grounds for a halt include a halt because the intraday indicative value of the security and/or the value of its underlying index are not being disseminated as required, a halt for other regulatory reasons or due to other conditions or circumstances deemed to be detrimental to the maintenance of a free and orderly market.

Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations

The Securities and Exchange Commission (the “SEC”) has issued letters granting exemptive, interpretive and no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 for exchange-traded securities listed and traded on a registered national securities exchange that meet certain criteria.

AS WHAT FOLLOWS IS ONLY A SUMMARY OF THE RELIEF OUTLINED IN THE NO-ACTION LETTERS REFERENCED ABOVE, THE EXCHANGE ADVISES INTERESTED PARTIES TO CONSULT THE NO-ACTION LETTERS FOR MORE COMPLETE INFORMATION REGARDING THE MATTERS COVERED THEREIN AND THE APPLICABILITY OF THE RELIEF GRANTED IN RESPECT OF TRADING IN SECURITIES. INTERESTED PARTIES SHOULD ALSO CONSULT THEIR PROFESSIONAL ADVISORS.

Regulation M Exemptions

Generally, Rules 101 and 102 of Regulation M prohibit any “distribution participant” and its “affiliated

purchasers” from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The SEC has granted an exemption from Rule 101 under Regulation M to permit persons participating in a distribution of shares of the above-mentioned Funds to engage in secondary market transactions in such shares during their participation in such a distribution. In addition, the SEC has granted relief under Regulation M to permit persons who may be deemed to be participating in the distribution of Shares of the above-mentioned Funds (i) to purchase securities for the purpose of purchasing Creation Unit Aggregations of Fund Shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the SEC has clarified that the tender of Fund Shares to the Funds for redemption does not constitute a bid for or purchase of any of the Funds’ securities during the restricted period of Rule 101. The SEC has also granted an exemption pursuant to paragraph (e) of Rule 102 under Regulation M to allow the redemption of Fund Shares in Creation Unit Aggregations during the continuous offering of Shares.

Rule 10b-10 (Customer Confirmations for Creation or Redemption of Fund Shares)

Broker-dealers who handle purchases or redemptions of Fund Shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to the Funds for purposes of purchasing Creation Unit Aggregations (“Deposit Securities”) or the identity, number and price of shares to be delivered by the Trust for the Funds to the redeeming holder (“Redemption Securities”). The composition of the securities required to be tendered to the Funds for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemption is subject to the following conditions:

- 1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;
- 2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c); and
- 3) Except for the identity, number, and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

Section 11(d)(1); Rules 11d1-1 and 11d1-2

Section 11(d)(1) of the Act generally prohibits a person who is both a broker and a dealer from effecting any transaction in which the broker-dealer extends credit to a customer on any security which was part of a new issue in the distribution of which he participated as a member of a selling syndicate or group within thirty days prior to such transaction. The SEC has clarified that Section 11(d)(1) does not apply to broker-dealers that are not Authorized Participants (and, therefore, do not create Creation Unit Aggregations) that engage in both proprietary and customer transactions in Shares of a Fund in the

secondary market, and for broker-dealer Authorized Participants that engage in creations of Creation Unit Aggregations. This relief is subject to specific conditions, including the condition that such broker-dealer (whether or not an Authorized Participant) does not, directly or indirectly, receive from the Fund complex any payment, compensation or other economic incentive to promote or sell the Shares of a Fund to persons outside the fund complex, other than non-cash compensation permitted under NASD Rule 2830(l)(5)(A), (B) or (C). (See letter from Catherine McGuire, Chief Counsel, SEC Division of Market Regulation, to Securities Industry Association, Derivative Products Committee, dated November 21, 2005.) The SEC also has taken a no-action position under Section 11(d)(1) of the Act that broker-dealers may treat Shares of a Fund, for purposes of Rule 11d1-2, as "securities issued by a registered open-end investment company as defined in the Investment Company Act" and thereby extend credit or maintain or arrange for the extension or maintenance of credit on Shares that have been owned by the persons to whom credit is provided for more than 30 days, in reliance on the exemption contained in the rule.

Rule 14e-5

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of the Funds (1) to redeem Fund Shares in Creation Unit Aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase Fund Shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of the Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of Shares, if made in conformance with the following:

- 1) such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchase; or
- 2) purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
- 3) such bids or purchases are not effected for the purpose of facilitating such tender offer.

SEC Rule 15c1-5 and 15c1-6

The SEC has taken a no-action position with respect to Rule 15c1-5 and Rule 15c1-6 as to the required disclosure of control by a broker or dealer with respect to creations and redemptions of Fund Shares and secondary market transactions therein. (See letter from Catherine McGuire, Chief Counsel, SEC Division of Market Regulation, to Securities Industry Association, Derivative Products Committee, dated November 21, 2005.)

This Information Circular is not a statutory prospectus. IEX Members should consult the prospectus for a security and the security's website for relevant information.
