Background Information on the Fund

UBS AG (the “Issuer”) has issued Exchange Traded Access Securities (“E-TRACS” or “Notes”) linked to the Wells Fargo Business Development Company Index (the “Index”). The maturity date is April 26, 2041. The ETRACSs may pay a quarterly coupon during their term. The Notes were priced at \$25 each.

For each Note, unless earlier redeemed or called, investors will receive at maturity a cash payment equal to (a) the product of (i) the Principal Amount and (ii) the Index Performance Ratio as of the last Index Business Day in the Final Measurement Period plus (b) the final Coupon Amount minus (c) the Accrued Tracking Fee as of the last Index Business Day in the Final Measurement Period, plus (d) the Stub Reference Distribution Amount as of the last Index Business Day in the Final Measurement Period, if any. This cash payment is referred to as the “Cash Settlement Amount.” If the amount so calculated is less than zero, the payment at maturity will be zero.

The Index Performance Ratio, on any Index Business Day after the Initial Measurement Period, will be equal to:

$$\text{Final Index Level/Initial Index Level}$$

The Annual Tracking Fee is 0.85% per annum.

The Index is intended to measure the performance of all business development companies listed on the New York Stock Exchange or The IEX Stock Market, Inc. that satisfy specified market capitalization and other eligibility requirements.

Please see the prospectus for the Notes for more details regarding the calculations and details regarding the Index.

An Exchange member carrying an omnibus account for a non-member broker-dealer is required to inform such non-member that execution of an order to purchase Shares for such omnibus account will be deemed to constitute agreement by the non-member to make such written description available to its customers on the same terms as are directly applicable to such Exchange member under this rule.
