

## Investors Exchange Product Information Circular 2016 - 0593

**Date:** August 31, 2016

**Re:** ProShares Trust ETFs

Investors' Exchange LLC commenced operating as a national securities exchange on August 19, 2016 followed by a two-week security-by-security phase-in period. This Information Circular is being issued to advise you that the following securities have been approved for trading pursuant to unlisted trading privileges ("UTP") on the Exchange as UTP Derivative Securities pursuant to IEX Rule 16.160, and will begin trading on IEX during the phase-in period. See [the Exchange's Website](#) for the phase-in schedule.

<b><u>Securities (the "Funds" or individually the "Fund")</u></b>	<b><u>Symbol</u></b>
ProShares UltraPro Short S&P 500	SPXU
ProShares UltraPro S&P 500	UPRO

**Issuer/Trust:** ProShares Trust

**Issuer Website:** [www.proshares.com](http://www.proshares.com)

**Primary Listing Exchange:** NYSE Arca

**Primary Exchange Circular:** RB-09-92 and RB-09-93 (June 25, 2009)

**Registration Statement:** No. 811-21114

The purpose of this information circular is to outline various rules and policies that will be applicable to trading in these new products pursuant to the Exchange's unlisted trading privileges, as well as to provide certain characteristics and features of the Shares. For a more complete description of the Issuer, the Shares and the underlying market instruments or indexes, visit the Issuer Website, consult the Prospectus available on the Issuer Website, examine the Issuer Registration Statement or review the most current information bulletin issued by the Primary Listing Exchange. The Issuer Website, the Prospectus, the Issuer Registration Statement and the Primary Exchange Circular are hereafter collectively referred to as the "Issuer Disclosure Materials."

### **Background Information on the Fund**

The Trust is a management investment company registered under the Investment Company Act of 1940, as amended (the "1940 Act"). The Trust consists of several exchange-traded funds. This circular refers only to the Funds listed above. The shares of each of the Funds listed above are referred to herein as "Shares." ProShare Advisors LLC (the "Adviser") serves as the investment adviser for the Funds.

Each Fund is designed to seek daily investment results that, before fees and expenses, correspond to the performance of a daily benchmark such as a multiple of the daily price performance, or a multiple of

the inverse (opposite) of the daily price performance, of an index or security. UltraPro ProShares are designed to correspond to triple (300%) the daily performance of an underlying index. UltraPro Short ProShares are designed to correspond to triple (300%) the inverse of the daily performance of an underlying index. The Funds do not seek to achieve their stated investment objective over a period of time greater than one day. Each Fund's investment objective is non-fundamental, meaning it may be changed by the Board of Trustees of ProShares Trust (the "Board"), without the approval of Fund shareholders. Each Fund reserves the right to substitute a different index or security for the index underlying its benchmark.

In seeking to achieve each Fund's investment objective, the Adviser uses a mathematical approach to investing. Using this approach, the Adviser determines the type, quantity and mix of investment positions that a Fund should hold to approximate the performance of its benchmark. The Funds employ investment techniques that the Adviser believes should simulate the movement of their respective benchmarks.

A Fund may hold a representative sample of the securities in the underlying index, which is intended to have aggregate characteristics similar to those of the underlying index. This "sampling" process typically involves selecting a representative sample of securities in an index principally to enhance liquidity and reduce transaction costs while seeking to maintain high correlation with, and similar aggregate characteristics (e.g., market capitalization and industry weightings) to, the underlying index. In addition, a Fund may obtain exposure to components not included in the underlying index, invest in securities that are not included in the underlying index or overweight or underweight certain components contained in the underlying index.

The Adviser does not invest the assets of the Funds in securities or financial instruments based on the Adviser's view of the investment merit of a particular security, instrument, or company, nor does it conduct conventional stock research or analysis, or forecast stock market movement or trends, in managing the assets of the Funds. Each Fund seeks to remain fully invested at all times in securities and/or financial instruments that provide exposure to its underlying index without regard to market conditions, trends or direction. The Funds do not take temporary defensive positions.

At the close of the markets each trading day, each Fund will seek to position its portfolio so that a Fund's exposure to its benchmark is consistent with the Fund's investment objective. The impact of the Index's movements during the day will determine whether a Fund's portfolio needs to be re-positioned.

For example, if the Index has risen on a given day, net assets of an UltraPro ProShares should rise, meaning that the Fund's exposure will need to be increased. Conversely, if the Index has fallen on a given day, net assets of an UltraPro ProShares should fall, meaning the Fund's exposure will need to be reduced. Similarly, if the Index has risen on a given day, net assets of an UltraPro Short ProShares should fall, meaning that the Fund's short exposure will need to be reduced. Conversely, if the Index has fallen on a given day, net assets of an UltraPro Short ProShares should rise, meaning the Fund's short exposure will need to be increased.

The ProShares UltraPro S&P500 seeks daily investment results, before fees and expenses, that correspond to triple (300%) the daily performance of the S&P 500 Index. If ProShares UltraPro S&P500 is successful in meeting its objective, its net asset value, before fees and expenses, should gain approximately three times as much, on a percentage basis, as the S&P 500 Index when the Index rises on a given day. Conversely, its net asset value should lose approximately three times as much, on a percentage basis, before fees and expenses, as the Index when the Index declines on a given day. The fund does not seek to achieve its stated investment objective over a period of time greater than one

day. Results over longer periods may be materially greater than or less than triple the index.

The ProShares UltraPro Short S&P500 seeks daily investment results, before fees and expenses, that correspond to triple (300%) the inverse (opposite) of the daily performance of the S&P 500 Index. If ProShares UltraPro Short S&P500 is successful in meeting its objective, its net asset value, before fees and expenses, should gain approximately three times as much on a percentage basis as any decrease in the S&P 500 Index when the Index declines on any given day. Conversely, its net asset value, before fees and expenses, should lose approximately three times as much on a percentage basis as any increase in the Index when the Index rises on a given day.

The Fund does not seek to achieve its stated investment objective over a period of time greater than one day. Results over longer periods may be materially greater than or less than triple the inverse of the index.

For more information regarding each Fund's investment strategy, please read the prospectus for the Funds.

As described more fully in the Trust's prospectus and Statement of Additional Information ("SAI"), the Funds issue and redeem Shares at net asset value ("NAV") only in large blocks of Shares (each block of Shares called a "Creation Unit") or multiples thereof. As a practical matter, only broker-dealers or large institutional investors with creation and redemption agreements (called Authorized Participants) can purchase or redeem these Creation Units. Except when aggregated in Creation Units, the Shares may not be redeemed with the Funds.

Each Fund intends to declare and distribute to its shareholders at least annually virtually all of its net income (interest and dividends, less expenses), if any, as well as net capital gains, if any, realized from the sale of its holdings.

Shares are held in book-entry form, which means that no Share certificates are issued. The Depository Trust Company or its nominee is the record owner of all outstanding Shares of the Funds and is recognized as the owner of all Shares for all purposes.

The NAV per Share for each Fund is computed by dividing the value of the net assets of the Fund (i.e., the value of its total assets less total liabilities) by the total number of Shares outstanding. Expenses and fees are accrued daily and taken into account for purposes of determining NAV. The NAV of each Fund is determined each business day after the close of trading (ordinarily 4:00 p.m., Eastern Time or "ET") of the New York Stock Exchange. Any assets or liabilities denominated in currencies other than the U.S. dollar are converted into U.S. dollars at the current market rates on the date of valuation as quoted by one or more sources.

The registration statement for the Funds describes the various fees and expenses for the Funds' Shares. For a more complete description of the Funds and the underlying indexes, visit the Issuer Website.

### **Principal Risks**

Interested persons are referred to the prospectus for a description of risks associated with an investment in the Shares. These risks include the risk that a Fund's return may not match the return of its index for a number of reasons including the incursion by a Fund of operating expenses and costs not applicable to its index. In addition, as noted in the prospectus, the Shares may trade at market prices that differ from their NAV. The NAV of the Shares will fluctuate with changes in the market value of the

Fund's holdings. The market prices of the Shares will fluctuate in accordance with changes in NAV as well as the supply and demand for the Shares on the Exchange.

### **Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations**

The Securities and Exchange Commission (the "SEC") has issued letters granting exemptive, interpretive and no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 for exchange-traded securities listed and traded on a registered national securities exchange that meet certain criteria.

**AS WHAT FOLLOWS IS ONLY A SUMMARY OF THE RELIEF OUTLINED IN THE NO-ACTION LETTERS REFERENCED ABOVE, THE EXCHANGE ADVISES INTERESTED PARTIES TO CONSULT THE NO-ACTION LETTERS FOR MORE COMPLETE INFORMATION REGARDING THE MATTERS COVERED THEREIN AND THE APPLICABILITY OF THE RELIEF GRANTED IN RESPECT OF TRADING IN SECURITIES. INTERESTED PARTIES SHOULD ALSO CONSULT THEIR PROFESSIONAL ADVISORS.**

### **Regulation M Exemptions**

Generally, the Fund is exempted from Rule 101 pursuant to paragraph (c)(4) of Rule 101, permitting persons who may be deemed to be participating in a distribution of the Shares to bid for or purchase Shares during their participation in such distribution. The Fund is exempted under Rule 102(d)(4), permitting a Fund to redeem Shares during the continuous offering of Shares.

### **Rule 10b-17 (Untimely Announcement of Record Dates)**

The SEC has granted an exemption from the requirements of Rule 10b-17 that will cover transactions in the Shares.

### **Section 11(d)(1); Rule 11d1-2 (Customer Margin)**

The SEC has taken a no-action position under Section 11(d)(1) that will permit broker-dealers that do not create Shares but engage in both proprietary and customer transactions in such Shares exclusively in the secondary market to extend or maintain or arrange for the extension or maintenance of credit on the Shares, in connection with such secondary market transactions. For broker-dealers that engage in the creation of Shares, the SEC has also taken a no-action position under Rule 11d1-2 that will cover the extension or maintenance or the arrangement for the extension or maintenance of credit on the Shares that have been owned by the persons to whom credit is provided for more than 30 days.

### **SEC Rule 15c1-5 and 15c1-6 (Disclosure of Control and interest in Distributions)**

The SEC has taken a no-action position under Rule 15c1-5 that will permit a broker-dealer to execute transactions in Shares without disclosing any control relationship with an issuer of a component security. In addition, the SEC has taken a no-action position under Rule 15c1-6 that will permit a broker dealer to execute transactions in the Shares without disclosing its participation or interest in a primary or secondary distribution of a component security.

### **Exchange Rules Applicable to Trading in the Shares**

Trading in the Shares on IEX is subject to IEX trading rules.

### **Trading Hours**

The value of the Index underlying the Shares will be disseminated to data vendors every 15 seconds during the Regular Trading Session.

The Shares will trade on IEX between 8:00 a.m. and 5:00 p.m. Please note that trading in the Shares during the Exchange's Pre-Market and Post-Market Sessions ("Extended Market Sessions") may result in additional trading risks which include: (1) that the current underlying indicative value may not be updated during the Extended Market Sessions, (2) lower liquidity in the Extended Market Sessions may impact pricing, higher volatility in the Extended Market Sessions may impact pricing, (4) wider spreads may occur in the Extended Markets Sessions, and (5) because the indicative value is not calculated or widely disseminated during the Extended Market Sessions, an investor who is unable to calculate an implied value for the Shares in those sessions may be at a disadvantage to market professionals.

### **Delivery of a Prospectus**

Exchange Members should be mindful of applicable prospectus delivery requirements under the federal securities laws with respect to transactions in the Fund. Prospectuses may be obtained through the Fund's website. The prospectus for a Fund does not contain all of the information set forth in the Fund's Registration Statement (including the exhibits to the Registration Statement), parts of which have been omitted in accordance with the rules and regulations of the SEC. For further information about the Fund, please refer to its Registration Statement.

In the event that the Fund relies upon an order by the SEC exempting the Shares from certain prospectus delivery requirements under Section 24(d) of the Investment Company Act of 1940 and in the future make available a written product description, Exchange Rules requires that Exchange Members provide to all purchasers of Shares a written description of the terms and characteristics of such securities, in a form prepared by the Issuer of the Fund, no later than the time a confirmation of the first transaction in the Shares is delivered to such purchaser. In addition, Exchange Members shall include such a written description with any sales material relating to the Shares that is provided to customers or the public. Any other written materials provided by an Exchange member to customers or the public making specific reference to the Shares as an investment vehicle must include a statement in substantially the following form: "A circular describing the terms and characteristics of [*the UTP Derivative Securities*] has been prepared by the [*open-ended management investment company name*] and is available from your broker. It is recommended that you obtain and review such circular before purchasing [*the UTP Derivative Securities*]."

An Exchange member carrying an omnibus account for a non-member broker-dealer is required to inform such non-member that execution of an order to purchase Shares for such omnibus account will be deemed to constitute agreement by the non-member to make such written description available to its customers on the same terms as are directly applicable to Exchange member under this rule.

Upon request of a customer, Exchange Members also shall provide a copy of the Prospectus.

### **Suitability**

Trading in the securities on the Exchange will be subject to the provisions of IEX Rule 3.170 and other applicable suitability rules. Members recommending transactions in the securities to customers should make a determination that the recommendation is suitable for the customer.

### **Trading Halts**

The Exchange will halt trading in the Shares of a security in accordance with Exchange Rules. The grounds for a halt under Exchange Rules include a halt by the primary market because the intraday indicative value of the security and/or the value of its underlying index are not being disseminated as required, or a halt for other regulatory reasons. In addition, the Exchange will stop trading the Shares of a security if the primary market de-lists the security.

**This Information Circular is not a statutory prospectus. Members should consult the prospectus for a security and the security's website for relevant information.**

Please contact IEX Regulation at 646-343-2000 with any inquiries regarding this Information Circular.
