GENERAL RISKS

Investment in debt securities involve a degree of risk and investors should not invest any funds in such securities unless they can afford to take the risk attached to such investments. Investors are advised to take an informed decision and to read the risk factors carefully before investing in this offering. For taking an investment decision, investors must rely on their own examination of the Issuer and the Issue, including the risks involved. Specific attention of the Investors is invited to the sections titled "Risk Factors" and "Material Developments" on page 18 and 186, respectively. These risks are not, and are not intended to be, a complete list of all risks and considerations relevant to the debt securities or investor's decision to purchase such securities. This Shelf Prospectus has not been and will not be approved by any regulatory authority in India, including the Securities and Exchange Board of India ("SEBI"), the Reserve Bank of India ("RBI"), any registrar of companies or any stock exchange in India nor do they guarantee the accuracy or adequacy of this document.

CREDIT RATING

The NCDs proposed to be issued under the Issue have been rated "CRISIL AA/Stable" (pronounced as CRISIL double A rating with Stable outlook) for an amount of ₹50,000 million by CRISIL Limited ("CRISIL") vide their rating letter dated June 28, 2022, revalidated vide letter dated July 29, 2022, further revalidated vide letter dated September 13, 2022, further revalidated vide letter dated November 17, 2022 and further revalidated vide letter dated December 26, 2022 and "[ICRA] AA (stable)" (pronounced as ICRA Double A (stable)) for an amount of ₹ 50,000 million by ICRA Limited ("ICRA") vide their rating letter dated August 2, 2022, revalidated vide letter dated November 17, 2022 and further revalidated vide letter dated December 23, 2022. The rating given by CRISIL and ICRA are valid as on the date of this Shelf Prospectus and shall remain valid until the ratings are revised or withdrawn. The aforesaid rating indicates that instruments with this rating are considered to have high degree of safety regarding timely servicing of financial obligations and carry very low credit risk. The rating is not a recommendation to buy, sell or hold securities and investors should take their own decision. The rating may be subject to revision or withdrawal at any time by the assigning rating agency and each rating should be evaluated independently of any other rating. The rating agency has a right to suspend or withdraw the rating at any time on the basis of factors such as new information. Please refer to Annexures A and B of this Shelf Prospectus for the rationale and press release of the above ratings.

Pursuant to this transaction our Company holds 51.02% in IIFL Open Fintech Private Limited.

In this Shelf Prospectus, references to “₹”, “**Indian Rupees**”, “**INR**”, “**Rs.**” and “**Rupees**” are to the legal currency of India, references to “**US\$**”, “**USD**”, and “**U.S. dollars**” are to the legal currency of the United States of America, as amended from time to time. Except as stated expressly, for the purposes of this Shelf Prospectus, data will be given in ₹ in million.

Certain figures contained in this Shelf Prospectus, including financial information, have been subject to rounding adjustments. Unless set out otherwise, all figures in decimals, including percentage figures, have been rounded off to two decimal points. In certain instances, (i) the sum or percentage change of such numbers may not conform exactly to the total figure given; and (ii) the sum of the numbers in a column or row in certain tables may not conform exactly to the total figure given for that column or row. Further, any figures sourced from third party industry sources may be rounded off to other than two decimal points to conform to their respective sources.

Industry and Market Data

Any industry and market data used in this Shelf Prospectus consists of estimates based on data reports compiled by Government bodies, professional organizations and analysts, data from other external sources including CRISIL, available in the public domain and knowledge of the markets in which we compete. These publications generally state that the information contained therein has been obtained from publicly available documents from various sources believed to be reliable, but it has not been independently verified by us, its accuracy and completeness is not guaranteed, and its reliability cannot be assured. Although we believe that the industry and market data used in this Shelf Prospectus is reliable, it has not been independently verified by us. The data used in these sources may have been reclassified by us for purposes of presentation. Data from these sources may also not be comparable. The extent to which the industry and market data presented in this Shelf Prospectus is meaningful depends on the reader’s familiarity with and understanding of the methodologies used in compiling such data. There are no standard data gathering methodologies in the industry in which we conduct our business and methodologies and assumptions may vary widely among different market and industry sources.

In this Shelf Prospectus, any discrepancy in any table between total and the sum of the amounts listed are due to rounding off.

FORWARD-LOOKING STATEMENTS

Certain statements contained in this Shelf Prospectus that are not statements of historical fact constitute “forward-looking statements”. Investors can generally identify forward-looking statements by terminology such as “aim”, “anticipate”, “believe”, “continue”, “could”, “estimate”, “expect”, “intend”, “may”, “objective”, “plan”, “potential”, “project”, “pursue”, “shall”, “seek”, “should”, “will”, “would”, or other words or phrases of similar import. Similarly, statements that describe our strategies, objectives, plans or goals are also forward-looking statements. All statements regarding our expected financial conditions, results of operations, business plans and prospects are forward-looking statements. These forward-looking statements include statements as to our business strategy, revenue and profitability, new business and other matters discussed in this Shelf Prospectus that are not historical facts. All statements contained in this Shelf Prospectus that are not statements of historical fact constitute “forward-looking statements” and are not forecasts or projections relating to our Company’s financial performance. All forward-looking statements are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement. Important factors that could cause actual results to differ materially from our expectations include, among others:

- Any increase in the levels of non-performing assets (“NPA”) on our loan portfolio, for any reason; whatsoever, would adversely affect our business and results of operations;
- Any volatility in interest rates which could cause our gross spreads to decline and consequently affect our profitability;
- Unanticipated turbulence in interest rates or other rates or prices;
- Performance of the financial and capital markets in India and globally;
- Changes in the value of Rupee and other currency changes;
- Rate of growth of our Loan Book;
- Changes in Indian and/or foreign laws and regulations, including tax, accounting, banking, securities, insurance and other regulations; changes in competition and the pricing environment in India; and regional or general changes in asset valuations;
- Our inability to sustain growth or manage it effectively;
- Our inability to successfully diversify our portfolio;
- Any disruption in our sources of funding;
- Our inability to obtain or maintain statutory or regulatory approvals and licenses for conducting our business;
- Performance of, and the prevailing conditions affecting, the real estate market in India;
- Certain risks related to the microfinance industry in India due to the category of borrowers that it services; which are not generally associated with other forms of lending;
- Volatility in gold prices which may affect the value of collateral held with us.
- other factors discussed in this Shelf Prospectus, including under the section titled “*Risk Factors*” on page 18.

Additional factors that could cause actual results, performance or achievements to differ materially include, but are not limited to, those discussed in the chapters titled “*Our Business*”, “*Risk Factors*” and “*Outstanding Litigations*” on pages 109, 18 and 234, respectively. The forward-looking statements contained in this Shelf Prospectus are based on the beliefs of management, as well as the assumptions made by, and information currently available to management. Although our Company believes that the expectations reflected in such forward-looking statements are reasonable as of the date of this Shelf Prospectus, our Company cannot assure investors that such expectations will prove to be correct. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements. If any of these risks and uncertainties materialize, or if any of our underlying assumptions prove to be incorrect, our actual results of operations or financial condition could differ materially from that described herein as anticipated, believed, estimated or expected. All subsequent forward-looking statements attributable to us are expressly qualified in their entirety by reference to these cautionary statements.

By their nature, certain market risk disclosures are only estimate(s) and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated. Neither our Company, its Directors and its officers, nor any of their respective affiliates or associates, Lead Managers nor any of its Directors and its officers have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with the SEBI NCS Regulations, our Company, the Lead Managers will ensure that investors in India are informed of material developments until the time of the grant of listing and trading permission by the Stock Exchanges.

SECTION II – RISK FACTORS

An investment in this type of security involves a certain degree of risk. The investor should carefully consider all the information contained in this Shelf Prospectus, including the risks and uncertainties described below, before making an investment decision. The risk factors set forth below do not purport to be complete or comprehensive in terms of all the risks that may arise in connection with our business or any decision to purchase, own or dispose of the Debentures. Additional risks, which are currently unknown, if materialises, may in the future have a material adverse effect on our business, financial condition and results of operations. The market prices of the NCDs could decline due to such risks and you may lose all or part of your investment.

Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify the financial or other implication of any of the risks described in this section. This Shelf Prospectus also contains forward-looking statements that involve risks and uncertainties. Our results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including events described below and elsewhere in this Shelf Prospectus. Unless otherwise stated, the financial information used in this section is derived from and should be read in conjunction with Reformatted Financial Statements as included in this Shelf Prospectus.

Internal Risks

1. We are subjected to supervision and regulation by the RBI as a systemically important NBFC, and changes in RBI's regulations governing us could adversely affect our business.

Being an NBFC, the operations of the Company are subject to various regulations prescribed by the RBI and other statutory authorities including regulations relating to foreign investment in India. Pursuant to the Master Direction - Non-Banking Financial Company - Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016 vide its circular DNBR. PD. 008/03.10.119/2016-17 dated September 1, 2016 (Updated as on September 29, 2022) as amended from time to time, the Company has been classified as a Systemically Important Non Deposit Accepting NBFC. Pursuant to the aforesaid circular, among other things, NBFCs will be required to consider a loan as non-performing asset if it is overdue for more than 90 days than the earlier norm of 180 days overdue for loans. The Company is required to maintain a CAR of 15% besides complying with other Prudential Norms, directions and the requirements under the revised regulatory framework. Further, RBI has by way of circular dated June 24, 2021 has capped the dividend pay-out ratios for NBFCs and has laid out minimum prudential guidelines for NBFCs to be eligible for declaring and paying out dividends. Restrictions as laid out by RBI may restrict our Company to pay out dividend to its shareholders. Compliance with many of the regulations applicable to the Company across jurisdictions including any restrictions on investments and other activities currently being carried out by the Company involve a number of risks, particularly in areas where applicable regulations may be subject to varying interpretations. If the interpretation of the regulators and authorities varies from our interpretation, we may be subject to penalties and the business of the Company could be adversely affected. Further, the RBI's may amend regulations/ guidelines applicable to NBFCs in future which may require us to restructure our activities, incur additional cost or could otherwise adversely affect our business and our financial performance.

While the RBI has not provided for any restriction on interest rates that can be charged by non-deposit taking NBFCs (other than NBFC-MFIs) but there can be no assurance that the RBI and/or the Government will not implement regulations or policies, including policies or regulations or legal interpretations of existing regulations, relating to or affecting interest rates, taxation, inflation or exchange controls, or otherwise take action, that could have an adverse effect on non-deposit taking NBFCs. In addition, there can be no assurance that any changes in the laws and regulations relative to the Indian financial services industry will not adversely impact our business. We work in a regulated environment and we cannot predict any restrictions that may be placed by the regulator with respect to interest that is to be charged to our customers in future. There can be no assurance that any changes in the laws and regulations relative to the Indian financial services industry will not adversely impact our business.

2. Our Company, Directors, Promoters, and group companies are involved in certain legal and other proceedings. Any final judgment awarding material damages against us could have a material adverse impact on our future financial performance, business and our operations.

We or our directors or officers, are often involved in litigations (including civil or criminal) for a variety of reasons, which generally arise because we seek to recover our dues from borrowers or because customers seek claims against us. The majority of these cases arise in the normal course of business and we believe, based on the facts of the cases and consultation with counsel, that these cases generally do not involve the risk of a material adverse impact on our financial performance or stockholders' equity. We estimate the probability of losses that may be incurred in connection with legal and regulatory

proceedings as of the date on which our standalone and consolidated financial statements are prepared. We recognize a provision when we have a present obligation as a result of a past event, it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. We determine the amount of provision based on our estimate of the amount required to settle the obligation at the balance sheet date, supplemented by our experience in similar situations. We review provisions at each balance sheet date and adjust them to reflect current estimates. In cases where the available information indicates that a loss is reasonably possible but the amount of such loss cannot be reasonably estimated, we make a disclosure to this effect in the standalone and consolidated financial statements. In certain instances, present and former employees have instituted legal and other proceedings against us alleging irregularities. When there is only a remote risk of loss, we do not recognize a provision nor do we include a disclosure in the standalone and consolidated financial statements.

There can be no assurance that a significant portion of these disputes will not be determined against our Company or that our Company will not be required to pay all or a portion of the disputed amounts or that it will be able to recover amounts for which our Company has filed recovery proceedings. In addition, even if our Company is successful in defending such cases, it will be subject to legal and other costs relating to defending such litigation, and such costs may be substantial. Further, there can be no assurance that similar proceedings will not be initiated against our Company in the future.

For further details in relation to legal proceedings, please see “*Outstanding Litigations*” on page 234.

3. *Our Company’s inability to recover the amounts due from customers to whom it has provided secured and unsecured loans in a timely manner, or at all, and its full collateral and its customers’ failure to comply with applicable statutory or regulatory requirements in relation to such loans could adversely affect our Company’s operations and profitability.*

Our Company’s Loan Book, as on September 30, 2022, is ₹ 351,620 million which includes secured loans constituting 76.29% and unsecured loans constituting 23.71% of our Company’s Loan Book. Substantial portion of our Company’s Loan Book is secure in nature and the value of collateral that we collect is dependent on various factors, including (i) prevailing market conditions, (ii) the general economic and political conditions in India, (iii) growth real estate sector in India and the areas in which our Company operates, and (iv) any change in statutory and/or regulatory requirements; (v) fluctuation in gold prices. We maintain loan-to-value on the basis of the products being offered and product specific LTVs vary from case to case. In the event our borrowers default on the repayment of loans, we may not be able to realize the full value of the collateral due to various reasons, including a possible decline in the realizable value of the collateral, defective title as security, prolonged legal proceedings, unavailability of a ready market and fraudulent actions by borrowers, or we may not be able to foreclose on collateral at all. Further, certain kinds of loans that are advanced by us are not secured by any assets. In India, foreclosure on collateral may be subject to delays and administrative requirements that may result, or be accompanied by, a decrease in the value of the collateral. Foreclosure on collateral generally requires a written petition to an Indian court or tribunal, any proceedings brought may be subject to delays and administrative requirements that may result in, or be accompanied by, a decrease in the value of the collateral.

A decline in the value of the security could impair our ability to realize the secured assets upon any foreclosure, which may require us to increase our provision for loan losses. In the event of a default with respect to any of these loans, the amounts we receive upon sale of the secured assets may be insufficient to recover the outstanding principal and interest on the loan. If we are required to re-value the assets securing a loan to satisfy the debt during a period of reduced asset values or to increase our allowance for loan losses, our profitability could be adversely affected, which could have a material adverse effect on our business, financial condition, results of operations and prospects.

The remaining portion of the Company’s Loan Book is unsecured and in the event of defaults by such customers, our Company’s ability to realise the amounts due to it from the loans would be restricted to initiating legal proceedings for recovery as our Company will not have the benefit of enforcing any security interest. There can be no guarantee as to the length of time it could take to conclude such legal proceedings or for the legal proceedings to result in a favourable decision for our Company.

4. *As an NBFC, non-compliance with the RBI’s observations made during its periodic inspections could expose us to penalties and restrictions.*

Inspection by the RBI is a regular exercise and is carried out periodically by the RBI for all NBFCs registered with it under the RBI Act. Our Company, being an NBFC-ND-SI, is subject to periodic inspection by the RBI under the provisions of the RBI Act, 1934 (the “**RBI Act**”), pursuant to which the RBI inspects the books of accounts of our Company and other records. The RBI in its earlier inspection report of India Infoline Finance Limited (merged NBFC of IIFL Finance Limited) for the fiscal year ended March 31, 2019 made certain observations during the inspection which, among other things, were

related to diminution in the value of the property, requirement of strengthening present gold loan disbursement systems and processes to mitigate the risk of lending to existing delinquent customers, high dependence on manual intervention on important aspects of loan management, incorrect tagging of complaints as queries/requests, delay in creation of charge by filing form CHG-1, requirement of further strengthening IT systems and training of staff etc. Our Company, vide its letters, has responded to the RBI concerning its observations and has provided information and clarifications sought by the RBI. The observations were pursuant to routine inspections of the RBI. Further, after conducting annual onsite inspection for the fiscal year ended March 31, 2020, RBI through its letters /DoS.SED.No.SUO-49355.01.006/2021-22 dated May 31, 2021 and /DoS.SED.No.SUO-50819/06.01.006/2021-22 dated June 3, 2021, released its Risk Assessment Report and Inspection Report regarding our Company. We have submitted our response to these reports on August 2, 2021. Further, RBI, vide its letter CO.DOS.SED.No. S2444/73-01-001/2022-2023 dated July 14, 2022 issued inspection report pertaining to the inspection for fiscal year ended March 31, 2021 in the form of Risk Assessment report (RAR) and Inspection report (IR) and has made certain observations regarding credit policy and appraisal and recovery process while dealing with NPA accounts. RBI has also recommended certain practices which, among other things, related to recording of date of commencement of commercial operations (“DCCO”) and non-classification of non-performing assets under NDSI Master Directions dated September 1, 2016, approval to be obtained from audit committee of Board for management overlays, etc. Further we have submitted Board approved response to these reports dated August 28, 2022.

Any adverse action taken by the RBI pursuant to such inspections, or non-compliance by our Company with the RBI's observations, could materially and adversely affect our Company's business and operations.

5. *There are outstanding legal proceedings against our group companies, if determined, could have a material adverse impact on our business, results of operations and financial conditions.*

There are certain outstanding legal proceedings against our group companies pending at various levels of adjudication before courts, tribunals, authorities and appellate bodies. There can be no assurance that these legal proceeding will be decided in favour of our group companies. Decisions in any of such proceedings adverse to our interests may have a material adverse effect on our business, future financial performance and results of operations. If the courts or tribunals rule against our group companies, we may face monetary and/ or reputational losses. Furthermore, we may also not be able to quantify all the claims in which our group companies are involved.

“IIFL” is a well-established brand among retail, institutional and corporate investors in India and we believe we have benefited extensively from the brand. We also derive substantial benefit from synergies and cross-selling opportunities generated between our company and entities within IIFL group. As a result, our company's reputation and brand may be affected by any regulatory orders alleging non-compliance by other entities within the IIFL group with laws and regulations.

In particular, our associate company, IIFL Commodities Limited has been the subject of investigations conducted by regulatory authorities in India in connection with allegations of breaches of the Forward Contracts (Regulation) Act, 1952, false representation in respect of assured/risk free returns, failure to report suspicious transactions and failure to ensure proper segregation of assets, involving the now defunct National Spot Exchange Limited (“NSEL Case”). As a result of such investigations, the Economic Offences Wing of the Mumbai police filed a charge-sheet on April 26, 2019 before the Special Sessions Court, MPID, Mumbai against IIFL Commodities Limited, including Mr. Chintan Modi, one of the Directors of IIFL Commodities Limited. The matter is currently pending for hearing.

There can be no assurance that the authorities may not take further action against IIFL Commodities Limited in connection with the NSEL Case. IIFL Commodities Limited was a wholly owned subsidiary of IIFL Finance Limited but following the demerger of IIFL Securities Limited pursuant to the Composite Scheme of Arrangement, IIFL Commodities Limited is now a wholly owned subsidiary of IIFL Securities Limited and no longer a subsidiary of the IIFL Finance Limited.

6. *Our Company (including certain members of our Promoters, Promoter Group, Directors and Employees) are involved in various legal, regulatory and other proceedings which could have an adverse impact on our business and reputation.*

SEBI has by way of a letter dated June 7, 2022 (“Letter”) directed us to provide certain specific information and documents with respect to suspected insider trading activities, including (amongst others) (a) chronology of events in relation to declaration of financial results for the period ended December 31, 2020 on January 29, 2021; (b) details of all persons who were involved in the process of/ having access to unpublished price sensitive information vis-a-vis the aforesaid financial results; (c) all relevant documentary evidence with respect to communications with members of board of directors for the period August 31, 2020 to May 3, 2021; (d) details of all on market and off market trades undertaken by the directors, promoters, key managerial personnel, compliance officer of the Company and their family members during the period

August 31, 2020 to May 3, 2021; (e) relationship of Company and/or any of its Promoters/ Directors/ employees or any other person with the entities as mentioned in the letter issued by SEBI, etc. Each of these requests were responded by our Company to SEBI.

As on the date of this Shelf Prospectus, the Company and/or any of its Promoters/ Directors/ employees or group companies or key managerial personnel, compliance officer of the Company and their family members or any other person (“Relevant Entities”) have not received any further communication from SEBI and no proceedings have been initiated against them by SEBI in relation to the Letter. However, SEBI may, pursuant to the investigation, initiate regulatory proceedings against such entities or persons and may impose fines or penalties. If Relevant Entities receive similar directions / request in the future or in case any proceedings are initiated or adversely determined against them, it could have an adverse impact on such Relevant Entities including cost implications, loss of reputation and diversion of management’s attention or other recourses. Further, please see “Risk Factor 34” *We are dependent on IIFL group, for our clientele, goodwill that we enjoy in the industry and our brand name and any factor affecting the business and reputation of IIFL group may have a concurrent adverse effect on our business and results of operations.*” on page 32.

7. *High levels of customer defaults and the resultant non-performing assets could adversely affect our Company's business, financial condition, results of operations and future financial performance.*

Our Company’s business involves lending money and accordingly, our Company is subject to risks of customer default which includes default or delays in repayment of principal and/or interest on the loans our Company provides to its customers. Customers may default on their obligations as a result of various factors, including certain external factors which may not be within our Company's control such as developments in the Indian economy and the real estate market, movements in global markets, changes in interest rates and changes in regulations. Customers could also be adversely affected by factors such as, bankruptcy, lack of liquidity, lack of business and operational failure. If customers fail to repay loans in a timely manner or at all, our Company's financial condition and results of operations will be adversely impacted. To the extent our Company is not able to successfully manage the risks associated with lending to these customers, it may become difficult for our Company to make recoveries on these loans. In addition, our Company may experience higher delinquency rates due to prolonged adverse economic conditions or a sharp increase in interest rates. An increase in delinquency rates could result in a reduction in our Company's total interest income (i.e., our Company's accrued interest income from loans, including any interest income from credit substitutes) and as a result, lower revenue from its operations, while increasing costs as a result of the increased expenses required to service and collect delinquent loans, and make loan loss provisions as per applicable laws. Our Company may also be required to make additional provisions in respect of loans to such customers in accordance with applicable regulations and, in certain cases, may be required to write-off such loans.

8. *Our financial performances are particularly vulnerable to interest rate risk and volatility in interest rates could adversely affect our net interest margin, the value of our fixed income portfolio, our income from treasury operations, the quality of our loan portfolio and our financial performance.*

Our Company’s financial performance is substantially dependent upon the level of its net interest margins. As at September 30, 2022, March 31, 2022, March 31, 2021 and March 31, 2020, on a standalone basis, our Loan Book stood at ₹ 127,642.05 million, ₹ 126,250.65 million, ₹ 146,402.49 million and ₹ 131,194.45 million, respectively and our assets under management were ₹ 223,170.83 million, ₹ 211,085.72 million, ₹ 191,987.71 million, and ₹ 160,565.60 million, respectively.

For the half year ended September 30, 2022 and Fiscal years ended March 31, 2022, March 31, 2021 and March 31, 2020, our revenue from operations on a standalone basis was ₹ 20,031.41 million, ₹ 40,623.09 million, ₹ 33,972.68 million and ₹ 26,496.21 million, respectively, whereas our total comprehensive income was ₹ 3,968.38 million, ₹ 7,356.29 million, ₹ 3,214.70 million and ₹ 1,463.17 million, respectively.

As a result of certain reserve requirements of the Reserve Bank of India applicable to non-banking financial companies, we are structurally exposed to interest rate risk than other corporates. These requirements result in our maintaining a portfolio of fixed income government of India securities, and we could be materially adversely impacted by a rise in interest rates, especially if the rise were sudden or sharp. Realized and marked-to-market gains or losses on investments in fixed income securities, including government of India securities, are an important element of our profitability and are impacted by movements in market yields. If the yield on our interest-earning assets does not increase at the same time or to the same extent as our cost of funds, or if our cost of funds does not decline at the same time or to the same extent as the decrease in yield on our interest-earning assets, our net interest income and net interest margin would be adversely impacted. Further, any tightening of liquidity and volatility in markets may limit our access to capital markets and result in an increase in our cost of funding. Continued volatility in international markets could also constrain and increase the cost of our borrowings and our ability to replace maturing borrowings and fund new assets.

Furthermore, we are also exposed to interest rate risks as a result of lending to customers at fixed/ floating interest rates and in amounts and for periods which may differ from our funding sources. While we seek to match our interest rate positions to minimise interest rate risk, we are unable to assure you that significant variation in interest rates will not have an effect on our results of operations. Moreover, volatility in interest rates is sensitive to factors which are beyond our control, including the monetary policies of the RBI, deregulation of the financial sector in India, domestic and international economic and political conditions, inflation and other such considerations. In a rising interest rate environment, if the yield on our interest-earning assets does not increase simultaneously with or to the same extent as our cost of funds, or, in a declining interest rate environment, if our cost of funds does not decline simultaneously or to the same extent as the yield on our interest-earning assets, our net interest income and net interest margin would be adversely impacted and the same would adversely affect our business and results of operations.

9. We may not be able to successfully sustain our growth plans.

In recent years, we have experienced steady growth. Our growth plan includes growing our secured lending and expanding our retail customer base through strategic business alliances and marketing initiatives, expanding and diversifying our loan product portfolio, growing our operations and network across the country and expanding our customer base across various business verticals in India. However, there can be no assurance that we will be able to sustain our growth plan successfully or that we will be able to expand further or diversify our product portfolio. If we grow our Loan Book too rapidly or fail to make proper assessments of credit risks associated with new borrowers, a higher percentage of our loans may become non-performing, which would have a negative impact on the quality of our assets and our financial condition.

We also face a number of operational risks in executing our growth strategy. Our Company has experienced growth in our mortgage loans and gold loans businesses; our branch network has expanded significantly as part of our growth strategy. Our rapid growth exposes us to a wide range of increased risks, including business and operational risks, such as the possibility of growth of NPAs, fraud risks and regulatory and legal risks.

Our ability to sustain our rate of growth also significantly depends upon our ability to recruit trained and efficient personnel and retain key managerial personnel, maintain effective risk management policies, continuing to offer products which are relevant to our target base of clients, developing managerial experience to address emerging challenges and ensuring a high standard of client service. We will need to recruit new employees, who will have to be trained and integrated into our operations. We will also have to train existing employees to adhere properly to internal controls and risk management procedures. Failure to train our employees properly may result in an increase in employee attrition rates, erode the quality of customer service, divert management resources, increase our exposure to high-risk credit and impose significant costs on us.

Further, a principal component of our strategy is to continue to grow by expanding the size and geographical scope of our businesses, as well as the development of our business streams viz. mortgage loans, construction and real estate finance, small & medium enterprise loans, gold loans, microfinance and home Loans. This growth strategy will place significant demands on our management, financial and other resources. It will require us to continuously develop and improve our operational, financial and internal controls. Any inability on our part to manage such growth could disrupt our business prospects, impact our financial condition and adversely affect our results of operations.

For further details, in relation to the emphasis of matter, etc. please see “*Financial Information*” on page 185. There can be no assurance that our statutory auditors will not include further matters of emphasis or other similar comments in the audit reports to our audited financial statements in the future, or that such remarks or matters of emphasis will not affect our financial results in future fiscal periods. Investors should consider the matters of emphasis and remark in evaluating our financial condition, results of operations and cash flows. Any such matter of emphasis or remark in the auditors’ report on our financial statements in the future may also adversely affect the trading price of the NCDs.

11. Our business requires substantial capital, and any disruption in funding sources would have a material adverse effect on our liquidity and financial condition.

Our Company’s liquidity and ongoing profitability are, to a large extent, dependent upon its timely access to, and the costs associated with, raising capital. Our funding requirements historically have been met from various sources, including shareholder funding, term loans, working capital limits from banks, issuance of commercial papers and non-convertible debentures, cash credit facilities from banks and inter-corporate deposits. Thus, our Company’s business growth, liquidity and profitability depends and will continue to depend on its ability to access diversified, relatively stable and low-cost funding sources as well as our Company’s financial performance, capital adequacy levels, credit ratings and relationships with lenders. Any adverse developments or changes in applicable laws and regulations which limit our Company’s ability to raise funds through issuance of non-convertible debentures can disrupt its sources of funding and as a consequence, could have a material adverse effect on our Company’s liquidity and financial condition.

Our Company’s ability to borrow funds and refinance existing debt may also be affected by a variety of factors, including liquidity in the markets, the strength of the lenders from which our Company borrows, the amount of eligible collateral and accounting changes that may impact calculations of covenants in our Company’s financing agreements. An event of default, a significant negative ratings action by a rating agency, an adverse action by a regulatory authority or a general deterioration in prevailing economic conditions that constricts the availability of credit may increase our Company’s cost of funds and make it difficult for our Company to access financing in a cost-effective manner. A disruption in sources of funds or increase in cost of funds as a result of any of these factors may have a material adverse effect on our Company’s liquidity and financial condition

12. Our ability to borrow from various banks may be restricted on account of guidelines issued by the RBI imposing restrictions on banks in relation to their exposure to NBFCs which could have an impact on our business and could affect our growth, margins and business operations.

The RBI vide its Circular DBR.No.BP.BC.43/ 21.01.003/2016-17 dated December 1, 2016 and Circular DBR.No.BP.BC.31/21.01.003/2018-19 dated April 1, 2019 and circular No. DBR.No.BP.BC.43/21.01.003/2018-19 dated June 3, 2019 as amended from time to time, has amended the regulatory framework governing banks to address concerns arising from divergent regulatory requirements for banks and NBFCs. These Circulars restricts bank's exposures to a single NBFC to 15 percent of their eligible capital base and to a group of connected NBFCs or group of connected counterparties having NBFCs in the group to 25 percent of their Tier I Capital. In September 2019, the Reserve Bank of India (RBI) again increased a banks exposure limit to a single NBFC from 15% to 20% of its Tier-I capital. On May 23, 2020, the exposure to a group of connected NBFCs or group of connected counterparties having NBFCs in the group was increased from 25% to 30% of their Tier I Capital as a one-time measure due to covid-19 and the increased limit is applicable upto June 30, 2021. In terms of RBI circular DOR.CRE.REC.24/21.01.003/2022-23 dated April 19, 2022, RBI has prescribed Large exposure framework for NBFC in upper layer.

Furthermore, RBI has suggested that banks may consider fixing internal limits for their aggregate exposure to all NBFCs combined. Since these circulars limit a bank's exposure to NBFCs, the same consequently restricts our ability to borrow from banks.

Further, as per the extant guidelines by RBI, it has now been decided that rated exposures of banks to all NBFCs (including our Company), excluding Core Investment Companies (CICs), would be risk-weighted as per the ratings assigned by the accredited rating agencies, in a manner similar to that for corporates.

These circulars could affect our business and any similar notifications released by the RBI in the future, which has a similar impact on our business could affect our growth, margins and business operations.

13. Our Company's inability to obtain, renew or maintain the statutory and regulatory permits and approvals which are required to operate its existing or future businesses may have a material adverse effect on its business, financial condition and results of operations.

NBFCs in India are subject to regulations and supervision by the RBI. In addition to the numerous conditions required for the registration as an NBFC with the RBI, our Company is also required to comply with certain other regulatory requirements for its business imposed by the RBI. In the future, there could be circumstances where our Company may be required to renew applicable permits and approvals, including its registration as an NBFC-ND-SI and obtain new permits and approvals for its current and any proposed operations or in the event of a change in applicable law and regulations. There can be no assurance that RBI or other relevant authorities will issue any such permits or approvals in the timeframe anticipated by our Company, or at all. Failure by our Company to renew, maintain or obtain the required permits or approvals may result in an interruption of its operations and may have a material adverse effect on its business, financial condition and results of operation. In addition, our branches are required to be registered under the relevant shops and establishments laws of the states in which they are located. The shops and establishment laws regulate various employment conditions, including working hours, holidays and leave and overtime compensation. If we fail to obtain or retain any of these approvals or licenses, or renewals thereof, in a timely manner, or at all, our business may be adversely affected. If we fail to comply, or a regulator claims we have not complied, with any of these conditions, our certificate of registration may be suspended or cancelled and we shall not be able to carry on such activities.

14. Our Company's business is dependent on relationships established through its branches with its clients. Any events that harm these relationships including closure of branches or the loss of our Company's key personnel or employees may lead to a decline in our Company's revenue and profits. Further, our Company's results of operations could be adversely affected in the event of any disputes with its employees.

Our Company's business is dependent on the key personnel and employees who directly manage client relationships. Our Company encourages dedicated personnel to service specific clients since our Company believes that this leads to long-term client relationships, a trust based business environment and over time, better cross-selling opportunities. While no key personnel or employees contribute a significant percentage of the business, the business may suffer materially if a substantial number of them either becomes ineffective or leaves the organisation. As a result, there may be an adverse effect on our Company's business and profits. While our Company believes that our Company maintains good relationships with its employees, there can be no assurance that our Company will not experience future disruptions to its operations due to disputes or other problems with its work force which may adversely affect our Company's business and results of

operations.

15. As on March 31, 2022, our Company's (on a standalone basis) top 20 borrowers represented 18.70% of our total advances. Our inability to maintain relationships with these customers or any payment default by or credit losses of these customers could materially and adversely affect our business, future financial performance and results of operations.

As on March 31, 2022, our Company's top 20 borrowers accounted for 18.70% of our total advances on a standalone basis. Our business and results of operations will be adversely affected if we are unable to maintain or further develop relationships with such significant customers. There can be no assurance that we will be able to maintain the historic levels of business from such significant customers. Further, in the event we lose any such significant customer, we cannot assure that we will be able to replace them, which could have a material adverse effect on our results of operations. Our business and results of operations depend upon the timely repayment of the interest and principal from our significant customers. We cannot assure you that we will not experience delays in servicing of the loan advanced or that we will be able to recover the interest and the principal amount of the loan. Any such delay or default will adversely affect our income from operations and consequently, our profitability. In case we are unable to recover the full amount of principal and interest or any part of thereof, and the collateral is not sufficient to recover the full amount, our financial condition may be adversely affected.

16. The value of our collateral may decrease or we may experience delays in enforcing our collateral when borrowers default on their obligations to us which may result in failure to recover the expected value of collateral security exposing us to a potential loss.

A substantial portion of our loans to our customers is secured by collateral. Changes in asset prices may cause the value of our collateral to decline, and we may not be able to realize the full value of our collateral as a result of delays in bankruptcy and foreclosure proceedings, delays in the creation of security interests, defects or deficiencies in the perfection of collateral (including due to inability to obtain approvals that may be required from various persons, agencies or authorities), fraudulent transfers by borrowers and other factors, including depreciation in the value of the collateral and illiquid market for disposal of and volatility in the market prices for the collateral, current legislative provisions or changes thereto and past or future judicial pronouncements. Foreclosure on collateral consisting of property can be undertaken directly by lenders by fulfilling certain procedures and requirements (unless challenged in courts of law) or otherwise by a written petition to an Indian court or tribunal. An application, when made (or a legal challenge to the foreclosure undertaken directly), may be subject to delays or administrative requirements that may result in, or be accompanied by, a decrease in the value of collateral. These delays can last for several days and might lead to deterioration in the physical condition or market value of the collateral.

Delays in recovery, bankruptcy and foreclosure proceedings, defects in the title and delays in obtaining regulatory approvals for the enforcement of such collaterals may affect the valuation of the collateral. As a result, our Company may not be able to recover the full value of the collateral for the loans provided by it within the expected timeframe or at all. Further, legal proceedings may have to be initiated by our Company in order to recover overdue payments on loans and as a consequence, the money and time spent on initiating legal proceedings may adversely affect our Company's cash flow.

The value of the security provided by the borrowers to our Company may be subject to a reduction in value on account of various reasons. While our Company's customers may provide alternative security to cover the shortfall, the realisable value of the security for the loans provided by our Company in the event of a liquidation may continue to be lower than the combined amount of the outstanding principal amount, interest and other amounts recoverable from the customers.

Any default in the repayment of the outstanding credit obligations by our Company's customers may expose it to losses. A failure or delay to recover the loan value from sale of collateral security could expose our Company to potential losses. Any such losses could adversely affect our Company's financial condition and results of operations. Furthermore, the process of litigation to enforce our Company's legal rights against defaulting customers in India is generally a slow and potentially expensive process.

Similarly, in case of loan against securities, the value of collateral may be extremely volatile and in default scenario might not yield results same as per book value. A failure to recover the expected value of collateral security could expose us to a potential loss. Any such losses could adversely affect our financial condition and results of operations.

Further, the security for our MSME loans are usually movable assets, making it difficult to locate or seize in the event of any default by our customers. There can also be no assurance that we will be able to sell such collaterals at prices sufficient to cover the amounts under default. In addition, there may be delays associated with seizure and disposal of such collaterals, including litigations and court proceedings which is generally a slow and potentially expensive process in India. A failure

or delay to recover the expected value from sale of collateral security could expose us to a potential loss. Any such losses could adversely affect our financial condition and results of operations. Accordingly, it may be difficult for us to recover amounts owed by defaulting customers in a timely manner or at all.

17. Any increase in the levels of non-performing assets (“NPA”) on our loan portfolio, for any reason whatsoever, would adversely affect our business and results of operations

Various factors, including a rise in unemployment, prolonged recessionary conditions, our regulators’ assessment and review of our loan portfolio, a sharp and sustained rise in interest rates, developments in the Indian economy, movements in global commodity markets and exchange rates and global competition, could cause an increase in the level of our non-performing assets and have a material adverse impact on the quality of our loan portfolio. Consistent with the growth of our branch network and our product portfolio, we expect an increase in our loan assets. Should the overall credit quality of our loan portfolio deteriorate, the current level of our provisions may not be adequate to cover further increases in the amount of our NPAs. Moreover, there also can be no assurance that there will be no further deterioration in our provisioning coverage as a percentage of Gross NPAs or otherwise, or that the percentage of NPAs that we will be able to recover will be similar to our past experience of recoveries of NPAs.

As of September 30, 2022, March 31, 2022, March 31, 2021 and March 31, 2020 the gross value of NPAs on a consolidated basis was ₹ 8,504.07 million, ₹ 10,742.93 million, ₹ 7,191.95 million and ₹ 6,525.89 million, respectively which is 2.42, 3.15%, 2.14% and 2.31%, respectively, of our Company’s Loan Book. If our provisioning requirements are insufficient to cover our existing or future levels of non-performing loans or other loan losses that may occur, or if future regulation (or change in accounting standards) requires us to increase our provisions, our results of operation and financials may get adversely affected including our ability to raise additional capital and debt funds at favourable terms. Further, if our customers are unable to meet their financial obligation in a timely manner, then it could adversely affect our results of operations. Any negative trends or financial difficulties particularly among our borrowers could increase the level of non-performing assets in our portfolio and adversely affect our business and financial performance. If a significant number of our customers are unable to meet their financial obligations in a timely manner, it may lead to an increase in our level of NPAs. If we are not able to prevent increases in our level of NPAs, our business and our future financial performance could be adversely affected.

18. We may be unable to realize the expected value of collateral when borrowers default on their obligations to us, which could have a material adverse effect on our business, financial condition, results of operations and cash flows.

We follow internal risk management guidelines in relation to portfolio monitoring which, inter alia, include a periodic assessment of loan to security value on the basis of conservative market price levels and ageing analysis, amongst others. However, we may not be able to realize the full value of the collateral as a result of the following (among other factors):

- delays in bankruptcy and foreclosure proceedings;
- defects or deficiencies in the perfection of collateral (including due to inability to obtain any approvals that may be required from third parties);
- destruction / material damage to the underlying property;
- fraud by borrowers;
- errors in assessing the value of the collateral;
- illiquid market for the sale of the collateral;
- applicable legislative provisions or changes thereto and past or future judicial pronouncements; and
- variation in interest rates of gold loans.

As a result of any of the foregoing factors, we may not be able to realize the full value of collateral, which could have an adverse effect on our financial condition, results of operations and cash flows.

19. Any non-compliance with mandatory Anti-Money Laundering and Know Your Customer policies could expose us to additional liability and harm our business and reputation.

In accordance with the requirements applicable to us, we are mandated to comply with rules and regulations under Prevention of Money Laundering Act (PMLA) 2002, the Prevention of Money-Laundering (Maintenance of Records) Rules, 2005 and RBI Know Your Client (“KYC”) regulations in India. These laws and regulations require us, among other things, to adopt and enforce AML and KYC policies and procedures. While we have adopted policies and procedures aimed at collecting and maintaining all AML and KYC related information from our customers in order to detect and prevent the use of our networks for money-laundering activities, there may be instances where we may be used by other

parties in attempts to engage in money-laundering and other illegal or improper activities. There can be no assurance that we will be able to fully control instances of any potential or attempted violation by other parties and may, accordingly, be subject to regulatory actions, including imposition of fines and other penalties by the relevant government agencies. Our business and reputation could suffer if any such parties use or attempt to use us for money-laundering or illegal or improper purposes and such attempts are not detected or reported to the appropriate authorities in compliance with applicable regulatory requirements.

20. In our housing finance business, we have significant exposure to the real estate sector and any negative trends affecting this sector could adversely affect our business and result of operations.

In our housing finance business, the primary security for the loans disbursed by the Company is the underlying property; the value of this security is largely dependent on housing market conditions prevalent at that time. The value of the collateral on the loans disbursed by the Company may decline due to adverse market conditions, including an economic downturn or a downward movement in real estate prices. In the event the real estate sector is adversely affected due to a decline of demand for real properties, changes in regulations or other trends or events, which negatively impact the real estate sector, the value of our collaterals may diminish which may affect our business and results of operations.

Failure to recover the expected value of collateral could expose the Company to losses and, in turn, result in a material adverse effect on our business, results of operations and financial condition. Following the introduction of the SARFAESI Act, we are allowed to foreclose on secured property after 60 days' notice to a borrower, whose loan has been classified as non-performing. Although the enactment of the SARFAESI Act has strengthened the rights of creditors by allowing expedited enforcement of security in an event of default, there is still no assurance that we will be able to realize the full value of our collateral, due to, among other things, delays on our part in taking action to secure the property, delays in bankruptcy foreclosure proceedings, stock market downturns, defects in the perfection of collateral and fraudulent transfers by borrowers.

Further, among the various regulatory developments that have impacted the real estate sector recently, we believe that the implementation of the Real Estate Regulation and Development Act, 2016 (RERA Act) is expected to have the biggest impact over the long term. After notification of certain Sections of the Act with effect from May 2016, the full provisions of the Act became effective from May 2017 onwards. Subsequent to this, the obligations of real estate project developers under the provisions of the Act, including mandatory project registration, enhanced disclosure norms and penal provisions for violation of rules have become effective across India. While most of the state governments have notified rules in relation to RERA, other states are in the process of doing so.

To ensure compliance with the requirements of the RERA, companies in the real estate sector may need to allocate additional resources, which may increase compliance and they may face regulatory actions or be required to undertake remedial steps, which may have an adverse effect the business, operations and financial condition of various companies in the sector leading to less than anticipated growth in the housing sector, resulting in adverse effect on our business.

21. Certain non-GAAP measures and other statistical information relating to our operations and financial performance have been included in this Shelf Prospectus. These non-GAAP measures are not measures of operating performance or liquidity defined by Ind AS and may not be comparable with those presented by other companies.

Certain non-GAAP measures and other statistical information relating to our operations and financial performance such as net worth, return on net worth and Net Asset Value per Equity Share have been included in this Shelf Prospectus. Such non-GAAP measures are supplemental measures of our performance and liquidity that are not required by, or presented in accordance with, Ind AS. Further, these non-GAAP measures are not a measurement of our financial performance or liquidity under Ind AS and should not be considered in isolation or construed as an alternative to cash flows, profit/ (loss) for the years/ period or any other measure of financial performance or as an indicator of our operating performance, liquidity, profitability or cash flows generated by operating, investing or financing activities derived in accordance with Ind AS. We compute and disclose such non-GAAP measures and other statistical information relating to our operations and financial performance as we consider such information to be useful measures of our business and financial performance. However, such information may not be computed on the basis of any standard methodology that is applicable across the industry and therefore may not be comparable to financial measures and statistical information of similar nomenclature that may be computed and presented by other companies and are not measures of operating performance or liquidity defined by Ind AS.

22. A significant component of our exposure is towards mortgage loans and real estate sector and any factor affecting this sector could adversely affect our business.

As of September 30, 2022 and March 31, 2022 on a consolidated basis, we have assets under management aggregating to ₹- 222,736.97 million, ₹ 206,262.15 million, respectively towards mortgage loans which comprises of housing loans of approximately ₹ 1,96,806.74 million, ₹ 177,270.40 million and developer loans of ₹ 25,930.23 million and ₹ 28,991.75 million. This amounts to 40.28% and 40.28% of our loan portfolio. In the event the real estate sector is adversely affected due to any reason whatsoever, the value of our collateral may diminish which may affect our results of operations in the event of a default in repayment by our clients.

As of September 30, 2022 and March 31, 2022, the wholesale book comprise 4.69% and 5.66% of our AUM. The projects primarily comprise residential projects in Mumbai MMR, Delhi NCR, Bengaluru and Pune region.

23. We may not be able to realise the full value of our pledged gold, which exposes us to potential loss.

In case of loan against gold, we may not be able to realise the full value of our pledged gold, due to, among other things, defects in the quality of gold. We cannot assure you that we will be able to auction such pledged gold jewellery at prices sufficient to cover the amounts under default. Moreover, there may be delays associated with the auction process. Any failure to recover the expected value of pledged gold could expose us to a potential loss. Any such losses could adversely affect our financial condition, cash flows and results of operations.

24. Inaccurate appraisal of pledged gold jewellery by our personnel may adversely affect our business and financial condition.

The accurate appraisal of pledged gold jewellery is a significant factor in the successful operation of our business and such appraisal requires a skilled and reliable workforce. Inaccurate appraisal of gold by our workforce may result in gold being overvalued and pledged for a loan that is higher in value than the gold's actual value, which could adversely affect our reputation and business.

Further, we are subject to the risk that our gold appraisers may engage in fraud regarding their estimation of the value of pledged gold. Any such inaccuracies or fraud in relation to our appraisal of gold may adversely affect our reputation, business and financial condition.

25. Majority of the gold loans we offer are due within one year of disbursement, and a failure to disburse new loans may result in a reduction of our loan portfolio and a corresponding decrease in our interest income.

Most of the gold loans we offer are due within one year of disbursement. The relatively short-term nature of our loans means that our long-term interest income stream is less certain. In addition, our existing customers may not avail new loans from us upon maturity of their existing loans, particularly if competition increases. The potential instability of our interest income could materially and adversely affect our results of operations and financial position.

26. Insurance of relevant assets obtained by our borrowers may not be adequate to protect them against all potential losses, which could indirectly affect our ability to recover our loans to such borrowers.

Pursuant to our loan agreements, where loans are extended on the basis of a charge on assets, our borrowers are required to create a charge on their assets in our favour in the form of hypothecation or mortgage, or both. In addition, the terms and conditions of the loan agreements require our borrowers to maintain insurance against damage caused by any disasters including floods, fires and earthquakes or theft on the assets charged, primarily as collateral against the loan granted by us. However, our borrowers may not have obtained the required insurance coverage, or may not renew the insurance policies, or the amount of insurance coverage may be less than the replacement cost of the relevant assets and therefore insufficient to cover all financial losses that our borrowers may suffer, or at all, resulting in adverse effect on our business and financial condition.

27. A rise in the general income level of our customers may adversely affect the demand for our loans.

The size of our loans portfolios is dependent upon the demand for loans in India, which is inversely related to the general income level of our customers. A rise in the general income level in India could make our loans unattractive to some customers due to their having increased disposable income, making them less reliant on loans. Such a shift in income levels could lower our interest income, which could in turn adversely affect our business, financial condition, cash flows and results of operations.

28. We may not be able to appropriately assess the credit worthiness of our customers before extending credit facilities to them. Unavailability of adequate information or inaccurate and/or incomplete information provided by our customers may adversely affect our operations and profitability.

In deciding whether to extend credit or enter into other transactions with customers and counterparties, we may rely on information furnished to us by or on behalf of customers and counterparties, including financial statements and other financial information. We may also rely on certain representations as to the accuracy and completeness of that information and, with respect to financial statements, on reports of independent auditors. For example, in deciding whether to extend credit, we may assume that a customer's audited financial statements conform to generally accepted accounting principles and present fairly, in all material respects, the financial condition, results of operations and cash flows of the customer. Our financial condition and results of operations could be negatively affected by relying on financial statements that do not comply with generally accepted accounting principles or other information that is materially misleading. In addition, we may not be able to place a reliance on credit bureaus to assess credit worthiness of all our segment borrowers. This may affect the quality of information available to us about the credit history of our borrowers, especially individuals and small businesses. As a result, our ability to effectively manage our credit risk may be adversely affected.

Moreover, we have implemented KYC norms and other measures, to prevent money laundering. In the event of ineffectiveness of these norms and systems, our reputation, business and results of operations may be adversely affected.

29. The new Bankruptcy Code in India may affect our rights to recover loans from borrowers.

The Insolvency and Bankruptcy Code, 2016, as amended from time to time ("**Bankruptcy Code**") was notified on August 5, 2016. The Bankruptcy Code offers a uniform and comprehensive insolvency legislation encompassing all companies, partnerships and individuals (other than financial firms). It allows creditors to assess the viability of a debtor as a business decision and agree upon a plan for its revival or a speedy liquidation. The Bankruptcy Code creates a new institutional framework, consisting of a regulator, insolvency professionals, information utilities and adjudicatory mechanisms, which will facilitate a formal and time-bound insolvency resolution and liquidation process.

In case insolvency proceedings are initiated against a debtor to our Company, we may not have complete control over the recovery of amounts due to us. Under the Bankruptcy Code, upon invocation of an insolvency resolution process, a committee of creditors is constituted by the interim resolution professional, wherein each financial creditor is given a voting share proportionate to the debts owed to it. Any decision of the committee of creditors must be taken by a vote of not less than 66% of the voting share of all financial creditors. Any resolution plan approved by committee of creditors is binding upon all creditors, even if they vote against it.

In case a liquidation process is opted for, the Bankruptcy Code provides for a fixed order of priority in which proceeds from the sale of the debtor's assets are to be distributed. Before sale proceeds are distributed to a secured creditor, they are to be distributed for the costs of the insolvency resolution and liquidation processes, debts owed to workmen and other employees, and debts owed to unsecured credits. Further, under this process, dues owed to the Central and State Governments rank at par with those owed to secured creditors. Moreover, other secured creditors may decide to opt out of the process, in which case they are permitted to realise their security interests in priority.

Accordingly, if the provisions of the Bankruptcy Code are invoked against any of the borrowers of our Company, it may affect our Company's ability to recover our loans from the borrowers and enforcement of our Company's rights will be subject to the Bankruptcy Code.

Further, the GoI vide notification dated March 24, 2020 ("**Notification**") has amended section 4 of the Bankruptcy Code due the lingering impact of the COVID-19 pandemic. Pursuant to the said Notification, GoI has increased the minimum amount of default under the insolvency matters from ₹ 100,000 to ₹ 10,000,000. Therefore, the ability of our Company to initiate insolvency proceedings against the defaulters where the amount of default in an insolvency matter is less than ₹ 10,000,000 may impact the recovery of outstanding loans and profitability of our Company.

30. We may face tax related assessments or regulatory actions.

The laws and regulations governing the tax liability of our Company could change in the future and any such changes could adversely affect its business and future financial performance by requiring a restructuring of its activities, which may impact its results of operations.

Our Company has filed tax returns with the tax department which are pending for assessment. There is a possibility that

the tax department may impose additional tax liability on our Company upon completion of these assessments. Our Company cannot assure you that the tax department will not initiate scrutiny, investigation or regulatory action or reopen assessments for previous years. Any adverse finding by the tax department may have a material adverse effect on our Company's reputation, business, operations and financial conditions.

31. *Certain facts and statistics are derived from publications not independently verified by our Company, the Lead Managers or their respective advisors.*

The information in the section titled "Industry Overview" has been derived from the report titled "NBFC Report (November 2022 update)", (the "Report") provided by CRISIL Research. While our Company has taken reasonable care to ensure that the facts and statistics presented are accurately reproduced from such sources, they have not been independently verified by our Company, the Lead Managers or their respective advisors and, therefore, they make no representation as to the accuracy of such facts and statistics, which may not be consistent with other information compiled within or outside India. Due to possibly flawed or ineffective calculation and collection methods and other problems, the facts and statistics in this Shelf Prospectus may be inaccurate or may not be comparable to facts and statistics produced for other economies and should not be unduly relied upon. Further, there can be no assurance that they are stated or compiled on the same basis or with the same degree of accuracy as may be the case elsewhere.

32. *The financing industry is becoming increasingly competitive and our growth will depend on our ability to compete effectively.*

The sector in which we operate is highly competitive and we face significant competition from banks and other NBFCs. Many of our competitors are larger institutions, which may have much larger customer and funding sources, larger branch networks and more capital than we do. Some of our competitors may be more flexible and better-positioned to take advantage of market opportunities. In particular, private banks in India and many of our competitors outside of India may have operational advantages in implementing new technologies and rationalising branches. These competitive pressures affect the industry in which we operate as a whole, and our future success will depend in large part on our ability to respond in an effective and timely manner to these competitive pressures.

In our housing finance and gold loan business, we face increasing competition from commercial banks and other players in the unorganized sector. Interest rate deregulation and other liberalization measures affecting the housing finance industry, together with increased demand for home finance, have also increased our exposure to competition. The demand for housing loans has also increased due to the increase in demand of real estate, stable property prices, higher disposable incomes and increased fiscal incentives for borrowers. The demand for gold loans has also increased due to urgent borrowing or bridge financing requirements and the need for liquidity for assets held in gold and also due to increased awareness among customers of gold loans as a source of quick access to funds. All of these factors have resulted in the housing finance and gold loan industry, including our Company, facing increased competition from other lenders to the retail housing market, including commercial banks. Unlike commercial banks, we do not have access to funding from savings and current deposits of customers. Instead, we are reliant on higher cost loans and debentures for our funding requirements, which may reduce our margins compared to competitors. Our ability to compete effectively with commercial banks will depend, to some extent, on our ability to raise low-cost sources of funding in the future. If we are unable to compete effectively with other participants in the housing finance and gold loan industry, our business, future financial performance and the trading price of the NCD may be adversely affected.

Furthermore, as a result of increased competition in the housing finance and gold loan industry, home loans and gold loans are becoming increasingly standardized and terms such as floating rate interest options for housing loans, lower processing fees, monthly rest periods and no prepayment penalties are becoming increasingly common in India. There can be no assurance that we will be able to react effectively to these or other market developments or compete effectively with new and existing players in the increasingly competitive housing finance industry. Increasing competition may have an adverse effect on our net interest margin and other income, and if we are unable to compete successfully, the origination of new loans will decline and we may not be able to achieve our growth objectives.

33. *Any change in control of our Promoter or our Company or any other factor affecting the business and reputation of our Promoter may have a concurrent adverse effect on our Company's reputation, business and results of operations and may correspondingly adversely affect our goodwill, operations and profitability and further our Promoter has significant control in our Company, which will enable them to influence the outcome of matters submitted to shareholders for approval, and their interests may differ from those of other holders of Equity Shares.*

As on September 30, 2022, our Promoter and Promoter Group along with persons acting in concert holds 24.90% the paid up equity share capital. Any change in control of the Promoter / Promoter Group may have an adverse effect on the

operations of the Company including influencing the policies of the Company. If our Promoter ceases to exercise majority control over our Company as a result of any transfer of shares or otherwise, our ability to derive any benefit from the brand name “IIFL” and our goodwill as a part of the IIFL group of companies may be adversely affected, which in turn could adversely affect our business and results of operations. Further, our Promoter has the ability to control our business including matters relating to any sale of all or substantially all of our assets, the timing and distribution of dividends and the election or termination of appointment of our officers and directors. This control could delay, defer or prevent a change in control of our Company, impede a merger, consolidation, takeover or other business combination involving our Company, or discourage a potential acquirer from making a tender offer or otherwise attempting to obtain control of our Company even if it is in our Company’s best interest. In addition, for so long as our Promoter continues to exercise significant control over our Company, it may influence the material policies of our Company in a manner that could conflict with the interests of our other shareholders. Our Promoter may have interests that are adverse to the interests of our other shareholders and may take positions with which we or our other shareholders do not agree.

34. *We are dependent on IIFL group, for our clientele, goodwill that we enjoy in the industry and our brand name and any factor affecting the business and reputation of IIFL group may have a concurrent adverse effect on our business and results of operations.*

We are part of IIFL group and to some extent depend upon it for steady inflow of business. In the event IIFL group’s goodwill is impacted the same may have impact on our business and results of operations. We operate in a competitive environment, and we believe that our brand recognition is a significant competitive advantage to us. Any failure to retain our Company name may deprive us of the associated brand equity that we have developed which may have a material adverse effect on our business and operations.

In the event IIFL group is unable to maintain the quality of its services or its goodwill deteriorates, our Company’s business and results of operations may be adversely affected. Any disassociation of our Company from the IIFL group and/or our inability to have access to the infrastructure provided by other companies in the IIFL group could adversely affect our ability to attract customers and to expand our business, which in turn could adversely affect our goodwill, operations and profitability.

35. *We are permitted to use the IIFL trademark  IIFL FINANCE, by IIFL Securities Limited pursuant to the trademark license agreement between our Company and IIFL Securities Limited. Such right to use the IIFL trademark is subject to the termination based on the terms and conditions of the trademark license agreement and any such termination may result in us being unable to use the IIFL trademark, which could have a material adverse effect on our reputation and business.*

We have been given the right to use the IIFL trademark, owned by IIFL Securities Limited pursuant to the trademark license agreement entered into between our Company and IIFL Securities Limited. We have been provided a non-exclusive, non-transferable for a onetime fee payable to the Licensor, as set out therein, to use the trademark. Any termination of the agreement by IIFL Securities Limited may result in us being unable to use this trademark which could have a material adverse effect on our reputation and business. For further details, please see “History and Main Objects” on page 138.

36. *We may not be able to adequately protect our intellectual property rights.*

Our ability to compete effectively depends in part upon protection of our intellectual property rights. On February 22, 2021, we made an application for registration of our logo “ My Money” and trademark “My Money”, respectively, with the Registrar of Trade Marks, Mumbai under class 36 of the Trade Marks Act. The registration of our logo has been refused by the Trademarks Registry, Mumbai vide an order dated December 15, 2022. While our Company is in the process of filing an appeal against the said order, there can be no assurance that our trademark application will be accepted. Further, there are no assurances that we will be able to register this mark. In the event we are not able to obtain registrations due to any injunctive or other adverse order issued against us by the appellate authorities in respect of the registration of our logo or slogan, we may not be able to avail legal protections under the trade mark or prevent unauthorised use of such trademarks by third parties, and in case the logo or slogan is used or claimed by a third party, our ability to use such logo or slogan may be restricted or lost, which may adversely affect our goodwill or business. For further details, please see “Our Business” on page 109.

37. *Our growth will depend on our continued ability to access funds at competitive rates which are dependent on a number of factors including our ability to maintain our credit ratings.*

As we are a “systemically important non-deposit accepting” NBFC and do not have access to deposits, our liquidity and ongoing profitability are primarily dependent upon our timely access to, and the costs associated with raising capital. Our

business is significantly dependent on funding from the debt capital markets and commercial borrowings. The demand for such funds is competitive and our ability to obtain funds at competitive rates will depend on various factors including our ability to maintain positive credit ratings. Ratings reflect a rating agency's opinion of our financial strength, operating performance, strategic position, and ability to meet our obligations. In relation to our long-term debt instruments, we currently have long term ratings of "AA" with stable outlook from CRISIL, ICRA and CARE and "AA+" with negative outlook from Brickworks. In relation to our short-term debt instruments, we have also received rating of "A1+" from ICRA and CRISIL. Also, the Company has raised money through MTN programme for which the rating has been obtained from international rating agencies. Currently the rating assigned to the issuance by Fitch Ratings is B+ (Stable) and by Moody as B2 with Stable Outlook. Any downgrade of our credit ratings would increase borrowing costs and constrain our access to capital and debt markets and, as a result, would negatively affect our net interest margin and our business. In addition, downgrades of our credit ratings could increase the possibility of additional terms and conditions being added to any additional financing or refinancing arrangements in the future. Any such adverse development could adversely affect our business, financial condition and results of operations.

Our business depends and will continue to depend on our ability to access diversified funding sources. Changes in economic and financial conditions or continuing lack of liquidity in the market could make it difficult for us to access funds at competitive rates. While our borrowing costs have been competitive in the past due to our ability to raise debt products, credit rating and our asset portfolio, in the event we are unable to access funds at an effective cost that is comparable to or lower than our competitors, we may not be able to offer competitive interest rates for our loans. This may adversely impact our business and results of operations.

38. We face asset-liability mismatches which could affect our liquidity and consequently may adversely affect our operations and profitability.

Our Company's funding requirements is met through long-term and medium-term funding sources such as bank loans and non-convertible debentures and our short-term funding requirements are met through working capital demand loans, cash credit, commercial paper and other short term loans. Our Company may face potential liquidity risks due to varying periods over which our Company's assets and liabilities mature. Our Company's inability to obtain additional credit facilities or renew its existing credit facilities in a timely and cost-effective manner to meet its maturing liabilities, or at all, may lead to gaps and mismatches between its assets and liabilities, which in turn may adversely affect our Company's liquidity position, and in turn, its operations and financial performance.

Our liquidity position may be adversely affected and we may be required to pay higher interest rates in order to meet our liquidity requirements in the future, which could have a material adverse effect on our business and financial results.

39. *We extend margin funding loans, or loans against shares, to our clients, and any default by a client coupled with a downturn in the stock markets could result in substantial losses for us.*

We extend, margin funding loans or loans against shares which are secured by liquid, marketable securities at an appropriate or predetermined margin levels. In the event of a volatile stock market or adverse movements in stock prices, the collateral which secures the loans may decrease significantly in value, which might result in losses which our Company may be unable to support. Customers may default on their obligations to us as a result of various factors including bankruptcy, lack of liquidity, lack of business and operational failure. Although we use a technology-based risk management system and follow strict internal risk management guidelines on portfolio monitoring, which include limits on the amount of margin, the quality of collateral provided by the client and pre-determined margin call thresholds, no assurance can be given that if the financial markets witnessed a significant single-day or general downturn, our financial condition and results of operations would not be adversely affected.

40. *The MSMEs to which our Company provides loans may not perform as expected and our Company may not be able to control the non-performance of such businesses.*

Our Company provides loans to select growing MSMEs which obtain loans against their assets and profits made by them. Our Company does not manage, operate or control such businesses or entities. Further, our Company has no control over those businesses' functions or operations. As a result, such businesses may make business, financial or management decisions which our Company does not agree or the majority shareholders or the management of such companies may make business, financial or management decisions that may be adverse to, or otherwise act in a manner that does not serve, our Company's best interests. The repayment of the loans extended to such businesses will depend to a significant extent on the specific management team of the relevant borrower entity. The actions taken by the management of our Company's customers may lead to significant losses and affect their ability to repay our Company's loans. Consequently, this may adversely affect our Company's financial performance.

41. *We do not own the premises where our branch offices are located and in the event our rights over the properties is not renewed or is revoked or is renewed on terms less favourable to us, our business activities may be disrupted.*

At present we do not own the premises of any of our branch offices. All such non-owned properties are leased or licensed to us. If the owners of these properties do not renew the agreements under which we occupy the premises or only agree to renew such agreements on terms and conditions that are unacceptable to us, or if the owners of such premises withdraw their consent to our occupancy, our operations may suffer a disruption. We may be unable to locate suitable alternate facilities on favorable terms, or at all, and this may have a material adverse effect on our business, results of operations and financial condition.

42. *We are required to comply with the requirements of certain labour laws which may impose additional costs on us.*

Our employees are required to be registered under the provisions of certain labour laws such as the Employees' State Insurance Act, 1948, the Payment of Gratuity Act, 1972, and the Employees Provident Fund and Miscellaneous Provisions Act, 1952. We are also required to maintain certain records under the provisions of these laws, which add to our costs. If we are subject to penalties under these labour laws or if we do not obtain the requisite approvals, our business, financial condition, cash flows and results of operations may be adversely affected.

43. *Our results of operations could be adversely affected by any disputes with employees.*

As of September 30, 2022, the Company (along with its subsidiaries) has a strong workforce of 32,452 employees on a consolidated basis. Currently, none of our employees are members of any labour union. While we believe that we maintain good relationships with our employees, there can be no assurance that we will not experience future disruptions to our operations due to disputes or other problems with our work force, which may adversely affect our business and results of operations.

44. *We require several licenses and approvals for our business and in the event we are unable to procure or renew them in time or at all, our business may be adversely affected.*

We require several licenses, approvals and registration in order to undertake our business activities. These registrations include registrations with the RBI as a systemically important non-deposit taking NBFC. We are also required to maintain licenses under various state Shops and Establishment Acts for some of our offices. Failure by us to comply with the terms and conditions to which such permits or approvals are subject, and/or to renew, maintain or obtain the required permits or approvals may result in the interruption of our operations and may have a material adverse effect on our business, financial

condition and results of operations.

45. *Our branches are vulnerable to various operational risks, including theft, fraud, burglary and embezzlement by our employees and customers due to high volume of cash and gold jewellery handled by us.*

Our business involves carrying out cash and gold jewellery transactions that expose us to the risk of fraud by employees, agents, customers or third parties, theft, burglary and misappropriation or unauthorised transactions by our employees. Storage of cash and pledged gold jewellery as part of our business entails the risk of theft and resulting loss to our reputation and business. The short tenure of the loans advanced by us and our practice of processing loan repayments within short timelines require us to store pledged gold on our premises at all points in time. With regard to all burglaries, we may not be able to recover the entire amount of the loss suffered and may receive only a partial payment of the insurance claim. While we are insured against the risk of burglary arising from our business, such insurance may not be sufficient to fully cover the losses we suffer. Additionally, our cash in transit policies do not cover theft where an employee is involved, unless such involvement is identified within 48 hours of such thefts. Further, the actual recovery of the insured amount from the insurer requires the undertaking of certain procedures, and any delay in recovery could adversely affect our reputation and results of operation.

Pursuant to the same, while we have strengthened our security policies and procedures, we cannot guarantee that theft will not be committed in the future, which could adversely affect our reputation, business and results of operations. Further, we are exposed to the risk of fraud and other misconduct by employees and customers. While we carefully recruit all of our employees and screen all our employees who are responsible for disbursement of gold loans and custody of gold, there have in the past been acts of fraud with respect to gold loans and cash related misappropriation committed by our employees.

46. *Our Company has entered into securitisation agreements to sell certain loans from our outstanding loan portfolio. Our business, financial condition and results of operations could be adversely affected due to some of the restrictions imposed under such agreements or downgrade in the ratings of our securitized debt or if such assignment of loan is held to be unenforceable or due to any change in the regulatory requirements.*

As part of our means of raising and/or managing our funds, we assign or securitise the receivables from our loan portfolio to banks and other institutions. Such assignment or securitization transactions are conducted on the basis of our internal estimates of our funding requirements, which may vary from time to time. As of September 30, 2022 and March 31, 2022 outstanding book value of securitised assets of ₹ 12,280.03 million, ₹ 19,892.33 million, respectively and assignment of ₹ 77,138.00 million and ₹ 72,192.55 million, respectively on a standalone basis. Our Company has sold and assigned a group of similar loans from our outstanding loan portfolio to Banks/financial institutions in return for an upfront fixed consideration. As of September 30, 2022 and March 31, 2022, our outstanding portfolio of securitised loans on a standalone basis, constituted 5.50% and 9.42% of AUM. Under such agreements, we have provided credit enhancement through fixed deposits with banks to the purchaser for an amount equal to a percentage of the value of the loans being assigned as per the rating agency to enhance the rating of the pool. If there is any short fall in the scheduled cash flow promised to the investor then credit enhancement will be utilized to that extent.

Further, any change in statutory and/regulatory requirements such as securitisation guidelines issued by RBI in June 2018 in relation to assignments or securitizations by financial institutions, including the requirements prescribed by RBI and the Government of India, could have an adverse impact on our assignment or securitization transactions. Any adverse changes in the policy and/or regulations in connection with securitization of assets by NBFCs and/or new circulars and/or directions issued by the RBI in this regard, affecting NBFCs or the purchasers of assets, would affect the securitization market in general and our ability to securitize and/or assign our assets.

47. *Our loan portfolio may no longer continue to be classified as priority sector advances by the RBI.*

The RBI currently mandates domestic commercial banks operating in India to maintain an aggregate 40% of adjusted net bank credit or credit equivalent amount of off-balance sheet exposure, whichever is higher as “priority sector advances”. These include advances to agriculture, micro and small enterprises, micro enterprises within the micro and small enterprises sector, export credit and advances to weaker sections where the government seeks to encourage flow of credit for developmental reasons. Banks in India that have traditionally been constrained or unable to meet these requirements organically have relied on specialised institutions like us that are better positioned to or exclusively focus on originating such assets through on-lending or purchase of assets or securitised and assigned pools to comply with these targets.

In the event that any part of our loan portfolio is no longer classified as a priority sector advance by the RBI, or if the laws relating to priority sector lending as applicable to the banks undergo a change, our ability to securitise our asset pool will

be hampered, which may adversely affect our financial condition, results of operations and/or cash flows.

48. A decline in our capital adequacy ratio could restrict our future business growth.

Pursuant to the Master Direction - Non-Banking Financial Company - Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016 vide its circular DNBR. PD. 008/03.10.119/2016-17 dated September 1, 2016 (updated as on September 29, 2022) all systemically important non-deposit taking NBFCs have to maintain a minimum capital ratio, consisting of Tier I and Tier II capital, which shall not be less than 15% of its aggregate risk weighted assets on balance sheet and risk adjusted value of off-balance sheet items and Tier I capital of 10%. On a standalone basis, our capital adequacy ratio computed on the basis of applicable RBI requirements was 21.74% and 23.85% as of September 30, 2022 and March 31, 2022, with Tier I capital comprising 14.02% and 16.02%, respectively. If we continue to grow our loan portfolio and asset base, we will be required to raise additional Tier I and Tier II capital in order to continue to meet applicable capital adequacy ratios with respect to our business. There can be no assurance that we will be able to raise adequate additional capital in the future on terms favourable to us or at all, and this may adversely affect the growth of our business.

49. Our Company may have to comply with stricter regulations and guidelines issued by regulatory authorities in India.

Our Company is regulated principally by and have reporting obligations to the RBI and our subsidiary is regulated by and have reporting obligations to NHB. Our Company is also subject to the corporate, taxation and other laws in effect in India. In recent years, existing rules and regulations have been modified, new rules and regulations have been enacted and reforms have been implemented which are intended to provide tighter control and more transparency. Moreover, new regulations may be passed that restrict our ability to do business.

Our Company cannot assure you that we will not be subject to any adverse regulatory action in the future. Further, these regulations are subject to frequent amendments and depend upon government policy. The costs of compliance may be high, which may affect our profitability. If we are unable to comply with any such regulatory requirements, our business and results of operations may be materially and adversely affected.

50. Our contingent liabilities could adversely affect our financial condition.

As per the Consolidated Financial Statements of our Company for the Fiscal 2022, we had certain contingent liabilities not provided for, amounting to ₹ 12,309.54 million. The contingent liability amounts disclosed in our Financial Statements represent estimates and assumptions of our management based on advice received. If, for any reason, these contingent liabilities materialize, it may adversely affect our financial condition. For more details regarding the contingent liabilities please see the “Financial Information” on page 185.

51. Certain supporting documents in connection with the forms filed with the ROC (such as form 18 in relation to situation or change of situation of registered office), biographies of certain of our Directors included in this Shelf Prospectus are unavailable.

Certain documents supporting the information included in the biographies pertaining to the previous work experience, for certain of Directors, disclosed in “Our Management” on page 144 are unavailable. Further we have lost corporate records including forms filed with the ROC (such as form 18 in relation to situation or change of situation of registered office), copies of which could not be retrieved till date. Further due to loss of records and documents in this Shelf Prospectus has been presented on the basis of records available with us and to the best of information provided by the management.

52. Our Company is subject to certain restrictive covenants in our loan documents, which may restrict our operations and ability to grow and may adversely affect our business. Any default in compliance with the material covenants could adversely affect our financial condition, and/or our ability to obtain financing in the future.

There are restrictive covenants in the agreements we have entered into with our lenders. These restrictive covenants require us to maintain certain financial ratios and seek the prior permission of these banks/financial institutions for various activities, including, amongst others, selling, leasing, transferring or otherwise disposing of any part of our business or revenues, effecting any scheme of amalgamation or reconstitution, implementing a new scheme of expansion, taking up an allied line of business or making any amendments to Memorandum and Articles of Association etc. Such restrictive covenants in our loan documents may restrict our operations or ability to expand and may adversely affect our business.

A failure to observe the covenants under our financing arrangements or to obtain necessary consents required thereunder may lead to the termination of our credit facilities, acceleration of all amounts due under such facilities and the enforcement

of any security provided. Any acceleration of amounts due under such facilities may also trigger cross default provisions under our other financing agreements. If the obligations under any of our financing documents are accelerated, we may have to dedicate a substantial portion of our cash flow from operations to make payments under such financing documents, thereby reducing the availability of cash for our working capital requirements and other general corporate purposes. Further, during any period in which we are in default, we may be unable to raise, or face difficulties raising, further financing. Any of these circumstances could adversely affect our business, credit rating and financial condition, cash flows and results of operations.

53. *We may experience difficulties in expanding our business into new regions and markets in India.*

As part of our growth strategy, we continue to evaluate attractive growth opportunities to expand our business into new regions and markets in India. Factors such as competition, culture, regulatory regimes, business practices and customs and customer requirements in these new markets may differ from those in our current markets, and our experience in our current markets may not be applicable to these new markets. In addition, as we enter new markets and geographical regions, we are likely to compete not only with other banks and financial institutions but also the local unorganised or semi-organised private financiers, who are more familiar with local regulations, business practices and customs, and have stronger relationships with customers.

If we plan to expand our geographical footprint, our business may be exposed to various additional challenges, including: obtaining necessary governmental approvals; identifying and collaborating with local business and partners with whom we may have no previous working relationship; successfully gauging market conditions in local markets with which we have no previous familiarity; attracting potential customers in a market in which we do not have significant experience or visibility; being susceptible to local taxation in additional geographical areas of India; and adapting our marketing strategy and operations to different regions of India in which different languages are spoken. Our inability to expand our current operations may adversely affect our business prospects, financial conditions, results of operations and/or cash flows.

54. *We face difficulties and incur additional expenses in operating from rural and semi urban areas, where infrastructural facilities are limited.*

A portion of our operations are conducted in rural and semi urban areas. We face certain difficulties in conducting such operations, such as accessing power facilities, transporting people and goods and maintaining profitability at branches in remote areas. We may also face increased costs in implementing security measures and expanding our advertising presence. We cannot assure that such costs will not increase in the future as we expand our network in rural and semi urban areas.

55. *Our success largely depends on our management team and key personnel and our ability to attract, train and retain such persons. Our inability to attract and retain talented professionals, or the resignation or loss of key management personnel, may have an adverse impact on our business and future financial performance.*

Our ability to sustain our rate of growth depends significantly upon our ability to manage key issues such as selecting and retaining key managerial personnel, developing managerial experience to address emerging challenges and ensuring a high standard of client service. In order to be successful, we must attract, train, motivate and retain highly skilled employees, especially branch managers and product executives. If we cannot hire additional qualified personnel or retain them, our ability to expand our business will be impaired and our revenue could decline. We will need to recruit new employees, who will have to be trained and integrated into our operations. We will also have to train existing employees to adhere properly to internal controls and risk management procedures. Failure to train and motivate our employees properly may result in an increase in employee attrition rates, require additional hiring, erode the quality of customer service, divert management resources, increase our exposure to high-risk credit and impose significant costs on us. Hiring and retaining qualified and skilled managers are critical to our future, as our business model depends on our credit-appraisal and asset valuation mechanism, which are personnel-driven operations. Moreover, competition for experienced employees can be intense. While we have an incentive structure and an ESOP designed to encourage employee retention, our inability to attract and retain talented professionals, or the resignation or loss of key management personnel, may have an adverse impact on our business and future financial performance.

56. *Our insurance coverage may not adequately protect us against losses.*

We maintain such insurance coverage that we believe is adequate for our operations. Our insurance policies, however, may not provide adequate coverage in certain circumstances and are subject to certain deductibles, exclusions and limits on coverage. We cannot, however, assure you that the terms of our insurance policies will be adequate to cover any damage or loss suffered by us or that such coverage will continue to be available on reasonable terms or will be available in sufficient amounts to cover one or more large claims, or that the insurer will not disclaim coverage as to any future claim.

A successful assertion of one or more large claims against us that exceeds our available insurance coverage or changes in our insurance policies, including premium increases or the imposition of a larger deductible or coinsurance requirement, could adversely affect our business, financial condition and results of operations.

57. If we fail to identify, monitor and manage risks and effectively implement our risk management policies, it could have a material adverse effect on our business, financial condition, results of operations and cash flows.

Our Company has devoted resources to develop our risk management policies and procedures and aim to continue to do so in the future. Please see “*Our Business*” on page 109. Despite this, our policies and procedures to identify, monitor and manage risks may not be fully effective. Some of our risk management systems are not automated and are subject to human error. Some of our methods of managing risks are based upon the use of observed historical market behaviour. As a result, these methods may not accurately predict future risk exposures, which could be significantly greater than those indicated by the historical measures.

To the extent any of the instruments and strategies we use to hedge or otherwise manage our exposure to market or credit risk are not effective, we may not be able to mitigate effectively our risk exposures in particular market environments or against particular types of risk. Further, some of our risk management strategies may not be effective in a difficult or less liquid market environment, where other market participants may be attempting to use the same or similar strategies to deal with the difficult market conditions. In such circumstances, it may be difficult for us to reduce our risk positions due to the activity of such other market participants. Other risk management methods depend upon an evaluation of information regarding markets, clients or other matters. This information may not in all cases be accurate, complete, up-to-date or properly evaluated.

Our investment and interest rate risk are dependent upon our ability to properly identify, and mark-to-market changes in the value of financial instruments caused by changes in market prices or rates. Our earnings are dependent upon the effectiveness of our management of changes in credit quality and risk concentrations, the accuracy of our valuation models and our critical accounting estimates and the adequacy of our allowances for loan losses.

If we fail to effectively implement our risk management policies, it could materially and adversely affect our business, financial condition, results of operations and cash flows.

58. Our Company is exposed to many operational risks which could materially impact our business and results of operations.

Our Company is exposed to many types of operational risks. Operational risk can result from a variety of factors, including failure to obtain proper internal authorizations, improperly documented transactions, failure of operational and information security procedures, computer systems, software or equipment, fraud, inadequate training and employee errors. We attempt to mitigate operational risk by maintaining a comprehensive system of internal controls, establishing systems and procedures to monitor transactions, maintaining key back-up procedures, undertaking regular contingency planning and providing employees with continuous training. Any failure to mitigate such risks could adversely affect our business and results of operations.

59. Significant fraud, system failure or calamities could adversely impact our business.

We seek to protect our computer systems and network infrastructure from physical break-ins as well as fraud and system failures. Computer break-ins and power and communication disruptions could affect the security of information stored in and transmitted through our computer systems and network infrastructure. We employ security systems, including firewalls and password encryption, designed to minimize the risk of security breaches. Although we intend to continue to implement security technology and establish operational procedures to prevent fraud, break-ins, damage and failures, there can be no assurance that these security measures will be adequate. A significant failure of security measures or operational procedures could have a material adverse effect on our business and our future financial performance. Although we take adequate measures to safeguard against system-related and other frauds, there can be no assurance that it would be able to prevent frauds.

We are exposed to many types of operational risks, including the risk of fraud or other misconduct by employees and unauthorized transactions by employees. Although we have been careful in recruiting all our employees, we have in the past been held liable for the fraudulent acts committed by our employees adversely impacting our business. Our reputation could be adversely affected by significant frauds committed by employees, customers or outsiders.

60. Inaccurate appraisal of credit may adversely impact our business

We may be affected by failure of employees to comply with internal procedures and inaccurate appraisal of credit or financial worth of our clients. Inaccurate appraisal of credit may allow a loan sanction which may eventually result in a bad debt on our books of accounts. In the event we are unable to check the risks arising out of such lapses, our business and results of operations may be adversely affected.

61. Our Company has entered into number of related party transactions and may continue to enter into related party transactions, which may involve conflict of interest.

Our Company enters into transactions with the related parties in the ordinary course of business pursuant to the applicable provisions of the Companies Act, 2013. Such transactions may give rise to current or potential conflicts of interest with respect to dealings between us and such related parties. While our Company believes that all related party transactions entered into are conducted on an arms' length basis and in the ordinary course of business, there can be no assurance that it could not have achieved more favourable terms if such transactions had not been entered into with related parties. For further details, please see "*Financial Information*" on page 185. Additionally, there can be no assurance that any dispute that may arise between our Company and related parties will be resolved in our Company's favour.

62. Some of our Directors may have interests in entities, which are in businesses similar to ours and this may result in conflicts of interest with us.

As on the date of this Shelf Prospectus, some of our Directors are also directors on the board of our related parties. Commercial transactions in the future between us and related parties may result in conflicting interests which could have an adverse effect on our operations. Such factors may have an adverse effect on the results of our operations and financial condition.

63. We rely on direct selling agents ("DSAs") to sell our products across the country. These DSAs may not perform their obligations satisfactorily or in compliance with law or may be part of unlawful/unethical behaviour which may adversely affect the business and reputation of our Company

We enter into direct selling arrangements with DSAs for the purpose of marketing and selling our products across India. Although adequate due diligence is conducted before entering into any DSA arrangement with any person, we cannot guarantee that there shall be no disruptions in the provision of their services to our Company or that these DSAs will adhere to their contractual obligations. If there is a disruption in the services of these DSAs, or if the DSAs discontinue their service agreement with us, our business, financial condition and results of operations will be adversely affected. In case of any dispute between our Company and the DSAs, we cannot assure you that the terms of the agreements/arrangements entered into with the DSAs will not be breached, which may result in litigation costs. Such additional cost, in addition to the cost of entering into agreements with other DSAs, may materially and adversely affect our business, financial condition and results of operations. Further, our DSAs or the personnel they employ may be engaged in unethical or unlawful behaviour or they may misrepresent or mis-sell our products and services. Due to this, we may also suffer from reputational and legal risks and these actions may materially and adversely affect our business, financial condition and results of operations.

64. Our Company and its Subsidiaries have availed or may avail of certain loans that are recallable by lenders, at any time.

Our Company and its subsidiaries have availed or may avail of loans that are repayable on demand at any time by the relevant lenders. Any such unexpected demand for immediate repayment may have a material adverse effect on the business, cash flows and financial condition of the entity against which repayment is sought.

65. Our ability to raise foreign capital may be constrained by Indian law.

As an Indian company, we are subject to exchange control laws that regulate borrowing in foreign currencies. Such regulatory restrictions limit our financing sources and hence could constrain our ability to obtain financing on competitive terms and refinance existing indebtedness. In addition, we cannot assure you that the required approvals will be granted without onerous conditions, or at all. Limitations on raising foreign debt may have an adverse effect on our business, results of operations and financial condition.

66. A failure or inadequacy in our Company's information technology and telecommunication systems or its inability to adapt to rapid technological changes may adversely affect its business, results of operation and financial condition.

Our Company's ability to operate and remain competitive depends in part on its ability to maintain and upgrade its information technology systems and infrastructure on a timely and cost-effective basis, including its ability to process a large number of transactions on a daily basis. Our Company's operations also rely on the secure processing, storage and transmission of confidential and other information in its computer systems and networks. Our Company's financial, accounting or other data processing systems and management information systems or its corporate website may fail to operate adequately or become disabled as a result of events that may be beyond its control, including a disruption of electrical or communications services. Further, the information available to and received by our Company's management through its existing systems may not be timely and sufficient to manage risks or to plan for and respond to changes in market conditions and other developments in its operations. If any of these systems are disabled or if there are other shortcomings or failures in our Company's internal processes or systems, it may disrupt our Company's business or impact its operational efficiencies and render it liable to regulatory intervention or damage to its reputation. The occurrence of any such events may adversely affect our Company's business, results of operations and financial condition.

Our Company is dependent on various external vendors for the implementation of certain elements of its operations, including implementing information technology infrastructure and hardware, industry standard commercial off-the-shelf products, networking and back-up support for disaster recovery. Our Company is, therefore, exposed to the risk that external vendors or service providers may be unable to fulfil their contractual obligations to it (or will be subject to the risk of fraud or operational errors by their respective employees) and the risk that their (or their vendors') business continuity and data security systems prove to be inadequate or fail to perform. Failure to perform any of these functions by our Company's external vendors or service providers could materially and adversely affect its business, results of operations and cash flows.

In addition, the future success of our Company's business will depend in part on its ability to respond to technological advances and to emerging financing industry standards and practices on a cost-effective and timely basis. The development and implementation of such technology entails significant technical and business risks. There can be no assurance that our Company will successfully implement new technologies effectively or adapt its technology and systems to meet customer requirements or emerging industry standards. If our Company is unable, for technical, legal, financial or other reasons, to adapt in a timely manner to changing market conditions, customer requirements or technological changes, its financial condition could be adversely affected. Any technical failures associated with its information technology systems or network infrastructure, including those caused by power failures and other unauthorised tampering, may cause interruptions or delays in our Company's ability to provide services to its customers on a timely basis or at all, and may also result in added costs to address such system failures and/or security breaches, and for information retrieval and verification.

67. Microfinance loans offered by our subsidiary, SML are unsecured and are susceptible to various operational, credit and political risks which may result in increased levels of NPAs, thereby adversely affecting our business, results of operation and financial condition.

The focus client segment for our micro-loans is women in rural areas. The clients of SML typically have limited sources of income, savings and credit histories and as a result, are usually adversely affected by declining economic conditions. Further, for most of the loans provided by SML, clients do not provide any collateral or security for their borrowings as the RBI has mandated that loans given by NBFC-MFIs should be collateral free and should have annual household income up to ₹3,00,000 (RBI vide circular DoR.FIN.REC.95/03.10.038/2021-22 dated March 14, 2022) for the purpose of "consideration as microfinance loans". Such clients generally do not have a high level of financial resilience, and, as a result, they can be adversely affected by declining economic conditions and natural calamities. Furthermore, although SML uses credit bureau reports to check certain background information such as the total indebtedness of each potential client and their existing repayment/ default history, the information in such reports may be incomplete or unreliable and accordingly the credit risk analysis we carry out on potential clients may be limited. Further, SML relies primarily on non-traditional guaranteed mechanisms rather than any tangible assets such as collateral. Most of its loans involve a joint liability mechanism whereby borrowers form an informal joint liability group and provide joint and several guarantees for loans obtained by each member of the group. Such joint liability arrangements are likely to fail if there is no meaningful personal relationship or bond among members of such group, if there is irregular participation in group meetings, if inadequate risk management procedures have been employed, or as a result of adverse external factors such as natural calamities. As a result, its clients potentially present a higher risk of loss in case of a credit default compared to that of borrowers in other asset-backed financing products. In addition, the microfinance business is susceptible to various political and social risks, including political interference in the working of MFIs at the district, state or national level; adverse publicity or litigation relating to the microfinance sector; public criticism of the microfinance sector; introduction of a

stringent regulatory regime; or religious beliefs relating to loans and introduction of a stringent regulatory regime; or religious beliefs relating to loans and interest payments, which adversely affect repayment by its clients and may have an adverse effect on our business prospects and future financial performance.

Due to the underlying profile of the clients of SML, we may, in the future, experience increased levels of non-performing assets and related provisions and write-offs, which would materially and adversely impact our business and results of operations.

External Risk Factors

68. Our results of operations have been, and may continue to be, adversely affected by Indian and international financial market and economic conditions.

Our business is highly dependent on Indian and international markets and economic conditions. Such conditions in India include fluctuations in interest rates; changes in consumer spending; the level of consumer confidence; housing prices; corporate or other scandals that reduce confidence in the financial markets, among others. International markets and economic conditions include the liquidity of global financial markets, the level and volatility of debt and equity prices and interest rates, investor sentiment, inflation, the availability and cost of capital and credit, and the degree to which international economies are expanding or experiencing recessionary pressures. The independent and/or collective fluctuation of these conditions can directly and indirectly affect demand for our lending finance and other financial products or increase the cost to provide such products. In addition, adverse economic conditions, such as declines in housing values, could lead to an increase in mortgage and other home loan delinquencies and higher write offs, which can adversely affect our earnings.

Global financial markets were and continue to be extremely volatile and were materially and adversely affected by a significant lack of liquidity, decreased confidence in the financial sector, disruptions in the credit markets, reduced business activity, rising unemployment, declining home prices and erosion of consumer confidence. These factors have contributed to and may continue to adversely affect our business, financial condition and results of operations.

69. Financial difficulties and other problems in certain financial institutions in India could cause our business to suffer and adversely affect our results of operations.

We are exposed to the risks of the Indian financial system, which in turn may be affected by financial difficulties and other problems faced by certain Indian financial institutions. Certain Indian financial institutions have experienced difficulties during recent years. Some co-operative banks (which tend to operate in rural sector) have also faced serious financial and liquidity crises. There has been a trend towards consolidation with weaker banks and NBFCs being merged with stronger entities. The problems faced by individual Indian financial institutions and any instability in or difficulties faced by the Indian financial system generally could create adverse market perception about Indian financial institutions, banks and NBFCs. This in turn could adversely affect our business, our future financial performance, our shareholders' funds and the market price of our NCDs.

70. Terrorist attacks, civil unrest and other acts of violence or war involving India and other countries could adversely affect the financial markets and our business.

Terrorist attacks and other acts of violence or war may negatively affect our business and may also adversely affect the worldwide financial markets. These acts may also result in a loss of business confidence. In addition, any deterioration in relations between India and its neighbouring countries might result in investor concern about stability in the region, which could adversely affect our business.

India has also witnessed civil disturbances in recent years and it is possible that future civil unrest as well as other adverse social, economic and political events in India could have a negative impact on us. Such incidents could also create a greater perception that investment in Indian companies involves a higher degree of risk and could have an adverse impact on our business and the market price of our NCDs.

71. Natural calamities could have a negative impact on the Indian economy, particularly the agriculture sector, and cause our business to suffer.

India has experienced natural calamities such as earthquakes, a tsunami, floods and drought in the past few years. The extent and severity of these natural disasters determines their impact on the Indian economy. The erratic progress of the monsoon over the course of past few years affected sowing operations for certain crops. Further, prolonged spells of below

normal rainfall or other natural calamities could have a negative impact on the Indian economy thereby, adversely affecting our business.

72. *Any downgrading of India's debt rating by an international rating agency could have a negative impact on our business.*

Any adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely impact our ability to raise additional financing, the interest rates and other commercial terms at which such additional financing is available. This could have a material adverse effect on our business and financial performance, our ability to raise financing for onward lending and the price of our NCDs.

73. *Instability of economic policies and the political situation in India could adversely affect the fortunes of the industry.*

There is no assurance that the liberalization policies of the Government will continue in the future. Protests against privatization could slow down the pace of liberalization and deregulation. The Government of India plays an important role by regulating the policies and regulations that govern the private sector. The current economic policies of the Government may change at a later date. The pace of economic liberalization could change and specific laws and policies affecting the industry and other policies affecting investments in our Company's business could change as well. A significant change in India's economic liberalization and deregulation policies could disrupt business and economic conditions in India and thereby affect our Company's business.

Unstable domestic as well as international political environment could impact the economic performance in the short term as well as the long term. The Government of India has pursued the economic liberalization policies including relaxing restrictions on the private sector over the past several years. The present Government has also announced policies and taken initiatives that support continued economic liberalization.

The Government has traditionally exercised and continues to exercise a significant influence over many aspects of the Indian economy. Our Company's business may be affected not only by changes in interest rates, changes in Government policy, taxation, social and civil unrest but also by other political, economic or other developments in or affecting India.

74. *Companies operating in India are subject to a variety of central and state government taxes and surcharges.*

Tax and other levies including stamp duty imposed by the central and state governments in India that affect our tax liability include central and state taxes and other levies, income tax, goods and service tax, stamp duty and other special taxes and surcharges which are introduced on a temporary or permanent basis from time to time. Moreover, the central and state tax scheme in India is extensive and subject to change from time to time. The statutory corporate income tax in India (as applicable to us), which includes a surcharge on the tax and a health and education cess on the tax and the surcharge. The central or state government may in the future increase the corporate income tax it imposes. Any such future increases or amendments may affect the overall tax efficiency of companies operating in India and may result in significant additional taxes becoming payable. Additional tax exposure could adversely affect our business and results of operations.

75. *Financial instability in other countries could disrupt our business.*

The Indian market and the Indian economy are influenced by economic and market conditions in other countries. Although economic conditions are different in each country, investors' reactions to developments in one country can have adverse effects on the economy as a whole, in other countries, including India. A loss of investor confidence in the financial systems of other emerging markets may cause volatility in Indian financial markets and indirectly, in the Indian economy in general. Any worldwide financial instability could also have a negative impact on the Indian economy, including the movement of exchange rates and interest rates in India.

In the event that the current difficult conditions in the global credit markets continue or if the recovery is slower than expected or if there any significant financial disruption, this could have an adverse effect on our cost of funding, loan portfolio, business, prospects, results of operations and financial condition.

76. *Trading of the NCDs may be limited by temporary exchange closures, broker defaults, settlement delays, strikes by brokerage firm employees and disputes.*

The Indian stock exchanges have experienced temporary exchange closures, broker defaults, settlement delays and strikes by brokerage firm employees. In addition, the governing bodies of the Indian stock exchanges have from time to time

imposed restrictions on trading in certain securities, limitations on price movements and margin requirements. Furthermore, from time to time, disputes have occurred between listed companies and stock exchanges and other regulatory bodies, which in some cases may have had a negative effect on market sentiment.

Risks relating to the Issue and NCDs.

77. *The NCD Holders may not be able to recover, on a timely basis or at all, the full value of the outstanding amounts and/or the interest accrued thereon in connection with the NCDs. Failure or delay to recover the expected value from a sale or disposition of the assets charged as security in connection with the NCDs could expose the holders to a potential loss.*

Our ability to pay interest accrued on the NCDs and/or the principal amount outstanding from time to time in connection therewith would be subject to various factors, *inter alia*, including our financial condition, profitability and the general economic conditions in India and in the global financial markets. We cannot assure you that we would be able to repay the principal amount outstanding from time to time on the NCDs and/or the interest accrued thereon in a timely manner or at all. Our Company will create appropriate security in favour of the Debenture Trustee for the Secured NCD Holders on the assets adequate to ensure 100% security cover for the Secured NCDs. The Debenture Trustee will protect the interest of the Secured NCD Holders in the event of default by us in regard to timely payment of interest and repayment of principal and they will take necessary action at our cost. It is the duty of the debenture trustee to monitor the security cover is maintained, however, the recovery of 100% of the amount shall depend on the market scenario prevalent at the time of enforcement of the security and the realisable value of the assets charged as security, when liquidated, may be lower than the outstanding principal and/or interest accrued thereon in connection with the Secured NCDs. A failure or delay to recover the expected value from a sale or disposition of the assets charged as security in connection with the Secured NCDs could expose you to a potential loss.

78. *The Issuer, being a NBFC is not required to maintain a debenture redemption reserve (“DRR”).*

Pursuant to a Ministry of Corporate Affairs notification dated August 16, 2019 amending Section 71 of the Companies Act, 2013 and Rule 18 (7) of the Companies (Share Capital and Debentures) Rules, 2014, an NBFC is not required to maintain DRR for debentures issued through a public issue. Hence, investors shall not have the benefit of reserve funds to cover the re-payment of the principal and interest on the NCDs.

79. *There may be no active market for the NCDs on the platform of the Stock Exchanges. As a result, the liquidity and market prices of the NCDs may fail to develop and may accordingly be adversely affected.*

There can be no assurance that an active market for the NCDs will develop. If an active market for the NCDs fails to develop or be sustained, the liquidity and market prices of the NCDs may be adversely affected. The market price of the NCDs would depend on various factors, *inter alia*, including (i) the interest rate on similar securities available in the market and the general interest rate scenario in the country, (ii) the market price of our Equity Shares, (iii) the market for listed debt securities, (iv) general economic conditions, and (v) our financial performance, growth prospects and results of operations. The aforementioned factors may adversely affect the liquidity and market price of the NCDs, which may trade at a discount to the price at which you purchase the NCDs and/or be relatively illiquid.

80. *There may be a delay in making refund to Applicants.*

We cannot assure you that the monies refundable to you, on account of (i) withdrawal of your Applications, (ii) our failure to receive minimum subscription in connection with the Base Issue, (iii) withdrawal of the Issue, or (iv) failure to obtain the final approval from the Stock Exchange for listing of the NCDs, will be refunded to you in a timely manner. We, however, shall refund such monies, with the interest due and payable thereon as prescribed under applicable statutory and/or regulatory provisions.

81. *In the event of bankruptcy, liquidation or winding-up, there may not be sufficient assets remaining to pay amounts due on the NCDs.*

In the event of bankruptcy, liquidation or winding-up, our Company's assets will be available to pay obligations on the NCDs only after all of those liabilities that rank senior to these NCDs have been paid as per Section 327 of the Companies Act, 2013. In the event of bankruptcy, liquidation or winding-up, there may not be sufficient assets remaining to pay amounts due on the Secured NCDs.

82. *The fund requirement and deployment mentioned in the Objects of the Issue have not been appraised by any bank or financial institution*

We intend to use the proceeds of the Issue, after meeting the expenditures of and related to the Issue, for the purpose of onward lending, our various financing activities including lending, for repayment of interest and principal of existing borrowing of the company, subject to applicable statutory and/or regulatory requirements. For further details, see “*Issue Related Information*” on page 280. The fund requirement and deployment is based on internal management estimates and has not been appraised by any bank or financial institution. The management will have significant flexibility in applying the proceeds received by us from the Issue. The utilization details of the proceeds of the Issue shall be adequately disclosed as per applicable law. Further, as per the provisions of the SEBI NCS Regulations, we are not required to appoint a monitoring agency and therefore no monitoring agency has been appointed for the Issue.

83. *This Shelf Prospectus includes certain unaudited financial information, which has been subjected to limited review, in relation to our Company. Reliance on such information should, accordingly, be limited.*

This Shelf Prospectus includes unaudited financial information in relation to our Company for the quarter and half year ended September 30, 2022 in respect of which the Auditors have issued their Limited Review Report dated October 26, 2022. As Limited Review Financial Results prepared by our Company in accordance with Regulation 52(2) of the SEBI LODR Regulations have been subject only to a limited review and as described in Standard on Review Engagements (SRE) 2410, “Review of Interim Financial Information” Performed by the Independent Auditor of the Entity” issued by the ICAI, and not to an audit, any reliance by prospective investors on such Limited Review Financial Information for the quarter and half year ended September 30, 2022 should, accordingly, be limited. Additionally, in accordance with applicable law, our Company is required to publish its half yearly financial information with the stock exchanges.

Any financial results published in the future may not be consistent with past performance. Accordingly, prospective investors should rely on their independent examination of our financial position and results of operations, and should not place undue reliance on, or base their investment decision solely on the financial information included in this Shelf Prospectus.

84. *There is no assurance that the NCDs issued pursuant to the Issue will be listed on Stock Exchanges in a timely manner, or at all.*

In accordance with Indian law and practice, permissions for listing and trading of the NCDs issued pursuant to the Issue will not be granted until after the NCDs have been issued and allotted. Approval for listing and trading will require all relevant documents to be submitted and carrying out of necessary procedures with the stock exchanges. There could be a failure or delay in listing the NCDs on the Stock Exchanges for reasons unforeseen. If permission to deal in and for an official quotation of the NCDs is not granted by the stock exchanges, our Company will forthwith repay, with interest, all monies received from the Applicants in accordance with prevailing law in this context, and pursuant to this Shelf Prospectus. There is no assurance that the NCDs issued pursuant to the Issue will be listed on stock exchanges in a timely manner, or at all.

85. *There are other lenders and debenture trustees who have pari passu charge over the Security provided.*

There are other lenders and debenture trustees of the Company who have *pari passu* charge over the Security provided for the Issue. While the Company is required to maintain the outstanding amount of the NCDs and interest thereon, upon the Company’s bankruptcy, winding-up or liquidation, the other lenders and debenture trustees will rank *pari passu* with the NCD holders and to that extent, may reduce the amounts recoverable by the NCD holders.

Impersonation

As a matter of abundant caution, attention of the Investors is specifically drawn to the provisions of sub-section (1) of Section 38 of the Companies Act, 2013 which is reproduced below:

“Any person who:

- (a) makes or abets making of an application in a fictitious name to a company for acquiring, or subscribing for, its securities; or*
- (b) makes or abets making of multiple applications to a company in different names or in different combinations of his name or surname for acquiring or subscribing for its securities; or*
- (c) otherwise induces directly or indirectly a company to allot, or register any transfer of, securities to him, or to any other person in a fictitious name, shall be liable for action under Section 447 of the Companies Act, 2013”*

The liability prescribed under Section 447 of the Companies Act 2013 for fraud involving an amount of at least ₹ 10 lakh or 1.00% of the turnover of our Company, whichever is lower, includes imprisonment for a term which shall not be less

than six months extending up to 10 years (provided that where the fraud involves public interest, such term shall not be less than three years) and fine of an amount not less than the amount involved in the fraud, extending up to three times of such amount. In case the fraud involves (i) an amount which is less than ₹ 10 lakh or 1.00% of the turnover of our Company, whichever is lower; and (ii) does not involve public interest, then such fraud is punishable with an imprisonment for a term extending up to five years or a fine of an amount extending up to ₹ 50 lakh or with both.

Minimum Subscription

In terms of the SEBI NCS Regulations, for an issuer undertaking a public issue of debt securities the minimum subscription for public issue of debt securities shall be 75% of the Base Issue Size. If our Company does not receive the minimum subscription of 75% of Base Issue Size, prior to the Issue Closing Date the entire Application Amount shall be unblocked in the relevant ASBA Account(s) of the Applicants within 8 working days from the Issue Closing Date provided wherein, the Application Amount has been transferred to the Public Issue Account from the respective ASBA Accounts, such Application Amount shall be refunded from the Refund Account to the relevant ASBA Account(s) of the Applicants within 8 working days from the Issue Closing Date, failing which our Company will become liable to refund the Application Amount along with interest at the rate 15 percent per annum for the delayed period.

In case of failure of the Issue due to reasons such as non-receipt of listing and trading approval from the Stock Exchanges wherein the Application Amount has been transferred to the Public Issue Account from the respective ASBA Accounts, such Application Amount shall be unblocked in the Applicants ASBA Account within two Working Days from the scheduled listing date, failing which the Company will become liable to refund the Application Amount along with interest at the rate 15 percent per annum from the scheduled listing date till the date of actual payment.

Credit Rating and Rationale

The NCDs proposed to be issued under the Issue have been rated “CRISIL AA/Stable” (pronounced as CRISIL double A rating with Stable outlook) for an amount of ₹50,000 million by CRISIL Ratings Limited (“CRISIL”) vide their rating letter dated June 28, 2022, revalidated vide letter dated July 29, 2022, further revalidated vide letter dated September 13, 2022, further revalidated vide letter dated November 17, 2022 and further revalidated vide letter dated December 26, 2022 and ICRA AA (stable) (pronounced as ICRA Double A (stable)) for an amount of ₹ 50,000 million by ICRA Limited (“ICRA”) vide their rating letter dated August 2, 2022, revalidated vide letter dated November 17, 2022 and further revalidated vide letter dated December 23, 2022. The rating given by CRISIL and ICRA are valid as on the date of this Shelf Prospectus and shall remain valid until the ratings are revised or withdrawn. The aforesaid rating indicates that instruments with this rating are considered to have high degree of safety regarding timely servicing of financial obligations and carry very low credit risk. The rating is not a recommendation to buy, sell or hold securities and investors should take their own decision. The rating may be subject to revision or withdrawal at any time by the assigning rating agency and each rating should be evaluated independently of any other rating. The rating agency has a right to suspend or withdraw the rating at any time on the basis of factors such as new information. Please refer to Annexures A and B of this Shelf Prospectus for the rationale and press release of the above ratings.

STATEMENT OF POSSIBLE TAX BENEFITS AVAILABLE TO THE DEBENTURE HOLDER(S)

The note is based on the provisions of the IT Act, as on date, taking into account the amendments made by the Finance Act, 2022 (FA 2022)¹.

This note intends to provide general information on the applicable provisions of the IT Act. However, in view of the nature of the implications, the investors are best advised to consult their respective tax advisors/consultants for appropriate counsel with respect to the specific tax and other implications arising out of their participation in the Portfolio as indicated herein.

STATEMENT OF POSSIBLE DIRECT TAX BENEFITS AVAILABLE TO THE DEBENTURE HOLDERS

A. Under the Income-Tax Act, 1961 ("I.T. Act")

I. Tax benefits available to the Resident Debenture Holders

1. Interest on debentures received by resident debenture holders would be subject to tax at the normal rates of tax in accordance with and subject to the provisions of the I.T. Act.
2. As per section 2(29A) read with section 2(42A) of the I.T. Act, a listed debenture is treated as a long term capital asset if the same is held for more than 12 months immediately preceding the date of its transfer.

Long-term Capital Gains (other than long-term capital gains chargeable under section 112A of the IT Act) will be chargeable to tax under Section 112 of the IT Act, at a rate of 20 per cent (plus applicable surcharge and health and education cess respectively – Refer Note 2) with indexation.

Alternatively, the tax rate may be reduced to 10 per cent without indexation (plus applicable surcharge and health and education cess– Refer Note 2) in respect of listed securities (other than a unit) or zero- coupon bonds (as defined).

However, as per the fourth proviso to section 48 of the IT Act, benefit of indexation of cost of acquisition under second proviso to section 48 of the IT Act, is not available in case of bonds, debentures, except capital indexed bonds. Accordingly, long term capital gains on listed bonds arising to the bond holders, should be subject to tax at the rate of 10 per cent, computed without indexation, as the benefit of indexation of cost of acquisition is not available in the case of debentures.

In case of an individual or HUF, being a resident, where the total income as reduced by such long-term capital gains is below the maximum amount which is not chargeable to income-tax, then, such long term capital gains shall be reduced by the amount by which the total income as so reduced falls short of the maximum amount which is not chargeable to income-tax and the tax on the balance of such long-term capital gains shall be computed at the rate mentioned above.

3. As per section 2(42A) of the I.T. Act, a listed debenture is treated as a short term capital asset if the same is held for not more than 12 months immediately preceding the date of its transfer.

Short-term capital gains are chargeable to tax as per the applicable general tax rates (discussed in Note 1 and Note 2 above).

In case of FIIs/ FPIs, as per section 115AD of the IT Act, short term capital gains on transfer or sale of NCDs are taxable at the rate of 30 per cent (plus applicable surcharge and health and education cess)

4. As per Section 74 of the I.T. Act, short-term capital loss on transfer of debentures suffered during the year is allowed to be set-off against short-term as well as long-term capital gains of the said year. Balance loss, if any could be carried forward for eight years for claiming set-off against subsequent years' as well as long-term capital gains. Long-term capital loss on debentures suffered during the year is allowed to be set-off only against

long-term capital gains. Balance loss, if any, could be carried forward for eight years for claiming set-off against subsequent year's long-term capital gains.

5. In case debentures are held as stock in trade, the income on transfer of debentures would be taxed as business income or loss in accordance with and subject to the provisions of the I.T. Act.
6. Income tax is deductible at source on interest on debentures, payable to resident debenture holders at the time of credit / payment as per the provisions of section 193 of the I.T. Act. However, no income tax is deductible at source in respect of any security issued by a Company in a dematerialized form and is listed on a recognized stock exchange in India in accordance with the Securities Contracts (Regulation) Act 1956 and the rules made thereunder.
7. Interest on application money and interest on refund application money would be subject to tax at the normal rates of tax in accordance with and subject to the provisions of the I.T. Act and such tax would need to be withheld at the time of credit/payment as per the provisions of Section 194A of the I.T. Act.
8. In case of every Individual, being a resident in India, who is of the age sixty years or more but less than eighty years at any time during the previous year rate of income tax is nil (where total income does not exceed Rs.3,00,000), 5% of amount by which total income exceeds Rs. 3,00,000 (where total income is more than Rs. 3,00,000 but does not exceed Rs. 5,00,000), 20% of the amount by which the total income exceeds Rs.5,00,000 (where total income exceeds Rs. 5,00,000 but does not exceed Rs. 10,00,000) and 30% of the amount by which the total income exceeds Rs. 10,00,000. Plus Surcharge, if any, and Health and Education Cess @4% on the aggregate of Income Tax and Surcharge.
9. In case of every Individual, being a resident in India, who is of the age eighty years or more at any time during the previous year rate of income tax is nil (where total income does not exceed Rs.5,00,000), 20% of the amount by which the total income exceeds Rs.5,00,000 (where total income exceeds Rs. 5,00,000 but does not exceed Rs. 10,00,000) and 30% of the amount by which the total income exceeds Rs. 10,00,000. Plus Surcharge, if any, and Health and Education Cess @ 4% on the aggregate of Income Tax and Surcharge.
10. Alternatively, where an individual or a HUF exercises the option to be assessed to tax under the provisions of section 115BAC of the IT Act inserted by FA 2020, the following shall be the rate of tax applicable:

Slab	Tax Rate
Total income up to Rs 250,000	Nil
More than Rs 250,000 but up to Rs 500,000@	5 per cent of excess over Rs 250,000
More than Rs 500,000 but up to Rs 750,000	10 per cent of excess over Rs 500,000 + Rs 12,500
More than Rs 750,000 but up to Rs 1,000,000	15 per cent of excess over Rs 750,000 + Rs 37,500
More than Rs 1,000,000 but up to Rs 1,250,000	20 per cent of excess over Rs 1,000,000 + Rs 75,000
More than Rs 1,250,000 but up to Rs 1,500,000	25 per cent of excess over Rs 1,250,000 + Rs 1,25,000
More than Rs 1,500,000	30 per cent of excess over Rs 1,500,000 + Rs 1,87,500

11. In the case of Resident Indian, surcharge at the rate of 10% of such tax liability (if net income exceeds Rs. 50,00,000 and does not exceed Rs. 1,00,00,000), 15% of such tax liability (if net income exceeds Rs. 1,00,00,000 and does not exceed Rs. 2,00,00,000), 25% of such tax liability (if net income exceeds Rs. 2,00,00,000 and does not exceed Rs. 5,00,00,000) and 37% of such tax liability (if net income exceeds Rs. 5,00,00,000). However, the enhanced surcharge does not apply to capital gain on sale of listed equity shares or units of equity oriented fund or business trust liable to securities transaction tax. In such cases where the net income exceeds Rs.2,00,00,000 the surcharge shall be payable at the rate of 15% on such capital gains from sale of listed equity shares or units of equity oriented fund or business trust liable to securities transaction tax.
12. In the case of every domestic Indian company where total turnover or gross receipts does not exceed Rs.400 crore in FY 2018-19, tax shall be payable at the rate of 25%. In case of other domestic Indian companies, tax shall be payable at the rate of 30%. Surcharge shall be payable at the rate of 12% if the total income exceeds Rs.10 crore; 7% if the total income exceeds Rs.1 crore but does not exceed Rs.10 crore and no surcharge if the total income does not exceed Rs.1 crore. In addition to this, cess at the rate of 4% shall be payable on the income-tax plus surcharge.

13. According to the Taxation Laws (Amendment) Act, 2019, domestic Indian companies have an option to pay tax at concessional rates as specified in sections 115BAA and 115BAB.

Any domestic company has an option to pay income-tax at the rate of 22% subject to condition that they will not avail any prescribed exemption/incentive/losses. Surcharge shall be payable at the rate of 10% and Cess shall be payable at the rate of 4% on the income-tax plus surcharge. The effective tax rate for these companies shall be 25.17% inclusive of surcharge & cess. Also, such companies shall not be required to pay Minimum Alternate Tax.

Any new domestic company incorporated on or after 1st October 2019 making fresh investment in manufacturing, has an option to pay income-tax at the rate of 15%. This benefit is available to companies which do not avail any prescribed exemption/incentive/losses and commences their production on or before 31st March, 2023. Surcharge shall be payable at the rate of 10% and Cess shall be payable at the rate of 4% on the income- tax plus surcharge. The effective tax rate for these companies shall be 17.16% inclusive of surcharge and cess. Also, such companies shall not be required to pay Minimum Alternate Tax.

A company which does not opt for the concessional tax regime and avails the tax exemption/incentive shall continue to pay tax at the pre-amended rate. However, these companies can opt for the concessional tax regime after expiry of their tax holiday/exemption period. After the exercise of the option, they shall be liable to pay tax at the rate of 22% (subject to fulfillment of prescribed conditions) and option once exercised cannot be subsequently withdrawn. Further, in order to provide relief to companies which continue to avail exemptions/incentives, the rate of Minimum Alternate Tax has been reduced from existing 18.5% to 15%.

II. Tax benefits available to the Non - Resident Debenture Holders

1. A non-resident Indian has an option to be governed by Chapter XII-A of the I. T. Act, subject to the provisions contained therein which are given in brief as under:
- a. As per section 115C(e) of the I. T. Act, the term "non-resident Indian" means an individual, being a citizen of India or a person of Indian origin who is not a "resident". A person shall be deemed to be of Indian origin if he, or either of his parents or any of his grand-parents, was born in undivided India.
 - b. In case of non-residents, under the IT Act, the interest income will be chargeable to tax at the rate of 30/40 per cent depending on the status of the non-resident (plus applicable surcharge and health and education cess). However, the above is subject to any relief available under DTAA and any Covered Tax Agreement (CTA) entered into by the Government of India
 - c. As per section 115E of the I.T. Act, interest income from debentures acquired or purchased with or subscribed to in convertible foreign exchange will be taxable at 20%, whereas, long term capital gains on transfer of such debentures will be taxable at 10% of such capital gains without indexation of cost of acquisition.

Long-term capital gains (other than long-term capital gains chargeable under section 112A of the IT Act) in case of listed securities will be chargeable under Section 112 of the IT Act at a rate of 20 per cent (plus applicable surcharge and health and education cess) with applicable foreign exchange fluctuation benefit or indexation, as the case may be. The tax payable (for other than a listed unit) could alternatively be determined at 10 per cent (plus applicable surcharge and health and education cess) without indexation.

The above-mentioned rates would be subject to applicable treaty relief.

Short-term capital gains will be taxable at the normal rates of tax in accordance with and subject to the provisions contained therein.

- a. As per section 115F of the I.T. Act, long term capital gains arising to a non-resident Indian from transfer of debentures acquired or purchased with or subscribed to in convertible foreign exchange will be exempt from capital gain tax if the net consideration is invested within six months after the

date of transfer of the debentures in any specified asset or in any saving certificates referred to in section 10(4B) of the I. T. Act in accordance with and subject to the provisions contained therein. However, if the new assets are transferred or converted into money within a period of three years from their date of acquisition, the amount of capital gains claimed earlier would become chargeable to tax as long term capital gains in the year in which the new assets are transferred or converted into money.

- b. As per section 115G of the I.T. Act, it shall not be necessary for a non-resident Indian to file a return of income under section 139(1) of the I.T. Act, if his total income consists only of investment income as defined under section 115C and / or long term capital gains earned on transfer of such investment acquired out of convertible foreign exchange, and the tax has been deducted at source from such income under the provisions of Chapter XVII-B of the I.T. Act in accordance with and subject to the provisions contained therein.
 - c. As per section 115H of the I.T. Act, where a non-resident Indian becomes assessable as resident in India in any subsequent year, he may furnish to the Assessing Officer a declaration in writing along with return of income under section 139 for the assessment year for which he is assessable as a resident, to the effect that the provisions of Chapter XII-A shall continue to apply to him in relation to the investment income (other than on shares in an Indian Company) derived from any foreign exchange assets in accordance with and subject to the provisions contained therein. On doing so, the provisions of Chapter XII-A shall continue to apply to him in relation to such income for that assessment year and for every subsequent assessment year until the transfer or conversion (otherwise than by transfer) into money of such assets.
 - d. In accordance with and subject to the provisions of section 115-I of the I.T. Act, a non-resident Indian may opt not to be governed by the provisions of Chapter XII-A of the I.T. Act. In that case,
 - i. Long term capital gains on transfer of listed debentures would be subject to tax at the rate of 10% computed without indexation.
 - ii. Investment income and Short-term capital gains on the transfer of listed debentures, where debentures are held for a period of not more than 12 months preceding the date of transfer, would be taxed at the normal rates of tax in accordance with and subject to the provisions of the I.T. Act
 - iii. where debentures are held as stock in trade, the income on transfer of debentures would be taxed as business income or loss in accordance with and subject to the provisions of the I.T. Act.
2. Under Section 195 of the I.T. Act, the applicable rate of tax deduction at source is 20% on investment income and 10% on any long-term capital gains as per section 115E of the I.T. Act, and at the normal rates for Short Term Capital Gains if the payee debenture holder is a Non - resident Indian.
3. Interest on application money and interest on refund application money would be subject to tax at the normal rates of tax in accordance with and subject to the provisions of the I.T. Act and such tax would need to be withheld at the time of credit/payment as per the provisions of Section 195 of the I.T. Act.
4. The income tax deducted shall be increased by surcharge as under:
- a. In the case of non-resident Indian, surcharge at the rate of 10% of such tax liability (if net income exceeds Rs. 50,00,000 and does not exceed Rs. 1,00,00,000), 15% of such tax liability (if net income exceeds Rs. 1,00,00,000 and does not exceed Rs. 2,00,00,000), 25% of such tax liability (if net income exceeds Rs. 2,00,00,000 and does not exceed Rs. 5,00,00,000) and 37% of such tax liability (if net income exceeds Rs. 5,00,00,000). However, the enhanced surcharge does not apply to capital gain on sale of listed equity shares or units of equity oriented fund or business trust liable to securities transaction tax. In such cases where the net income exceeds Rs.2,00,00,000 the surcharge shall be payable at the rate of 15% on such capital gains from sale of listed equity shares or units of equity oriented fund or business trust liable to securities transaction tax.
 - b. In the case of Foreign companies, surcharge is applicable at the rate of 2% of such tax liability where the income or the aggregate of such income paid or likely to be paid and subject to deduction exceeds Rs. 1,00,00,000 but does not exceed Rs. 10,00,00,000. Surcharge at the rate of 5% of such

income tax where the income or the aggregate of such income paid or likely to be paid and subject to the deduction exceeds Rs. 10,00,00,000.

c. Cess is to be applied at 4% on aggregate of base tax and surcharge.

5. As per section 90(2) of the I.T. Act read with the Circular no. 728 dated October 30, 1995 issued by the Central Board of Direct Taxes, in the case of a remittance to a country with which a Double Tax Avoidance Agreement (DTAA) read with Multi-Lateral Instrument (MLI) is in force, the tax should be deducted at the rate provided in the Finance Act of the relevant year or at the rate provided in the DTAA, whichever is more beneficial to the assessee. However, submission of tax residency certificate ("TRC"), is a mandatory condition for availing benefits under any DTAA. If the TRC does not contain the prescribed particulars, a self-declaration in Form 10F would need to be provided by the assessee along with TRC.
6. Alternatively, to ensure non-deduction or lower deduction of tax at source, as the case may be, the Debenture Holder should furnish a certificate under section 197(1) of the I.T. Act, from the Assessing Officer before the prescribed date of closure of books for payment of debenture interest.

III. Tax benefit available to the Foreign Institutional Investors / foreign portfolio investors (FII's/ FPIs)

1. As per Section 2(14) of the I.T. Act, any securities held by FIIs which has invested in such securities in accordance with the regulations made under the Securities and Exchange Board of India Act., 1992, shall be treated as capital assets. Accordingly, any gains arising from transfer of such securities shall be chargeable to tax in the hands of FIIs as capital gains.
2. In accordance with and subject to the provisions of section 115AD of the I.T. Act, long term capital gains on transfer of debentures by FIIs are taxable at 10% (plus applicable surcharge and cess) and short-term capital gains are taxable at 30% (plus applicable surcharge and cess). The benefit of cost indexation will not be available. Further, benefit of provisions of the first proviso of section 48 of the I.T. Act will not apply.
3. Interest on NCD may be eligible for concessional tax rate of 5 per cent (plus applicable surcharge and health and education cess) under section 194LD or 194LC of the IT Act. Further, in case where section 194LD or 194LC is not applicable, the interest income earned by FPI should be chargeable tax at the rate of 20 per cent under section 115AD of the IT Act. Vide Finance Act, 2021 , a new provision has been introduced under section 196LD , wherein if DTAA is applicable to the payee, the rate of tax deduction shall be lower of rate as per DTAA or 20%, subject to the conditions prescribed therein.
4. Section 194LD in the I. T. Act provides for lower rate of withholding tax at the rate of 5% (plus applicable surcharge and cess) on payment by way of interest paid by an Indian company to FIIs and Qualified Foreign Investor in respect of rupee denominated bond of an Indian company till July 1, 2020 provided such rate does not exceed the rate as may be notified by the Government.
5. The income tax deducted shall be increased by applicable surcharge and health and education cess.
6. In accordance with and subject to the provisions of section 196D(2) of the I.T. Act, no deduction of tax at source is applicable in respect of capital gains arising on the transfer of debentures by FIIs.
7. The CBDT has issued a Notification No. 9 dated 22 January 2014 which provides that Foreign Portfolio Investors (FPI) registered under SEBI (Foreign Portfolio Investors) Regulations, 2014 shall be treated as FII for the purpose of Section 115AD of the I.T. Act.

IV. Tax benefits available to Mutual Funds

As per section 10(23D) of the Act, any income of Mutual Funds registered under the Securities and Exchange Board of India Act, 1992 or Regulations made thereunder, Mutual Funds set up by public sector banks or public financial institutions and Mutual Funds authorized by the Reserve Bank of India will be exempt from income tax, subject to such conditions as the Central Government may, by notification in the Official Gazette, specify in this behalf.

V. Exemption under Section 54F & 54E of the I.T. Act

1. As per provisions of section 54F of the I.T. Act, any long-term capital gains on transfer of a long term capital asset (not being residential house) arising to a debenture holders who is an individual or Hindu Undivided Family, is exempt from tax if the entire net sales consideration is utilized, within a period of one year before, or two years after the date of transfer, in purchase of a new residential house, or for construction of residential house within three years from the date of transfer. If part of such net sales consideration is invested within the prescribed period in a residential house, then such gains would be chargeable to tax on a proportionate basis. This exemption is available, subject to the condition that the debenture holder does not own more than one residential house at the time of such transfer. If the residential house in which the investment has been made is transferred within a period of three years from the date of its purchase or construction, the amount of capital gains tax claimed earlier would become chargeable to tax as long term capital gains in the year in which such residential house is transferred. Similarly, if the debenture holder purchases within a period of two years or constructs within a period of three years after the date of transfer of capital asset, another residential house (other than the new residential house referred above), then the original exemption will be taxed as capital gains in the year in which the additional residential house is acquired.
2. As per provisions of section 54E of the I.T. Act, any long term capital gain on the transfer of a long-term capital asset, arising to a debenture holders is exempt from tax, if the assessee invested the whole or any part of capital gains in the long-term specified asset at any time within a period of six months. If the cost of the long-term specified asset is less than the capital gain arising from the transfer of the original asset, then such gains would be chargeable to tax on a proportionate basis. This exemption is available, subject to the condition that the investment in the long-term specified asset by an assessee during any financial year does not exceed fifty lakh rupees: If the long term specified asset in which the investment has been made is transferred within a period of three years from the date of its acquisition, the amount of capital gains tax claimed earlier would become chargeable to tax as long term capital gains in the year in which such long term specified asset is transferred. Specified Asset means a unit or units, issued before the 1st day of April, 2019, of such fund as may be notified by the Central Government in this behalf.

VI. General Anti-Avoidance Rule ('GAAR')

In terms of Chapter XA of the I.T. Act, General Anti-Avoidance Rule may be invoked notwithstanding anything contained in the I.T. Act. By this Rule, any arrangement entered into by an assessee may be declared to be impermissible avoidance arrangement as defined in that Chapter and the consequence would be inter alia denial of tax benefit. The GAAR provisions can be said to be not applicable in certain circumstances viz. the main purpose of arrangement is not to obtain a tax benefit etc. including circumstances enumerated in CBDT Notification No. 75/2013 dated September 23, 2013.

VII. Requirement to furnish PAN under the I.T. Act

1. Section 139A(5A) of the I.T. Act requires every person receiving any sum or income or amount from which tax has been deducted under Chapter XVII-B of the I.T. Act to furnish his PAN to the person responsible for deducting such tax.
2. Section 206AA of the I.T. Act requires every person entitled to receive any sum or income or amount, on which tax is deductible under Chapter XVIIB ("deductee") to furnish his PAN to the deductor, failing which tax shall be deducted at the higher of the following rates:
 - i. at the rate specified in the relevant provision of the I. T. Act; or
 - ii. at the rate or rates in force; or
 - iii. at the rate of twenty per cent.
3. As per Rule 37BC, the higher rate under section 206AA shall not apply to a non-resident, not being a company, or to a foreign company, in respect, of payment of interest, if the non-resident deductee furnishes the prescribed details *inter alia* TRC and Tax Identification Number (TIN). A declaration under Section 197A(1) or 197A(1A) or 197A(1C) shall not be valid unless the person furnishes his PAN in such declaration and the deductor is required to deduct tax as per para (2) above in such a case.

4. Where a wrong PAN is provided, it will be regarded as non-furnishing of PAN and para (2) above will apply apart from penal consequences.
5. Finance Act, 2021 has introduced a new section for higher withholding tax rate for non-filers of return of income. As per section 206AB of the IT Act, inserted by the FA 2021, with effect from 1 July 2021, payments made to specified persons will be subject to TDS at rate which is higher of the following:
 - twice the rate specified in the relevant provision of the Act; or
 - twice the rate or rates in force; or
 - the rate of 5%

For the purpose of this section, specified person means any person who has not filed an income-tax return for preceding AYs relevant to the previous years immediately prior to the previous year in which the tax is required to be deducted and the prescribed time limit to file the income-tax return has expired and the aggregate amount of TDS exceeds INR 50,000 or more in each of these previous years.

However, the provisions of this section will not apply on a non-resident who does not have permanent establishment in India.

VIII. Withholding Tax deduction on Purchase of Goods

As per section 194Q of the IT Act, inserted by FA, 2021, any sum payable by a 'buyer' to a resident for purchase of 'goods' of the value exceeding INR 50 Lakhs shall be liable to withholding at the rate of 0.1 percent.

Buyer means a person whose total sales, turnover or gross receipts from the business carried on by him exceeds INR 10 crores in the financial year immediately preceding the financial year in which the purchase is carried out.

TDS shall not be applicable where:

- a) Tax is deductible under any of the provisions of the IT Act; or
- b) Tax is collectible under the provisions of section 206C of the IT Act other than a transaction to which section 206C(1H) of the IT Act applies

Section will not be applicable if transactions in securities and commodities which are traded through recognized stock exchanges or cleared and settled by the recognized clearing corporation, including recognized stock exchanges or recognized clearing corporation located in International Financial Service Centre;

Tax Collection at source (TCS) of Sale of Goods

As per section 206C(1H) of the IT Act, FA, 2020, any sum receivable by a 'seller' from buyer for sale of 'goods' of the value exceeding INR 50 Lakhs shall be liable to collect TCS at the rate of 0.1 percent.

Seller means a person whose total sales, turnover or gross receipts from the business carried on by him exceeds INR 10 crores in the financial year immediately preceding the financial year in which the purchase is carried out.

Section will not be applicable if transactions in securities and commodities which are traded through recognized stock exchanges or cleared and settled by the recognized clearing corporation, including recognized stock exchanges or recognized clearing corporation located in International Financial Service Centre;

No such TCS is to be collected, if the seller is liable to collect TCS under other provision of section 206C or the buyer is liable to deduct TDS under any provision of the Act and has deducted such amount.

TDS on Benefit or Perquisites

As per section 194R of the IT Act, FA 2022 applicable from 1st July 2022, Any person responsible for providing to a resident, any benefit or perquisite whether convertible into money or not arising from business or profession, shall, ensure that tax has been deducted in respect of such benefit or perquisite at the rate of ten per cent of the value or aggregate of value of such benefit or perquisite.

TDS is applicable only if the value of the benefit or perquisite provided during the financial year exceeds Rs. 20,000/-

IX. Taxability of Gifts received for nil or inadequate consideration

As per section 56(2)(x) of the I.T. Act, where any person receives debentures from any person on or after 1st April, 2017:

- a. without consideration, aggregate fair market value of which exceeds fifty thousand rupees, then the whole of the aggregate fair market value of such debentures or;
- b. for a consideration which is less than the aggregate fair market value of the debenture by an amount exceeding fifty thousand rupees, then the aggregate fair market value of such debentures as exceeds such consideration shall be taxable as the income of the recipient at the normal rates of tax. The above is subject to few exceptions as stated in section 56(2)(x) of the I. T. Act.

NOTES:

- Surcharge is levied on individuals, HUF, association of persons, body of individuals and artificial juridical person as per para I (10) and para II(4) above.
- Surcharge is levied on firm, co-operative society and local authority at the rate of 12% on tax where the total income exceeds Rs. 1 crore.
- Surcharge is levied on domestic companies as per para I(10) or I(11) above.
- Surcharge is levied on every company other than domestic company as per para II(4) above.
- Health and Education Cess is to be applied at the rate of 4% on aggregate of base tax and surcharge.

OVERVIEW OF GLOBAL ECONOMY

The global economy is experiencing a number of turbulent challenges. Inflation higher than seen in several decades, tightening financial conditions in most regions, Russia’s invasion of Ukraine, and the lingering COVID-19 pandemic all weigh heavily on the outlook. Normalization of monetary and fiscal policies that delivered unprecedented support during the pandemic is cooling demand as policymakers aim to lower inflation back to target. But a growing share of economies are in a growth slowdown or outright contraction. The global economy’s future health rests critically on the successful calibration of monetary policy, the course of the war in Ukraine, and the possibility of further pandemic-related supply-side disruptions, for example, in China.

Global growth is forecast to slow from 6.0 percent in 2021 to 3.2 percent in 2022 and 2.7 percent in 2023. This is the weakest growth profile since 2001 except for the global financial crisis and the acute phase of the COVID-19 pandemic and reflects significant slowdowns for the largest economies: a US GDP contraction in the first half of 2022, a euro area contraction in the second half of 2022, and prolonged COVID-19 outbreaks and lockdowns in China with a growing property sector crisis. About a third of the world economy faces two consecutive quarters of negative growth. Global inflation is forecast to rise from 4.7 percent in 2021 to 8.8 percent in 2022 but to decline to 6.5 percent in 2023 and to 4.1 percent by 2024. Upside inflation surprises have been most widespread among advanced economies, with greater variability in emerging market and developing economies.

Risks to the outlook remain unusually large and to the downside. Monetary policy could miscalculate the right stance to reduce inflation. Policy paths in the largest economies could continue to diverge, leading to further US dollar appreciation and cross-border tensions. More energy and food price shocks might cause inflation to persist for longer. Global tightening in financing conditions could trigger widespread emerging market debt distress. Halting gas supplies by Russia could depress output in Europe. A resurgence of COVID-19 or new global health scares might further stunt growth. A worsening of China’s property sector crisis could spill over to the domestic banking sector and weigh heavily on the country’s growth, with negative cross-border effects. And geopolitical fragmentation could impede trade and capital flows, further hindering climate policy cooperation. The balance of risks is tilted firmly to the downside, with about a 25 percent chance of one-year-ahead global growth falling below 2.0 percent—in the 10th percentile of global growth outturns since 1970.

Inflation and Uncertainty

The world is in a volatile period: economic, geopolitical, and ecological changes all impact the global outlook. Inflation has soared to multidecade highs, prompting rapid monetary policy tightening and squeezing household budgets, just as COVID-19-pandemic-related fiscal support is waning. Many low-income countries are facing deep fiscal difficulties. At the same time, Russia’s ongoing war in Ukraine and tensions elsewhere have raised the possibility of significant geopolitical disruption. Although the pandemic’s impact has moderated in most countries, its lingering waves continue to disrupt economic activity, especially in China. And intense heat waves and droughts across Europe and central and south Asia have provided a taste of a more inhospitable future blighted by global climate change.

The Forecast: Output Lower Still, but Inflation Peaking

The developments described in the preceding section, with downside risks materializing, mean that projected global growth is declining and, in 2023, now falls between the July WEO Update baseline and alternative scenarios.

Uncertainties continue to cloud forecasts of global growth and inflation. The baseline forecasts described in the following discussion are predicated on several assumptions that plausibly may fail to hold: that no further sharp reductions in flows of natural gas from Russia to the rest of Europe occur in 2022, beyond the current 80 percent reduction compared with a year ago; that long-term inflation expectations remain stable; and that disinflationary monetary policy tightening does not induce widespread recession (a broad-based contraction in economic activity that usually lasts more than a few months) and disorderly adjustments in global financial markets.

Global Growth: Near-Term Slowdown

A slowdown in global growth is forecast, from 6.0 percent in 2021 to 3.2 percent in 2022 and 2.7 percent in 2023 (Table 1.1). The global slowdown in 2022 is as projected in the July 2022 WEO Update, while the forecast for 2023 is lower than projected by 0.2 percentage point (Table 1.1). This prognosis for the global economy is far below average: global economic growth averaged 3.6 percent during 2000–21 (and the same during 1970–2021). For most economies, the outlook is significantly weaker than projected six months ago, in the April 2022 WEO. Forecasts are weaker than expected for 143 economies (accounting for 92 percent of world GDP) for 2023. The forecast for 2023 is the weakest since the 2.5 percent growth rate seen during the global slowdown of 2001—with the exception of those during the global financial and COVID-19 crises.

The world’s three largest economies—China, the euro area, and the US—will slow significantly in 2022 and 2023, with downgrades compared with the predictions made in April and, in most cases, July. The negative revisions reflect the materialization of downside risks highlighted in the April 2022 WEO and July 2022 WEO Update and discussed at length in the previous section: tightening global financial conditions in most regions, associated with expectations of steeper interest rate hikes by major central banks to fight inflation (October 2022 Global Financial Stability Report); a sharper slowdown in China due to extended lockdowns and the worsening property market crisis; and spillover effects from the war in Ukraine with gas supplies from Russia to Europe tightening.

A decline in global GDP or in global GDP per capita—which often happens when there is a global recession—is not currently in the baseline forecast. However, a contraction in real GDP lasting for at least two consecutive quarters (which some economists refer to as a “technical recession”) is seen at some point during 2022–23 in about 43 percent of economies with quarterly data forecasts (31 out of 72 economies), amounting to more than one-third of world GDP (Figure 1.14). Moreover, projections for global growth on a fourth-quarter-over-fourth-quarter basis are pointing to a significant weakening, to only 1.7 percent in 2022 and to 2.7 percent in 2023. Negative revisions are more pronounced for advanced economies than those for emerging market and developing economies, for which differing exposures to the underlying developments imply a more mixed outlook (Figure 1.15). Overall, the outlook is one of increasing growth divergence between advanced and emerging market and developing economies.

Growth Forecast for Advanced Economies

For advanced economies, growth is projected to slow from 5.2 percent in 2021 to 2.4 percent in 2022 and 1.1 percent in 2023. With the slowdown gathering strength, growth is revised down compared with the July WEO Update (by 0.1 percentage point for 2022 and 0.3 percentage point for 2023). The projected slowdown and the downgrades are concentrated in the US and European economies.

Growth Forecast for Emerging Market and Developing Economies

Growth in the emerging market and developing economy group is expected to decline to 3.7 percent in 2022 and remain there in 2023, in contrast to the deepening slowdown in advanced economies. The forecast for 2022 is modestly upgraded from the July forecast, reflecting a smaller-than-expected contraction in emerging and developing Europe.

OVERVIEW OF INDIAN ECONOMY

Review and outlook on the gross domestic product (GDP)

India’s real GDP grew at 8.7% in fiscal 2022, largely a reflection of a lower base (as the economy shrank 6.6% in fiscal 2021). The real GDP growth in absolute terms is at Rs 147.7 trillion, suggesting that the downside from the omicron variant of Covid-19 has been mild. It is also noteworthy that given the large output loss last fiscal, GDP is still only 1.8% above the pre-pandemic (fiscal 2020) level.

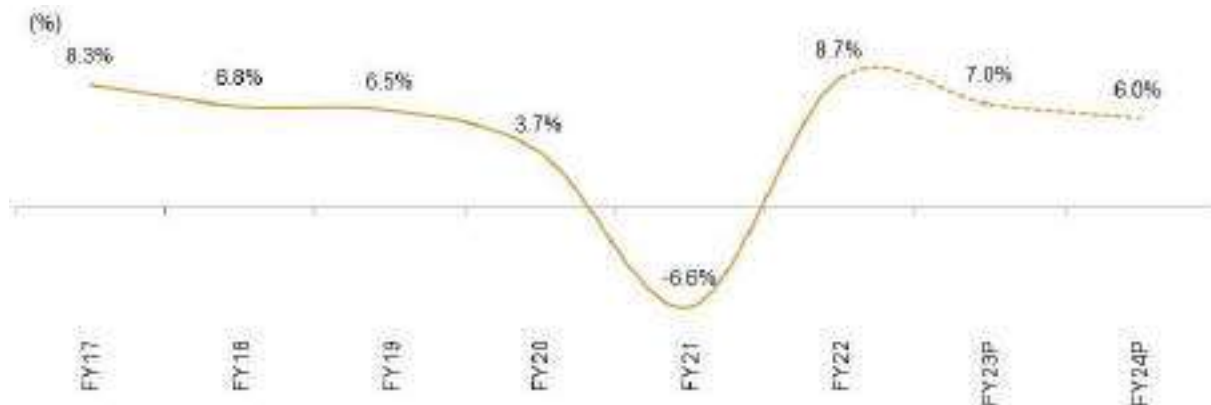

CRISIL Research have revised down our forecast for India’s real GDP growth to 7.0% for fiscal 2023 from 7.3% estimated previously. This is primarily because the slowdown in global growth has started to impact India’s exports and

industrial activity. However, domestic demand remains supportive this fiscal, helped by a catch-up in contact-based services, government capital expenditure (capex), relatively accommodative financial conditions, and overall normal monsoon for the fourth time in a row.

The impact is expected to be more next fiscal as global growth decelerates faster. Additionally, domestic demand could come under pressure as interest rate hikes gets transmitted more to consumers, and the catch-up in contact-based services fades.

Consequently, we expect India’s GDP growth to slow to 6.0% in fiscal 2024, down from 6.5% estimated previously. The risks to the forecast remain tilted downwards.

Macroeconomic outlook

Macro variable	FY21	FY22	FY23P	Rationale for the outlook
Real GDP (% y-o-y)	-6.6	8.7	7.0	Downside risks to GDP growth have risen on account of surging commodity prices and global supply disruptions. That said, growth will receive support from improving growth in contact-based services and a pickup in investments
Consumer Price Index (CPI)-linked inflation (% y-o-y)	6.2	5.5	6.8	CPI inflation is expected to rise to 6.8%, on average, this fiscal compared with 5.5% in the previous year. Inflationary pressures are rising and becoming broad-based, driven by elevated commodity prices A wide-ranging surge in prices of food, energy and industrial commodities has further raised cost pressures for Indian producers, marking the second year of elevated input costs. Producers will try to pass on these cost pressures to consumers, which will raise core inflation
Current account balance/GDP (%)	0.9	-1.2	-3.2	Given a lesser hit to domestic growth this fiscal compared with the next, core imports may not come down as sharply as core exports, leading to a worsening of the current account deficit (CAD) this fiscal. Though a weakening rupee supports exports to some extent, it is overshadowed by the impact of slowing demand, which is a dominant influencer of export growth Along with merchandise exports under pressure, some of the services exports (related tourism, etc) and remittances could face headwinds from the growth slowdown in the advanced economies. Together, these factors could lead to CAD widening to ~3.2% of GDP this fiscal, up from 1.2% in the last

Macro variable	FY21	FY22	FY23P	Rationale for the outlook
Rs/\$ year end	72.8	76.2	79.5	<p>The rupee continues to face headwinds amid global growth slowdown, heightened geopolitical tensions, elevated commodity prices, and aggressive rate hikes by the US Fed, which is continuing to strengthen the dollar</p> <p>Net-net, though, the rupee is expected to remain volatile in the near term. However, with the prospects of some softening in crude oil prices as global demand weakens, likely softer pace of rate hikes by the US Fed, and India's relatively better growth outlook which could attract foreign flows, the rupee is expected to gradually appreciate from current levels. CRISIL Research expect the rupee to average 79.5 against the dollar in March 2023 compared with 76.2 in March 2022.</p>

Indigenous advantages to result in a stronger economic growth rate in the longer term

India has the second-largest population in the world

As per Census 2011, India's population was 1.23 billion, comprising nearly 246 million households. The population increased by more than 181 million during 2001-2011 and is expected to increase to 1.45 billion by 2025.

Favourable demographics

India is also one of the countries with the largest youth population, with a median age of 28 years. About 90% of Indians are aged below 60 years. CRISIL Research estimates that 63% of this population is aged between 15 and 59 years. We expect the existence of a large share of working population, coupled with rapid urbanisation and rising affluence, to propel growth of the Indian financial services sector.

Rise in urbanisation

Urbanisation is a key growth driver for India, as it leads to faster infrastructure development, job creation, development of modern consumer services, and the city's ability to mobilise savings. The share of urban population in total population has been consistently rising over the years and is expected to reach 35% by 2021 from 31% in 2011, spurring more demand.

Urban consumption in India has shown signs of improvement and given the country's favourable demographics, coupled with rising disposable incomes, the trend is likely to continue and drive domestic economic growth.

Overall NBFC – Industry overview

NBFCs are important part of the credit system

Financing needs in India have risen in sync with the notable economic growth over the past decade. NBFCs have played a major role in meeting this need, complementing banks and other financial institutions. NBFCs help fill gaps in the availability of financial services with respect to products as well as customer and geographic segments. A strong linkage at the grassroots level makes them a critical cog in the financial machine. They cater to the unbanked masses in rural and semi-urban reaches and lend to the informal sector and people without credit histories, thereby enabling the government and regulators to realise the mission of financial inclusion.

NBFC segment to grow 9-11% in fiscal 2023 as economic activities stabilise

NBFC growth to be led by retail segments during fiscal 2023

Note: P – Projected

The Reserve Bank of India (RBI) has been actively playing a balancing act between fostering economic growth and reining in inflation. The central bank intervened effectively in fiscal 2021 when the economy was hit the hardest by Covid-19, with multiple measures such as liquidity support and repo-rate cuts. The RBI Monetary Policy Committee continued its accommodative stance in fiscal 2022, keeping the repo rate at 4%.

In fiscal 2023, however, the RBI has gradually withdrawn its accommodative stance and began tightening its policy rates in line with other global central banks. It has cumulatively announced a 190 basis points (bps) increase in the repo rate in three hikes between May and September, taking the repo rate up to 5.9%. The rate hike can be seen as a response to both elevated domestic inflation and spill over risks arising from aggressive monetary tightening by major central banks.

The inflation trajectory remains uncertain amid significant risks to inflation and domestic financial conditions. The central bank's actions will be guided by the impact of domestic supply-demand pressures on inflation and evolving global financial conditions, including the US Federal Reserve's actions.

The overall outstanding book for non-banking financial companies (NBFCs) is projected to grow from ~Rs 33 trillion as on March 31, 2022 to ~Rs 36 trillion as on March 31, 2023. With a visible recovery in economic activities across most lending verticals, overall NBFC credit is expected to grow 9-11% in fiscal 2023, following 6.4% growth in fiscal 2022. Subsequently, the outstanding book is expected to clock ~Rs 40 trillion in fiscal 2024 with expected credit growth in the range of 10-12%, driven by the retail vertical, including housing, gold and auto segments. A pickup in economic demand led to higher lending in most retail segments, accompanied by wholesale segments showing signs of a recovery, leading to healthy growth for NBFCs. Asset quality has improved on account of normalisation of economic activities and improved collection efficiency. However, the impact on asset quality due to slippages arising from portfolio restructuring and revision of non-performing asset (NPA) classification norms by the RBI remains a key monitorable.

Between fiscals 2016 and 2018, NBFCs clocked an 18% CAGR, mainly due to the aggressive expansion of their footprint and the entry of numerous new players across India. However, non-banks faced headwinds after the IL&FS default in September 2018, followed by a liquidity crisis. Later, funding challenges and the pandemic added to the pressures, curbing growth. Banks benefitted in this milieu and used their surplus liquidity to gain market share in terms of credit in a few key segments. The pandemic, a sudden standstill in economic activities and a slowdown in the demand for credit affected fiscal 2021. In fiscal 2022, the economy began to reopen up and lockdowns were relaxed after the second wave, leading to normalisation of business activities, which drove credit growth in most segments. However, a slight slowdown was witnessed in the beginning of the fourth quarter on account of the third wave. In fiscals 2021 and 2022, NBFCs' credit growth, excluding infrastructure, slowed down because of pandemic-led stress, and these entities turned cautious towards lending due to deteriorating the credit profile of borrowers. This enabled banks to grow faster due to their better access to funds and lower borrowing costs. In fiscal 2023, as normalcy in operations has restored, CRISIL Research expects NBFCs to grow marginally slower than banks at 9-11%, primarily supported by credit growth in the retail segments.

After the NBFC crisis, the retail segment mainly led growth in the NBFC segment, while the wholesale segment saw a muted performance since fiscal 2020 until fiscal 2022. This trend is expected to change in fiscal 2023 with a slow recovery in the wholesale segment and retail continuing to outperform. The retail segment is again expected to grow 13-15% in fiscal 2023 and 2024 against stunted growth in the wholesale segment of 3-5% in fiscal 2023 and a recovery to 5-7% by fiscal 2024. The market share of the retail segment is expected to increase to 54% and 56% by the end of fiscal 2023 and 2024, respectively, from 51% as of fiscal 2022.

Housing: The outstanding book at housing finance companies (HFCs) grew at a healthy CAGR of 15% over fiscals 2015-2020, led by increasing demand from Tier II and III cities, rising disposable incomes, and government initiatives such as the Pradhan Mantri Awas Yojana, interest rate subvention schemes, and fiscal incentives. Growth slowed in the first half of fiscal 2021 due to the pandemic's impact. However, there was a faster-than-envisaged revival in the second half with the RBI, the Centre and state governments providing impetus, which led to 8% growth for fiscal 2021. The second Covid-19 wave impacted disbursements in the first quarter of fiscal 2022. However, with income levels of salaried customers largely intact and home loan rates at a historical low in fiscal 2022, disbursements rebounded in the second half of the fiscal which enabled credit growth of ~12% in fiscal 2022. With a visible recovery across most sectors and increasing demand for housing, CRISIL Research expects NBFC housing credit to grow 12-14% and 13-15% in fiscal 2023 and 2024, respectively, following healthy growth of 12% in fiscal 2022.

Gold loan finance has seen a CAGR of 12% between fiscal 2015 and 2020 led by stable gold prices and the growing demand for gold loans among NBFCs. This was followed by a surge in demand for gold loans accompanied by a sharp jump in gold prices, leading to high growth in fiscal 2020 and 2021 of 23% and 28%, respectively. Gold loans grew around 11% in fiscal 2022 owing to cautious lending by NBFCs due to asset quality concerns following the pandemic. In fiscal 2023 and 2024, credit outstanding is projected to grow 10-12% on-year owing to increased economic stability, the expanding gold loan market and better reach of various initiatives taken by NBFCs. Lenders are now comfortable lending to customers, although credit growth is expected to see some resistance with growing competition from banks

and a slower pickup in economic growth in rural segments. While the economic situation has improved significantly since the second pandemic wave, gold prices are expected to remain range bound in fiscal 2023. With demand reviving, players are expected to restore loan-to-value (LTV) ratios to pre-pandemic levels of 65-67%. We thus expect assets under management (AUM) to grow 10-12% in fiscal 2023, in line with 11% in fiscal 2022.

Microfinance sector grew at a CAGR of 40% between fiscal 2015 and 2020 on account of the expansionary phase of players and NBFCs increasingly catering to credit needs of micro players. The microfinance sector grew 19% in fiscal 2022. Disbursements in the second half of fiscal 2022 grew 11% over the second half of fiscal 2021, and by more than 80% on a sequential basis over the first half of fiscal 2022 as the second pandemic wave did not pose any significant challenge to the industry. The gross loan portfolio will continue to grow at 22-27% in fiscal 2023, driven by the pickup in economic activity, and collection efficiencies rebounding to 97-98% for most of the major players.

Micro, small and medium enterprise (MSME) sector witnessed the high impact of the first and second pandemic waves in fiscal 2021 and the first quarter of fiscal 2022, respectively. Due to its close linkage to economic activities, the sector was significantly impacted by the frequent lockdowns and pandemic restrictions, which led to demand and supply disruptions. During the first half of fiscal 2022, the MSME book remained flat; however, improving economic conditions and the mild third wave supported the revival of MSME credit in the second half, leading to credit growth of 7% in fiscal 2022. CRISIL Research expects the growth trend to continue with outstanding book of NBFCs in the MSME segment likely to grow 8-10% in fiscal 2023 followed by healthy growth of 9-11% in fiscal 2024.

Real estate and corporate sectors: Lower disbursements resulted in degrowth of 5% at NBFCs in fiscal 2022 due to due to continued run down of wholesale portfolio by NBFCs/HFCs. Going forward, CRISIL Research expects wholesale credit to grow 3-5% in fiscal 2023 and 4-6% in fiscal 2024 on expectations of 16-20% growth in industrial capex in fiscal 2023.

Asset quality to see a gradual improvement

The second wave adversely affected the fragile recovery witnessed in the fourth quarter of last fiscal and had affected collection efficiencies across asset classes in the first quarter of fiscal 2022. Collection efficiency, however, has seen a recovery since the second half of fiscal 2022, and collection efficiencies in most segments are back to pre-pandemic levels.

With the NPA standstill provision lifted in December 2021, gross NPAs (GNPAs) in segments such as auto, microfinance and MSME spiked as of March 2021 and were further impacted in the first quarter of fiscal 2022. However, the impact was not as severe as in the first wave, and players across segments have reported improvement in GNPA from the second quarter. A similar trend of improving collection efficiency is expected to improve asset quality.

Relief measures by the government and RBI, such as moratorium and restructuring, provided a breather to customers and industries in fiscals 2021 and 2022. After a moratorium of six months (between March and August 2020), accounts that were stressed because of the pandemic (classified as standard as on February 29, 2020) were eligible for a one-time restructuring (OTR) under the RBI's Resolution Framework. Stressed customers whose incomes were hit hard due to the economic slowdown opted for restructuring. With the second wave shattering the growing economy once again, the RBI introduced the second phase of restructuring in May 2021:

- Borrowers, i.e., individuals, small businesses and MSMEs, having aggregate exposure of up to Rs 250 million, and who have not availed of restructuring under earlier frameworks (including Resolution Framework 1.0), and who were classified as 'standard' as on March 31, 2021, will be eligible under Resolution Framework 2.0. Restructuring under the proposed framework can be invoked up to September 30, 2021, and will have to be implemented within 90 days post invocation
- With respect to individual borrowers and small businesses who have availed loan restructuring under Resolution Framework 1.0, where the resolution plan permitted a moratorium of less than two years, lending institutions are permitted to use this window to modify such plans to the extent of increasing the period of moratorium and/or extending the residual tenure up to two years

Retail segments like housing and gold loans will be least impacted in fiscal 2022 as well, whereas MSME and real estate loans will take a bigger hit because of the vulnerability of the underlying borrower class.

Housing segment is expected to perform relatively better, as salaried class, which is the primary customer profile of housing loans, was not majorly affected this time during both the pandemic years. Further, GNPA's increased marginally in fiscal half of fiscal 2022 on account stress in economically weaker sections (EWS) and low-income group (LIG) customers due to second wave of pandemic. In second half of fiscal 2022, the collection efficiency improved and attended normalcy towards end of fiscal aiding improvement in overall GNPA's to 1.6% as of March 2022. Going forward, CRISIL Research estimates the GNPA's for the housing loan portfolio to improve by 10-20 bps to 1.5-1.6% in fiscal 2023, backed by improvement in asset quality stress for the segment and total stressed assets (GNPA + restructuring book) for the individual housing loan in range of 2.5-2.6%

Gold finance GNPA numbers remained high on account of the second wave, the impact of which was seen in fiscal 2022. GNPA for fiscal 2022 was at 2.9%, though it is expected to stabilise by the end of fiscal 2023 with better collection efficiency and overall economic stability being prevalent. Lenders have also made adequate provisioning for any pandemic led NPA surge. CRISIL Research expects GNPA's of gold loan NBFCs to be gradually improving at 1.5-1.7% in fiscal 2023 with auctions helping players to restrict GNPA's at lower levels. The industry lends at low LTV of 75%, which safeguards it from price fluctuations, and in case of losses, gold finance companies can auction gold as it is a secured loan.

Microfinance players have seen their collection efficiencies bounced back to pre-covid levels from the third quarter of fiscal 2022. The same can be reflected in their GNPA's as well, where the top three players in the segment reported fall in GNPA levels on a sequential basis in fiscal 2022. The industry GNPA in fiscal 2022 stood at 5.9% levels. Collection efficiency of major players have bounced back to pre-pandemic levels of 97-99%. However, significant portion of the book of these players is currently under restructuring. Thus, coupled with some incremental stress due to the regulatory impact, stressed assets in fiscal 2022 stood at 13.9%. With a fall in GNPA levels in fiscal 2023, and a portion of the book moving out of restructuring, CRISIL Research expects GNPA's in fiscal 2023 to reduce to 4-5% levels, and overall stress in the industry to be in the range of 9-10%.

MSME: During fiscal 2021, GNPA's for the NBFC MSME section reached ~6-7% due to increased stress in MSME borrowers, who were hit the hardest due to Covid-19. Further, in the first quarter of fiscal 2022, the second wave of pandemic again impacted economic activities, in turn leading to increased stress in the MSME segments. However, the impact on asset quality was cushioned by OTR 2.0 announced by the RBI in May 2021. With improvement in economic activities and mild impact of the waning pandemic, CRISIL Research expects the asset quality stress to be in range of 8-9% for fiscal 2023.

Real estate and Corporate: Overall stress in the real estate and corporate segment is the highest among the segments. CRISIL Research estimates overall stress in the wholesale book to be high. This includes contractual moratorium, book under extension by date for commencement for commercial operations (DCCO) extension and book that is estimated to have opted for OTR.

Banks' credit exposure to NBFCs remains consistent

Source: Company reports, CRISIL Research

Share of lending to NBFCs gained share in the overall banking exposure to 9% in fiscal 2022, compared with 6% in fiscal 2016, where NBFCs resorted to bonds and debentures for funding needs. Over the period, with increasing regulatory watch on NBFCs, banks will be more willing to provide credit to NBFCs compared with a few years back, and we can expect this share to grow in the coming years.

Non-convertible debenture (NCD) issuances to pick up in fiscal 2023

NCD issuances saw a dip in fiscal 2022, with not many interested to invest in NBFCs on account of asset quality concerns. Issuances were majorly by larger players with good parental support and a strong credit rating. Issuances saw a dip of ~40% in fiscal 2022 with reducing coupon rates due to improved economic conditions. NCD issuances reached Rs 450 billion in the fourth quarter of fiscal 2022. The lowest issuances were recorded in the third quarter.

2. NCD Coupon rates are considered on basis of monthly weighted average of top 100 NBFCs/HFCs

However, the second wave impacted the issuance severely, with the number falling by half in the first half of fiscal 2022. The second half of the year also showed a similar trend. Issuances are expected to pick up in fiscal 2023 due to improving credit growth and resolution of stressed assets at NBFCs.

Lower credit cost to improve ROAs in fiscal 2023

Note: The above ratios are calculated on average total assets

Source: Company reports, CRISIL Research

Decrease in credit cost, with improved net interest margin (NIM), is expected to be the key reason for increase in profitability across segments in fiscal 2023. With credit costs expected to decline across all segments, the ROA is likely to improve following slight improvement in net interest income as well.

The yield in the retail segments is expected to go up during fiscal 2023 due to increasing interest rates. It should be noted that, the RBI has already hiked policy rate by 190 bps until September of fiscal 2023. CRISIL Research expects the RBI’s actions going ahead to be guided by domestic supply-demand pressures on inflation, and evolving global financial conditions, including the US Fed’s actions.

Housing: The yield on advances reduced by 75-85 bps during fiscal 2022 on account of home loan rates at a historical low (starting from 6.5%) and heightened competition from banks. The RBI having maintained an accommodative stance during fiscal 2022 and no increase in repo assisted in reduction in the cost of borrowing by 70-80 bps, resulting in an ROA to 1.8% in fiscal 2022. CRISIL Research expects yield on assets to improve vis-à-vis the increase in weighted average cost of funds at a slower pace (due to structure of the borrowing mix), translating into improvement in margins and ROAs to 2.9% and 2.4% respectively, in fiscal 2023.

Gold finance is expected to have marginally lower ROA in fiscal 2023 due to the impact of increasing interest rate regime, impacting the cost of borrowing. The borrowing cost remained low during fiscal 2022 as repo remained unchanged and lenders managed their cost of borrowing better also contributing to excess liquidity and lower gearing ratio. However, with an increase in repo rate in fiscal 2023, the borrowing cost is expected to see an increase of 95-105 bps with only 65-75 bps transmission to the customers on account of fierce competition in the gold segment among players. This is expected to keep NIMs lower in fiscal 2023, along with stable operating costs. CRISIL MI&A Research expects credit cost to reduce in fiscal 2023 due improved collection efficiency leading to slightly lower ROAs.

Securitisation clocks Rs 1.35 trillion, but remains below pre-pandemic levels

CRISIL-rated securitisation transactions have shown tremendous resilience during the past two amid the pandemic. Despite bouts of tremendous stress on underlying borrowers, there were very few downward rating actions. When collection ratios were dented severely, credit enhancements (provided initially) came to the fore to iron out the collection

shortfalls. These were subsequently replenished as a large majority of the rated transactions have witnessed smart recoveries and performance is back on the expected trajectory.

The securitisation market saw increased activity in the fourth quarter of fiscal 2022, with volume crossing Rs 500 billion. That took the cumulative value of loan assets securitised in last fiscal to Rs 1.35 trillion, a good 50% higher than ~Rs 900 billion in fiscal 2021. That compares with the pre-pandemic volume of ~Rs 1.9 trillion seen over fiscals 2019 and 2020.

Disbursements also picked up, necessitating incremental funding requirements. More than 130 financing entities have securitised their assets in the past 12 months. Investors such as mutual funds and foreign-owned financing entities, which were chary in the recent past, have picked up such securitised instruments.

Within asset-backed securitisation, CV (25%), gold (10%) and two-wheeler (2%) loans remained important asset segments. In addition, microfinance loans drew traction, comprising 10% of volume, especially in the last quarter of fiscal 2022, amid indications of resilience among low-ticket-size borrowers.

Housing finance - Review and outlook

Housing finance growth to continue this fiscal

The size of Indian retail housing finance market stood at Rs 25,587 billion as of March 2022. Of this, Rs 8,742 billion was housing loans of non-banking finance companies (NBFCs), including housing finance companies (HFCs), up ~12% on-year. In the past two fiscals, the housing finance segment had become more affordable for consumers on account of stable property rates, better annual income of borrowers and historically low interest rates. With the onset of the pandemic in fiscal 2021, the government and the Reserve Bank of India (RBI) undertook measures to boost the segment, which resulted in continued improvement of housing demand. Further, with the income of the salaried class remaining largely intact and home loan rates hovering around record lows, disbursements rebounded after a slack during the first half of fiscal 2021. With most sectors seeing recovery, growth is expected to continue this fiscal. Pent-up demand for housing or purchase of larger units because of favourable, though deteriorating, affordability will also support. CRISIL Research forecasts HFC/ NBFC housing credit growth at 12-14% for this fiscal and 13-15% for fiscal 2024. In the past fiscal, the growth was a healthy ~12%. However, any significant change in macro-economic factors or flare-up of geo-political issues is a downside risk.

NBFCs/HFCs home loans outstanding clocked a healthy 15% compound annual growth rate (CAGR) between fiscals 2015 and 2020, driven by increasing demand from tier-II and -III cities, rising disposable incomes and government initiatives, such as Pradhan Mantri Awas Yojana (PMAY), interest rate subvention schemes and fiscal incentives.

In fiscal 2021, the nationwide lockdown to arrest spread of the Covid-19 infections took a toll on the economy, impacting incomes across segments, especially low-income group (LIG) and middle-income group (MIG) customers. With economic activities coming to a grinding halt, credit growth in the first half of fiscal 2021 was muted. However, in the second half, the revival was faster than expected with the RBI, the Centre and state governments providing impetus. Real estate developers offered discounts and/or freebies, and a few states, such as Maharashtra and Karnataka, cut stamp duty on properties. Home loan interest rates were also slashed to a historical low of 6.5% (starting rate). As a result, NBFCs/HFCs clocked a decent 8% growth in fiscal 2021, despite the economic gloom at the beginning of the fiscal.

In the first quarter of fiscal 2022, the second wave of the pandemic forced various state governments to impose localised lockdowns, which impacted credit growth. However, as the RBI held policy repo rate at historical low of 4%, home loans continued to be more affordable, which boosted the credit growth in the subsequent quarters. Moreover, the third wave of infections had only a mild impact. Overall, retail housing credit grew ~12% for NBFCs/HFCs during fiscal 2022. This fiscal, the RBI has started increasing the repo rate to rein in spiralling inflation, an aftereffect of the Russia-Ukraine conflict that is choking supply chains. However, the credit growth has remained intact with visible recovery across segments and pent-up demand in housing as affordability, though deteriorating, continues to be favourable.

The top 10 cities of the country account for more than 35% of outstanding retail housing finance loans. CRISIL Research expects housing asset demand from these cities to be in the range of 3-8% this fiscal and ~5% in fiscal 2024. In the past fiscal, the demand is estimated to have been 35-40%, which was on a low base of fiscal 2021 and degrowth in the real estate segment for the last few years. This, along with an expected 6-10% growth in capital values and incremental construction under PMAY, will support the estimated NBFC/HFC housing loan growth of 12-14% for fiscal 2023 and 13-15% for fiscal 2024.

Key HFCs drive overall NBFCs/HFCs credit growth

Before fiscal 2018, much of the NBFC/HFC credit growth was led by aggressive expansion of smaller HFCs that were aiming to gain share in affordable and/or tier-II and -III markets. As a result, gross non-performing assets (GNPAs) rose. However, after the IL&FS crisis, the growth of such companies slowed down.

In past fiscals, HFCs' credit growth was primarily driven by majors such as Housing Development Finance Corporation Ltd, LIC Housing Finance Ltd, Indiabulls Housing Finance Ltd, PNB Housing Finance Ltd and Can Fin Homes Ltd. In fiscal 2022, these companies saw ~12.2% growth vis-à-vis the overall NBFC/HFC growth of 11.5%. The factors that aided their growth were strong liquidity, parental support and lower interest rates (on par with leading banks). In April and May, the NBFC/HFC segment saw slower growth on account of the second wave of Covid-19.

Over the past two years, smaller HFCs focusing on the affordable housing segment (affordable HFCs) saw slower growth on account of the pandemic-induced uncertainties and deteriorating asset quality of a few players making them cautious in lending. With continued support from the government and central bank, an increase in demand for housing and deeper penetration in tier-II and -III cities, their growth is expected to pick up this fiscal 2023. CRISIL Research expect them to grow 9-11% this fiscal and 11-13% next fiscal.

Note: CRISIL Research defines affordable HFCs as those disbursing loans of less than Rs 2 million ticket size on average.

With normalcy restored in the economy, lenders are now more comfortable lending to customers, and both banks and non-banking financial companies (NBFCs) are aggressively pitching gold loan products to have good assets on the book. While the economic situation has improved significantly, gold prices are also expected to increase marginally in fiscal 2023. With demand reviving, players are expected to restore loan-to-value (LTV) to pre-pandemic levels. Overall gold loan AUM is stood at Rs 5.1 trillion in fiscal 2022 and is expected to reach Rs 5.7 trillion in fiscal 2023 followed by expectation of Rs 6.2 trillion in fiscal 2024. CRISIL Research expects overall credit outstanding to grow 10-12% in fiscal 2023 and 2024, following 12.6% growth in fiscal 2022.

AUM of gold loan NBFCs, which grew at a compound annual rate (CAGR) of 12% between fiscals 2015 and 2020, registered an exceptional growth of 28% on-year in fiscal 2021. Demand for gold loans was also driven by a sharp increase in prices. Gold prices rallied 30% on-year in fiscal 2021 on account of pandemic and 16% in fiscal 2022 on account of the macro factors. Borrowers benefitted from the higher loan value from the same collateral, while lenders profited from the lower LTV ratio on their existing loans and higher demand. Both NBFCs and banks saw a jump in demand during the pandemic year and these increased disbursements led to higher GNPA's witnessed during the second half of fiscal 2022 which slowed the pace of disbursement with NBFCs being cautious in lending. Banks on the other hand continued aggressively promoting gold loan schemes in fiscal 2022, leading to higher growth and intensifying competition in the market. This led to NBFC growing at 11.3% In fiscal 2022.

Gold loan market is expected to continue to post strong performance compared with other retail loans on account of the following factors:

Digitisation & Technological advancements

Higher gold prices

Increased demand

Widening branch network

CRISIL Research

Demand for gold is likely to remain buoyant for it is considered as a secured asset. The transformation in the gold loan sector continues – shift from unorganised to organised and further from organised to digital and online means. Increasing focus on online gold loans in the current scenario is expected to support overall growth in the coming years.

NBFCs expected to maintain share in fiscal 2023, post banks gaining share in fiscal 2022

Banks always held the major share in the overall gold loan portfolio, but NBFCs had been gaining traction in recent years. In fiscal 2021, banks increased their share further as they turned cautious towards lending to other products due to the risk of default and preferred gold loans that are completely secured and carry a minimum rate of default across key NBFC verticals. This led to a reduction in the share of NBFCs which continued in fiscal 2022. Going forward in fiscal 2023, NBFCs are expected to maintain share as banks widen their focus on their core portfolios post economic stability restored. Although in fiscal 2024 NBFCs are expected to grow faster than banks with banks starting to focus on their core competencies in the long run leading to NBFCs capturing banks share.

Focus on expanding coverage and digitisation helps NBFCs sustain growth momentum

Gold loan financiers are expanding fast to meet the expected demand in the year ahead, as businesses open up and the economy returns to normalcy. This is also supported by micro, small and medium enterprises (MSMEs) constituting majority share of customers for top NBFCs. Growth is expected to be stable in fiscal 2023 with slower consumer demand since fiscal 2022 due to increased competition and lower rural demand. NBFCs are expanding their reach and customer base to regain their share in the market lead by fierce competition by banks and new aged fintechs. They are achieving this by focused market strategies, with increased advertising and employee benefits. NBFCs are working towards protecting their high-value customer base (loans > Rs 2 lakh in value), which are targeted by banks, and expanding to cater to rural low-income group customers.

NBFCs to grow expected to grow between 10-12% in fiscal 2023 on account of slower demand

P:

Projected

Source: CRISIL Research, Company reports

In fiscal 2022 NBFCs exhibited a decent performance with them growing at 11.3% on a high base of fiscal 2021. In fiscal 2023 and 2024, AUM is projected to grow at 10-12% on-year owing to better economic stability, expanding gold loan market, and better reach by various initiatives taken by NBFCs and slight friction on account of increased interest rate scenario, slower growth in consumer demand in the rural segment and increased competition.

Gold loan NPAs to stabilise by fiscal 2023

Gross non-performing assets (GNPAs) witnessed a decline in fiscal 2021 to 1-1.3%, led by improved collections. But higher disbursements seen in the second half of the fiscal, followed by second and third waves, led to increased GNPAs in fiscal 2022, at 2.25%. This impact on GNPAs is expected to gradually decline in fiscal 2023, to 1.5-1.7%. Improvement is expected on account of overall recovery in the economy and improved collection efficiency along with the cautious lending approach. Higher auctions are always an option for gold loan lenders with the collateral being highly liquid. GNPA for Muthoot Finance rose to 2.99% in fiscal 2022 vs 0.9% in fiscal 2021. GNPA of Manappuram Finance also increased to 3% from 1.9%, due pandemic-led stress in fiscal 2002. Going forward, better collection efficiency along with economic recovery will lead to gradual recovery in GNPA numbers.

Gold loan NBFCs have LTV ratios in the range of 60-70%, safeguarding them from any price fluctuations. Moreover, their portfolio does not carry moratorium risk, and the auctioning process has resumed at pre-pandemic levels.

In fiscal 2022 with auctions helping players to restrict GNPAs at lower levels, it is expected to stabilise by end-fiscal 2023. Lenders have also made adequate provisioning for any pandemic led NPA surge. All in all, CRISIL Research expects GNPAs of gold loan NBFCs to come down to 1.5-1.7% and further improve to 1.4-1.5% in fiscal 2024.

Micro finance – Review and outlook

***Monthly collections have almost normalized; restructured portfolio remains monitorable
Growth to return to 25-30% in fiscal 2023***

Non-banking financial company-microfinance institutions (NBFC-MFIs) logged 19% growth in fiscal 2022. Growth slowed down sequentially in the first quarter of fiscal 2023 to 2% as lenders adapted to new regulatory norms. Disbursements in the sector have also seen a similar trend. Monthly collections have almost normalised, barring the restructured portfolio which remains a monitorable. Gross non-performing assets (GNPAs) rose to 5.9% in fiscal 2022 from 5.5% in fiscal 2021. However, the first quarter of fiscal 2023 saw GNPAs decline to 5.4%. Hence, we expect asset quality to improve going forward. That said, the restructured portfolio remains a key monitorable. The new regulatory framework will lead to increase in permissible annual household income to enlarge the target market and relaxation in the norms on the proportion of non-qualifying assets would enable diversification potential into adjacencies. The risk management systems will need to be robust to maintain asset quality in newer segments/geographies. With economic

revival and unmet demand in rural regions, the NBFC-MFIs are expected to grow at 25-30% in fiscal 2023. The revised comprehensive income and indebtedness assessment could, however, limit ability to grow in urban areas.

Share of NBFC-MFIs grew from 11% in FY21 to 19% in FY22

Disbursements remained weak owing to transition as per new regulatory guidelines

Disbursements grew 47% in fiscal 2022, mainly driven by pick-up in the second half. However, disbursements declined 26% in the first quarter of fiscal 2023 as compared to the previous quarter owing to disruptions related to the transition to the Reserve Bank of India’s new guidelines on MFI lending.

Going forward, disbursements are expected to surge 45-50% on-year this fiscal, as MFIs’ customers require funds to meet their day-to-day expenses and release of additional funds depends on prompt repayments. Disbursements should increase going forward with improvement in cash flows as business activities attain normalcy.

NBFC-MFIs to grow 25-30% on-year in FY23

NBFC-MFIs witnessed robust growth in the past 2-3 years, gaining market share

Source: CRISIL Research, MFIN

Banks have the largest share in the MFI industry as they lend under priority sector lending (PSL) norms. However, NBFC-MFIs have been aggressive over the past 2-3 years, with their book growing at a CAGR of 37% between 2017 and 2021, compared with ~29% growth in the books of banks over the same period. Banks have reported higher par 90 levels at 12.5% as of June 2022 compared with NBFC-MFIs who have reported PAR 90+ at 5.4% during the same period. As a result, banks have seen slower growth.

Rural segment to dominate NBFC-MFI book

Source:

CRISIL

Research, MFIN, company reports

Rural areas account for over three-fourths of the total NBFC-MFI book. The penetration of digital infrastructure in these areas is low and internet connectivity is poor. Lack of access is accentuated by low literacy among microfinance borrowers, who are generally daily wage earners and tend to transact in cash.

The main objective of microfinance lending is to support capital formation in agriculture and allied sectors. With disbursements being more focused in the rural parts of the country, NBFC-MFIs promote alternative employment opportunities by supporting farm and manufacturing sectors.

A state-wise split as on the first quarter of fiscal 2023 shows, the top 10 states accounted for ~81.9% of the NBFC-MFI book and the top five accounted for 51.9%. These include Bihar, Tamil Nadu, Karnataka, Uttar Pradesh and Madhya Pradesh. Bihar and Uttar Pradesh registered the growth of 48% and 35% on-year, as of June 2022. A majority of their revenue is from rural areas. For instance, 88% Bihar’s GLP is from rural areas, 51% for Tamil Nadu and Karnataka, 57% for Madhya Pradesh and 72% for Uttar Pradesh.

MSME FINANCE – REVIEW AND OUTLOOK

Credit issued to the micro, small and medium enterprise (MSME) segment is estimated to have stood at Rs 21,400 billion for fiscal 2022, with banks dominating the market share at 81%. Post the liquidity crisis, the share of non-banks reduced to an estimated ~19% in fiscal 2022 from ~22% in fiscal 2019.

The MSME sector bore the brunt of the first and second waves of the Covid-19 pandemic in fiscal 2021 and the first quarter of fiscal 2022, respectively. With the sector’s close linkage to economic activities, the magnitude of the impact was significant owing to frequent lockdowns and restrictions, which impacted demand, supply, and hence profitability across most sectors. This necessitated relief measures, which were promptly announced by the government in the form of the Emergency Credit Line Guarantee Scheme (ECLGS) last year, which was reviewed on a timely basis to reduce the impact on the sector. However, most of the disbursements under the scheme were by banks (among which, private sector banks showed greater proclivity than public sector banks for utilising ECLGS); hence, they saw book growth of 12%, while growth in non-banking finance companies (NBFCs) was lower at 3% in fiscal 2021. Decline in the book value was also restricted by moratoriums and asset classification was at a standstill for MSMEs until March 2021.

In the first quarter of fiscal 2022, the second wave of the pandemic impacted the MSME segment again, leading to muted growth in the first half of the fiscal on account of disruption in business activity owing to localised lockdowns by various state governments. With the hit to the economy in the first quarter, the government extended the ECLGS that was to end in June 2021 to September 2021 (and subsequently extended till March 31, 2023). This supported the sector’s revival from degrowth in the first quarter of fiscal 2022, with banks posting a sequential growth in their MSME book at the end of the second quarter. Revival of economic activity, strong export and domestic support, coupled with a mild third wave, helped the segment grow an 16% in fiscal 2022. Banking MSME saw higher growth than NBFCs at 18.6% and 6.6%, respectively, in the fourth quarter of fiscal 2022 with increase in credit demand across segments. CRISIL Research

expects banks' credit to continue to grow at 12-14% over a high base and NBFCs at 8-10% this fiscal, followed by 14-16% and 10-12% for banks and NBFCs, respectively, in the next.

Demand improvement to drive MSME credit growth this fiscal

A faster-than-expected revival in economic activity and pent-up demand instilled a positive economic performance in the fourth quarter of fiscal 2021. Outstanding MSME book of non-banks grew 3% on-year in fiscal 2021, given the increased demand for loan against property (LAP). Further, during the first quarter of fiscal 2022, their MSME book witnessed degrowth in both banks and non-banks owing to the impact of the second wave of the pandemic. The segment started to recover from the second quarter with improvement in demand from MSMEs supported by the central government's decision to extend ECLGS till March 31, 2022 (further extended till March 31, 2023, in Union

Budget 2022-23) and increase the guarantee from Rs 3 trillion to Rs 4.5 trillion (which was subsequently increased further to Rs 5 trillion).

The outstanding book of NBFCs in the MSME segment grew at 6.6% in fiscal 2022, supported by growth in disbursements in the LAP and non-LAP (unsecured and secured non-LAP) segments. With revival of economic activity and improving cash flows, NBFCs will increase their funding in the unsecured segment and restrict their lending in the LAP segment owing to the asset quality stress of past years. With improved underwriting practices, lending in the unsecured portfolio is expected to improve, while the secured non-LAP portfolio will face competition from banks. However, smaller non-banks will be wary of funding given the existing stress and will therefore witness moderate growth. Additionally, any significant change in macroeconomic factors or geopolitical issues may pose a downside risk to credit growth.

LAP: Growth to stabilise this fiscal

The LAP portfolio of NBFCs is estimated to have been Rs 2,600 billion in fiscal 2022. In fiscal 2021, LAP witnessed higher growth than non-LAP (secured non-LAP and unsecured) as non-banks preferred mortgage-based lending over cash-flow-based lending in the short run given the potential risks in other segments. LAP portfolio at NBFCs is estimated to have grown 4% in fiscal 2022 with players shifting their focus to non-LAP portfolio which grew at 11% during the fiscal.

Note:

2. Credit deployment data published by the RBI was revised with effect from January 2021. Hence, comparable numbers for the previous fiscal have been revised accordingly.

Source: Company reports, CRISIL Research

LAPs are availed by mortgaging properties (residential or commercial) with the lender. The end-use of the loan is not monitored closely. It could be used for either business or personal purposes. It can be availed by both salaried and self-employed individuals. LAP is a secured loan, as it provides collateral to the financier in the form of property. It has a lower interest rate than personal or business loans.

With the economy stabilising in over last two fiscals, NBFCs' LAP credit grew at a marginal rate of 4%. However, NBFCs are unlikely to be as aggressive as they were in the past, when the segment logged a double-digit CAGR of 12% between fiscals 2017 and 2020. Higher growth in the past was because of lower interest rates and increased penetration. However, after fiscal 2019, non-banks lost their share in the LAP market as they were focusing on containing asset quality deterioration. Banks registered strong growth in the segment owing to their aggressive strategies, higher market penetration, lower cost of funds and adequate liquidity support. CRISIL Research expects the MSME LAP segment to grow 6-8% in fiscal 2023, driven by improving economic conditions and mild impact of the third wave of the pandemic, assisting in normalisation of business activities, followed by 9-11% growth in fiscal 2024.

MSME: Non-LAP loans

Non-LAP includes secured and unsecured non-LAP loans. Non-LAP secured MSME loans include working capital products (such as cash credit, overdraft facility and bill discounting) and other term loan products, such as asset-backed or hypothecated loans. Hypothecated loans are term loans where the collateral offered is a combination of property, inventory, etc.

Unsecured MSME loans are given to self-employed borrowers without collateral. It is cash-flow-based lending rather than collateral-based. Unsecured loans are underwritten based on financial statements, bank statements, GST returns, number of loans taken in the past, bureau checks, scorecards, etc. An unsecured small business loan is usually taken to tide over a liquidity crunch, take advantage of short-term opportunities, or expand a small business, mostly when the cash credit limit of the bank is exhausted. Many lenders give these loans on top of existing secured loans with them.

Due to non-availability of collateral, underwriting plays a key role in maintaining the asset quality of unsecured business loans. Underwriting these loans requires a different expertise and is powered by new financial technology and increasing availability of data on credit history of customers. Competition in the secured loans market (especially retail loans) has compelled NBFCs and a few private banks to gain expertise in niche lending and build robust digital platforms to cash in on fresh opportunities in the unsecured business loans space, with an eye on maximising profitability.

Banks dominate this segment with a 90% share, aggregating to ~Rs 14 trillion as of fiscal 2022. NBFCs are estimated to have a non-LAP book of ~Rs 1.5 trillion in fiscal 2022.

3. *non-LAP includes unsecured and secured non-LAP loans

Source: Company reports, CRISIL Research

NBFCs were growing in double digits prior to fiscal 2019; growth slowed after the liquidity crisis. In fiscal 2021, growth was marginal owing to lower disbursements, which are estimated to have halved because of Covid-19. Meanwhile, banks saw a 13% growth in credit, aided by the ECLGS. Because of the pandemic, non-bank lenders turned more cautious over unsecured MSME lending, and preferred mortgage-based lending (LAP and non-LAP secured) over cash-flow-based (unsecured) lending.

Business activity started normalising from the second half of fiscal 2022. This, supported by a mild third wave, led to improvement in economic conditions and, in turn, a pick-up in demand for credit. Banks and NBFCs shifted their focus towards non-LAP lending owing to higher returns on this portfolio, leading to non-banks growing at 11% in fiscal 2022. CRISIL Research expects the growth momentum to continue, with NBFCs' non-LAP segment growing 11-13% this fiscal followed by 13-15% in the next. However, any significant change in macroeconomic factors or geopolitical issues may pose a downside risk to credit growth.

Wholesale finance – Review and outlook

Real estate sector credit growth to be driven by banks with expected revival in credit for NBFCs / HFCs

Wholesale finance represents lending services to medium-sized and large corporate firms, institutional customers and real estate developers by banks and other financial institutions. It encompasses long-and short-term funding. CRISIL Research excludes lease-rental discounting (LRD) from the wholesale book and lending to the infrastructure sector and covers only loans offered to large and mid-sized corporates in non-infrastructure segments.

Real estate segment comprises ~58% of the overall NBFC wholesale lending, as of fiscal 2022

Type	Share in book FY22	Outstanding Book (Rs billion) FY22	CAGR (FY18-22)	FY22	Growth outlook for FY23P	Growth outlook for FY24P

Wholesale lending at NBFCs to revive with moderate growth in fiscal 2023

Exposure to the wholesale segment to pick up after a de-growth during the past three fiscals

Source: Company reports, CRISIL Research

NBFCs were cautious in lending to the corporate segment as well, such as real estate, with wholesale book decline over last three fiscals between 5-6%. With the revival in capex and expectation of 16-20% growth in industrial capex in fiscal 2023, CRISIL Research expects the wholesale credit growth for NBFCs to pick up with credit growth of 3-5% during fiscal 2023 and 4-6% during fiscal 2024 over a low base.

NBFCs to witness a sharp decline in the wholesale book vis-à-vis banks

Banks to outpace NBFCs with overall wholesale credit growing at 7-9% in fiscal 2023

Note: Credit deployment data published by RBI has undergone revision with effect from January 2021. Hence, comparable banking numbers for the previous fiscal are revised accordingly.

Source: Company reports, CRISIL Research

Overall lending to the wholesale segment witnessed a de-growth of 4% in fiscal 2021, because of uncertainties amid the pandemic and washout of first half of fiscal 2021 due to the nation-wide lockdown. In fiscal 2022, the second wave of pandemic hit in first quarter, leading to localised lockdowns by various state governments. However, the credit

momentum picked up in fourth quarter of fiscal 2022, with banks growing at marginal 3%, however due to continued run down of wholesale portfolio by NBFCs/HFCs the book de-grew by 5% leading to overall segmental growth at 2%. Industrial capex in fiscal 2023 is estimated to grow by 16-20%, on account of improvement in utilisation level as well as new capex from production linked incentive scheme. This is evident from the increase in seasonally adjusted capacity utilisation of the manufacturing sector to 74.3% in the first quarter of the current fiscal from 73% in the fourth quarter of fiscal 2022

Wholesale credit in fiscal 2023 will be led by both increase in working capital need as well as improving capex cycle. For fiscal 2023, aggregate corporate India revenue growth is estimated at 12-18%. This will support growth of banks as well as NBFCs which are expected to witness credit growth of 7-9% and 3-5% respectively during fiscal 2023.

Asset quality

The overall stress in the real estate and corporate segments is highest compared with other segments. CRISIL Research estimates overall stress in the wholesale book to be high. This includes contractual moratorium, book under extension by “date for commencement for commercial operations (DCCO) extension” and book that is estimated to have opted for one-time restructuring.

Our fiscal year ends on March 31 of each year and references to a particular fiscal year are to the twelve months ended March 31 of that year.

Our Company is a Systemically Important Non-deposit taking Non-Banking Financial Company (“NBFC-ND-SI”) registered with the RBI, catering to the credit requirements of a diverse customer base with its plethora of products. Our offerings include home loans, gold loans, business loans including loans against property and medium and small enterprise financing, micro finance, construction and real estate finance and capital market finance, catering to both retail and corporate clients.

The Company has received a registration as a Non-Banking Financial Company bearing registration number N-13.02386 vide certificate dated March 6, 2020.

Over the past several years, we have diversified our products and expanded our presence into segments that are of greater relevance to the evolving business environment and customer demand trends. Our product offering evolution is depicted below:

In the Fiscal 2021 we completed the sale of our commercial vehicles’ financing business as a going concern, in order to focus on scaling up existing business segments of Affordable Home Loans, Gold Loans, Business Loans and Microfinance.

Our key strategy is to steadily grow high quality, diversified retail assets focusing on under-banked segments, with effective risk management and cost optimization through well-defined processes and leveraging technology.

Our product offerings are detailed below:

Home Loans: include finance for purchase of flats, construction of houses, extension and for improvement in the flats/homes.

Business Loans: include loans against property and small and medium enterprise financing. Loan against property (LAP) is availed for working capital requirements, business use or acquisition of new commercial property. In the medium and small enterprise financing segment (MSME), we provide working capital finance to small business owners. We provide small ticket loans, thereby being able to meet the needs of small scale businesses including standalone shops etc.

Gold Loans: includes finance against security of mainly used gold ornaments. We offer loan against gold to small businessmen, vendors, traders, farmers and salaried people for their personal needs as well as for working capital needs.

Microfinance: includes credit support mainly to women, who have either limited or no access to formal banking channels. We provide financial services to the economically weaker sections of society with an aim to bring microfinance services

to the doorstep of the rural and semi-urban BoP (Bottom of Pyramid) families in India. Loans are offered under various categories such as income generation, education, sanitation etc. We follow the Grameen Model (also regarded as joint liability group).

Construction and Real Estate finance: includes loans to developers for construction and development of predominantly affordable residential projects and a small proportion of mixed-use projects. In line with our broader retail strategy, the construction finance vertical is an enabler for providing retail loans under the approved project route, wherein the Company has tie-ups with developers for funding the property buyers under the retail home loan category.

Capital Market Finance: includes Loans against Securities, Margin Funding, IPO financing and other structured lending transactions.

We are subject to capital adequacy ratio (“CAR”) requirements prescribed by RBI. We are currently required to maintain a minimum of 15% as prescribed under the Prudential Norms of RBI based on our total capital to risk weighted assets. As part of our governance policy, we ordinarily maintain capital adequacy higher than statutorily prescribed CAR. As of September 30, 2022, our capital adequacy ratio computed on the basis of applicable RBI requirement was 21.74% as compared to a minimum of capital adequacy requirement of 15% stipulated by RBI.

Set forth below is our capital adequacy ratio for quarter ended September 30, 2022 and the last three Fiscals on a standalone basis:

Corporate Structure*

*Based on Equity shareholding as on September 30, 2022

Our Strengths

We believe that the following are our key strengths:

Diversified product portfolio catering to a wide customer base

Our Company aims at promoting inclusive growth and with a wide variety of loan products including home loans, loans against property, gold loans, loans against securities, small and medium enterprise financing and micro finance, caters to all types of customers in the country – salaried, self-employed, informal sector, HNIs and corporates. We have a widespread network of branches spanning the length and breadth of the country which facilitates servicing a broad customer base while reducing dependency on a single or small number of regions. Our branch network also helps us adopt best practices developed in a region across all our branches. We provide multiple products from our branches thereby providing better accessibility to clients, reducing operating costs and improving total sales.

Strong asset quality with consistent low level of NPAs

The quality of our loan portfolio is reflected in the consistent low level of NPAs. We believe that our robust credit approval mechanisms, credit control processes, audit and risk management processes and policies help us maintain the quality of our loan portfolio. We have in place product specific lending policies, credit approval committees and regular monitoring of exposures. We routinely monitor credit risk, risk concentration and compliance with board approved policies. Credit monitoring for retail products is undertaken at portfolio level wherein risk assessment is undertaken on various parameters like demographics, sector, geography, etc. As part of the credit assessment, we analyze past financial information, applicant's business performance/earnings history to assess their ability to repay loans. In addition to document verification and credit bureau reports, we conduct site verifications, interviews, as well as market and banking reference checks on the applicant, co-applicant and guarantor, as applicable. For institutional borrowers, additional assessment is undertaken on parameters of viability of business, credit history, and reputation and experience of the relevant promoters/founders/management of the organization. Additionally, as on September 30, 2022 and March 31, 2022, 84.23% and 84.30% of our consolidated Loan Book is secured with adequate collaterals which helps mitigate risks

further.

As on September 30, 2022 and March 31, 2022, on a consolidated basis, our Net NPA constituted 1.22% and 1.83%, respectively of our loan book, as compared to 0.97% of our loan book as on March 31, 2021. As on September 30, 2022 and March 31, 2022 on a consolidated basis, our Gross NPA constituted 2.42% and 3.15%, respectively of our Loan Book, as compared to 2.14% of our Loan Book as on March 31, 2021. Total provisions coverage ratio (including Stage 1 and Stage 2 provisions (as defined hereinafter)) for September 30, 2022 and Fiscal 2022 on a consolidated basis is 146.80% and 122.82% respectively. Our specific provision coverage ratio is 49.65% and 42.09% of gross NPAs as on September 30, 2022 and March 31, 2022 respectively.

Diversified funding sources and strong credit profile

Our funding requirements are currently predominantly sourced through term loans from banks, issue of secured and subordinated redeemable non-convertible debentures on public and private placement basis, refinance from all India financial institutions, securitization and direct assignment of our retail portfolio of loans with sufficient availability of working capital facilities from banks. We have access to funds from multiple classes of credit providers, including public sector banks, private commercial banks, other financial institutions, pension and provident funds, mutual funds, foreign institutional investors and domestic retail investors. Through our stable, long term relationships with our lenders, we have been able to borrow from a range of sources at competitive rates and have maintained adequate liquidity to meet our borrowing obligations and fund our growth, keeping a margin of safety.

In relation to our long-term debt instruments, we currently have long term ratings of AA (stable) from CRISIL, ICRA and CARE, and AA+ (negative) from Brickworks.

Further, in relation to our short-term debt instruments, we currently have short term rating of A1+ from CRISIL and ICRA.

Set forth below is our average cost of borrowing for half year ended September 30, 2022 and the last three fiscal years on a consolidated basis:

Year	September 30, 2022	March 31, 2022	March 31, 2021	March 31, 2020
Average cost of borrowing	8.45%	8.52%	9.00%	9.28%

Well-defined processes with a strong focus on technology

We believe our well-defined business processes ensure efficient achievement of organisational tasks and in turn effective service to our customers. Our robust credit approval and credit control processes, centralized operations unit, independent audit unit for checking compliance with the prescribed policies, and risk management processes and policies provide for multiple checks and verifications for both legal and technical parameters. Our loan approval and administration procedures, collection and enforcement procedures are designed to minimize delinquencies and maximize recoveries.

Further, we have a strong focus on digitization across all organisational functions and believe technology is a business enabler for our Company. Our technology driven processes aid in product innovation, reduced turnaround times, cost optimization and superior customer experience thereby creating balanced scalable growth models. We are incrementally leveraging technology to streamline processes across the loan lifecycle including sourcing and on-boarding, underwriting, administration, monitoring and collection in order to further improve turnaround times, enhance the quality of service provided to customers as well as achieve a higher degree of productivity within the organization. We believe technology driven processes will facilitate us to respond to market opportunities and challenges swiftly, help monitor process and performance, and improve our risk management capabilities.

We believe that our end-to-end digitized processes, robust loan management system and strong analytics abilities offer us a significant competitive advantage. Our systems have the capability of end to end customer data capture, computation of income, margin monitoring, collateral data capture, and repayment management. Our loan approval is controlled by the loan application system. Our systems are customised for our services and help us reduce turnaround time and enhance our processes and operational excellence. Our systems fully integrate businesses in every aspect bringing together various departments in simple transitions and customer information updates. Continuous enhancement of our technology capabilities allows us better informed decision making and faster execution along with strong internal control mechanisms.

We have completely digitized our business loans journey, right from customer on-boarding to underwriting,

disbursements and collections. We are collaborating with the fintech ecosystem to further enhance our platform and customer experience. With these strong partnerships, we intend to co-create solutions for enhanced experience in SME lending. We have launched 'My Money' app for paperless instant unsecured business loans. We have also launched instant loan disbursement via WhatsApp. We have enabled digital top-up to retain quality customers in home loan and secured MSME loan, wherein the entire journey is paperless – communication for accepting sanction letter and e-agreement is sent to eligible customers sent *via* SMS. The disbursement is automatic with no manual intervention.

Strong physical and digital footprint

A strong physical as well as digital footprint is very important in our business, as it increases reach and access to customers. Physical presence is required in the gold and micro finance business whereas a digital identity provides wider access in the home, personal and MSME loan categories. We have steadily expanded our branches over time and have 3,766 branches as of September 30, 2022. Our widespread branch network enhances the brand equity and enriches customer experience. Our branch network is well spread across Tier I/II and Tier III cities across the country, effectively providing credit to the underserved segments of customers in these areas. Our microfinance branches are well entrenched in rural and semi-urban areas as well, effectively serving the relevant customer segment. In line with our strategy to achieve greater digitization in the organisation and considering the ever increasing penetration of internet and mobile services in the country, we also have in place advanced technology led systems for loan applications through our website and portable tablet based applications. This caters to the growing section of population which prefers or is incrementally relying on digital channels to access services. Our cross-country branch presence coupled with well-developed digital infrastructure gives us a widespread presence across channels and enables us to access and service a diverse customer base and their multiple credit requirements. The Company in its board meeting dated April 28, 2022 approved making an application to RBI for obtaining approval in connection with prepaid payment instruments and issuance of credit cards.

Well established brand along with a strong and experienced management team

'IIFL' is a well-established brand among retail, institutional and corporate clientele in India. We believe we have benefited extensively from the Promoters' experience in the financial services industry to develop deep understanding of the market and related opportunities, gauge customer expectations and design suitable products for our target customer base.

We derive synergies from our group companies owing to the common brand. Our Company is able to leverage on the relationships of the promoter and the group companies for competitive advantage. IIFL Securities has a vast broker network and relationships with mutual funds, insurance companies etc which can be leveraged for cross sell of our loan products, cross sell insurance to our customers, and for raising funds. IIFL Wealth is one of the leading wealth management firms in the country and their large HNI customer base can be tapped for our bond placements, investments in real estate projects etc. Our company's wide branch network in turn offers reach and brand recognition, we are able to provide capital market funding to IIFL Securities clients and our vast customer base is a strong opportunity for cross sell of investment products and advisory services. All our group company transactions are strictly done on arms-length basis.

We are led by a qualified and experienced Board of Directors and key managerial personnel. The Board comprises nine directors with significant experience in the banking and finance sector. The members of our executive management team also have significant experience in the products and services offered by us. We believe that our senior management and experienced executives are and would continue to be the principal drivers of our growth and success in all of our businesses; and that their extensive relevant experience and financial acumen will continue to provide us with a distinct competitive advantage. Our management organization structure is designed to support each product line with a dedicated team of executives with substantial experience in their particular business segment.

Our Strategies

Our key strategy is to steadily grow high quality, diversified retail assets focusing on under-banked segments, with effective risk management and cost optimization through well-defined processes and leveraging technology. Key elements of our strategy are:

Address growing financial needs in under-served markets

With a significant portion of population still being outside the reach of the formal credit system, our Company believes in contributing to bridging the credit gap in the country. We aim to efficiently and effectively provide credit to the underserved segment of customers and our diversified offerings have been built on a sound understanding of customer

needs. With our widespread branch network, retail focus and a product suite catering to all classes of customers, we aim to contribute to financial inclusion in the country.

Build capacity and grow customer base through retail focus and geographic expansion

We are focused on high growth, dispersed risk- retail lending. We have innovatively designed our product and distribution strategies to fulfil our clients' credit requirements. Our product portfolio caters to all segments of customers – salaried, self-employed, informal sector, HNIs and corporates. We seek to further increase our presence in retail segments including home loans, gold loans, MSME and micro financing with an aim to capitalize on the opportunity arising from underserved customer segments as well as provide scale and diversify the risk across industries and collaterals.

We intend to utilize our extensive branch network to access a larger customer base and plan to expand our network as relevant with the aim of achieving deeper penetration in existing products and regions as well as tap new, lucrative markets. While assessing a potential branch site, we analyse the local market and proximity to target customers with the objective of providing ease of access to customers as well as enhancing brand visibility for the Company. Our diversification and expansion strategy aims to adapt to a constantly changing digital milieu, and thereby seize growth opportunities whilst remaining cognizant to associated risks to our value chain.

Achieve superior performance with further strengthening our operating processes and risk management system

We are focused on building a process driven organization with a culture of compliance, audit and risk management. Operations excellence and risk management forms an integral part of our business. Our processes have been standardized with the objective of providing high levels of service quality and we have implemented high levels of digitization in our operational processes which contribute to faster turnaround times with lesser incidence and occurrence of errors.

Our risk management procedures are integrated seamlessly across our business operations and ensure constant measurement and monitoring of various risks we are subject to. The risk management model involves initial management control at business entity level, risk control and compliance oversight functions and overall independent audit and assurance functions. We intend to continue to improve our operating processes and risk management systems that will further enhance our ability to manage the risks inherent to our business.

Continue to invest in digitization and technology which will reduce cost and improve efficiency

As retail lending needs a high degree of operational excellence and automation to reduce turnaround time, we have our own proprietary system for loan processing and booking. Our loan application system has been built in-house by leveraging the expertise of the business and technology teams. We regularly update our systems and continue to streamline our credit approval, administration and monitoring processes to meet customer requirements and maintain our risk profile. We continue to focus on developing and strengthening our technological capabilities to support our growth and improve the quality of our services.

Ensure effective asset-liability management, diversify borrowing sources and strengthen our credit profile

The Company has in place Risk Management Committee and Asset Liability Management Committee (“ALCO”), consisting of Directors and senior officials. They regularly meet and review the policies, systems, controls, and positions of the financing business. Since our Company is a non-deposit taking NBFC and has a varied product mix of lending portfolio resulting into maturities of loans in different time buckets, efforts are made to match the maturity of liabilities with those of the assets and minimize the asset liability mismatch. We monitor liquidity risk through our ALCO Committee with the help of fortnightly and monthly liquidity and Asset Liability mismatch reviews. This involves the categorisation of all assets and liabilities in different maturity buckets and evaluating them for any mismatches in any particular maturity bucket, especially in the short-term. The ALM Policy has capped the maximum mismatches in the various maturities in line with RBI guidelines.

We secure funding from a variety of sources to meet our capital requirements. We believe that we have been able to access cost-effective debt financing and reduced our average cost of borrowings over the years due to several factors, including our financial performance and improving credit ratings. We will continue to focus on developing a diversified funding model to achieve an optimum cost of funds while balancing liquidity and concentration risks. We believe we will continue to improve our credit ratings and thereby access a greater pool of diversified funding sources.

Capital Optimized Value Innovation Driven (COVID) strategy

We are slowly transforming to a new business strategy- from a lending institution to a lending platform, which is Capital Optimized Value Innovation Driven (COVID) strategy. Banks have a strong capital base and risk appetite whereas we have access to customers and advanced niche underwriting skills. Working together will turn into a win-win approach wherein banks profitably expand their retail and priority loan assets and we are able to leverage our capital resources more effectively. We have entered into Co-lending agreements with banks for Gold loan, Home loan and secured MSME loan. We have already commenced disbursements under these tie-ups and are gaining good traction.

Several fintech players have also partnered with us to get access to lending platform for their innovative strategies to source and underwrite. Our Company has formed a joint venture with SME-focused neo-banking platform Open Financial Technologies to establish a neobank that would cater to micro and small businesses' banking and credit needs.

We are uniquely placed due to our vast branch network to source, service & collect, strong online presence and proprietary technology and large base of existing customers coupled with a culture of innovation.

Our Products and Services

We operate in the following lines of business: (i) home loan; (ii) business loans including loans against property and medium and small enterprise financing (iii) gold loan; (iv) micro finance; (v) construction and real estate finance and (vi) capital market finance

Details of each product, originations, operations, underwriting policies and risk management are given below

Home Loans

Home loans include finance for purchase of flats, construction of houses, extension and for improvement in the flats/homes and for acquiring plots of land (which are intended to be used for construction of houses). Pricing of retail home loans is driven by the risk profile of the borrower, the product and market demand for the product. Loan applications are sourced through direct sourcing and other alternate channels. These loans are mortgage backed secured loans. Home loans are secured by equitable mortgage or a registered mortgage of the residential property, land, under construction residential/commercial properties and fully constructed properties, as applicable. As on September 30, 2022, our home loans accounted for 35.59% of the consolidated AUM with an average ticket size of ₹ 1.62 million, portfolio yield of 10.57% and tenor ranging upto 20 years. Collection efficiency for the half year ended September 30, 2022 stands at 98.49%.

Business origination

For our home loan business, we rely on multiple sourcing channels including our direct sales teams (DSTs), direct selling agents (DSAs), our website, walk-ins at our branches as well as cross-sell options. We have a stringent selection criterion for the recruitment of DSTs and a dedicated policy defining the norms to be complied with for empanelling a DSA.

Our target customers include salaried and self-employed individuals with low to middle range income levels. Self-employed individuals include both professionals and small business owners and salaried individuals hail from a broad spectrum of companies/firms across industries. We cater to the broad segment with a range of loans with suitable ticket-sizes.

Our loan on-boarding is majorly being done via portable mobile/tablet based applications which is provided to our sales teams/ DSTs. Our application is also embedded with basic credit appraisal checks for assessing proposals (up to pre-defined limits) using analytical scorecards (as per our internal policy) and applications are processed through the same. For proposals within acceptable scorecard criteria, an instant, in-principal approval is granted thereby reducing the turnaround time. For cases where additional details are necessary to be assessed, the DSA/ DSTs collect all requisite documents as per policy norms and submit to credit appraisal teams for assessment.

Credit policy and controls

For all our products, the credit policy is approved by the Board of Directors. The policy ensures multiple checks are conducted through the process. The appraisal model requires an independent credit appraisal process, which ensures superior quality of loans owing to multiple check points and standard processes.

We conduct digital underwriting for salaried and small ticket self-employed borrowers, which involves utilizing logical and rule- managers, in-built in the tablet application, to provide instant decision on eligibility of the prospective borrower. Loan proposals are evaluated on the various prescribed parameters defined in our credit policy such as past repayment history, income source, KYC and property acceptance norms.

Upon sourcing of a customer and obtaining their loan application, the loan officer submits all the requisite documents to the credit team for assessment. Our credit team consists of highly qualified professionals, experienced in various appraisal and due diligence processes. The credit underwriting is done as specified in the credit control policies and procedures manual, which includes the following:

- checking the eligibility based on defined credit parameters. If these parameters are met, then the case is logged in for further processing;
- performing various checks on the documents provided by the borrower to assess genuineness. These checks are done through an independent Fraud Control Unit;
- conducting in-person meetings and/or video PD with borrowers by our loan officers at their business premises or residence;
- conducting credit and financial background check on each borrower; and
- conducting legal and technical evaluation of the offered security. We have empanelled professionally qualified legal vendors and valuation agencies to carry out security evaluation for us. These vendors are supervised by our professionally qualified, independent legal and technical teams.

Risk management

The company has a dedicated risk management team which works to achieve the below mentioned objectives:

- to identify the various types of risks involved in the business;
- to define the methodology to measure/ quantify the risks;
- to control and mitigate the variety of risks involved in business;
- to specify the risk tolerance of the Company;
- to ensure regulatory and statutory compliance on risk management and prudential norms;
- to improve the asset quality of the Company by using risk management tools; and
- to maximize the return on equity with an acceptable level of risk, for the purpose of protecting, preserving and increasing the net worth of the Company.

Business Loans

Business loans include loans against property and small and medium enterprise financing.

Loan against property (LAP) is availed for working capital requirements, business use, acquisition of new commercial property. These loans are mortgage backed secured loans. Pricing of the product is driven by risk profile of borrower and the type of property being funded along with current prevailing property market rates.

In the medium and small enterprise financing segment (MSME), we provide working capital finance to small business owners. We provide small ticket loans, thereby being able to meet the needs of small scale businesses including standalone shops etc. This product helps facilitate customers having little or no access to banking channels, for loans, capital essential to keep their business running, and provides support to the plethora of micro and small-scale enterprises

that are crucial to India's economy. We use a combination of direct sales force and direct selling agents for our sourcing.

The pricing is driven by the risk profile of the borrower, the product and the market demand.

As of September 30, 2022, our business loans segment accounted for 14.44% of our AUM on a consolidated basis with an average ticket size of ₹ 0.86 million, portfolio yield of 17.59% and tenor ranging upto 12 years. 74.97% of the portfolio as on September 30, 2022 was collateralized. Collection efficiency for half year ended September 30, 2022 stands at 92.98%.

Business origination

Business loan facilities are extended to entities with profitable business operations for certain pre-defined period as a mandatory criterion.

We source these loans through multiple channels like direct sales teams (DST), direct sales agents (DSA), website, walk-ins at our branches, and cross sell. Incrementally, most of our low-ticket loan originations are being done using our proprietary portable tablet-based application. Upon lead identification, our sales executives equipped with tablets visit and obtain requisite information including identity and address proof, business financials, bank statements and income tax returns. The application is entrenched with basic credit appraisal checks using analytical tools which analyses the basic data obtained from customer. Upon preliminary assessment of basic parameters, an instant in-principle approval for the loan application is granted. For cases where additional details are necessary to be assessed, the DSA/DSTs collect all requisite documents as per policy norms and submit to credit appraisal teams for assessment. Our on-field presence provides greater convenience to our customers and increases access to customers for the Company without incurring additional operational costs.

Credit policy and controls

For all our products, the credit policy is approved by the Board of Directors, senior management members, risk and audit committees.

We undertake digital underwriting for small ticket loan borrowers where logical policy checks and underwriting rule engines are in-built in the tablet-based loan application as well as in the Loan Processing System. In most cases the digital underwriting process is sufficient to assess eligibility of a prospective borrower and provide instant credit decision. For appraisal of applications of big-ticket customers, multiple document checks, financial and credit history and risk control checks are carried out and assessment is conducted/considered by various credit committees and at the board level, depending on the value of the transaction. Senior members of the credit teams are empowered at the local level to take credit decisions. Credit team members are authorized to underwrite and approve the cases depending on the value of the transaction and assigned approval authority.

In accordance with our credit policy, once a customer has been identified and has completed an application, the loan proposal is evaluated on the prescribed parameters such as past repayment history, income source, KYC and business profile. Credit underwriting is done as specified in the credit control policies and procedures manual.

The credit appraisal process is summarized as follows:

- Bureau Credit score is the gatekeeper for accepting a loan application. If score parameters defined in policy are met, then the case is logged in for further processing.
- Various checks are performed on the documents provided by the borrower to assess genuineness. These checks are done through an independent fraud control unit.
- Depending on the loan size, our loan officers either connect digitally or meet the borrowers at their business premises and carry out a personal discussion.
- A credit and financial background check on each borrower is mandatorily conducted.
- For collateralized loans, we conduct legal and technical evaluation of the offered security. We have empanelled professionally qualified legal vendors and valuation agencies to carry out security evaluation for us. These vendors are supervised by our professionally qualified, independent legal and technical teams.

In addition to the aforesaid, we have empanelled experienced and qualified vendors and agencies to carry out customer profile evaluation for us. These vendors are supervised by our independent credit and fraud control team.

Risk management

Our robust risk management procedures include monthly portfolio quality reports 'analysis and portfolio performance review TTD (Through-The-Door) population monitoring based these reports. We generate, analyse and review extensive MIS reports which are broken down by multiple segments (sourcing channels, salaried/ self- employed etc.) in order to better understand each segment we are active in, logically analyse performance trends and mitigate potential/perceived risks in the portfolio by way of modification in credit policy or other measures as relevant.

Gold loans

We offer loan against gold to small businessmen, vendors, traders, farmers and salaried people for their personal needs as well as for working capital needs, at competitive rates and a fast turnaround time. We provide a range of schemes for our customers' diverse requirements along with multiple disbursal modes and repayment options for convenience of transacting.

As at September 30, 2022, gold loans accounted for 32.24% of the consolidated AUM with an average ticket size of ₹ 0.07 million portfolio yield of 17.45% and tenor upto 2 years. Collection efficiency for the half year ended September 30, 2022 stands at 101.47%.

Business origination

We source clients directly at our branches which are conveniently spread across the country to grant ease of access to our diverse customer base, along with sourcing through our website, other online channels, customer referrals, DSA and partners. Our sales staff periodically conduct promotional activities and events around the catchment areas to drive visibility and generate leads. The campaigns create awareness on the various schemes on offer and contribute to brand recall. The fulfilment of all gold loan leads sourced are through branches or at customer doorstep.

Once a prospective customer walks into any of our gold branch, the customer care executive in the branch explains the various product schemes on offer and helps in identification of best scheme for the customer based on the current requirement. In case of doorstep service, loan manager explains the scheme on offer based on customer requirement. Upon selection of a suitable scheme by the customer, the customer care executive enters client details and uploads mandatory KYC documents into our in-house loan origination tablet application. This application is equipped to screen customers for earlier defaults, frauds and presence in negative customer list as circulated by concerned regulatory and government bodies from time to time.

Credit policy and controls

Post successful authentication of the mandatory documents, the customer proceeds for valuation where the physical gold is valued independently by an experienced team of valuers. Dual underwriting helps in enhancing controls further. We follow a strong verification process and our officers are certified and trained in asset quality practices. The pricing is driven by the risk profile of the borrower, the product and the market demand.

Our branch staff are trained to observe and/or handle fraudulent customers by observing their behaviour, verifying ownership of the gold and matching the jewellery with customer profile or location. For some of high ticket loans, a secondary evaluation may be required to be conducted by an independent internal auditor. After our branch staff have opened and verified the loan account, the loan is sanctioned/approved by the appropriate authorities. The disbursal is processed post completion of mandatory checks as per our credit policy.

Risk management

Ensuring the safety and security of the branch premises is vital to our business since our cash reserves and gold inventory are stored in each branch. The gold ornaments pledged with us are kept in a tamper proof packet with its details mentioned on the packet and then placed into a fire and burglary proof vault. The branch is also under centralised electronic surveillance at all times.

We follow mark-to-market process for valuation of the underlying collateral. In the event of drop in gold prices, collection is initiated from the customer to cover the margin. IIFL reserves the right to sell the collateral in the event of fall in prices

below prescribed threshold.

Majority of our loans go through an audit process at a transaction level where, apart from a valuation done by independent valuers at the time of loan disbursement, an experienced and trained audit executive re-appraises the pledged jewels to ensure the purity of the gold is the same as mentioned. Basis risk based sampling criteria, gold loan cases are audited by our audit executives, customers' KYC and financing documents are also checked and scrutinised by offsite auditors and additionally, fraud triggers in place are well defined and identify early warning alarms of unusual behaviour and suspicious customers.

Micro finance

In the microfinance segment, we offer credit support to women who have either limited or no access to formal banking channels. We provide financial services to the economically weaker sections of society with an aim to bring microfinance services to the doorstep of the rural and semi-urban BoP (Bottom of Pyramid) families in India. Loans are offered under various categories such as income generation, education, emergency etc. We follow the Grameen Model (also regarded as "JLG" or Joint Liability Group). Through the model, loan is disbursed to each individual in the group, and the group guarantees for each other's loans.

As of September 30, 2022, the segment accounted for 12.16% of our AUM on a consolidated basis with an average ticket size of ₹ 0.03 million, portfolio yield of 22.38% and tenor upto 2 years. Collection efficiency for the half year ended September 30, 2022 stands at 94.75%.

Business origination

Before establishing any branch, a detailed area survey is conducted at field level which takes into account the credit culture, economic activity, political stability law and order situation, occurrence of natural events, demographic detail etc. Based on the area survey reports assessment, an approval will be signed off jointly by risk and business team centrally, thereby the Company is able to minimise the risk of operating in high risk areas.

A customer relationship officer is responsible for customer acquisition and maintenance while a branch manager and credit manager scrutinize and validate KYC documents. We have a dedicated credit manager at every branch, who carries out all the pre-disbursement checks in addition to that done by the branch manager, which helps in establishing the veracity of application documents. The loan application is processed only after the branch manager approves the customer upon physical verification of customer's address and documents provided.

Credit policy and controls

We require each member seeking a loan from us to submit an application in the centre meeting that is managed by our customer relationship officers. Once complete, a new loan application is only accepted at a group meeting if the majority of members in a group are present. Once we have accepted the loan application, we review the information provided by the member on items such as the purpose of the loan, the amount, and the relevant expertise of the member in the business, as well as the experience, if any. We also review the previous loan of customers with us as well as other lenders through the credit bureau reports.

A credit check is done mandatorily for all customers through an automated system integrated with the credit bureau. Apart from this, certain parameters are analysed to verify the customer's credit-worthiness and also to ensure they are not overburdened.

We approve new loans based on internal credit approval process and reports from credit bureau.

This approval process comprises of the following steps:

- credit bureau checks;
- consent from the centre/group members;
- customer understanding on company process and policy;
- customer agreement for joint liability conditions; and
- approval of loan application by the branch manager and scrutinising of the customer documents by branch credit manager.

Most of the application and approval mechanism is controlled through the technology so that policy and regulatory

aspects are adhered. In addition to this, we do have a maker checker concept at the branch to reduce the errors and to ensure proper control over the laid down process and policies.

Risk management

The initial focus of our loan portfolio management efforts is on our customer relationship officers, who are given primary responsibility for both the issuance of loans and the collection of repayments from our borrowers. They also regularly conduct checks or reviews of our borrowers and the end use of loans.

We regularly monitor defaults in the field and get in touch with the field teams to conduct prompt follow up. Central teams also report the observations to the management and seek guidance for further action to improve collections. In addition, we have an internal audit team, which reports on the exceptions in operational, system and other processes.

We have in place a dedicated risk management team to analyze and identify the risks associated with each line of business and suggest suitable policy and process changes to reduce the identified risks. The identified risks are reported & reviewed in the Product risk management committee on a regular basis and the risks associated with the enterprise as a whole are reported on a quarterly basis through Risk Management Committee to the Board for review.

Code of conduct and Fair Practices Policy as stipulated by the regulator has been adopted and the same is communicated to the field team so as to address any potential reputational risks. A dedicated vigilance team has been constituted which conducts regular screening of branch centers, and customers to identify frauds at an early stage and also to suggest suitable recommendations to prevent frauds.

Construction and Real Estate finance

Construction and Real Estate finance includes loans to developers for construction and development of predominantly affordable residential projects and a small proportion of mixed-use projects. In line with our broader retail strategy, the construction finance vertical is an enabler for providing retail loans under the approved project route, the Company has tie-ups with developers for funding the property buyers under the retail home loan category.

As at September 30, 2022, our construction and real estate finance accounted for 4.69% of the consolidated AUM with an average ticket size of ₹ 215.56 million, portfolio yield of 15.34% and tenor upto 5 years or till completion of project sales or to a maximum of 6 months after the legal completion date, whichever is earlier. During the Fiscal 2022 a significant part of the CRE asset portfolio has been sold to an AIF.

Business origination

In the real estate financing business, we endeavour to enter into and maintain a relationship with the client, understanding their business requirement and structuring appropriate mix of construction finance option to the developer. In order to determine demand and supply in a market, we conduct surveys, either directly or through external vendors. We lend largely to residential projects and developers that are not subject to any concentration risks. We have also formulated a prudent lending criteria for borrowers in this segment.

Our sales teams meet with clients for deal origination and receive preliminary information. A name clearance memorandum is generated for the credit committee of the Board and post the committee's deliberation, the borrower may be considered for a loan. Our team then proceeds to collect requisite information and documentation from the prospective customer, prepares a proposal with case details for relevant authorities to review and logs the case into our loan management system for further processing.

Credit policy and controls

The loan application submitted by the sales team is checked for various parameters including the completeness of the application form, relevant KYC documents, etc. A legal and technical assessment by reputed external vendors is initiated to verify the authenticity of the documents, the legal title to the collateral property and its market value. Our credit team also conducts in-person meeting with the prospective customer to gain understanding of their business, revenue streams, expenses and cash management. The credit team then prepares a credit appraisal note which is sent to our sanctioning authority for final approval.

We follow a strict underwriting and risk assessment mechanism for our real estate loan cases, which include the following:

- *Borrower group and promoter profile check*: wherein we check the developers' past and ongoing project details, financial and banking details, debt history and other outstanding loans etc.
- *Project assessment/overview*: wherein, in case of a developed/partially developed project, we check the location, total saleable area, number of units available for sale and the market conditions in the geographic region for assessing demand etc; and in case of a new/under construction project, we check the committed commencement and completion dates, percentage of work done, total cost incurred and projections for the planned duration of the project.
- *Financial performance appraisal*: which involves an in-depth assessment of the financial statements and health of the developer using ratio analysis, sensitivity analysis, credit worthiness assessments and total project cost and expected sales assessments.
- *Collateral/security evaluation by external agencies*: which involves assessment of the external valuation report along with various approvals received by the developer for the project, and the title search report.
- *Cash flow and sensitivity analysis*: wherein cash flows of the project are analysed on the rationale of sales, construction, approvals, contingencies and debt cost assumptions. A sensitivity check is performed to ascertain the project level debt service coverage ratio.
- *Completion of requisite documentation*: Prescribed financing documents and KYC documents are obtained and included in the loan application file.

Risk management

Our construction and real estate loan application proposals are screened by the senior management and a multi-level committee depending on the loan amount. We seek to mitigate the risk of default by including specific covenants in the financing documentation in addition to our general terms and conditions, on a case-to-case basis.

Our risk management system involves monitoring projects and assessing the facility on a regular basis. Strict project monitoring process post disbursement is followed which includes a quarterly site visit by the technical manager to evaluate technical progress of the project, monitoring of fund transfers, NOC issuances and sales, audit of escrow account, and annual asset quality review. Performance of the portfolio is also regularly reviewed at senior management level and suitable actions are taken either by change in credit policy or by other requisite actions.

Capital Market finance

Our capital market finance products are short term loans secured by pledge of listed equity shares, vested ESOPs, equity and debt mutual fund units, structured notes, bonds, debentures and collateral as approved by the credit policy ("**Approved Securities**"). In case of IPO financing, margins are dependent on over subscription of the issue.

As at September 30 2022, our capital market finance accounted for 0.88% of our AUM on a consolidated basis with an average ticket size of ₹ 14.66 million, portfolio yield of 12.31% and tenor upto 2 years. Capital market finance includes loan against shares, mutual fund units, debentures etc., margin funding, IPO financing and ESOP financing.

Business origination

In our loan against security product we offer an opportunity to borrowers generally HNIs, corporates, private trusts, HUFs, limited liability partnership firms etc. to monetise their investments (listed equity shares, mutual fund units, structured notes, bonds, debentures etc.) in order to raise capital for their personal, investments, or business financing needs. The shares or securities are generally very liquid, from high quality companies, and highly valued securities. The amount depends on valuation of the shares, margin allowed by the company, and client's past credit history.

The origination/sourcing team is our group wealth and broking entities which directly meets with clients for deal origination and receives preliminary information

Credit policy and controls

A proper due diligence is conducted on the profile of the borrower and collateral offered for the loan, keeping in mind the concentration risk involved against the funding of the particular security at borrower level as well as entity level. The

eligibility criteria for loan are very stringent with regards to borrower profile and nature of the security. The proposals are presented to the credit committee who decides on the final eligibility of a particular client before sanctioning the loan.

Upon sourcing a customer and obtaining a loan application along with the relevant documentation, the relationship officers fill in the case details on the online loan management portal or in hard copy format and hand over the documents and credit appraisal note to a credit officer. Thereafter, credit bureau checks and other relevant checks like watchout investor, google search, SEBI search etc. are conducted to identify any fraudulent activity at an early stage by our credit team. A credit bureau report is then generated where the credit score of the applicant is reviewed along with a track record of loan repayments, where relevant.

The loan application is checked by our internal audit team for various parameters including the completeness of the application form, relevant KYC documents, and income proofs, where applicable. Upon the receipt of security documents, which are to be used as collateral, the disbursement officer initiates a legal and technical assessment, to verify the authenticity of the collateral, the legal title to the collateral and its market value. A personal discussion is conducted by our credit managers over the telephone as well as through in-person meetings at the customer's house or place of business to understand their business, revenue streams, expenses etc., and based on income validations, determine their loan eligibility.

The credit risk team sends documents to the credit committee or sanctioning authority for final approval. We use a risk based pricing matrix to determine the interest rate to be charged for different loans. We seek to mitigate the risk of default by including specific covenants in the financing documentation in addition to our general terms and conditions, on a case-by-case basis.

We have implemented a robust process of credit assessment comprising:

- *Underwriting:* We have a credit team comprising credit managers and disbursement officers who conduct an independent verification of customers, evaluate their securities, and analyse their ability to repay loans;
- *Legal assessments:* We conduct legal assessments through our in-house team of lawyers and by engaging external vendors who help us perform functions such as the verification of documents and title to securities;
- *Technical assessments:* We conduct technical assessments through our in-house team of internal audit and by engaging external vendors who help us perform functions such as conducting valuation of collateral and the periodical review of overall portfolio; and
- *Risk Control Unit:* Our risk containment unit conducts credit bureau checks, security checks, scrutinizes documents, visits certain customers and seeks to identify fraud at early stages. They also conduct risk assessment of the portfolio on daily basis to maintain a healthy portfolio within the regulatory purview. Daily mark to mark valuation of securities is performed by the risk team so as to track portfolio quality and take necessary corrective action.

Risk management

A robust risk management process is conducted on a daily basis on the overall portfolio to maintain the portfolio quality.

The prices of the securities are updated daily on the basis of end of day price file received from the stock exchanges. On volatile days price files are uploaded on a real-time basis. The clients are then intimated of the margin shortfalls by business teams via phones/emails/letters. The collateral in the loan management system is reconciled with the securities lying with the depositories on a daily basis through an automated process by the operations team. Margins on each of the loans are monitored on regular basis and further margin is called for as and when the need arises. This helps us to maintain comfortable margins and enables us to mitigate risks against potential defaults. Margin calls are sent to clients on a daily basis and in case of a shortfall when the client is unable to maintain the margin, the loan value is realised through the sale of the securities at the earliest. Our centralized risk management system helps us monitor our client's credit exposure on a real time basis, enabling us to make margin calls on a dynamic basis and take suitable action in volatile markets.

Operational controls

We have well defined policies and procedures that help maintain operational control across the lifecycle of the loan. The function is independent and centralized and among other tasks, majorly checks loan cases for adherence to policy parameters. For every loan proposal, disbursements are approved by the front-end operations after conducting proper non-discrepancy checks.

Collections and monitoring

We have developed a comprehensive collection mechanism leveraging both technology and on-field strength. Our collection mechanism strategy is centred on four important pillars comprising centralized tele-calling centres, on-field collection agents, NPA collection teams and legal recovery teams.

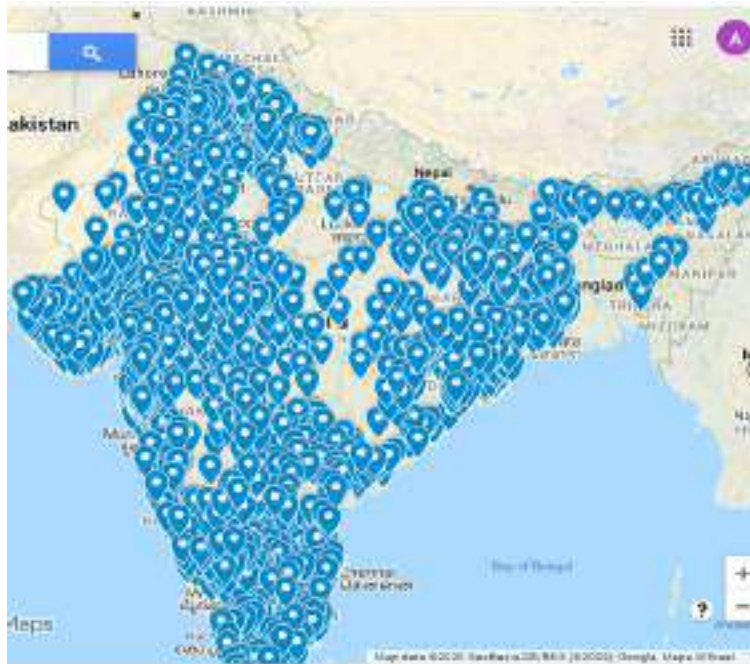

At the time of loan disbursement, customers are provided with various payment options like automated clearance house, cheque, ECS and digital mode (Quick Pay and Virtual Account). Prior to monthly EMI due-date, customers are reminded of their dues either in form of voice-blasts or SMS reminders. Customers are also sensitized about the implication of default on their credit history and bureau score.

For customers defaulting on payments, collection visits are carried out by our field agents to collect instalments in various methods. Our field agents have the responsibility for a specified number of borrowers, depending on the volume, past collection performance and business performance in the region. Additional measures are undertaken in order to balance customer accounts and effectively manage performance on periodic basis. We ensure that there is continuous monitoring of all customer accounts by collection agents, especially for strategic high-ticket cases and adopt various collection strategies (including legal and settlement) on a case-to-case basis.

Considering our business caters to diverse clientele, our company has a separate in-house collection mechanism for various products depending upon product characteristics, business origination type and legal recovery options. For a customer defaulting on payments, reasons for default are identified and prompt actions are initiated pursuant to well-defined internal collection policy. For secured loans with customers' default, our company may initiate the process for repossessing collateral. In spite of regular reminders with strong efforts of collection teams, if the customer continues to default over a period of time, and in cases where there is suspicion on customer's intent to service the loan, legal action is initiated. A dedicated team is in place for review of high delinquent geographic locations or resolution of certain strategic cases. Additionally, an experienced legal team having extensive experience in various legal recovery mechanisms has been established for supporting the collections teams. Provisioning norms

The Company recognizes loss allowances using expected credit loss (“ECL”) model. Primarily, ECL accounts for credit losses in future based on observed portfolio behaviour. ECL Credit losses can be considered as difference observed between contractual future cash inflows and expected cash inflows. ECL accounts for two major characteristics: current behaviour of a financial instrument and observed portfolio losses in the portfolio over a period of time considering the time value of money and has following important parameters:

Exposure at default – Estimate of contractual cash inflows in future as on reporting date

Probability of default – Indicator of likelihood of default of financial instrument for a time period

Loss given default – Indicator of normalised loss incurred post default of financial instrument

Stage 1 includes financial instruments that have low credit risk as on the reporting date. For such assets, 12-month expected credit losses are computed on the exposure and interest revenue is accounted on gross asset value (without considering expecting credit losses). ECL is computed based on expected default events within 12 months since reporting date. It is a measure of likelihood of low credit risk portfolio transitioning to high credit risk (and losses post its transition) in next 12 months (“**Stage 1**”).

Stage 2 includes financial instruments that have higher credit risk than Stage 1 but with no objective impairment evidence. For such assets, lifetime expected credit losses are computed on the exposure yet interest revenue is accounted on gross asset value (without considering expecting credit losses). ECL is computed based on expected default events over the balanced loan tenure (“**Stage 2**”).

Stage 3 includes financial assets that have high credit risk and are considered default as per regulatory norms at the reporting date. For these assets, losses are computed based on empirical data and interest revenue is accounted on net asset value (considering credit losses) (“**Stage 3**”).

Further, additional provisions are provided for certain weak accounts.

Sales and Marketing

Marketing activities for our Company are managed by our marketing and corporate communications department. Through in-house teams, external creative agencies and execution partners, the marketing department conducts various activities ranging from brand awareness, product awareness, creative development, lead generation activities and enhancing customer experience, with a focus on aligning product communication to create an economic, social and environmental impact and an overall aim to make our brand ‘IIFL’ the brand of choice for its customers. The above activities are implemented through various modes such as broadcast media (TV, print, radio), digital assets (website, social media platforms), digital advertising, out-of-home media and on-ground activities.

Risk and Asset-Liability Management

Risk management is a key element of our business strategy and is integrated seamlessly across all of its business operations. The objective of the Company’s risk management process is to manage the risk-return equation and ensure meticulous compliance to all extant laws, rules, and regulations applicable for its business. We take a holistic view of risk management and undertakes an enterprise-wide risk management approach under the Enterprise Risk Management (“ERM”) framework.

In order to address the risks that are inherent to our business, we have developed a risk management architecture that includes monitoring by our Board through the Audit Committee, the Asset Liability Committee and the Risk Management Committee. We adopt a ‘three lines-of-defence’ model wherein management control at the business entity level is the first line of defence in risk management. Various risk control and compliance oversight functions, established by the management are the second line of defence. Finally, the third line comprises the internal audit/assurance function. In order to maintain financial soundness of the company, it seeks to promote a strong risk culture throughout the organization. All major risk classes viz credit risk, market risk, operational risk, fraud risk, liquidity risk, business risk and reputational risk are managed via well-defined risk management processes.

Risk	Risk Response Strategies
Credit, liquidity and finance risk	<p>Our Company has separate multi-level credit and investment committee, consisting of Directors of the Board/head of the departments, to consider medium to large credit proposals. However, smaller proposals are decided at appropriate level as per the approval matrix.</p> <p>The Company has in place a risk management committee and asset liability management committee (ALCO), consisting of directors and senior officials. They regularly meet and review the policies, systems, controls, and positions of the financing business. The committee reviews the risk management processes, covering credit and underwriting controls, operations, technology and compliance risks.</p> <p>Liquidity risk arises due to non-availability of adequate funds or non-availability of adequate funds at an appropriate price, or of appropriate tenure, to meet our business requirements. This risk is minimised through flexibility in funding mix by way of sourcing the funds through money markets, debt markets and banks to meet its business and liquidity requirements. Also Priority sector qualified assets available for securitization gives ontap liquidity comfort to the company.</p> <p>We monitor liquidity risk through our ALCO Committee with the help of fortnightly and monthly liquidity and Asset Liability mismatch reviews. This involves the categorisation of all assets and liabilities in different maturity buckets and evaluating them for any mismatches in any particular maturity bucket, especially in the short-term. The ALM Policy has capped the maximum mismatches in the various maturities in line with RBI guidelines.</p>
Technology Risk	<p>Our management periodically reviews various technology risks such as protecting sensitive customer data, identity theft, cybercrimes, data leakage, business continuity, access controls, etc.</p> <p>We have put in processes, systems and tools for ensuring vigilant monitoring, audit logging and suspicious activity reporting.</p> <ul style="list-style-type: none"> • Robust Business Continuity Framework including Business Continuity Plan (BCP) is in place and BCP was invoked one week before the lockdown. BCP Plan was regularly being tested in form of periodic BCP drills from alternate working sites with report submissions to Top Management and Board by Business Continuity Crisis Management Team (BCCMT) and Quick Response Team (QRT). • Sustained compliance with respect to various BCP Advisories in view of Covid-19 from applicable regulatory bodies. <p>We successfully completed the ISO 27001:2013 annual re-certification in December 2021. During the year, many processes are automated to reduce the risk of manual error and frauds.</p>
Compliance Risk	<p>We have implemented business-specific Compliance Manuals, limit monitoring systems and AML/KYC policies.</p>

Risk	Risk Response Strategies
	The compliance requirements across various service points have been communicated comprehensively to all through compliance manuals and circulars. To ensure complete involvement in the compliance process, reporting processes have been instituted by heads of all businesses/zones/area offices and departments, through submission of quarterly compliance reports. The compilations of these reports are reviewed by the Audit Committee/Board and are also submitted to regulatory authorities, periodically. Besides, the internal auditors verify the compliances as part of their audit process.
Operational risk management	Operational risk is the risk of loss resulting from inadequate or failed internal processes, people, systems and controls or from external events (as defined by Basel Committee on Banking Supervision). Independent operational risk management team reporting to the risk head is in place which is responsible for coordinating all the operational risk activities including building an understanding of the risk profile, implementing tools related to operational risk management, branch operations, cash handling, customer lifecycle management, etc., and working towards the goals of improved controls and lower risk.
Credit risk management	Credit Risk is a measure of loss arising due to failure of borrower to meet the contractual obligation of repayment as per agreement. Our Company has defined processes for identification, ongoing assessment and mitigation of credit risk for various products on regular basis. Our Company routinely monitors credit risk including asset impairment risks and ensures compliance within the board approved policies and risk limits. Additionally, we monitor risk concentrations based on various characteristics. Portfolio reviews are undertaken on monthly basis highlighting behaviour of products on various financial and non-financial parameters. Our Company's credit concentration monitoring is undertaken on continual basis. Our Company has board-approved policy capping credit concentration to entities. This is effectively undertaken to ensure avoidance of default of large exposures affecting our Company's financial performance.
Fraud Risk Management	Our Company has a comprehensive Fraud Risk Management framework in place with an independent Fraud Control Unit (FCU) team responsible for fraud prevention, fraud detection and fraud investigations supported by offsite Audit team, internal audit function, outsourced verification vendors and fraud analytics.

Internal Controls

The Company has an Internal Control System which is commensurate with the size, scale and complexity of its operation. The Internal Audit team monitors and evaluates the efficacy and adequacy of Internal Control systems in the Company, its compliance with operating systems and accounting procedures. Based on the report of the Internal Auditor, process owners undertake corrective action in their respective areas and thereby strengthen the controls. Significant audit observations, if any and corrective actions and implementation thereof are presented to the Audit Committee of the Board. Status of resolution tracking as well as pending issues is reported to senior management and audit committee of the Board on a regular basis as an 'Action Taken Report'.

Human Resources

Our human resource management systems and processes are future ready and go hand-in-hand with the demands of the business and environment. We have got a scalable talent acquisition system which seamlessly interacts with business and stakeholders to hire and onboard talent. Training and development which is central to our people development theme has the right mix of classroom, online, MDP trainings and certification courses.

We have been taking employee feedback through our annual Pulse Survey, which enables us to constantly recalibrate our policies and initiatives and improve on areas, based on the feedback. As of September 30, 2022, the Company (along with its subsidiaries) has a strong workforce of 32,452 employees on a consolidated basis.

Corporate Social Responsibility

On the social front, IIFL Foundation (the CSR arm of the group) has undertaken many initiatives for community welfare, with a special focus on education. Out-of-school children are one of the biggest challenges in India today and to address this, IIFL Foundation's Sakhion ki Baadi (SKB) is an initiative aimed at eradication of female illiteracy from Rajasthan, by setting up community based non-formal learning centres for girls in the age group of 4 years to 14 years old. The

learning centres are established in the areas dominated by native Scheduled Tribe communities, where girls often dropout of school or are never enrolled at one. The lockdown phase brought quite a few 'blessings in disguise' for us. Since our SKB learning centers were brought to a halt, owing to the imposed lockdown, our team started to build an online connect with the children over apps like Google meet and Zoom. As on March 31, 2022, 32,264 girls have enrolled. The children, those who have access to mobile phone and internet connectivity are now learning from their teachers over Google meet. Since the onset of pandemic, schools and students have faced numerous challenges to keep the educational activity sustained. Owing to the nature of threat (Covid-19), classroom sessions have been moved to 'online sessions', which require access to a Device (Mobile/ Laptop) and Internet connectivity. IIFL Foundation has donated 200 Android Based Tablets to students attending Govt. School at rural villages in Rajasthan. The devices have been offered to those attending 9th, 10th, 11th and 12th class & are in crucial years of their academic career. The android based tablets are equipped with the 'Diksha App', offering learning material developed by Ministry of Education (Govt. Of India) that can be accessed offline as well. The devices shall be used by students as a shared resource.

IIFL Foundation donated 165 oxygen concentrators at Maharashtra and Rajasthan to Primary Health Care Centres (PHCs) & Govt. Hospitals. The machines were handed to the local authorities – District Collector (IAS) and Chief Medical & Health Officer (CMHO) of the respective blocks. The oxygen concentrators were installed at the Primary Health Care Centres (PHCs) & panchayat offices at village level. IIFL Foundation also partnered with central and state governments to start Maharashtra's first Covid-19 vaccine delivery through drones to reach the inaccessible terrains in Jawhar taluka of Palghar district.

Competition

Our Company offers a diversified range of products including home, gold, business and micro finance loans, loans against property and loans against securities. These are provided to a broad segment of customers including salaried and self-employed personnel and corporates. We face competition primarily from other NBFCs. The major competitive factors among the peer group are an extensive branch network, greater funding capabilities, wider range of products and services, and advanced technology offerings.

Insurance

Our Company has insured its various properties and facilities against the risk of fire, burglary, breakdown of office equipment, risk of financial loss due to fraud and other perils including public liability which covers the legal liability arising out of third party bodily injury or third-party property damage in company premises. Our Company has obtained money policy to cover "money in safe and till counter and money in transit" for the branches and various offices.

Our Company also has in place a group insurance policy for its employees and their dependent family members, group term life and group personal accident policies, which provide uniform benefits to all the employees.

Further, our Company has a Directors and Officers Liability Policy which provides a cover for the personal liability of directors and officers arising due to wrongful acts in their managerial capacity.

For a discussion of certain risks relating to our insurance coverage, please see the section "*Risk Factors – Internal Risks and Risks Associated with our Business – Our insurance coverage may not adequately protect us against.....*" on page 37.

Information technology is used as a strategic tool which comprises industry standard business applications and robust IT infrastructure setup which are used to manage business operations which improves our overall productivity and efficiency and provide seamless and world class experience to our customers. We believe that through our information systems and adequate controls we are able to manage our nationwide operations efficiently, market effectively to our target customers, and effectively monitor and control risks. Business applications including loan operating system are designed, developed and implemented to meet our business and regulatory requirements round the clock and is being used in all our branches across India to manage business operations, improve customer services and efficiency from time to time. IT and Information security and processes are aligned with RBI Master Directions, ISO 27001 and Industry best practices and industry standard security solutions are implemented to control security and Cyber Risks.

Treasury Operations

Our treasury operations are mainly focused on meeting our funding requirements and managing short term surpluses. Our funding requirements are currently predominantly sourced through term loans, issuance of debentures, commercial paper and securitisation of receivables. We believe that through our treasury operations we are able to maintain our ability to repay borrowings as they mature and obtain new loans at competitive rates. Our treasury department undertakes liquidity management by seeking to maintain an optimum level of liquidity and complying with the RBI requirements of asset liability management. The objective is to ensure smooth functioning of all our operations and at the same time avoid the holding of excessive cash. Our treasury maintains a balance between interest earning liquid assets and cash to optimize earnings. We actively manage our cash and funds flow using various cash management services provided by banks. As part of our treasury activities we also invest our temporary surplus funds in fixed deposits with banks, liquid debt-based mutual funds and government securities. Our investments are made in accordance with the investment policy approved by the Board.

The RBI regulates and supervises activities of NBFCs. Chapter III B of the Reserve Bank of India Act, 1934 (“**RBI Act**”) empowers the RBI to regulate and supervise the activities of all NBFCs in India. The RBI Act defines an NBFC under Section 45-I (f) as:

- (i) *“a financial institution which is a company;*
- (ii) *a non-banking institution which is a company and which has as its principal business the receiving of deposits, under any scheme or arrangement or in any other manner, or lending in any manner;*
- (iii) *such other non-banking institution or class of such institutions as the RBI may, with the previous approval of the Central Government and by notification in the Official Gazette, specify.”*

Section 45-I(c) of the RBI Act, defines “financial institution” to mean any non-banking institution which, among other things, carries on the business of, or part of its business of, financing, by way of making of loans or advances or otherwise, of any activity other than its own; the acquisition of shares, stock, bonds, debentures or securities issued by a Government or local authority or other marketable securities of a like nature, leasing, hire-purchase, insurance business, chit business but does not include any institution whose principal business is that of carrying out any agricultural or industrial activities or the sale/purchase/construction of immovable property.

The RBI has clarified through a press release (Ref. No. 1998-99/ 1269) dated April 08, 1999, that in order to identify a particular company as an NBFC, it will consider both the assets and the income pattern as evidenced from the last audited balance sheet of the company to decide its principal business. The company will be treated as an NBFC if (a) its financial assets are more than 50 per cent of its total assets (netted off by intangible assets); and (b) income from financial assets should be more than 50 per cent of the gross income. Both these tests are required to be satisfied as the determinant factor for principal business of a company.

Every NBFC is required to submit to the RBI a certificate, from its statutory auditor within one month from the date of finalization of the balance sheet and in any case, not later than December 30 of that year, stating that it is engaged in the business of non-banking financial institution requiring it to hold a certificate of registration.

With effect from 1997, NBFCs were not permitted to commence or carry on the business of a non-banking financial institution without obtaining a Certificate of Registration (“**CoR**”). Further, with a view to imparting greater financial soundness and achieving the economies of scale in terms of efficiency of operations and higher managerial skills, the RBI has raised the requirement of minimum net owned fund (“**NOF**”) from ₹ 2.5 million to ₹ 20 million for the NBFC

which commences business on or after April 21, 1999 also it shall be mandatory for all NBFCs to attain a minimum NOF of ₹ 20 million by the end of April 1, 2017. Further as per RBI Scale based regulation (SBR) circular dated October 22, 2021 it shall be mandatory for NBFC ICC to achieve NOF of ₹ 5 crore by the end of March 31, 2025 and ₹ 10 crore by March 31, 2027.

NBFCs are primarily governed by the RBI Act and the RBI Master Directions. In addition to these regulations, NBFCs are also governed by various circulars, notifications, guidelines and directions issued by the RBI from time to time.

Although by definition, NBFCs are permitted to operate in similar sphere of activities as banks, there are a few important and key differences. The most important distinctions are:

- An NBFC cannot accept deposits repayable on demand – in other words, NBFCs can only accept fixed term deposits;
- NBFCs do not form part of the payment and settlement system and cannot issue cheques drawn on itself; and
- Deposit insurance facility of Deposit Insurance and Credit Guarantee Corporation is not available to depositor of NBFCs.

NBFC classification and principal business criteria

Section 45-IA of the RBI Act makes it mandatory for every NBFC to get itself registered with the Reserve Bank in order to be able to commence any of the aforementioned activities.

NBFCs are primarily governed by the RBI Act, the Scale Based Regulation (SBR): A Revised Regulatory Framework for NBFCs, the Master Direction – Non-Banking Financial Company – Non-Systematically Important Non-Deposit taking Company (Reserve Bank) Directions, 2016, Master Direction - Non-Banking Financial Company - Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016, Peer to Peer Lending Platform (Reserve Bank) Directions, 2017, Master Direction- Non-Banking Financial Company - Account Aggregator (Reserve Bank) Directions, 2016, and Reserve Bank Commercial Paper Directions, 2017. In addition to these regulations, NBFCs are also governed by various circulars, notifications, guidelines and directions issued by the RBI from time to time.

The major regulations governing our Company are detailed below:

On October 22, 2021 RBI issued a Scale Based Regulation (SBR): A Revised Regulatory Framework for NBFCs (“**SBR Framework**”), whereby NBFCs have been categorised into following four layers based on their size, activity, and perceived riskiness by the RBI:

- i) NBFC- Base Layer (“**NBFC-BL**”);
- ii) NBFC- Middle Layer (“**NBFC-ML**”);
- iii) NBFC- Upper layer (“**NBFC-UL**”); and
- iv) NBFC- Top Layer (“**NBFC-TL**”)

The NBFC- BL comprise of (a) non-deposit taking NBFCs below the asset size of ₹1,00,000 lakh and (b) NBFCs undertaking the following activities- (i) NBFC-Peer to Peer Lending Platform (NBFC-P2P), (ii) NBFC-Account Aggregator (NBFC-AA), (iii) Non-Operative Financial Holding Company (NOFHC) and (iv) NBFCs not availing public funds and not having any customer interface.

The NBFC- ML consist of (a) all deposit taking NBFCs (“**NBFC-Ds**”), irrespective of asset size, (b) non-deposit taking NBFCs with asset size of ₹1,00,000 lakh and above and (c) NBFCs undertaking the following activities (i) Standalone Primary Dealers (SPDs), (ii) Infrastructure Debt Fund - Non-Banking Financial Companies (IDF-NBFCs), (iii) Core Investment Companies (CICs), (iv) Housing Finance Companies (HFCs) and (v) Infrastructure Finance Companies (NBFC-IFCs).

The NBFC-UL comprise of those NBFCs which are specifically identified by RBI as warranting enhanced regulatory requirement based on a set of parameters and scoring methodology as provided in appendix to SBR Framework. The top ten eligible NBFCs in terms of their asset size shall always reside in the upper layer, irrespective of any other factor.

The NBFC-TL will ideally remain empty. This layer can get populated if RBI is of the opinion that there is a substantial increase in the potential systemic risk from specific NBFC-UL. Such NBFCs shall move to the NBFC-TL.

Pursuant to the SBR Framework the criteria of asset size of non-deposit NBFCs for classification as non-systemically important has been increased from ₹50,000 lakh to ₹1,00,000 lakh (“**NBFC-ND**”). Therefore, non-deposit NBFCs with asset size of over ₹1,00,000 lakh will be considered as systemically important by the RBI (“**NBFC-ND-SI**”). The SBR Framework came into effect from October 01, 2022 and provides that from October 01, 2022 references to NBFC-ND shall mean NBFC-BL and all references to NBFC-D and NBFC-ND-SI shall mean NBFC-ML or NBFC-UL, as the case may be.

Categorisation of NBFCs carrying out specific activity

As the regulatory structure envisages scale based as well as activity-based regulation under the SBR Framework, the following prescriptions shall apply in respect of the NBFCs:

- i) NBFC-P2P, NBFC-AA, NOFHC and NBFCs without public funds and customer interface will always remain in the base layer of the regulatory structure.
- ii) NBFC-D, CIC, IFC and HFC will be included in middle layer or the upper layer (and not in the base layer), as the case may be. SPD and IDF-NBFC will always remain in the middle layer.
- iii) The remaining NBFCs, viz., Investment and Credit Companies (NBFC-ICC), Micro Finance Institution (NBFC-MFI), NBFC-Factors and Mortgage Guarantee Companies (NBFC-MGC) could lie in any of the layers of the regulatory structure depending on the parameters of the scale based regulatory framework.
- iv) Government owned NBFCs shall be placed in the base layer or middle layer, as the case may be.

Our Company is classified as an Investment and Credit Company (NBFC-ICC).

RBI Master Directions define 'NBFC ICC' to mean a company which is a financial institution carrying on as its principal business of asset finance, the providing of finance whether by making loans or advances or otherwise for any activity other than its own and the acquisition of securities.

As on date of filing of this Shelf Prospectus the Company falls under the category of NBFC ML, as its assets size is above ₹ 1,00,000 lakh, as per the last audited balance sheet. SBR Framework provide that NBFCs in the middle layer (NBFC-ML) shall continue to follow regulations as currently applicable for NBFC-ND-SIs, NBFC-Ds, CICs, SPDs and HFCs, as the case may be, except for the regulatory changes under SBR Framework applicable on NBFC-ML.

Master Direction - Non-Banking Financial Company - Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016

As of September 29, 2022, the NBFC-Middle Layer are governed by updated Master Direction - Non-Banking Financial Company - Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016, dated September 1, 2016 (as updated from time to time) applicable to all NBFC-ML (“**RBI Master Directions**”).

Rating of NBFCs

Pursuant to RBI Master Directions all applicable NBFCs are required to furnish information about downgrading or upgrading of the assigned rating of any financial product issued by them, within 15 days of such a change in rating to Regional Office.

Prudential Norms

The RBI Master Directions, amongst other requirements, prescribe guidelines on NBFCs-ND-SI regarding income recognition, asset classification, provisioning requirements, constitution of audit committee, capital adequacy requirements, concentration of credit/investment and norms relating to infrastructure loans. The RBI Master Directions state that the credit/ investment norms shall not apply to a systemically important non-banking financial company not accessing public funds in India, either directly or indirectly, and not issuing guarantees.

Provisioning Norms

Every applicable NBFC shall, after taking into account the time lag between an account becoming non-performing, its recognition as such, the realisation of the security and the erosion over time in the value of security charged, make provision against sub-standard assets, doubtful assets and loss assets as provided in regulation 13 of the RBI Master

Directions. Nevertheless, NBFC-ML shall make provisions for standard assets at 0.40 percent of the principal outstanding, which shall not be reckoned for arriving at net NPAs. The provision towards standard assets need not be netted from gross advances but shall be shown separately as ‘Contingent Provisions against Standard Assets’ in the balance sheet of the NBFC.

Capital Adequacy Norms

Every applicable NBFC shall maintain a minimum capital ratio consisting of Tier I and Tier II capital which shall not be less than 15 per cent of its aggregate risk weighted assets on-balance sheet and of risk adjusted value of off-balance sheet items. The Tier I capital in respect of applicable NBFCs (other than NBFC-MFI and NBFC-IDF), at any point of time, shall not be less than 10 percent.

Internal Capital Adequacy Assessment Process (ICAAP)

Under the SBR Framework, NBFC-ML and NBFC-UL are required to make a thorough internal assessment of the need for capital, commensurate with the risks in their business. The internal assessment shall be on similar lines as ICAAP prescribed for commercial banks under Pillar 2 (Master Circular – Basel III Capital Regulations dated July 01, 2015). While Pillar 2 capital will not be insisted upon, however, NBFCs are required to make a realistic assessment of risks. Internal capital assessment shall factor in credit risk, market risk, operational risk and all other residual risks as per methodology to be determined internally. The methodology for internal assessment of capital shall be proportionate to the scale and complexity of operations as per the NBFCs board approved policy. The objective of ICAAP is to ensure availability of adequate capital to support all risks in business as also to encourage NBFCs to develop and use better internal risk management techniques for monitoring and managing of the risks.

Credit Concentration Norms

The erstwhile credit concentration limits prescribed for NBFCs were separate for lending and investments, however, under the SBR Framework the lending and investments exposure limits have been merged into a single exposure limit of 25% for single borrower/ party and 40% for single group of borrowers/ parties, of the Tier 1 capital of the NBFC.

Corporate governance norms

The RBI Master Directions prescribed certain corporate governance norms required to be adhered to by applicable NBFCs. The RBI Master Directions, inter alia, provide for constitution of an audit committee, a nomination committee, an asset liability management committee and risk management committee and certain other norms in connection with disclosure and transparency. Further, applicable NBFCs with asset size of more than ₹50 billion in categories – investment and credit companies, infrastructure finance companies, micro finance institutions, factors and infrastructure debt funds are required to appoint a chief risk officer (“CRO”) with clearly specified role and responsibilities. The CRO is required to function independently so as to ensure highest standards of risk management. In this regard, NBFCs are required to strictly adhere to the instructions laid down in Chapter XI of the RBI Master Directions. Under the terms of SBR Framework following additional corporate governance compliances have been stipulated for NBFC-ML and NBFC-UL:

- (a) Key Managerial Personnel - Except for directorship in a subsidiary, key managerial personnel shall not hold any office (including directorships) in any other NBFC-ML or NBFC-UL. A timeline of two years is provided with effect from October 01, 2022 to ensure compliance with these norms. However, they can assume directorship in NBFC-BLs.
- (b) Independent Director - Within the permissible limits in terms of Companies Act, 2013, an independent director shall not be on the board of more than three NBFCs (NBFC-ML or NBFC-UL) at the same time. Further, the Board of the NBFC shall ensure that there is no conflict arising out of their independent directors being on the board of another NBFC at the same time. A timeline of two years is provided with effect from October 01, 2022 to ensure compliance with these norms. There shall be no restriction to directorship on the boards of NBFC-BLs, subject to applicable provisions of Companies Act, 2013.
- (c) Disclosures - NBFCs shall, in addition to the existing regulatory disclosures, disclose the following in their annual financial statements, with effect from March 31, 2023:
 - i. Corporate governance report containing composition and category of directors, shareholding of non-executive directors, etc.

- ii. Disclosure on modified opinion, if any, expressed by auditors, its impact on various financial items and views of management on audit qualifications.
 - iii. Items of income and expenditure of exceptional nature.
 - iv. Breaches in terms of covenants in respect of loans availed by the NBFC or debt securities issued by the NBFC including incidence/s of default.
 - v. Divergence in asset classification and provisioning above a certain threshold to be decided by RBI.
- (d) Chief Compliance Officer – In order to ensure an effective compliance culture, it is necessary to have an independent compliance function and a strong compliance risk management framework in NBFCs. NBFCs are, therefore, required to appoint a chief compliance officer (CCO), who should be sufficiently senior in the organization hierarchy. NBFCs shall put in place a board approved policy laying down the role and responsibilities of the CCO with the objective of promoting better compliance culture in the organization.
- (e) Compensation guidelines - In order to address issues arising out of excessive risk taking caused by misaligned compensation packages, NBFCs shall put in place a board approved compensation policy. The guidelines shall at the minimum include, a) constitution of a remuneration committee, b) principles for fixed/ variable pay structures, and c) malus/ claw back provisions. The nomination and remuneration committee shall ensure that there is no conflict of interest.
- (f) Other Governance matters - NBFCs shall comply with the following:
- i. The board shall delineate the role of various committees (audit committee, nomination and remuneration committee, risk management committee or any other committee) and lay down a calendar of reviews.
 - ii. NBFCs shall formulate a whistle blower mechanism for directors and employees to report genuine concerns.
 - iii. The board shall ensure good corporate governance practices in the subsidiaries of the NBFC.
- (g) Core Banking Solution - NBFCs with 10 and more branches are mandated to adopt core banking solution in accordance with a glide path of 3 years with effect from October 01, 2022.

Asset Classification

The RBI Master Directions require that every NBFC shall, after taking into account the degree of well-defined credit weaknesses and extent of dependence on collateral security for realisation, classify its lease/hire purchase assets, loans and advances and any other forms of credit into the following classes:

- (i) Standard assets;
- (ii) Sub-standard assets;
- (iii) Doubtful assets; and
- (iv) Loss assets.

Further, such class of assets would not be entitled to be upgraded merely as a result of rescheduling, unless it satisfies the conditions required for such upgradation. At present every NBFC is required to make a provision for standard assets at 0.40%.

Other stipulations

All NBFCs are required to frame a policy for demand and call loan that includes provisions on the cut-off date for recalling the loans, the rate of interest, periodicity of such interest and periodical reviews of such performance.

The RBI Master Directions also specifically prohibit NBFCs from lending against its own shares.

Net Owned Fund

Section 45-IA of the RBI Act provides that to carry on the business of a NBFC, an entity would have to register as an NBFC with the RBI and would be required to have a minimum net owned fund of ₹ 20 million. Further as per the SRB

Framework, it shall be mandatory for NBFC ICC to achieve net owned fund of ₹ 50 million by the end of March 31, 2025 and ₹ 100 million by March 31, 2027.

For this purpose, the RBI Master Direction has defined “net owned fund” to mean the following:

“Owned fund” means paid up equity capital, preference shares which are compulsorily convertible into equity, free reserves, balance in share premium account and capital reserves representing surplus arising out of sale proceeds of asset, excluding reserves created by revaluation of asset, as reduced by accumulated loss balance, book value of intangible assets and deferred revenue expenditure, if any.

Reserve Fund

Under Section 45 – IC of the RBI Act, every NBFC must create a reserve fund and transfer thereto a sum not less than 20 per cent of its net profit every year, as disclosed in the statement of profit and loss account and before any dividend is declared. Such a fund is to be created by every NBFC irrespective of whether it is a ND-NBFC or not. Further, no appropriation can be made from the fund for any purpose by the NBFC except for the purposes specified by the RBI from time to time and every such appropriation shall be reported to the RBI within 21 days from the date of such appropriation.

An NBFC-ND is required to inform the RBI of any change in the address, telephone no’s, etc. of its Registered Office, names and addresses of its directors/auditors, names and designations of its principal officers, the specimen signatures of its authorised signatories, within one month from the occurrence of such an event. Further, an NBFC-ND would need to ensure that its registration with the RBI remains current.

Liquidity Risk Management

Under the Master Directions, all Non-deposit taking NBFCs with asset size of ₹10,000 lakh and above (as per their last audited balance sheet), systemically important core investment companies and all deposit taking NBFCs (except Type I) NBFC-ND, Non-Operating Financial Holding Company and Standalone Primary Dealer) are required to comply with the RBI Guidelines on Liquidity Risk Management Framework (“**LRM Framework**”). The LRM Framework provide that the applicable NBFCs should ensure sound and robust liquidity risk management system, the board of directors of the NBFC shall frame a liquidity risk management framework which ensures that it maintains sufficient liquidity, including a cushion of unencumbered, high quality liquid assets to withstand a range of stress events, including those involving the loss or impairment of both unsecured and secured funding sources. The liquidity risk management policy should spell out the entity-level liquidity risk tolerance; funding strategies; prudential limits; system for measuring, assessing and reporting/ reviewing liquidity; framework for stress testing; liquidity planning under alternative scenarios/formal contingent funding plan; nature and frequency of management reporting; periodical review of assumptions used in liquidity projection; etc. The LRM Framework *inter alia*, deal with: (i) liquidity risk management policy, strategies and practices; (ii) management information system; (iii) internal controls; (iv) maturity profiling; (v) liquidity risk measurement – stock approach; (vi) currency risk; (vii) managing interest rate risk; and (viii) liquidity risk monitoring tools.

The NBFC shall appoint risk management committee (“**RMC**”) consisting of chief executive officer (“**CEO**”)/ managing director (“**MD**”) and heads of various risk verticals, who shall be responsible for evaluating the overall risks faced by the NBFC including liquidity risk. Further, applicable NBFCs have to constitute asset liability management committee (“**ALCO**”) consisting of the NBFC’s top management shall be responsible for ensuring adherence to the risk tolerance/limits set by the board of directors as well as implementing the liquidity risk management strategy of the NBFC. The CEO/ MD or the Executive Director (ED) should head the Committee. The role of the ALCO with respect to liquidity risk should include, *inter alia*, decision on desired maturity profile and mix of incremental assets and liabilities, sale of assets as a source of funding, the structure, responsibilities and controls for managing liquidity risk, and overseeing the liquidity positions of all branches. In addition to RMC and ALCO, applicable NBFCs shall constitute asset liability management support group (“**ALM Support Group**”). ALM Support Group consist of the operating staff responsible for analysing, monitoring and reporting the liquidity risk profile to the ALCO. The maturity profile should be used for measuring the future cash flows of NBFCs in different time buckets. Within each time bucket, there could be mismatches depending on cash inflows and outflows. While the mismatches up to one year would be relevant since these provide early warning signals of impending liquidity problems, the main focus shall be on the short-term mismatches, viz., 1-30/ 31 days. The net cumulative negative mismatches in the statement of structural liquidity in the maturity buckets 1-7 days, 8-14 days, and 15-30 days shall not exceed 10 percent, 10 percent and 20 per cent of the cumulative cash outflows in the respective time buckets. NBFCs, however, are expected to monitor their cumulative mismatches (running total) across all other time buckets upto 1 year by establishing internal prudential limits with the approval of the board of directors. NBFCs shall also adopt the above cumulative mismatch limits for their structural liquidity statement for consolidated

operations. Other than liquidity risk the applicable NBFC has to currency risk and interest rate risk under the terms of LRM Framework.

In addition to the guidelines laid down under LRM Framework, all non-deposit taking systemically important NBFCs with asset size of ₹ 5,00,000 lakh and above (except Core Investment Companies, Type I NBFC-NDs, Non-Operating Financial Holding Companies and Standalone Primary Dealers) and all deposit taking NBFCs irrespective of the asset size shall adhere to the liquidity coverage ratio guidelines (“**LCR Framework**”). LRM Framework provides that applicable NBFCs shall maintain an adequate level of unencumbered high quality liquid assets (HQLA) that can be converted into cash to meet its liquidity needs for a 30 calendar-day time horizon under a significantly severe liquidity stress scenario. The liquidity coverage ratio shall be maintained on an ongoing basis to help monitor and control liquidity risk as per the prescribed timelines in progressive manner, as provided below:

	December 1, 2020	December 1, 2021	December 1, 2022	December 1, 2023	December 1, 2024
For NBFCs with asset size of 10,00,000 lakh and above	50%	60%	70%	85%	100%
For NBFCs with asset size of 5,00,000 lakh and below 10,00,000 lakh	30%	50%	60%	85%	100%

Information with respect to change of address, directors, auditors, etc. to be submitted

An NBFC-ND-SI (NBFC-ML) is required to inform the RBI, not later than one month from the occurrence of any change in:

- i) the complete postal address, telephone number/s and fax number/s of the registered/corporate office;
- ii) the names and residential addresses of the directors of the company;
- iii) the names and the official designations of its principal officers;
- iv) the names and office address of the auditors of the company; and
- v) the specimen signatures of the officers authorised to sign on behalf of the company

to the Regional Office of the Department of Supervision of RBI under whose jurisdiction NBFC is registered.

Adherence to KYC Direction

Similarly, all NBFCs are required to comply with Master Direction on Know Your Customer Direction, 2016” issued by the RBI and as amended from time to time, with suitable modifications depending upon the activity undertaken by the NBFC concerned.

Fair Practices Code

The RBI Master Directions requires all NBFCs having customer interface to formulate with the approval of their Boards a Fair Practices Code (which shall preferably be in the vernacular language or a language as understood by the borrower) based on the directions outlined therein. Applicable NBFCs will have the freedom of drafting the Fair Practices Code, enhancing the scope of the directions but in no way sacrificing the spirit underlying the directions. The same shall be put up on their web-site, if any, for the information of various stakeholders.

Guidelines for NBFCs with gold loan business

The RBI pursuant to the RBI Master Directions has prescribed that all NBFCs shall maintain a loan to value ratio not exceeding 75% for loans granted against the collateral of gold jewellery. NBFCs primarily engaged in lending against gold jewellery (such loans comprising 50% or more of their financial assets) shall maintain a minimum Tier I capital of 12%. The RBI Master Directions has issued guidelines with regard to the following:

- (i) Appropriate infrastructure for storage of gold ornaments: A minimum level of physical infrastructure and facilities is available in each of the branches engaged in financing against gold jewellery including a safe deposit vault and appropriate security measures for operating the vault to ensure safety of the gold and borrower convenience. Existing NBFCs should review the arrangements in place at their branches and ensure that necessary infrastructure

is put in place at the earliest. No new branches should be opened without suitable storage arrangements having been made thereat. No business of grant of loans against the security of gold can be transacted at places where there are no proper facilities for storage/security.

- (ii) NBFCs shall not grant any advance against bullion / primary gold and gold coins. NBFCs shall not grant any advance for purchase of gold in any form including primary gold, gold bullion, gold jewellery, gold coins, units of Exchange Traded Funds (ETF) and units of gold mutual fund.
- (iii) Prior approval of RBI for opening branches in excess of 1,000: It is henceforth mandatory for NBFC to obtain prior approval of the Reserve Bank to open branches exceeding 1,000. However, NBFCs which already have more than 1,000 branches may approach the Bank for prior approval for any further branch expansion. Besides, no new branches will be allowed to be opened without the facilities for storage of gold jewellery and minimum security facilities for the pledged gold jewellery.
- (iv) Standardization of value of gold in arriving at the loan to value ratio: For arriving at the value of gold jewellery accepted as collateral, it will have to be valued at the average of the closing price of 22 carat gold for the preceding 30 days as quoted by BBA or the historical spot gold price data publicly disseminated by a commodity exchange regulated by the Forward Markets Commission.
- (v) Verification of the Ownership of gold: NBFCs should have Board approved policies in place to satisfy ownership of the gold jewellery and adequate steps be taken to ensure that the KYC guidelines stipulated by the Reserve Bank are followed and due diligence of the customer undertaken. Where the gold jewellery pledged by a borrower at any one time or cumulatively on loan outstanding is more than 20 grams, NBFCs must keep record of the verification of the ownership of the jewellery. The method of establishing ownership should be laid down as a Board approved policy.
- (vi) Auction Process and Procedures: The following additional stipulations are made with respect to auctioning of pledged gold jewellery:
 - (a) The auction should be conducted in the same town or taluka in which the branch that has extended the loan is located. NBFCs are allowed to pool gold jewellery from different branches within a district and auction the pooled gold jewellery at any location within the district, subject to meeting the following conditions:
 - (i) The first auction has failed; and
 - (ii) All compliance requirement regarding the auction (prior notice, reserve price, arms-length relationship, disclosures, etc.) are met by the NBFC.
 - (b) While auctioning the gold the NBFC should declare a reserve price for the pledged ornaments. The reserve price for the pledged ornaments should not be less than 85% of the previous 30 day average closing price of 22 carat gold as declared by The Bombay Bullion Association Limited and value of the jewellery of lower purity in terms of carats should be proportionately reduced.
 - (c) It will be mandatory on the part of the NBFCs to provide full details of the value fetched in the auction and the outstanding dues adjusted and any amount over and above the loan outstanding should be payable to the borrower.
 - (d) NBFCs must disclose in their annual reports the details of the auctions conducted during the financial year including the number of loan accounts, outstanding amounts, value fetched and whether any of its sister concerns participated in the auction.
- (vii) Other Instructions:
 - (a) NBFCs financing against the collateral of gold must insist on a copy of the PAN Card of the borrower for all transaction above ₹ 500,000.
 - (b) High value loans of ₹ 20,000 and above must only be disbursed by cheque.
 - (c) Documentation across all branches must be standardized.

- (d) NBFCs shall not issue misleading advertisements like claiming the availability of loans in a matter of 2-3 minutes.

Reserve Bank of India (Know Your Customer (KYC)) Master Directions, 2016 dated February 25, 2016, as amended (“RBI KYC Directions”)

The RBI KYC Directions are applicable to every entity regulated by the RBI (including Housing Finance Companies), specifically, scheduled commercial banks, regional rural banks, local area banks, primary (urban) co-operative banks, state and central co-operative banks, all India financial institutions, NBFCs, miscellaneous non-banking companies and residuary non-banking companies, amongst others. In terms of the RBI KYC Directions, every entity regulated there under is required to formulate a KYC policy which is duly approved by the board of directors of such entity or a duly constituted committee thereof. The KYC policy formulated in terms of the RBI KYC Directions is required to include four key elements, being customer acceptance policy, risk management, customer identification procedures and monitoring of transactions. It is advised that all NBFC’S adopt the same with suitable modifications depending upon the activity undertaken by them and ensure that a proper policy framework of anti-money laundering measures is put in place. The RBI KYC Directions provide for a simplified procedure for opening accounts by NBFCs. It also provides for an enhanced and simplified due diligence procedure. It has further prescribed detailed instructions in relation to, inter alia, the due diligence of customers, record management, and reporting requirements to Financial Intelligence Unit – India. The RBI KYC Directions have also issued instructions on sharing of information while ensuring secrecy and confidentiality of information held by Banks and NBFCs. The regulated entities must also adhere to the reporting requirements under Foreign Account Tax Compliance Act and Common Reporting Standards. The RBI KYC Directions also require the regulated entities to ensure compliance with the requirements/obligations under international agreements. The regulated entities must also pay adequate attention to any money-laundering and financing of terrorism threats that may arise from new or developing technologies, and ensure that appropriate KYC procedures issued from time to time are duly applied before introducing new products/services/technologies. The RBI KYC Directions were updated on April 20, 2018 to enhance the disclosure requirements under the Prevention of Money-Laundering Act, 2002 and in accordance with the Prevention of Money-Laundering Rules vide Gazette Notification GSR 538 (E) dated June 1, 2017 and the final judgment of the Supreme Court in the case of Justice K.S. Puttaswamy (Retd.) & Another v. Union of India (Writ Petition (Civil) 494/2012). The Directions were updated to accommodate authentication as per the AADHAR (Targeted Delivery of Financial and Other Subsidies, Benefits and Services) Act, 2016 and use of an Indian resident’s Aadhar number as a document for the purposes of fulfilling KYC requirement. The RBI KYC Directions were further updated on January 9, 2020 with a view to leveraging the digital channels for customer identification process by regulated entities, whereby the RBI has decided to permit video based customer identification process as a consent based alternate method of establishing the customer’s identity, for customer onboarding and have been further updated on April 1, 2021 and May 10, 2021.

Financing of NBFCs by banks

RBI Master circular DBR.BP.BC.No.5/21.04.172/2015-16 on Financing of NBFCs by bank

The RBI has issued guidelines vide a circular bearing number DBOD No. FSD. BC.46/24.01.028/2006-07 dated December 12, 2006 relating to the financial regulation of systemically important NBFC-NDs and the relationship of banks with such institutions. In particular, these guidelines prohibit banks from lending to NBFCs for the financing of certain activities, such as (i) bill discounting or rediscounting, except where such discounting arises from the sale of commercial vehicles and two wheelers or three wheelers, subject to certain conditions; (ii) unsecured loans or corporate deposits by NBFCs to any company; (iii) investments by NBFCs both of current and long term nature, in any company; (iv) all types of loans and advances by NBFCs to their subsidiaries, group companies, entities;(v) further lending to individuals for the purpose of subscribing to an initial public offer.

In addition to the above the RBI has issued guidelines vide a circular dated bearing number DBR.BP.BC.No.5/21.04.172/2015- 16 dated July 1, 2015 relating to bank financing of NBFCs predominantly engaged in lending against gold has directed banks to (i) reduce their regulatory exposure ceiling on a single NBFC, having gold loans to the extent of 50% or more of its total financial assets 10% of banks’ capital funds. However, the exposure ceiling may go up by 5%, i.e., up to 15% of banks’ capital funds if the additional exposure is on account of funds on-lent by NBFCs to the infrastructure sector and (ii) to have an internal sub-limit on their aggregate exposures to all such NBFCs, having gold loans to the extent of 50% or more of their total financial assets, taken together. The sub-limits should be within the internal limit fixed by the banks for their aggregate exposure to all NBFCs put together.

Norms for excessive interest rates

In addition, the RBI has introduced vide a circular bearing reference number RBI/ 2006-07/ 414 dated May 24, 2007 whereby RBI has requested all NBFCs to put in place appropriate internal principles and procedures in determining interest rates and processing and other charges. In addition to the aforesaid instruction, the RBI has included norms for regulation of excessive interest charged by NBFCs in the Fair Practice Code chapter of Master Direction –NBFC SI Non Deposit taking Company & Deposit taking Company Directions, 2016 and as updated from time to time.

These circulars stipulate that the board of each NBFC is required to adopt an interest rate model taking into account the various relevant factors including cost of funds, margin and risk premium. The rate of interest and the approach for gradation of risk and the rationale for charging different rates of interest for different categories of borrowers are required to be disclosed to the borrowers in the application form and expressly communicated in the sanction letter. Further, this is also required to be made available on the NBFC's website or published in newspapers and is required to be updated in the event of any change therein. Further, the rate of interest would have to be an annualized rate so that the borrower is aware of the exact rates that would be charged to the account.

Supervisory Framework

In order to ensure adherence to the regulatory framework by systemically important ND-NBFCs, the RBI has directed such NBFCs to put in place a system for submission of an annual statement of capital funds, and risk asset ratio, etc. as submitted electronically within a period of three months from the close of every financial year. Further, a NBFC is required to submit a certificate from its statutory auditor that it is engaged in the business of non-banking financial institution requiring to hold a certificate of registration under the RBI Act. This certificate is required to be submitted within one month of the date of finalization of the balance sheet and in any other case not later than December 30 of that particular year electronically. Further, in addition to the auditor's report under Section 143 of the Companies Act, 2013, the auditors are also required to make a separate report to the Board of Directors on certain matters, including correctness of the capital adequacy ratio as disclosed in the return NBS-7 (now DNBS 03) to be filed with the RBI and its compliance with the minimum CRAR, as may be prescribed by the RBI. Where the statement regarding any of the items referred relating to the above, is unfavorable or qualified, or in the opinion of the auditor the company has not complied with the regulations issued by RBI, it shall be the obligation of the auditor to make a report containing the details of such unfavourable or qualified statements and/or about the non-compliance, as the case may be, in respect of the company to the concerned Regional Office of the Department of Non-Banking Supervision of the Bank under whose jurisdiction the Registered Office of the company is located.

Anti-Money Laundering

The RBI has issued a Master Circular dated July 01, 2015, updated from time to time, to ensure that a proper policy frame work for the Prevention of Money Laundering Act, 2002 ("PMLA") is put into place. The PMLA seeks to prevent money laundering and provides for confiscation of property derived from, or involved in money laundering and for other matters connected therewith or incidental thereto. It extends to all banking companies, financial institutions, including NBFCs and intermediaries. Pursuant to the provisions of PMLA and the RBI guidelines, all NBFCs are advised to appoint a principal officer for internal reporting of suspicious transactions and cash transactions and to maintain a system of proper record (i) for all cash transactions of value of more than ₹ 10 lakh; (ii) all series of cash transactions integrally connected to each other which have been valued below ₹10 lakh where such series of transactions have taken place within one month and the aggregate value of such transaction exceeds ₹ 10 lakh.

Further, all NBFCs are required to take appropriate steps to evolve a system for proper maintenance and preservation of account information in a manner that allows data to be retrieved easily and quickly whenever required or when requested by the competent authorities. Further, NBFCs are also required to maintain for at least ten years from the date of transaction between the NBFCs and the client, all necessary records of transactions, both domestic or international, which will permit reconstruction of individual transactions (including the amounts and types of currency involved if any) so as to provide, if necessary, evidence for prosecution of persons involved in criminal activity.

Additionally, NBFCs should ensure that records pertaining to the identification of their customers and their address are obtained while opening the account and during the course of business relationship, and that the same are properly preserved for at least ten years after the business relationship is ended. The identification records and transaction data is to be made available to the competent authorities upon request.

RBI Notification dated December 3, 2015 titled "Anti-Money Laundering (AML)/ Combating of Financing of Terrorism (CFT) – Standards" states that all regulated entities (including NBFCs) are to comply with the updated FATF Public Statement and document 'Improving Global AML/CFT Compliance: on-going process' as on October 23, 2015, as amended from time to time.

Master Direction dated September 29, 2016 on Monitoring of Frauds in NBFCs (Reserve Bank) Directions, 2016

All NBFC-MLs shall put in place a reporting system for frauds and fix staff accountability in respect of delays in reporting of fraud cases to the RBI. An NBFC-MLs is required to report all cases of fraud of ₹ 0.1 million and above, and if the fraud is of ₹ 1 million or above, the report should be sent in the prescribed format within three weeks from the date of detection thereof. The NBFC-MLs shall also report cases of fraud by unscrupulous borrowers and cases of attempted fraud.

Accounting Standards & Accounting policies

The Ministry of Corporate Affairs has amended the existing Indian Accounting Standards vide Companies (Indian Accounting Standards) (Amendment) Rules, 2017 on March 17, 2017 and the same is applicable to the Company from April 1, 2018. RBI vide notification number RBI/2019-20/170DOR (NBFC).CC.PD.No.109/22.10.106/2019-20 dated March 13, 2020 framed regulatory guidance on Ind AS which will be applicable on Ind AS implementing NBFCs and Asset Reconstruction Companies (ARCs) for preparation of their financial statements from financial year 2019-20 onwards. These guidelines focus on the need to ensure consistency in the application of the accounting standards in specific areas, including asset classification and provisioning, and provide clarifications on regulatory capital in the light of Ind AS implementation. The guidelines cover aspects on governance framework, prudential floor and computation of regulatory capital and regulatory ratios.

Reporting by Statutory Auditor

The statutory auditor of the NBFC-ND is required to submit to the Board of Directors of the company along with the statutory audit report, a special report certifying that the Directors have passed the requisite resolution mentioned above, not accepted any public deposits during the year and has complied with the prudential norms relating to income recognition, accounting standards, asset classification and provisioning for bad and doubtful debts as applicable to it. In the event of non-compliance, the statutory auditors are required to directly report the same to thereby.

Ombudsman scheme for customers of NBFCs

The RBI has on November 12, 2021 introduced the Ombudsman Scheme for Non-Banking Financial Companies, 2018 (the "Scheme"). The stated objective of the Scheme is to enable the resolution of complaints free of cost, relating to certain aspects of services rendered by certain categories of NBFCs registered with the RBI to facilitate the satisfaction or settlement of such complaints, and matters connected therewith. The Scheme provides for the appointment by RBI of one or more officers not below the rank of general manager as ombudsmen (the "Ombudsmen") for a period not exceeding three years at a time, to carry out the functions entrusted to Ombudsmen under the Scheme. The Scheme describes the nature of complaints which any person could file with an Ombudsman alleging deficiency in services by an Covered NBFC, which include inter alia failure to convey in writing the amount of loan sanctioned along with the terms and conditions including annualised rate of interest and method of application thereof, failure or refusal to provide adequate notice on proposed changes being made in the sanctioned terms in vernacular or a language understood by the borrower, levying of charges without adequate prior notice to the borrower/customer and failure or inordinate delay in releasing the securities documents to the borrower on repayment of all dues. The complaints may be settled by the Covered NBFC within a specified period or may be decided by an award passed by Ombudsman after affording the parties a reasonable opportunity to present their case, either in writing or in a meeting. Where the Ombudsman decides to allow the complaint, the award passed is required to contain the direction/s, if any, to the Covered NBFC for specific performance of its obligations and in addition to or otherwise, the amount, if any, to be paid by the Covered NBFC to the complainant by way of compensation for any loss suffered by the complainant, arising directly out of the act or omission of the Covered NBFC. The Covered NBFC is required to implement the settlement arrived at with the complainant or the award passed by the Ombudsman when it becomes final and send a report in this regard to the RBI within 15 days of the award becoming final. The Ombudsman is required to send a report to the RBI governor annually (as on June 30 every year) containing general review of the activities of his office during the preceding financial year and provide such other information as may be required by the RBI. Further RBI through its circular CEPD. PRD. No.S873/13.01.001/2021-22 dated November 12, 2021 integrates the three Ombudsman schemes – (i) the Banking Ombudsman Scheme, 2006, as amended up to July 01, 2017; (ii) the Ombudsman Scheme for Non-Banking Financial Companies, 2018; and (iii) the Ombudsman Scheme for Digital Transactions, 2019 into the Reserve Bank - Integrated Ombudsman Scheme, 2021 in order to make the alternate dispute redress mechanism simpler and more responsive to the customers of entities regulated by it. It will also provide cost-free redress of customer complaints involving deficiency in services rendered by entities regulated by RBI, if not resolved to the satisfaction of the customers or not replied within a period of 30 days by the regulated entity.

Master Direction – Non-Banking Financial Companies Auditor's Report (Reserve Bank) Directions, 2016

In addition to the report made by the auditor under Section 143 of the Companies Act, 2013 on the accounts of an NBFC-ND-SI (NBFC-ML), the auditor shall make a separate report to the Board of Directors of the company on, *inter alia*, examination of validity of certificate of registration obtained from the RBI, whether the NBFC is entitled to continue to hold such certificate of registration in terms of its Principal Business Criteria (financial asset / income pattern) as on March 31 of the applicable year, whether the NBFC is meeting the required net owned fund requirement, whether the board of directors has passed a resolution for non-acceptance of public deposits, whether the company has accepted any public deposits during the applicable year, whether the company has complied with the prudential norms relating to income recognition, accounting standards, asset classification and provisioning for bad and doubtful debts as applicable to it, whether the capital adequacy ratio as disclosed in the return submitted to the Bank in form DNBS07, has been correctly arrived at and whether such ratio is in compliance with the minimum CRAR prescribed by the Bank, whether the company has furnished to the Bank the annual statement of capital funds, risk assets/exposures and risk asset ratio (DNBS07) within the stipulated period, and whether the non-banking financial company has been correctly classified as NBFC Micro Finance Institutions (“MFI”).

Master Direction- Non-Banking Financial Company Returns (Reserve Bank) Directions, 2016

All NBFCs are required to put in place a reporting system for filing various returns with the RBI. An NBFC-ND-SI (NBFC-ML) is required to file on a quarterly basis a return on important financial parameters, including components of assets and liabilities, profit and loss account, exposure to sensitive sectors etc. DNBS07 on prudential norms on a quarterly basis, multiple returns on asset-liability management to address concerns regarding, *inter alia*, asset liability mismatches and interest rate risk, quarterly report on branch information, and Central Repository of Information on Large Credits (“CRILC”) on a monthly basis as well as all Reporting Borrower's Default (“RDB”) status on a weekly basis to facilitate early recognition of financial distress, prompt steps for resolution and fair recovery for lenders.

Reserve bank of India (Prudential Framework for Resolution of Stressed Assets) Directions 2019

Reserve Bank of India (Prudential Framework for Resolution of Stressed Assets) Directions 2019 sets out a framework to ensure that there is an early recognition, reporting and time bound resolution of stressed assets. The Stressed Assets Directions apply to (a) Scheduled Commercial Banks (excluding Regional Rural Banks); (b) All India Term Financial Institutions (NABARD, NHB, EXIM Bank, and SIDBI); (c) Small Finance Banks; and, (d) Systemically Important Non-Deposit taking Non-Banking Financial Companies (NBFC-ND-SI) and NBFC-Ds. In the event of a default, the said lenders shall recognize the stress in the loan accounts and classify these loan accounts into three categories namely: (i) SMA-0, where the principal and/or interest, whether partly or wholly is overdue between 1-30 days; (ii) SMA-1, where the principal and/or interest, whether partly or wholly is overdue between 31-60 days; and (iii) SMA-2, where the principal and/or interest whether partly or wholly is overdue between 61-90 days. The said lenders shall report credit information, including classification of an account as SMA to Central Repository of Information on Large Credits (“CRILC”), on all borrowers having aggregate exposure of ₹500 lakhs and above with them. Once a borrower is reported to be in default by any of the lenders mentioned at (a), (b) and (c) hereinabove, the lenders shall undertake a prima facie review of the borrower account within thirty days from such default (“**Review Period**”) to *inter alia* decide on a resolution strategy, including nature of the resolution plan (“**RP**”).

During the Review Period for the implementation of an RP, all lenders shall enter into an inter-creditor agreement, which shall among other things provide that any decision agreed by lenders representing 75 per cent. by value of total outstanding credit facilities (fund based as well non-fund based) and 60 per cent of lenders by number shall be binding upon all the lenders. In particular, the RPs shall provide for payment not less than the liquidation value due to the dissenting lenders, being the estimated realisable value of the assets of the relevant borrower, if such borrower were to be liquidated as on the date of commencement of the Review Period.

Master Direction on Information Technology Framework for the NBFC Sector, 2017

All systemically important NBFCs must implement the security enhancement requirements under the Master Direction with respect to enhancing security of its Information Technology/Information security Framework (“IT”) business continuity planning, disaster recovery and management. NBFCs must constitute a IT Strategy Committee and IT Steering Committee and formulate an IT and Information security policy in furtherance of the same. Further, a Cyber Crisis Management Plan must be formulated to address cyber intrusions and attacks.

Directions on Managing Risks and Code of Conduct in Outsourcing of Financial Services by NBFCs, 2017

With a view to put in place necessary safeguards applicable to outsourcing of activities by NBFCs, the RBI has issued directions on managing risks and code of conduct in outsourcing of financial services by NBFCs (“Risk Management Directions”). The Risk Management Directions specify that core management functions like internal auditing,

compliance functions, decision making functions such as compliance with KYC norms shall not be outsourced by NBFCs. Further, the Risk Management Directions specify that outsourcing of functions shall not limit its obligations to its customers.

The Recovery of Debts due to Banks and Financial Institutions Act, 1993

The Recovery of Debts due to Banks and Financial Institutions Act, 1993 (the “**DRT Act**”) provides for establishment of the Debts Recovery Tribunals (the “**DRTs**”) for expeditious adjudication and recovery of debts due to banks and public financial institutions or to a consortium of banks and public financial institutions. Under the DRT Act, the procedures for recovery of debt have been simplified and time frames have been fixed for speedy disposal of cases. The DRT Act lays down the rules for establishment of DRTs, procedure for making application to the DRTs, powers of the DRTs and modes of recovery of debts determined by DRTs. These include attachment and sale of movable and immovable property of the defendant, arrest of the defendant and his detention in prison and appointment of receiver for management of the movable or immovable properties of the defendant.

The DRT Act also provides that a bank or public financial institution having a claim to recover its debt, may join an ongoing proceeding filed by some other bank or public financial institution, against its debtor, at any stage of the proceedings before the final order is passed, by making an application to the DRT.

RBI Master Circular on Wilful Defaulters dated July 1, 2015

In the Master Circular on ‘*Willful Defaulters*’ the term ‘willful default’ has been redefined, which would be deemed to have occurred if any of the following events occur: (a) Default in repayment obligations despite having capacity to honour the said obligations. (b) Default in repayment obligations and diversion of funds for other purposes, including non-utilization of funds for the specific purposes for which finance was availed. (c) Default in repayment obligations and siphoning off the funds and non-utilization of funds for the specific purposes for which finance was availed moreover when the funds are not available with the unit in the form of other assets. (d) Default in repayment obligations to a lender and disposal or removal of assets (movable, fixed or immovable) which have been given as security without the knowledge of the lender. Further, special emphasis has been added on siphoning-off of funds. Diversion and siphoning of funds includes the following situations: (i) utilization of short-term working capital funds for long-term purposes in contravention of the terms of sanction; (ii) utilization of borrowed funds for creation of assets other than those for which loan was sanctioned; (iii) Transferring of funds to subsidiaries or group companies or other corporates; (iv) routing of funds through any bank other than the lender bank or consortium without prior permission of the lender; (v) investment in other companies by acquiring equities / debt instrument without the approval of lenders; (vi) shortfall in deployment of funds vis-à-vis the amounts disbursed / drawn without the difference being accounted for. After identification of Willful Defaulters, the guidelines mandatorily direct the lenders to adopt certain penal measures, which include the following: (a) No additional facilities will be granted by banks and financial institutions. (b) Promoters of companies that have been identified for siphoning of funds, misrepresentation of accounts and fraudulent transactions will be debarred from institutional finance for floating new ventures for a period of five years (c) Legal process (criminal and civil) will be initiated expeditiously. (d) Willful defaulters will not be allowed to take up board positions in any company and those who are on board will be removed expeditiously.

The Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 (“SARFAESI Act”)

The SARFAESI Act regulates the securitization and reconstruction of financial assets of banks and financial institutions. The RBI has issued guidelines to banks and financial institutions on the process to be followed for sales of financial assets to asset reconstruction companies. These guidelines provide that a bank or a financial institution or an NBFC may sell financial assets to an asset reconstruction company provided the asset is a Non Performing Asset (“**NPA**”). Securitisation Companies and Reconstruction Companies (“**SCs/RCs**”) are required to obtain, for the purpose of enforcement of security interest, the consent of secured creditors holding not less than 60 per cent of the amount outstanding to a borrower as against 75 per cent. While taking recourse to the sale of secured assets in terms of Section 13(4) of the SARFAESI Act, a SC/RC may itself acquire the secured assets, either for its own use or for resale, only if the sale is conducted through a public auction.

As per the SARFAESI (Amendment) Act of 2004, the constitutional validity of which was upheld in a recent Supreme Court ruling, non-performing assets have been defined as an asset or account of a borrower, which has been classified by a bank or financial institution as sub-standard, doubtful or loss asset in accordance with directions or guidelines issued by the RBI. In case the bank or financial institution is regulated by a statutory body/authority, NPAs must be classified by such bank in accordance with guidelines issues by such regulatory authority. The RBI has issued guidelines on classification of assets as NPAs. Further, these assets are to be sold on a “without recourse” basis only.

The SARFAESI Act provides for the acquisition of financial assets by Securitization Company or Reconstruction Company from any bank or financial institution on such terms and conditions as may be agreed upon between them. A securitization company or reconstruction company having regard to the guidelines framed by the RBI may, for the

purposes of asset reconstruction, provide for measures such as the proper management of the business of the borrower by change in or takeover of the management of the business of the borrower, the sale or lease of a part or whole of the business of the borrower and certain other measures such as rescheduling of payment of debts payable by the borrower; enforcement of security.

Additionally, under the provisions of the SARFAESI Act, any Securitization company or reconstruction company may act as an agent for any bank or financial institution for the purpose of recovering its dues from the borrower on payment of such fee or charges as may be mutually agreed between the parties. Various provisions of the SARFAESI Act have been amended by the Enforcement of Security Interest and Recovery of Debt Laws and Miscellaneous Provisions (Amendment) Act, 2016 as also the Insolvency and Bankruptcy Code, 2016. As per this amendment, the Adjudicating Authority under the Insolvency and Bankruptcy Code, 2016 shall by order declare moratorium for prohibiting, *inter alia*, any action to foreclose, recover or enforce any security interest created by the corporate debtor in respect of its property including any action under the SARFAESI Act.

Further, in accordance with Ministry of Finance notification no. S.O. 856(E) dated February 24, 2020, the eligibility limit for to enforcement of security interest with respect to secured debt recovery by NBFCs (having assets worth ₹ 100 Crores and above) has been reduced from ₹ 1 Crore to ₹ 50 Lakhs. This limit was further reduced to ₹ 20 Lakhs from the existing limit of ₹ 50 Lakhs.

Insolvency and Bankruptcy Code, 2016

The Insolvency and Bankruptcy Code, 2016 ("**Bankruptcy Code**") was notified on August 5, 2016. The Bankruptcy Code offers a uniform and comprehensive insolvency legislation encompassing all companies, partnerships and individuals (other than financial firms). It allows creditors to assess the viability of a debtor as a business decision, and agree upon a plan for its revival or a speedy liquidation. The Bankruptcy Code creates a new institutional framework, consisting of a regulator, insolvency professionals, information utilities and adjudicatory mechanisms, which will facilitate a formal and time-bound insolvency resolution and liquidation process.

RBI vide its circular dated June 7, 2019, laid down the Prudential Framework for Resolution of Stressed Assets whereby prescribing the regulatory approach for resolution of stressed assets *inter alia* by: (i) early recognition and reporting of default by banks, financial institutions and NBFCs in respect of large borrowers; (ii) Affording complete discretion to lenders with regard to design and implementation of resolution plans, in supersession of earlier resolution schemes (S4A, SDR, 5/25 etc.), subject to the specified timeline and independent credit evaluation; (iii) Laying down a system of disincentives in the form of additional provisioning for delay in implementation of resolution plan or initiation of insolvency proceedings; (iv) Withdrawal of asset classification dispensations on restructuring. Future upgrades to be contingent on a meaningful demonstration of satisfactory performance for a reasonable period; and (v) Requiring the mandatory signing of an inter-creditor agreement (ICA) by all lenders, which will provide for a majority decision making criteria. MCA vide notification dated November 15, 2019, issued the Insolvency and Bankruptcy (Insolvency and Liquidation Proceedings of Financial Service Providers and Application to Adjudicating Authority) Rules, 2019 ("**FSP Rules**") *inter alia* governing the corporate insolvency resolution process and liquidation process of Financial Service Providers (FSPs) under the Bankruptcy Code. The issuance of the FSP Rules has made viable and unified resolution process accessible for the FSPs and their creditors with some procedural differences.

Companies Act, 2013

The Companies Act, 2013 ("Companies Act") has been notified by the Government of India on August 30, 2013 (the "Notification"). Under the Notification, Section 1 of the Companies Act has come into effect and the remaining provisions of the Companies Act have and shall come into force on such dates as the Central Government has notified and shall notify. Section 1 of the Companies Act deals with the commencement and application of the Companies Act and among others sets out the types of companies to which the Companies Act applies.

The Companies Act provides for, among other things, changes to the regulatory framework governing the issue of capital by companies, corporate governance, audit procedures, corporate social responsibility, requirements for independent directors, director's liability, class action suits, and the inclusion of women directors on the boards of companies. The Companies Act is complemented by a set of rules that set out the procedure for compliance with the substantive provisions of the Companies Act. As mentioned above, certain provisions of the Companies Act, 2013 have already come into force and the rest shall follow in due course.

Under the Companies Act every company having net worth of ₹ 5,000 million or more, or turnover of ₹ 10,000 million or more or a net profit of ₹ 50 million or more during the immediately preceding financial year shall formulate a corporate social responsibility policy. Further, the board of every such company shall ensure that the company spends, in every financial year, at least two percent of the average net profits of the company made during the three immediately preceding financial years in pursuance of its corporate social responsibility policy.

SEBI Regulations

The Securities and Exchange Board of India ("**SEBI**") governs listed entities pursuant to the powers granted to it under the Securities and Exchange Board of India Act, 1992, as amended from time to time. In pursuance of these powers, SEBI prescribes regulations with respect to listed entities, ensuring high standards of investor safety and corporate governance. SEBI (Listing Obligations and Disclosure Requirements), 2015, as amended from time to time, list out the continuous disclosure obligations of a listed entity for securing transparency in process and ethical capital market dealings. Listed NDSI-NBFCs are subject to SEBI Regulations and face penal actions for any violation thereof.

Foreign Investment Regulations

Foreign investment in Indian securities is regulated through the Consolidated Foreign Direct Investment ("FDI") Policy and Foreign Exchange Management Act, 1999 ("**FEMA**"). The government bodies responsible for granting foreign investment approvals are the concerned ministries/ departments of the Government of India and the RBI. The Union Cabinet has approved phasing out the Foreign Investment Promotion Board, as provided in the press release dated May 24, 2017. Accordingly, pursuant to the office memorandum dated June 5, 2017, issued by the Department of Economic Affairs, Ministry of Finance, approval of foreign investment under the FDI policy has been entrusted to concerned ministries/departments. Subsequently, the Department of Industrial Policy & Promotion ("**DIPP**") issued the Standard Operating Procedure (SOP) for Processing FDI Proposals on June 29, 2017 (the "**SOP**"). The SOP provides a list of the competent authorities for granting approval for foreign investment for sectors/activities requiring Government approval. For sectors or activities that are currently under automatic route but which required Government approval earlier as per the extant policy during the relevant period, the concerned administrative ministry/department shall act as the competent authority (the "**Competent Authority**") for the grant of post facto approval of foreign investment. In circumstances where there is a doubt as to which department shall act as the Competent Authority, the DIPP shall identify the Competent Authority. The DIPP has from time to time made policy pronouncements on FDI through press notes and press releases which are notified by RBI as amendment to FEMA. In case of any conflict FEMA will prevail.

The Foreign Exchange Management (Debt Instruments) Regulations, 2019 notified by RBI on October 17, 2019, regulate investment in India by a person resident outside India in listed NCDs.

The Consolidated FDI Policy consolidates the policy framework in place as on August 27, 2017. Further, on January 4, 2018 the RBI released the Master Direction on Foreign Investment in India. Under the approval route, prior approval from the relevant ministry and competent authorities, as per the procedure established under the Standard Operating Procedure for Processing FDI Proposals ("SOP") dated June 29, 2017 or RBI is required. FDI for the items/activities that cannot be brought in under the automatic route may be brought in through the approval route. Approvals are accorded on the recommendation of the FIPB, which is chaired by the Secretary, DIPP, with the Union Finance Secretary, Commerce Secretary and other key Secretaries of the Government of India as its members.

As per the sector specific guidelines of the Government of India, 100 per cent FDI/ Non-Resident Indian ("NRI") investments are allowed under the automatic route in certain NBFC activities subject to compliance with guidelines of the RBI in this regard.

Shops and establishments regulations in various states

The provisions of various Shops and Establishments legislations, as applicable, regulate the conditions of work and employment in shops and commercial establishments and generally prescribe obligations in respect of *inter alia* registration, opening and closing hours, daily and weekly working hours, holidays, leave, health, termination of services and safety measures and wages for overtime work.

Labour laws

India has stringent labour related legislations. Our Company is required to comply with certain labour laws, which include the Employees' Provident Funds and Miscellaneous Provisions Act 1952, the Minimum Wages Act, 1948, the Payment of Bonus Act, 1965, Workmen Compensation Act, 1923, the Payment of Gratuity Act, 1972 and the Payment of Wages Act, 1936, amongst others.

Intellectual property regulations

Intellectual Property in India enjoys protection under both common law and statute. Under statute, India provides for patent protection under the Patents Act, 1970, copyright protection under the Copyright Act, 1957 and trademark protection under the Trade Marks Act, 1999. The above enactments provide for protection of intellectual property by imposing civil and criminal liability for infringement.

Regulatory measures on account of the COVID-19 pandemic

The Government of India on October 23, 2020 has announced the ‘Scheme for grant of ex-gratia payment of difference between compound interest and simple interest for six months to borrowers in specified loan accounts (1.3.2020 to 31.8.2020)’ (the ‘Scheme’), which mandates ex-gratia payment to certain categories of borrowers by way of crediting the difference between simple interest and compound interest for the period between March 1, 2020 to August 31, 2020 by the respective lending institutions.

The RBI has issued circulars, the Statement of Developmental and Regulatory Policies dated May 22, 2020 and Monetary Policy Statement, 2020-2021: Resolution of Monetary Policy Committee dated May 22, 2020 announcing certain additional regulatory measures with an aim to revive growth and mitigate the impact of COVID-19 on business and financial institutions in India, including:

- (a) permitting banks to grant a moratorium of six months on all term loan instalments and working capital facilities sanctioned in the form of cash credit/overdraft (“CC/OD”), falling due between March 1, 2020 and August 31, 2020, subject to the fulfilment of certain conditions;
- (b) permitting the recalculation of ‘drawing power’ of working capital facilities sanctioned in the form of cash/ credit overdraft facilities by reducing the margins till the extended period, being August 31, 2020, and permitting lending institutions to restore the margins to the original levels by March 31, 2021;
- (c) permitting the increase in the bank’s exposures to a group of connected counterparties from 25% to 30% of the eligible capital base of the bank, up to June 30, 2021;
- (d) deferring the recovery of the interest applied in respect of all working capital facilities sanctioned in the form of cash/credit overdraft facilities during the period from March 1, 2020 to August 31, 2020;
- (e) permitting lending institutions to convert the accumulated interest on working capital facilities up to the deferment period (up to August 31, 2020) into a funded interest term loan which shall be repayable not later than the end of the current financial year (being, March 31, 2021);
- (f) permitting the lending institutions to exclude the moratorium period wherever granted in respect of term loans as stated in(a) above, from the number of days past-due for the purpose of asset classification under the income recognition and asset classification norms, in respect of accounts classified as standard as on February 29, 2020, even if overdue;
- (g) permitting the lending institutions to exclude deferment period on recovery of the interest applied, wherever granted as stated in (d) above, for the determination of out of order status, in respect of working capital facilities sanctioned in the form of CC/OD where the account is classified as standard, including special mention accounts, as on February 29, 2020; and

Dear Sirs / Madams,

1. We have examined the attached reformatted consolidated financial statements ("**Reformatted Consolidated Financial Statements**") of IIFL Finance Limited (Formerly known as IIFL Holdings Limited) (the "**Company**" or the "**Holding Company**"), its subsidiary companies (the Company and its subsidiaries together referred to as "**the Group**") as at and for the years ended March 31, 2022, March 31, 2021 and March 31, 2020 annexed to this report and prepared by the Company for the purpose of inclusion in the offer document in connection with its proposed issue of secured redeemable non-convertible debentures of face value of ₹ 1,000 each ("**Issue**"). The Reformatted Consolidated Financial Statements, which have been approved by Finance Committee of the Board of Directors of the Company at their meeting held on June 23,2022, have been prepared by the Company in accordance with the requirements of:
 - a) Section 26 of Part I of Chapter III of the Companies Act, 2013, as amended (the "**Act**");
 - b) relevant provisions of the Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021, as amended (the "**SEBI NCS Regulations**") issued by the Securities and Exchange Board of India ("**SEBI**"); and
 - c) The Guidance Note on Reports in Company Prospectus (Revised 2019) issued by the Institute of Chartered Accountants of India, as amended from time to time (the "**Guidance Note**").
2. The Management of the Company is responsible for the preparation of the Reformatted Consolidated Financial Statements for the purpose of inclusion in the Draft Shelf Prospectus to be filed with SEBI, BSE Limited, National Stock Exchange of India Limited and the Shelf Prospectus and relevant Tranche Prospectus to be filed with SEBI, BSE Limited, National Stock Exchange of India Limited and Registrar of Companies, Mumbai ("**Offer Documents**") in connection with the Issue. The Reformatted Consolidated Financial Statements have been prepared by the Management of the Company on the basis stated in Note No.1 to the Reformatted Consolidated Financial Statements. The Management's responsibility includes designing, implementing and maintaining adequate internal control relevant to the preparation and presentation of the Reformatted Consolidated Financial Statements. The Management of the Company is also responsible for identifying and ensuring that the Group complies with the Act, the SEBI NCS Regulations and the Guidance Note.

3. We have examined such Reformatted Consolidated Financial Statements taking into consideration:
 - a) The terms of reference and terms of our engagement agreed upon with you in accordance with our engagement letter dated June 10,2022 requesting us to carry out work on such Reformatted Consolidated Financial Statements in connection with the Company's Issue;
 - b) The Guidance Note. The Guidance Note also requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI;
 - c) Concepts of test checks and materiality to obtain reasonable assurance based on verification of evidence supporting the Reformatted Consolidated Financial Statements; and
 - d) The requirements of Section 26 of the Act and the SEBI NCS Regulations. Our work was performed solely to assist you in meeting your responsibilities in relation to your compliance with the Act, the SEBI NCS Regulations and the Guidance Note in connection with the Issue.
4. These Reformatted Consolidated Financial Statements have been compiled by the Management of the Company from the audited consolidated financial statements of the Group as at and for the years ended March 31, 2022, March 31, 2021 and March 31, 2020 prepared in accordance with Indian Accounting Standard (IND AS) which comprises mandatory Accounting Standards as prescribed under section 133 of the Companies Act, 2013, and other accounting principles generally accepted in India, which have been approved by the Board of Directors at their meeting held on April 28, 2022, May 6, 2021 and May 28, 2020 respectively. The consolidated financial statements for the year ended on March 31,2022 were audited by us; for the year ended on March 31, 2021 were audited by one of the current joint statutory auditors of the company i.e., V Sankar Aiyar & Co. and for the year ended on March 31, 2020 were audited by the previous statutory auditors of the company i.e., Deloitte Haskins & Sells LLP. In relation to the aforesaid consolidated financial statements audited by the previous statutory auditors of the Company and furnished to us by the management, we have not carried out any audit tests or review procedures, and, accordingly reliance has been placed on the consolidated financial statements audited by the previous statutory auditors for the said year.
5. The Consolidated Financial Statements as at and for the years ended March 31, 2021 and 2020 have been regrouped / reclassified wherever necessary to correspond with the presentation / disclosure requirements of the financial year ended March 31, 2022.
6. For the purpose of our examination, we have relied on the statutory auditors' report on the consolidated financial statements of the company, issued by us dated April 28, 2022 for the year ended March 31,2022; by the one of the current joint statutory auditors i.e V Sankar Aiyar & Co dated May 6, 2021 for the year ended March 31, 2021 and by the previous statutory auditors of the company i.e Deloitte Haskins & Sells LLP dated June 7,2020 for the year ended March 31, 2020. These Consolidated Financial Statements were approved by the Board of Directors of the Company in those years, as referred in paragraph 4 above.
 - a. Audit report dated April 28,2022 issued by us on the audited consolidated financial statements for the year ended March 31, 2022, included the following Emphasis of Matter and Other matter:

Emphasis of Matter:

We draw attention to Note 8.3 to the Consolidated Financial Statements, which fully describes that the Company has recognised impairment on financial assets to reflect the business impact and uncertainties arising from the COVID 19 pandemic. Such estimates are based on current facts and circumstances and

may not necessarily reflect the future uncertainties and events arising from the full impact of the COVID 19 pandemic.

Our opinion is not modified in respect of this matter.

Other Matters

The financial statements of 3 wholly owned subsidiary companies have been audited by other auditors. The financial statements of 2 subsidiary trusts have been audited by one of the joint statutory auditors of the Holding company. The financial statements of the said subsidiary companies and trusts reflect total assets of Rs. 244,170.99 million as at March 31, 2022, Group's share of total revenue of Rs. 33,035.96 million, Group's share of total net profit of Rs. 5,178.68 million and Group's share of total comprehensive income of Rs. 5,369.44 million and net cash inflows Rs. 12,927.42 million for the year ended on the date as considered in the consolidated financial statements. The reports of auditors of the said subsidiary companies and trusts have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiary companies and trusts, and our report in terms of sub-section (3) and (11) of section 143 of the Act, in so far as it relates to the aforesaid subsidiary companies is based solely on the reports of the other auditors/ reports of one of the joint statutory auditors of the Holding Company.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

The Consolidated Financial Statements of the company for the previous year ended March 31, 2021 were audited by one of the current joint statutory auditors who had expressed unmodified opinion vide their report dated May 6, 2021.

7. We have performed adequate tests and procedures which in our opinion were necessary for the purpose of issuing our examination report on the Reformatted Consolidated Financial Statements of the Group for the aforesaid periods. These procedures mainly involved comparison of the attached Reformatted Consolidated Financial Statements with the Group's audited consolidated financial statements for financial years ended March 31, 2022, March 31, 2021 and March 31, 2020 and regrouping and reclassification as per schedule III of Companies Act 2013 and requirements of SEBI NCS Regulations.
8. Based on our examination and according to the statements and explanations given to us, we report that the Reformatted Consolidated Financial Statements are prepared, in all material aspects, on the basis described in Note no 1 to the Reformatted Consolidated Financial Statements.
9. At the request of the Company, we have also examined the Consolidated statement of Dividend, enclosed as Annexure VI for the years ended March 31, 2022, 2021 and 2020, prepared by the Management and approved by the Finance Committee of the Board of Directors vide Resolution dated June 23, 2022.
10. In the preparation and presentation of Reformatted Consolidated Financial Information based on audited financial statements as referred to in paragraph 4 above, no adjustments have been made for any events occurring subsequent to dates of the audit reports specified in paragraph 4 above.
11. This report should not in any way be construed as a reissuance or re-dating of any of the previous audit reports issued by us or by one of the current joint statutory auditors (i.e V Sankar Aiyar & Co) or by previous statutory auditors (i.e Deloitte Haskins & Sells LLP) nor should this report be construed as a new opinion on any of the financial statements referred to herein.
12. We have no responsibility to update our report for events and circumstances occurring after the date of the report.
13. Our report is intended solely for use of the Management of the Company for inclusion in the Offer Document to be filed in connection with the proposed Issue and is not to be used, referred to, or distributed for any other purpose except with our prior consent.

Note 2. Basis of consolidation

i. Basis of preparation of financial statements

**CONSOLIDATED FINANCIAL STATEMENTS OF IIFL FINANCE LIMITED
(FORMERLY KNOWN AS IIFL HOLDINGS LIMITED)**

**Notes forming part of Reformatted Consolidated Financial Statements as at and for the year ended March 31, 2022,
March 31, 2021 and March 31, 2020**

The consolidated financial statements relates to IIFL Finance Limited (the “Company”) and its subsidiary/group companies (together hereinafter referred to as “Group”). The consolidated financial statements of the Group have been prepared in accordance with Indian Accounting Standards (“Ind AS”) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time).

Control is achieved when the Company has:

- Power over the investee
- Is exposed or has rights to variable returns from its involvement with the investee, and
- Has the ability to use its power over investee to affect its returns

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Holding Company has less than a majority of the voting or similar rights of an investee, the Company considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee
- Rights arising from other contractual arrangements
- The Holding Company’s voting rights and potential voting rights
- The size of the Company’s holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders.

The consolidated financial statements of the Group have been prepared in accordance with the Ind AS as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 and relevant amendment rules issued thereafter (“Ind AS”) on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period as explained below, the relevant provisions of the Companies Act, 2013 (the “Act”) and the guidelines issued by the Reserve Bank of India (“RBI”) and National Housing Bank (“NHB”) to the extent applicable.

ii. Principles of consolidation:

- a) The consolidated financial statements have been prepared in accordance with the Indian Accounting Standards (“Ind AS”) on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period as explained in the accounting policies below and the relevant provisions of The Companies Act, 2013 (“Act”).

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the

**CONSOLIDATED FINANCIAL STATEMENTS OF IIFL FINANCE LIMITED
(FORMERLY KNOWN AS IIFL HOLDINGS LIMITED)**

**Notes forming part of Reformatted Consolidated Financial Statements as at and for the year ended March 31, 2022,
March 31, 2021 and March 31, 2020**

characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/ or disclosure purposes in these consolidated financial statements is determined on such a basis, except for share based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 116, and measurements that have some similarities to fair value but are not fair value, such as value in use in Ind AS 36.

Fair value measurements under Ind AS are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company can access at measurement date;
- Level 2 inputs are inputs, other than quoted prices included within level 1, (that are not traded in active market) that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the valuation of assets or liabilities.

- b) The effects of all inter-Group transactions and balances have been eliminated on consolidation. The accounting policies adopted in the preparation of the consolidated financial statements are consistent with those followed in the previous year by the Group.
- c) The consolidated financial statements of the subsidiary companies used in the consolidation are drawn up to the same reporting date as that of the Group, March 31, 2022.
- d) The consolidated financial statements of the Group have been combined on a line-by-line basis by adding together like items of assets, liabilities, income and expenses, after eliminating intra-group balances, intra-group transactions and resulting unrealised profits or losses, unless cost cannot be recovered.
- e) Business combinations: Business combinations are accounted for using the acquisition method. At the acquisition date, identifiable assets acquired and liabilities assumed are measured at fair value. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition date fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable. The consideration transferred is measured at fair value at acquisition date and includes the fair value of any contingent consideration. However, deferred tax asset or liability and any liability or asset relating to employee benefit arrangements arising from a business combination are measured and recognised in accordance with the requirements of Ind AS 12, Income Taxes and Ind AS 19, Employee Benefits, respectively. Where the consideration transferred exceeds the fair value of the net identifiable assets acquired and liabilities assumed, the excess is recorded as goodwill. Alternatively, in case of a bargain purchase wherein the consideration transferred is lower than the fair value of the net identifiable assets acquired and liabilities assumed, the difference is recorded as a gain in other comprehensive income and accumulated in equity as capital reserve. The costs of acquisition excluding those relating to issue of equity or debt securities are charged to the Statement of Profit and Loss in the period in which they are incurred Business combinations involving entities under common control are accounted for using the pooling of interests method. The net assets of the transferor entity or business are accounted at their carrying

amounts on the date of the acquisition subject to necessary adjustments required to harmonise accounting policies.

- f) Goodwill is an asset representing the future economic benefits arising from other assets acquired in a business combination that are not individually identified and separately recognised. Goodwill is initially measured at cost, being the excess of the consideration transferred over the net identifiable assets acquired and liabilities assumed, measured in accordance with Ind AS 103 – Business Combinations.

Goodwill is considered to have indefinite useful life and hence is not subject to amortisation but tested for impairment at least annually. After initial recognition, goodwill is measured at cost less any accumulated impairment.

Any impairment loss on goodwill is recognised in the Statement of Profit and Loss. An impairment loss recognised on goodwill is not reversed in subsequent periods.

For the purpose of impairment testing, goodwill acquired in a business combination, is from the acquisition date.

The excess of cost to the Group of its investments in the subsidiary companies over its share of equity of the subsidiary companies, at the dates on which the investments in the subsidiary companies are made, is recognised as ‘Goodwill’ being an asset in the consolidated financial statements. Alternatively, where the share of equity in the subsidiary companies as on the date of investment is in excess of cost of investment of the Group, it is recognised as ‘Capital Reserve’ and shown under the head ‘Reserves and Surplus’, in the consolidated financial statements. Goodwill/ Capital reserve has been netted off and disclosed in the consolidated financial statements. Goodwill arising on consolidation is not amortised but tested for impairment.

- g) Non-controlling Interest in the net assets of the consolidated subsidiaries consist of the amount of equity attributable to the minority shareholders at the date on which investments in the subsidiary companies were made and further movements in their share in the equity, subsequent to the dates of investments. Net profit and loss/ other comprehensive income (“OCI”) for the year of the subsidiaries attributable to non-controlling interest is identified and adjusted against the profit after tax/ other comprehensive income (“OCI”) of the Group in order to arrive at the income attributable to shareholders of the Group.
- h) Profit or loss and each component of other comprehensive income (“OCI”) are attributed to the equity holders of the Holding Company and to the non-controlling interests, if any.

iv. Use of estimates and judgments

The preparation of the consolidated financial statements in conformity with Indian Accounting Standards ("Ind AS") requires the management to make estimates, judgments and assumptions. These estimates, judgements and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the consolidated financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as the management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the consolidated financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the consolidated financial statements.

v. Statement of compliance

The consolidated financial statements of the Group have been prepared in accordance with the provisions of the Act and the Ind AS notified under the Companies (Indian Accounting Standards) Rules, 2015 issued by Ministry of Corporate Affairs in exercise of the powers conferred by section 133 read with sub-section (1) of section 210A of the Companies Act, 2013 along with the applicable guidelines issued by Reserve Bank of India ("RBI") and National Housing Bank ("NHB"). In addition, the guidance notes/ announcements issued by the Institute of Chartered Accountants of India ("ICAI") are also applied except where compliance with other statutory promulgations require a different treatment.

vi. Presentation of financial statements

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in the Division III to Schedule III to the Act applicable for Non-Banking Finance Companies ("NBFC"). The Statement of Cash Flows has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash Flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the consolidated Financial Statements along with the other notes required to be disclosed under the notified Accounting Standards and regulations issued by the RBI and NHB.

Note 3. SIGNIFICANT ACCOUNTING POLICIES

(a) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured and there exists reasonable certainty of its recovery.

i. Interest income and dividend income

Interest income on financial instruments at amortised cost is recognised on a time proportion basis taking into account the amount outstanding and the effective interest rate ("EIR") applicable.

Interest on financial instruments measured at fair value is included within the fair value movement during the period.

The EIR is the rate that exactly discounts estimated future cash flows of the financial instrument through the expected life of the financial instrument or, where appropriate, a shorter period, to the net carrying amount of the financial instrument. The future cash flows are estimated taking into account all the contractual terms of the instrument.

The calculation of the EIR includes all fees paid or received between parties to the contract that are incremental and directly attributable to the specific lending arrangement, transaction costs, and all other premiums or discounts. For financial assets at fair value through profit and loss ("FVTPL"), transaction costs are recognised in the Statement of Profit and Loss at initial recognition.

Penal Interest are recognised as income only when revenue is virtually certain which generally

coincides with receipts.

Dividend on equity shares, preference shares and on mutual fund units is recognised as income when the right to receive the dividend is established.

ii. Fees and charges

Fees and charges include fees other than those that are an integral part of EIR. The fees included in this part of the Group's Statement of Profit and Loss include, among other things, fees charged for servicing a loan.

Cheque bounce charges, late payment charges and foreclosure charges are recognised on a point-in-time basis, and are recorded when realised.

Fee and commission expenses with regards to services are accounted for as and when the services are delivered.

iii. Income from financial instruments at FVTPL

Income from financial instruments at FVTPL includes all gains and losses from changes in the fair value of financial assets and financial liabilities at FVTPL.

iv. Assignment transactions

In accordance with Ind AS 109, in case of assignment transactions with complete transfer of risks and rewards without any retention of residual interest, gain arising on such assignment transactions is recorded upfront in the Statement of Profit and Loss and the corresponding asset is derecognised from the Balance Sheet immediately upon execution of such transaction. Further, the transfer of financial assets qualifies for derecognition in its entirety, the whole of the interest spread at its present value (discounted over the life of the asset) is recognised on the date of derecognition itself as interest only strip receivable (interest strip on assignment) and correspondingly recognised as profit on derecognition of financial asset.

v. Securitisation transactions

In accordance with Ind AS 109, in case of securitisation transactions, the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

vi. Other operational revenue

Other operational revenue represents income earned from the activities incidental to the business and is recognised when the right to receive the income is established as per the terms of the contract.

(b) Property, plant and equipment ("PPE")

PPE is recognised when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. PPE is stated at original cost net of tax, if any, less accumulated depreciation. Cost includes professional fees related to the

acquisition of PPE and, for qualifying assets, borrowing costs capitalised in accordance with the Group's accounting policy.

Depreciation is charged using the straight-line method, based on the useful life of fixed assets as estimated by the Management, as specified below. Depreciation is charged from the month in which new assets are put to use. No depreciation is charged from the month in which assets are sold. In case of transfer of used fixed assets from group companies, depreciation is charged over the remaining useful life of the asset. Individual assets / group of similar assets costing up to ₹ 5,000 have been depreciated in full in the year of purchase. Leasehold land is depreciated on a straight line basis over the leasehold period.

The estimated useful life of assets is as under:

Class of assets	Useful life
Buildings	20 years
Computers	3 years
Office equipment	5 years
Plant and Equipment	5 years
Furniture and fixtures	5 years
Vehicles	5 years

For above class of assets, based on internal assessment and independent technical evaluation carried out by external valuers, the Management believes that the useful lives as given above best represent the period over which Management expects to use these assets.

An item of PPE is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of PPE is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss.

Capital work in progress

Projects under which tangible fixed assets are not yet ready for their intended use are carried at cost, comprising direct cost, related incidental expenses and attributable interest and are disclosed as "capital work-in-progress".

(c) Intangible assets

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably. Intangible assets are stated at original cost net of tax, less accumulated amortisation and cumulative impairment.

Intangible assets i.e. Software are amortised on straight-line basis over the estimated useful life of 3 years. Amortisation on impaired assets is provided by adjusting the amortisation charge in the remaining periods so as to allocate the assets revised carrying amount over its remaining useful life.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset are

recognised in the Statement of Profit and Loss when the asset is derecognised.

(d) Investment property

Investment properties are properties held to earn rentals and/ or for capital appreciation (including property under construction for such purposes). Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost, net of accumulated depreciation and accumulated impairment loss, if any.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in Statement of Profit and Loss in the period in which the Investment property is derecognised.

Freehold land and properties under construction are not depreciated.

(e) Non-current Assets held for Sale

Non-current assets are classified as held for sale if their carrying amount is intended to be recovered principally through a sale (rather than through continuing use) when the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sale of such asset and the sale is highly probable and is expected to qualify for recognition as a completed sale within one year from the date of classification.

The Group repossess properties or other assets to settle outstanding recoverable and the surplus (if any) post auction is refunded to the obligors. These assets physically acquired by the company under SARFASI Act, 2002 and sale is highly probable has been classified as assets held for sale, as their carrying amounts will be recovered principally through a sale of asset. In accordance with Ind AS 105, the company is committed to sell these assets. Non-current assets classified as held for sale are measured at lower of their carrying amount and fair value less costs to sell.

(f) Impairment of assets

As at the end of each accounting year, the Group reviews the carrying amounts of its PPE, intangible assets and investment property assets to determine whether there is any indication that those assets have suffered an impairment loss. If such indication exists, the PPE, intangible assets and investment property are tested for impairment so as to determine the impairment loss, if any.

Recoverable amount is the higher of fair value less costs of disposal and value in use. If recoverable amount of an asset is estimated to be less than its carrying amount, such deficit is recognised immediately in the Statement of Profit and Loss as impairment loss and the carrying amount of the asset is reduced to its recoverable amount.

When an impairment loss is subsequently reverse, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, to the extent that it does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised immediately in the Statement of Profit and Loss.

(g) Share-based payment arrangements

Equity-settled share-based payments to employees and others providing similar services are measured at the fair value of the equity instruments at the grant date.

The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Group's estimate of equity instruments that will eventually vest, with a corresponding increase in equity.

Securities premium includes:

- The difference between the face value of the equity shares and the consideration received in respect of shares issued pursuant to Stock Option Scheme.
- The fair value of the stock options which are treated as expense, if any, in respect of shares allotted pursuant to Stock Options Scheme

(h) Employee benefits

Defined contribution plans

The Group's contribution towards Provident Fund and Family Pension Fund are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees and are accounted for on an accrual basis and recognised in the Statement of Profit and loss.

Defined benefit plans

Short term employee benefits: Employee benefits falling due wholly within twelve months of rendering the service are classified as short term employee benefits and are expensed in the period in which the employee renders the related service. Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service. These benefits include performance incentive and compensated absences.

Post employment benefits: The employees' gratuity fund scheme represents defined benefit plan. The present value of the obligation under defined benefit plan is determined based on actuarial valuation using the Projected Unit Credit Method.

The obligation is measured at the present value of the estimated future cash flows using a discount rate based on the market yield on government securities of a maturity period equivalent to the weighted average maturity profile of the defined benefit obligations at the Balance Sheet date.

Re-measurement, comprising actuarial gains and losses, the return on plan assets (excluding amounts included in net interest on the net defined benefit liability or asset) and any change in the effect of asset ceiling (if applicable) is recognised in other comprehensive income and is reflected in retained earnings and the same is not eligible to be reclassified to the Statement of Profit and Loss.

(FORMERLY KNOWN AS IIFL HOLDINGS LIMITED)**

**Notes forming part of Reformatted Consolidated Financial Statements as at and for the year ended March 31, 2022,
March 31, 2021 and March 31, 2020**

Defined benefit costs comprising current service cost, past service cost and gains or losses on settlements are recognised in the Statement of Profit and Loss as employee benefit expenses. Gains or losses on settlement of any defined benefit plan are recognised when the settlement occurs. Past service cost is recognised as expense at the earlier of the plan amendment or curtailment and when the Group recognises related restructuring costs or termination benefits.

In case of funded plans, the fair value of the plan assets is reduced from the gross obligation under the defined benefit plans to recognise the obligation on a net basis.

Long term employee benefits: The obligation recognised in respect of long term benefits such as long term compensated absences, is measured at present value of estimated future cash flows expected to be made by the Group and is recognised in a similar manner as in the case of defined benefit plan above.

(i) Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders (after deducting attributable taxes) and the weighted average number of equity shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented.

(j) Taxes on income

Current tax

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961 and other applicable tax laws.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Group's financial statements and the corresponding tax bases used in computation of taxable profit and quantified using the tax rates and laws enacted or substantively enacted as on the Balance Sheet date.

Deferred tax is not recognized for:

- Temporary differences on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss
- Temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the Group is able to control the timing of the reversal of the temporary differences

**CONSOLIDATED FINANCIAL STATEMENTS OF IIFL FINANCE LIMITED
(FORMERLY KNOWN AS IIFL HOLDINGS LIMITED)**

**Notes forming part of Reformatted Consolidated Financial Statements as at and for the year ended March 31, 2022,
March 31, 2021 and March 31, 2020**

and it is probable that they will not reverse in the foreseeable future; and
- Taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Future taxable profits are determined based on business plans and the reversal of temporary differences.

Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the assets to be recovered.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities. For this purpose, the carrying amount of investment property measured at fair value is presumed to be recovered through sale, and the company has not rebutted this presumption.

For transactions and other events recognised in profit or loss, any related tax effects are also recognised in profit or loss. For transactions and other events recognised outside profit or loss (either in other comprehensive income or directly in equity), any related tax effects are also recognised outside profit or loss (either in other comprehensive income or directly in equity, respectively).

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off assets against liabilities, representing current tax and where the deferred tax assets and deferred tax liabilities relates to taxes on income levied by the same governing taxation laws.

Current and deferred tax for the year

Current and deferred tax are recognised in the Statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

(k) Financial instruments

Financial assets and financial liabilities are recognised in the Group's Balance Sheet when the Group becomes a party to the contractual provisions of the instrument.

Recognised financial assets and financial liabilities are initially measured at fair value. Transaction costs and revenues that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at FVTPL) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs and revenues directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognised immediately in the Statement of Profit and Loss.

Financial assets

Classification and measurement

The Group classifies its financial assets into the following measurement categories: amortised cost;

**CONSOLIDATED FINANCIAL STATEMENTS OF IIFL FINANCE LIMITED
(FORMERLY KNOWN AS IIFL HOLDINGS LIMITED)**

**Notes forming part of Reformatted Consolidated Financial Statements as at and for the year ended March 31, 2022,
March 31, 2021 and March 31, 2020**

fair value through other comprehensive income; and fair value through profit or loss.

All recognised financial assets that are within the scope of Ind AS 109 are required to be subsequently measured at amortised cost or fair value on the basis of the entity's business model for managing the financial assets and the contractual cash flow characteristics of the financial assets.

Financial instruments measured at amortised cost

Debt instruments that meet the following criteria are measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest ("SPPI") on the principal amount outstanding.

For the purpose of SPPI test, principal is the fair value of the financial asset at initial recognition. The principal amount may change over the life of the financial asset (e.g. if there are repayments of principal). Interest consists of consideration for the time value of money, for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs, as well as a profit margin. The SPPI assessment is made in the currency in which the financial asset is denominated.

Contractual cash flows that are SPPI are consistent with a basic lending arrangement. Contractual terms that introduce exposure to risks or volatility in the contractual cash flows that are unrelated to a basic lending arrangement, such as exposure to changes in equity prices or commodity prices, do not give rise to contractual cash flows that are SPPI. An originated or an acquired financial asset can be a basic lending arrangement irrespective of whether it is a loan in its legal form.

An assessment of business models for managing financial assets is fundamental to the classification of a financial asset. The Group determines the business models at a level that reflects how financial assets are managed together to achieve a particular business objective. The Group's business model does not depend on management's intentions for an individual instrument, therefore the business model assessment is performed at a higher level of aggregation rather than on an instrument-by-instrument basis.

Debt instruments that are subsequently measured at amortised cost are subject to impairment.

Financial instruments measured at fair value through other comprehensive income ("FVTOCI")

Debt instruments that meet the following criteria are measured at fair value through other comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Interest income is recognised in Statement of profit and loss for FVTOCI debt instruments. Other changes in fair value of FVTOCI financial assets are recognised in other comprehensive income.

**CONSOLIDATED FINANCIAL STATEMENTS OF IIFL FINANCE LIMITED
(FORMERLY KNOWN AS IIFL HOLDINGS LIMITED)**

**Notes forming part of Reformatted Consolidated Financial Statements as at and for the year ended March 31, 2022,
March 31, 2021 and March 31, 2020**

When the asset is disposed of, the cumulative gain or loss previously accumulated in reserve is transferred to Statement of Profit and Loss.

Financial instruments measured at fair value through Profit and Loss ("FVTPL")

Instruments that do not meet the amortised cost or FVTOCI criteria are measured at FVTPL. Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognised in the Statement of Profit and Loss. The gain or loss on disposal is recognised in the Statement of Profit and Loss.

Interest income is recognised in the Statement of Profit and Loss for FVTPL debt instruments. Dividend on financial assets at FVTPL is recognised when the Group's right to receive dividend is established.

Investments in equity instruments at FVTOCI

On initial recognition, the Group makes an irrevocable election (on an instrument-by-instrument basis) to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Reserve for equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to Statement of Profit and Loss on disposal of the investments. Dividends from these investments are recognised in the Statement of Profit and Loss when the Group's right to receive dividends is established.

Reclassifications

If the business model under which the Group holds financial assets changes, the financial assets affected are reclassified. The classification and measurement requirements related to the new category apply prospectively from the first day of the first reporting period following the change in business model that result in reclassifying the Group's financial assets. Changes in contractual cash flows are considered under the accounting policy on modification and derecognition of financial assets described below.

Impairment of financial assets

Group recognizes loss allowances using the Expected Credit Loss ("ECL") model for the financial assets which are not fair valued through profit and loss. ECL is calculated using a model which captures portfolio performance over a period of time. ECL is a probability-weighted estimate of credit losses. A credit loss is the difference between the cash flows that are due to an entity in accordance with the contract and the cash flows that the entity expects to receive discounted at the original EIR. Vintage loss curve model is used for ECL computation of retail portfolio which involves assessment of performance of segmented portfolio over a time period. The model tracks month-wise losses during the loan tenor. Vintage loss rate models provide a simple, reasonable model for both one-year and lifetime expected credit loss forecasts. For wholesale portfolio, ECL computation is done for each loan account based on CRISIL default study and International Review Board ("IRB") guidelines.

ECL is measured through a loss allowance at an amount equal to:

- 12-month ECL, i.e. ECL that result from those default events on the financial instrument that are

**CONSOLIDATED FINANCIAL STATEMENTS OF IIFL FINANCE LIMITED
(FORMERLY KNOWN AS IIFL HOLDINGS LIMITED)**

**Notes forming part of Reformatted Consolidated Financial Statements as at and for the year ended March 31, 2022,
March 31, 2021 and March 31, 2020**

- possible within 12 months after the reporting date (referred to as Stage 1); or
- full lifetime ECL, i.e. lifetime ECL that result from all possible default events over the life of the financial instrument (referred to as Stage 2 and Stage 3).

A loss allowance for full lifetime ECL is required for a financial instrument if the credit risk on that financial instrument has increased significantly since initial recognition. For all other financial instruments, ECLs are measured at an amount equal to the 12-month ECL.

The Group measures ECL on an individual basis, or on a collective basis for portfolios of loans that share similar economic risk characteristics. The measurement of the loss allowance is based on the present value of the asset's expected cash flows using the asset's original EIR, regardless of whether it is measured on an individual basis or a collective basis.

Key elements of ECL computation are outlined below:

- Probability of default ("PD") is an estimate of the likelihood that customer will default over a given time horizon. A default may only happen at a certain time over the assessed period, if the facility has not been previously de-recognised and is still in the portfolio.
- Loss given default ("LGD") estimates the normalised loss which Group incurs post customer default. It is usually expressed as a percentage of the Exposure at default ("EAD").
- Effective interest rate ("EIR") is the rate that discounts estimated future cash flows through the expected life of financial instrument. For calculating EIR any upfront fees needs to be excluded from the loans and advance amount.

Credit impaired financial assets

A financial asset is 'credit impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred. Credit-impaired financial assets are referred to as Stage 3 assets. Evidence of credit-impairment includes observable data about the following events:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or past due event;
- the lender of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession that the lender would not otherwise consider;
- the disappearance of an active market for a security because of financial difficulties; or
- the purchase of a financial asset at a deep discount that reflects the incurred credit losses.

A loan is considered credit-impaired when a concession is granted to the borrower due to a deterioration in the borrower's financial condition, unless there is evidence that as a result of granting the concession the risk of not receiving the contractual cash flows has reduced significantly and there are no other indicators of impairment.

Definition of default

Critical to the determination of ECL is the definition of default. The definition of default is used in measuring the amount of ECL and in the determination of whether the loss allowance is based on 12-month or lifetime ECL, as default is a component of the probability of default ("PD") which affects both the measurement of ECLs and the identification of a significant increase in credit risk.

**Notes forming part of Reformatted Consolidated Financial Statements as at and for the year ended March 31, 2022,

Default considered for computation of ECL computation is as per the applicable prudential regulatory norms.

Significant increase in credit risk

The Group monitors all financial assets, issued loan commitments and financial guarantee contracts that are subject to the impairment requirements to assess whether there has been a significant increase in credit risk since initial recognition. The Group's accounting policy is not to use the practical expedient that financial assets with 'low' credit risk at the reporting date are deemed not to have had a significant increase in credit risk.

In assessing whether the credit risk on a financial instrument has increased significantly since initial recognition, the Group compares the risk of a default occurring on the financial instrument at the reporting date based on the remaining maturity of the instrument with the risk of a default occurring that was anticipated for the remaining maturity at the current reporting date when the financial instrument was first recognised. In making this assessment, the Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort, based on the Group's expert credit assessment.

Modification and derecognition of financial assets

A modification of a financial asset occurs when the contractual terms governing the cash flows of a financial asset are renegotiated or otherwise modified between initial recognition and maturity of the financial asset. A modification affects the amount and/ or timing of the contractual cash flows either immediately or at a future date. In addition, the introduction or adjustment of existing covenants of an existing loan would constitute a modification even if these new or adjusted covenants do not yet affect the cash flows immediately but may affect the cash flows depending on whether the covenant is or is not met (e.g. a change to the increase in the interest rate that arises when covenants are breached).

The Group renegotiates loans to customers in financial difficulty to maximise collection and minimise the risk of default. Loan forbearance is granted in cases where although the borrower made all reasonable efforts to pay under the original contractual terms, there is a high risk of default or default has already happened and the borrower is expected to be able to meet the revised terms. The revised terms in most of the cases include an extension of the maturity of the loan, changes to the timing of the cash flows of the loan (principal and interest repayment), reduction in the amount of cash flows due (principal and interest forgiveness) and amendments to covenants.

When a financial asset is modified, the Group considers the following:

Qualitative factors, such as contractual cash flows after modification are no longer SPPI, change in currency or change of counterparty, the extent of change in interest rates, maturity, covenants. If these do not clearly indicate a substantial modification, then a quantitative assessment is performed to compare the present value of the remaining contractual cash flows under the original terms with the contractual cash flows under the revised terms, both amounts discounted at the original effective interest.

In the case where the financial asset is derecognised, the loss allowance for ECL is remeasured at the date of derecognition to determine the net carrying amount of the asset at that date. The difference

between this revised carrying amount and the fair value of the new financial asset with the new terms will lead to a gain or loss on derecognition. The new financial asset will have a loss allowance measured based on 12-month ECL except in the rare occasions where the new loan is considered to be originated-credit impaired. This applies only in the case where the fair value of the new loan is recognised at a significant discount to its revised par amount because there remains a high risk of default which has not been reduced by the modification. The Group monitors credit risk of modified financial assets by evaluating qualitative and quantitative information, such as if the borrower is in past due status under the new terms.

When the contractual terms of a financial asset are modified and the modification does not result in derecognition, the Group determines if the financial asset's credit risk has increased significantly since initial recognition.

For financial assets modified, where modification did not result in derecognition, the estimate of PD reflects the Group's ability to collect the modified cash flows taking into account the Group's previous experience of similar forbearance action, as well as various behavioural indicators, including the borrower's payment performance against the modified contractual terms. If the credit risk remains significantly higher than what was expected at initial recognition the loss allowance will continue to be measured at an amount equal to lifetime ECL. The loss allowance on forbore loans will generally only be measured based on 12-month ECL when there is evidence of the borrower's improved repayment behaviour following modification leading to a reversal of the previous significant increase in credit risk.

Where a modification does not lead to derecognition the Group calculates the modification gain/loss comparing the gross carrying amount before and after the modification (excluding the ECL allowance). Then the Group measures ECL for the modified asset, where the expected cash flows arising from the modified financial asset are included in calculating the expected cash shortfalls from the original asset.

Derecognition of financial assets

The Group derecognises a financial asset only when the contractual rights to the asset's cash flows expire (including expiry arising from a modification with substantially different terms), or when the financial asset and substantially all the risks and rewards of ownership of the asset are transferred to another entity. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain/loss that had been recognised in OCI and accumulated in equity is recognised in the Statement of Profit and Loss, with the exception of equity investment designated as measured at FVTOCI, where the cumulative gain/loss previously recognised in OCI is not subsequently reclassified to the Statement of Profit and Loss.

Write-off

**Notes forming part of Reformatted Consolidated Financial Statements as at and for the year ended March 31, 2022,

Loans and debt securities are written off when the Group has no reasonable expectations of recovering the financial asset (either in its entirety or a portion of it). This is the case when the Group determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. A write-off constitutes a derecognition event. The Group may apply enforcement activities to financial assets written off. Recoveries resulting from the Group's enforcement activities will result in impairment gains.

Financial liabilities and equity Instruments

Debt and equity instruments that are issued by the Group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangement.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group are recognised at the proceeds received, net of direct issue costs.

Compound instruments

The component parts of compound instruments (e.g. convertible notes) issued by the Group are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Group's own equity instruments is an equity instrument.

At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible instruments.

A conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound instrument as a whole. This is recognised and included in equity, net of income tax effects, and is not subsequently re-measured. In addition, the conversion option classified as equity will remain in equity until the conversion option is exercised, in which case, the balance recognised in equity will be transferred to other component of equity. Where the conversion option remains unexercised at the maturity date of the convertible note, the balance recognised in equity will be transferred to retained earnings. No gain/ loss is recognised in Statement of Profit and Loss upon conversion or expiration of the conversion option.

Transaction costs that relate to the issue of the convertible notes are allocated to the liability and equity components in proportion to the allocation of the gross proceeds. Transaction costs relating to the equity component are recognised directly in equity. Transaction costs relating to the liability component are included in the carrying amount of the liability component and are amortised over the life of the convertible notes using the effective interest rate method.

Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest rate method.

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest rate method.

**Notes forming part of Reformatted Consolidated Financial Statements as at and for the year ended March 31, 2022,
March 31, 2021 and March 31, 2020**

The effective interest rate method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortised cost of a financial liability.

Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the Statement of Profit and Loss.

(l) Cash and bank balances

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value. Cash and bank balances also include fixed deposits, margin money deposits, earmarked balances with banks and other bank balances which have restrictions on repatriation. Short term and liquid investments being subject to more than insignificant risk of change in value, are not included as part of cash and cash equivalents.

(m) Goods and service tax input credit

Goods and service tax input credit is accounted for in the books in the period in which the supply of goods or service received is accounted and when there is no uncertainty in availing/ utilising the credits.

(n) Borrowing costs

Borrowing costs include interest expense calculated using the EIR method.

(o) Foreign currencies

In preparing the consolidated financial statements of, transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in the Statement of Profit and Loss.

Non-monetary items carried at fair value that are denominated in foreign currencies are translated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in the Statement of Profit and Loss in the period in which they arise.

(p) Segment reporting

**CONSOLIDATED FINANCIAL STATEMENTS OF IIFL FINANCE LIMITED

**Notes forming part of Reformatted Consolidated Financial Statements as at and for the year ended March 31, 2022,
March 31, 2021 and March 31, 2020**

The Group's primary business segments are reflected based on the principal business carried out, i.e. financing. All other activities of the Group revolve around the main business. The risk and returns of the business of the Group is not associated with geographical segmentation, hence there is no secondary segment reporting based on geographical segment. As such, there are no separate reportable segments.

(q) Provisions, contingent liabilities and contingent assets

Provisions are recognised only when:

- an entity has a present obligation (legal or constructive) as a result of a past event; and
- it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and
- a reliable estimate can be made of the amount of the obligation

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

Onerous contracts

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Group has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

Contingent liability is disclosed in case of:

- a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation; and
- a present obligation arising from past events, when no reliable estimate is possible.

Contingent liabilities are disclosed in the Notes. Contingent assets are neither recognised nor disclosed in the consolidated financial statements.

(r) Commitments

Commitments are future liabilities for contractual expenditure, classified and disclosed as follows:

- a) Estimated amount of contracts remaining to be executed on capital account and not provided for;
- b) Funding related commitment to associate and joint venture companies; and
- c) Other non-cancellable commitments, if any.

(s) Statement of cash flows

Statement of Cash Flows is prepared segregating the cash flows into operating, investing and financing activities. Cash flow from operating activities is reported using indirect method adjusting the net profit for the effects of:

- changes during the period in operating receivables and payables transactions of a non-cash nature;

**CONSOLIDATED FINANCIAL STATEMENTS OF IIFL FINANCE LIMITED

**Notes forming part of Reformatted Consolidated Financial Statements as at and for the year ended March 31, 2022,

- non-cash items such as depreciation, provisions, deferred taxes and unrealised foreign currency gains and losses.
- all other items for which the cash effects are investing or financing cash flows.

Cash and cash equivalents (including bank balances) shown in the Statement of Cash Flows exclude items which are not available for general use as on the date of balance sheet.

(t) Exceptional Items

When items of income and expense within profit or loss from ordinary activities are of such size, nature or incidence that their disclosure is relevant to explain the performance of the enterprise for the period, the nature and amount of such items is disclosed separately as Exceptional items.

(u) Derivative financial instruments and hedging

The Group enters into derivative financial instruments to manage its exposure to interest rate and foreign exchange rate risks, including foreign exchange forward contracts, interest rate swaps and cross currency swaps.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in the Statement of Profit and Loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in the Statement of Profit and Loss depends on the nature of the hedging relationship and the nature of the hedged item.

Hedge accounting

The Group designates certain hedging instruments, which include derivatives in respect of foreign currency risk, as cash flow hedge.

At the inception of the hedge relationship, the entity documents the relationship between the hedging instrument and the hedged item, along with its risk management objectives and its strategy for undertaking various hedge transactions. Furthermore, at the inception of the hedge and on an ongoing basis, the Group documents whether the hedging instrument is highly effective in offsetting changes in fair values or cash flows of the hedged item attributable to the hedged risk.

Cash flow hedges

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in other comprehensive income and accumulated under the heading of cash flow hedge reserve. The gain or loss relating to the ineffective portion is recognised immediately in profit or loss, and is included in the 'Other income' line item.

Amounts previously recognised in other comprehensive income and accumulated in equity relating to (effective portion as described above) are reclassified to profit or loss in the periods when the hedged item affects profit or loss, in the same line as the recognised hedged item. However, when the hedged forecast transaction results in the recognition of a non-financial asset or a non-financial liability, such gains and losses are transferred from equity (but not as a reclassification adjustment) and included in the initial measurement of the cost of the non-financial asset or non-financial liability. Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or

exercised, or when it no longer qualifies for hedge accounting. Any gain or loss recognised in other comprehensive income and accumulated in equity at that time remains in equity and is recognised when the forecast transaction is ultimately recognised in profit or loss. When a forecast transaction is no longer expected to occur, the gain or loss accumulated in equity is recognised immediately in profit or loss.

(v) Leases

The Group assesses whether a contract contains a lease, at the inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group considers whether (i) the contract involves the use of identified asset; (ii) the Group has substantially all of the economic benefits from the use of the asset through the period of lease and (iii) the Group has right to direct the use of the asset.

As a lessee

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the site on which it is located, less any lease incentives received.

Certain lease arrangements include the option to extend or terminate the lease before the end of the lease term. The right-of-use assets and lease liabilities include these options when it is reasonably certain that the option will be exercised.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Group's incremental borrowing rate. Generally, the Group uses its incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprises of fixed payments, including in-substance fixed payments, amounts expected to be payable under a residual value guarantee and the exercise price under a purchase option that the Group is reasonably certain to exercise, lease payments in an optional renewal period if the Group is reasonably certain to exercise an extension option.

The lease liability is subsequently measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, or if Group changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset or is recorded in profit or loss if the carrying amount of the

right-of-use asset has been reduced to zero.

Lease liability and the right of use asset have been separately presented in the balance sheet and lease payments have been classified as financing activities.

The Group has elected not to recognise right-of-use assets and lease liabilities for short term leases that have a lease term of less than or equal to 12 months with no purchase option and assets with low value leases. The Group recognises the lease payments associated with these leases as an expense in statement of profit and loss over the lease term. The related cash flows are classified as operating activities.

As a lessor

Leases for which the Group is a lessor is classified as finance or operating leases. When the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Group is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the right of use asset arising from the head lease.

Critical accounting estimate and judgement

1. Determination of lease term

Ind AS 116 Leases requires lessee to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Group makes assessment on the expected lease term on lease by lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Group considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of lease and the importance of the underlying to the Group's operations taking into account the location of the underlying asset and the availability of the suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

2. Discount rate

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

The Group as a lessee

As a lessee, the Group leases assets which includes gold loan branches/office premises and vehicles to employees. The Group previously classified leases as operating or finance leases based on its assessment of whether the lease transferred significantly all of the risks and rewards incidental to ownership of the underlying asset to the Group. Under Ind AS 116, the Group recognises right-of-use assets and lease liabilities for these leases.

Notes forming part of Reformatted Consolidated Financial Statements as at and for the year ended March 31,2022, March 31,2021 and March 31,2020

6.1 Hedging activities and derivatives

The Group is exposed to certain risks relating to its ongoing business operations. The primary risks managed using derivative instruments are interest rate and currency risk.

6.1.1 Derivatives designated as hedging instruments

The foreign currency and interest rate risk on borrowings have been actively hedged through a combination of forward contracts and cross currency interest rate swaps.

The Group is exposed to interest rate risk arising from its foreign currency borrowings. Interest on the borrowing is payable at a floating rate linked to the Benchmark Plus Margin. The Group economically hedged the interest rate risk arising from the debt with a 'receive floating pay fixed' cross currency interest rate swap.

The Group uses Cross Currency Interest Rate Swaps (IRS) Contracts (Floating to Fixed) and Forward Exchange Contracts to hedge its risks associated with interest rate and currency fluctuations relating interest rate and currency risk arising from foreign currency loans / external commercial borrowings. The Group designates such contracts in a cash flow hedging relationship by applying the hedge accounting principles as per IND AS standards. These contracts are stated at fair value of the Spot element of the forward exchange contracts at each reporting date. Changes in the fair value of these contracts that are designated and effective as hedges of future cash flows are recognised directly in "Cash Flow Hedge Reserve" under Other Equity and the ineffective portion is recognised immediately in the Statement of Profit and Loss. Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting.

There is an economic relationship between the hedged item and the hedging instrument as the terms of the Forward contracts/Cross Currency Interest Rate Swaps match that of the foreign currency borrowings (notional amount, interest payment dates, principal repayment date, etc.). The Group has established a hedge ratio of 1:1 for the hedging relationships as the underlying risk of the Forward contracts/Cross currency interest rate swaps are identical to the hedged risk components.

*Loans classified under Fair Value Through Other Comprehensive Income relate to those available for sale in their present condition.

Notes:

8.1 Secured loans are secured by way of equitable mortgage of property, pledge of shares, hypothecation of assets, company personal guarantees, physical gold, undertaking to create security. Loans secured by Government Guarantee are credit facilities provided under the Emergency Credit Line Guarantee Scheme backed by an unconditional and irrevocable guarantee provided by Government of India.

8.2 Secured loans include loans aggregating to ₹ 2,009.43 million (March 31, 2021 ₹ 2,677.98 million and March 31, 2021 ₹ 3,467.03 million) in respect of which the creation of security is under process.

8.3 The Group assessment of impairment loss allowance on its loans and other assets is subject to a number of management judgments and estimates. In relation to COVID-19, judgments and assumptions included the extent and duration of the pandemic, the impacts of actions of governments and other authorities, and the responses of businesses and consumers in different industries, along with the associated impact on the global economy. Given the dynamic nature of pandemic situation, the Group's impairment loss allowance estimates are inherently uncertain due to severity and duration of the pandemic and, as a result, actual results may differ from these estimates as on the date of approval of these Consolidated Financial Statements.

8.4 The Group has complied with the RBI circular dated November 12, 2021 - "Prudential norms on Income Recognition, Asset Classification and Provisioning pertaining to Advances - Clarifications". On February 15, 2022, RBI allowed deferment till September 30, 2022 of Para 10 of this circular pertaining to upgrade of non performing accounts. However, the Group has not opted for this deferment.

Note 11.1.

The recently promulgated Taxation Laws (Amendment) Ordinance 2019 had inserted section 115BAA in the Income Tax Act, 1961 providing existing domestic companies with an option to pay tax at concessional rate of 22% plus applicable surcharge & cess. The reduced tax rates come with the consequential surrender of specified deductions & incentives. The option was to be exercised within the prescribed time for filing the return of income under section 139(1) of the Income Tax Act, 1961 for assessment year (AY) 20-21 or subsequent AYs. Once exercised, such an option cannot be withdrawn for the same or subsequent AYs.

These consolidated financial statements are prepared on the basis that the parent company and some of its subsidiaries would avail the option to pay income tax at the lower rate. Consequently, wherever applicable, the opening deferred tax asset (net) has been measured at the lower rate, with a one-time charge of ₹ 499.03 million to the statement of Profit & Loss during the year ended March 31, 2020.

Note 17. Assets Held For Sale

(₹ in millions)

Particulars	As at March 31, 2022	As at March 31, 2021	As at March 31, 2020
Assets held for sale	175.51	139.46	-
Total	175.51	139.46	-

(i) Assets held for sale includes Group owned property which it intends to sell in the near future.

(ii) The Group follows various collection mechanisms for recovery of dues from the borrowers, which involves initiating SARFAESI, actual/physical repossession of assets after eviction in lieu of the loan outstanding and subsequent sale of repossessed assets via auction process in case of default by the borrowers. The Company's endeavour is to sell the re-possessed assets, in a public auction and realise the sale proceeds to recover the Loan amount outstanding at the earliest. The Group has all opportunity to repay the Loan amount before finalization of sale of the property and take back the possession. Since borrowers may settle the loans and in such cases, the property is handed back to them (in case the property is not yet sold in auction), the Company's management is of the view that acquiring such properties does not change the nature of the assets and that such re-possessed assets continue to be classified as financial assets. Therefore, such re-possessed properties are not classified as Assets Held for Sale as per IND AS 105. Expert Advisory Committee of the Institute of Chartered Accountants of India has been approached by the Company for an opinion in the classification of such repossessed assets as "Non- Current Assets Held For Sale", which is awaited.

Delta Effect of +1% Change in Rate of Employee Turnover	(2.15)	(3.84)	(3.95)
Delta Effect of -1% Change in Rate of Employee Turnover	2.08	4.17	4.32

The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

The sensitivity analysis presented above may not be representative of the actual change in the projected benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the projected benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the projected benefit obligation as recognised in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

Notes

Actuarial gains/losses are recognised in the period of occurrence under Other Comprehensive Income (OCI). All above reported figures of OCI are gross of taxation.

Salary escalation & attrition rate are in line with the industry practice considering promotion and demand and supply of the employees.

Maturity analysis of benefit payments is undiscounted cashflows considering future salary, attrition & death in respective year for members as mentioned above.

Average Expected Future Service represents Estimated Term of Post - Employment Benefit Obligation.

Value of asset is considered as fair value of plan asset for the period of reporting.

Qualitative disclosures

Characteristics of defined benefit plan

The Company has a defined benefit gratuity plan in India (funded). The company's defined benefit gratuity plan is a final salary plan for employees, which requires contributions to be made to a separately administered fund.

The fund is managed by a trust which is governed by the Board of Trustees. The Board of Trustees are responsible for the administration of the plan assets and for the definition of the investment strategy.

Risks associated with defined benefit plan

Gratuity is a defined benefit plan and company is exposed to the following risks:

Interest rate risk: A fall in the discount rate which is linked to the G.Sec. Rate will increase the present value of the liability requiring higher provision. A fall in the discount rate generally increases the mark to market value of the assets depending on the duration of asset.

Salary risk: The present value of the defined benefit plan liability is calculated by reference to the future salaries of members. As such, an increase in the salary of the members more than assumed level will increase the plan's liability.

Investment risk: The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create a plan deficit. Currently, for the plan in India, it has a relatively balanced mix of investments in government securities, and other debt instruments.

Asset liability matching risk: The plan faces the ALM risk as to the matching cash flow. Since the plan is invested in lines of Rule 101 of Income Tax Rules, 1962, this generally reduces ALM risk.

Mortality risk: Since the benefits under the plan is not payable for life time and payable till retirement age only, plan does not have any longevity risk.

Characteristics of defined benefit plans

During the year, there were no plan amendments, curtailments and settlements.

A separate trust fund is created to manage the Gratuity plan.

Note: The above information is as provided by the Actuary, which has been relied upon by the auditors.

Note 37. Risk Management

The Group's activities expose it to market risk, liquidity risk and credit risk.

Risk management is integral to the Group's strategy. An enterprise wide risk management framework is in place to govern the Group's risk management processes. A strong risk management team and an effective credit operations structure ensures that risks are properly identified and timely addressed to ensure minimal impact on the Group's growth and performance.

The Group has developed the necessary competency to identify early stress signals and has also defined processes, including corrective and remedial actions as regards people and processes, for mitigation to ensure minimum damage.

A stress testing mechanism is put in place to carry out the event based sensitivity analysis and identify the accounts under stress due to expected market movement.

The Group's central treasury department identifies, evaluates and hedges financial risks in close co-operation with the Group's operating units. The Board provides written principles for overall risk management, as well as policies covering specific areas, such as foreign exchange risk, interest rate risk, credit risk, use of derivative financial instruments and non-derivative financial instruments and investment of excess liquidity. The Group's Treasury is responsible for managing its assets and liabilities and the overall financial structure. It is also primarily responsible for the funding and liquidity risks of the Group.

Risk management is integral to Group's strategy. The comprehensive understanding of risk management throughout the various levels of an organization aids in driving key decisions related to risk-return balance, capital allocation and product pricing. The Group operates under the guidance of the Board approved risk appetite statement that covers business composition, guidance around gross non-performing assets and net non-performing assets, leverage, funding and liquidity, etc.

Additionally, it is also ensured that appropriate focus is on managing risk proactively by ensuring business operations are in accordance with laid-down risk. A strong risk management team and an effective credit operations structure ensures that risks are properly identified and timely addressed, to ensure minimal impact on the Group's growth and performance.

Risk Management Structure

The Group has established multi-level risk governance for monitoring & control of product and entity level risks. The Board of Directors are responsible for the overall risk management approach and for approving the risk management strategies and principles. The Board has constituted the Risk Management Committee ("RMC") which is responsible for monitoring the overall risk process within the Group. The RMC is empowered to develop an independent risk strategy comprising of principles, frameworks, policies and limits and ensuring its effective implementation. Independent function of Risk management is in place headed by the Chief Risk Officer ("CRO") who reports to the Chief Executive Officer ("CEO") with oversight of RMC of the Board. The Risk department primarily operationalises risk management framework approved by RMC.

The group has a well-defined risk framework constituting various lines of defence – the first line of defence, consisting of management, is responsible for seamless integration of risk principles across all businesses. Additionally, it ensures adequate managerial and supervisory controls to ensure compliance and highlight inadequate processes and unexpected events. The Group has well-defined internal control measures in every process.

Independent risk and policy team constitutes second line of defence which is responsible for identification and assessment of entity-wide risks. Post its identification, it aims to mitigate risks either through portfolio trigger and caps (Credit risk) or through ongoing risk control and self assessment (Operational risk)

Internal Audit function is the third line of defence that independently reviews activities of the first two lines of defence and reports to the Audit Committee of the Board.

Risk Management Practices

The Group has developed the necessary competency to identify early stress signals and has also defined processes, including corrective and remedial actions as regards people and processes, for mitigation to ensure minimum damage. A stress testing mechanism is put in place to carry out the event based sensitivity analysis and identify the accounts under stress due to expected market movement. In event of susceptibility to external triggers, appropriate risk mitigation would be undertaken and thereby minimize the losses to the Group.

It has initiated a detailed portfolio quality review mechanism which enables analysis of portfolio along various behavioural, demographic and financial parameters. Additionally, through tie-ups with external bureaus, an analysis of collection performance coupled with continuous credit assessment for various key segments is undertaken. The practices aid in proactive course correction thereby modifying credit or sourcing mechanisms, if required. Additionally, application scorecard has been developed enabling the Group to standardize credit underwriting & improve sourcing quality in the long run.

The Group's policy is to measure and monitor the overall risk-bearing capacity in relation to the aggregate risk exposure across all risk types and activities. Information pertaining to different type of risks are identified, analysed and tested on timely basis. The same is presented to Risk Management Committee at periodic intervals.

In order to minimise any adverse effects on the financial performance of the Group, derivative financial instruments, such as cross currency interest rate swaps are entered to hedge certain foreign currency risk exposures and variable interest rate exposures.

The Group's central treasury department identifies, evaluates and hedges financial risks in close co-operation with the Group's operating units. The Board provides written principles for overall risk management, as well as policies covering specific areas, such as foreign exchange risk, interest rate risk, credit risk, use of derivative financial instruments and non-derivative financial instruments and investment of excess liquidity. The Group's Treasury is responsible for managing its assets and liabilities and the overall financial structure. It is also primarily responsible for the funding and liquidity risks of the Group.

37A.1. Credit Risk

Credit risk refers to risk that a counterparty will default on its contractual obligations resulting in financial loss to the Group.

Credit risk arises primarily from financial assets such as trade receivables, investments, derivative financial instruments, other balances with banks, loans and other receivables.

Credit quality analysis

The following tables sets out information about the credit quality of financial assets measured at amortised cost. Unless specifically indicated, for financial assets, the amounts in the table represent gross carrying amounts.

Financial Assets measured using simplified approach:

The Group follows 'simplified approach' for recognition of impairment loss allowance on Cash and Cash Equivalents, Bank Balances, Trade Receivables, other receivables and Other Financial Assets. The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

37A.2. Collateral held

The Group holds collateral and other credit enhancements against certain of its credit exposures. The loans are collateralised against equitable mortgage of property, pledge of shares, hypothecation of assets, company personal guarantees, physical gold, undertaking to create security.

37A.6. Credit Risk Grading of loans

Credit Risk Grading is an important tool for credit risk management as it helps in understanding and evaluating risks for different credit transactions.

The Group has established overall credit limits at the level of individual borrowers and counterparties, and groups of connected counterparties. It manages and controls credit risk by confining the amount of risk it is willing to accept for individual counterparties, for geographical concentrations, and by closely monitoring such exposures.

The Group has a Credit Risk Policy which is board approved and shared with all credit approving authorities. All customers will be evaluated on a set of pre-defined parameters as detailed below and accordingly classified into any of the following categories:

1. Low Risk
2. Medium Risk
3. High Risk – This category of customers will not be actively sourced by the Group. Any customer, identified as High Risk, can be funded by the Group basis exceptional comfort and availability of justifying mitigates. The extent and nature of due diligence will be the highest for this category.

The assessment of a customer being classified into high, medium or low is based on various parameters at the time of on-boarding which are captured in the Credit Approval Memorandum by the credit manager and validated by the relevant approving authority. The parameters are as follows:

1. Customer Profile
2. Financial health
3. Business vintage
4. Credit history
5. Industry feedback
6. Other qualitative/ quantitative factors as mentioned in the policy

Every customer once being stamped into a risk category on a periodic basis would further be subjected to change of his risk profile depending on the repayment history and DPDs through an independent credit quality review process. This process aims to allow the Group to assess the potential loss as a result of the risks to which it is exposed and take corrective actions.

37A.7. Concentration of Credit Risk

Concentrations arise when a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions.

In order to avoid excessive concentrations of risk, the Group's policies and procedures include specific guidelines to focus on spreading its lending portfolio across various products/states/customer base with a cap on maximum limit of exposure for an individual/Group. Accordingly, the Group does not have concentration risk.

37B Liquidity Risk

Liquidity risk refers to the risk that the Group may not be able to meet its short-term financial obligations. The Group manages liquidity risk by maintaining sufficient cash and marketable securities and by having access to funding through an adequate amount of credit lines. Further, the Group has well defined Asset Liability Management (ALM) framework with an appropriate organizational structure to regularly monitor and manage maturity profiles of financial assets and financial liabilities including debt financing plans, cash and cash equivalent instruments to ensure liquidity. The Group seeks to maintain flexibility in funding mix by way of sourcing the funds through money markets, debt markets and banks to meet its business and liquidity requirements.

37C Market Risk

Market Risk is the risk that the value of on and off-balance sheet positions of a financial institution will be adversely affected by movements in market rates or prices such as interest rates, foreign exchange rates, equity prices, credit spreads and/or commodity prices resulting in a loss to earnings and capital.

Financial institutions may be exposed to Market Risk in variety of ways. Market risk exposure may be explicit in portfolios of securities / equities and instruments that are actively traded. Conversely it may be implicit such as interest rate risk due to mismatch of loans and deposits. Besides, market risk may also arise from activities categorized as off-balance sheet item. Therefore market risk is potential for loss resulting from adverse movement in market risk factors such as interest rates, forex rates, equity and commodity prices.

The Group's exposure to market risk is primarily on account of interest rate risk and Foreign exchange risk.

37C.1 Interest rate risk

37C.2. Exposure to currency risks

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign currency rates. The Group's exposure to the risk of changes in foreign exchange rates relates primarily to the foreign currency borrowings taken from banks and External Commercial Borrowings (ECB).

The Group follows a conservative policy of hedging its foreign currency exposure through Forwards and / or Cross Currency Interest Rate Swaps (CCIRS) in such a manner that it has fixed determinate outflows in its functional currency and as such there would be no significant impact of movement in foreign currency rates on the Group's profit before tax (PBT) and equity.

The Group's currency position is as under

(₹ in millions)

Sensitivity :

The sensitivity of profit or loss to changes in the exchange rates arises mainly from foreign currency denominated financial instruments.

(₹ in millions)

Particulars	Impact on profit after tax			Impact on other components of equity		
	March 31, 2022	March 31, 2021	March 31, 2020	March 31, 2022	March 31, 2021	March 31, 2020

The sensitivity on profit and loss is due to the timing difference of the maturity of the Cross currency interest rate swap. On the date of maturity of the Cross currency interest rate swap, the sensitivity of profit and loss to changes in the exchange rates will be Nil.

37C.3. Price Risk

(a) Exposure

The Group's exposure to assets having price risk is as under

(₹ in millions)

Particulars	Equity Share	Mutual Funds /Alternate investment funds/ others	Bonds	Security Receipts	Total

37D.Capital Management

For the purpose of the Group's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the Group. The primary objective of the Group's capital management is to maximise the shareholder value. The Group monitors capital in accordance with the capital adequacy ratio prescribed by the Reserve Bank of India ("RBI")/ National Housing Bank ("NHB") as applicable.

37E. Fair values of financial instruments

Fair value is the price that would be received to sell an asset or paid to transfer an liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions, regardless of whether that price is directly observable or estimated using a valuation technique. In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques.

The following table shows an analysis of financial instruments recorded at Fair Value hierarchy:

37E. 1. Financial instruments measured at fair value – Fair value hierarchy

The following table analyses financial instruments measured at fair value at the reporting date, by the level in the fair value hierarchy into which the fair value measurement is categorised. The amounts are based on the values recognised in the statement of financial position.

37E.2. Valuation methodologies of financial instruments measured at fair value

- (i) Quoted equity/instruments are measured based on the last traded price in the exchange and are classified as level 1.
- (ii) Mutual Funds are measured based on the published net asset value (NAV) by AMFI and are classified as level 1.
- (iii) Alternate Investment Funds are measured based on the latest NAV provided by the fund house and are classified as level 3.
- (iv) Equity instruments in non-listed entities are initially recognised at transaction price and re-measured (to the extent information is available) and valued by external independent valuer and classified as Level 3.
- (v) Equity instruments in listed entities that are quoted market prices (unadjusted) in active markets for identical instruments are classified at level 1.
- (vi) Government Securities are valued based on the closing price published by CCIL/ FIMMDA for March 2020 respectively and are classified as level 2.
- (vii) Unquoted debt securities are measured based on average of security level prices received from AMFI appointed/designated agencies viz: CRISIL and ICRA and are classified as level 2.
- (viii) The fair value of interest rate swaps is calculated as the present value of the net of Pay and Receive side estimated future cash flows based on observable appropriate yield curve inputs.
- (ix) Fair value of loans measured at FVOCI approximates its carrying value and are classified as level 3.
- (x) Fair value of forward foreign exchange contracts is determined by computing present value of payoff exchange contracts between contractual rate (Strike) and forward exchange rates at the testing date and are classified as Level 2.
- (xi) The fair value principal swap is calculated as the present value of the net of Pay and Receive side estimated future cash flows based on observable appropriate yield curve inputs and spot exchange rate as of the testing date and are classified as Level 2.

37E.3. Valuation methodologies of financial instruments not measured at fair value

Below are the methodologies and assumptions used to determine fair values for the above financial instruments which are not recorded and measured at fair value in the Group's financial statements. These fair values were calculated for disclosure purposes only.

Short-term financial assets and liabilities

For financial assets and financial liabilities that have a short-term nature, the carrying amounts, which are net of impairment, are a reasonable approximation of their fair value. Such instruments include: cash and bank balances, Trade receivables, other receivables, balances other than cash and cash equivalents and trade payables.

Loans, Debts, Borrowings and Subordinated Debts

The fair values of these instruments are estimated by determining the price of the instrument taking into consideration the origination date, maturity date, coupon rate, actual or approximation of frequency of interest payments and incorporating the actual or estimated/proxy yields of identical or similar instruments through the discounting factor. For instruments, having contractual residual maturity less than one year, the carrying value has been considered as fair value. Loans and advances are presented net of provisions for impairment.

37 F. Transferred financial assets that are derecognised in their entirety

During the year ended March 31, 2022, the Group has sold some loans and advances measured at FVTOCI as per assignment deals, as a source of finance. As per the terms of deal, since the derecognition criteria as per IND AS 109, including transfer of substantially all the risks and rewards relating to assets being transferred to the buyer being met, the assets have been derecognised. The management has evaluated the impact of the assignment transactions done during the year for its business model. Based on the future business plans, the Group's business model remains to hold the assets for collecting contractual cash flows.

The following table provide a summary of the amount of the derecognised financial assets during the year and the gain/(loss) on derecognition, which qualify for derecognition:

(₹ in millions)			
Particulars	FY 2021-22	FY 2020-21	FY 2019-20
Financial assets derecognised during the year	111,780.13	75,695.04	82,964.61
Gain from derecognition	5,152.65	2,445.34	2,026.63

37 G. Transferred financial assets that are recognised in their entirety:

The Group uses securitisations as a source of finance. Such transaction resulted in the transfer of contractual cash flows from portfolios of financial assets to holders of issued debt securities. Such deals resulted in continued recognition of the securitised assets since the Group retains substantial risks and rewards. The table below outlines the carrying amounts and fair values of all financial assets transferred that are not derecognised in their entirety and associated liabilities.

Fair Value Methodology:

The fair value of the shares are measured using Black scholes formulae. Measurement inputs include share price on measurement date, exercise date of the instrument, exercise price, expected life, risk free interest rate, dividend yield, expected volatility.

Key Assumptions used in Black-Scholes model for calculating fair value as on the date of grant are as follows:

Particulars	ESOP 2008

Stock Price: The closing market price on NSE one day prior to the date of grant has been considered for the purpose of Option valuation.

Volatility: The daily volatility of the stock prices on BSE, over a period prior to the date of grant, corresponding with the expected life of the Options has been considered to calculate the fair value.

Risk-free rate of return: The risk-free rate being considered for the calculation is the India Government Bond Generic Bid Yield with a maturity about equal to the expected life of the options.

Exercise Price: Price of each specific grant has been considered.

Time to Maturity: Time to Maturity / Expected Life of Options is the period for which the Company expects the Options to be live. The minimum life of a stock option is the minimum period before which the Options cannot be exercised and the maximum life is the period after which the Options cannot be exercised.

Expected dividend yield: Expected dividend yield has been calculated as an average of dividend yields for the three financial years preceding the date of the grant. The dividend yield for the year is derived by dividing the dividend per share by the average price per share of the respective period.

The Company has granted Employee Stock Options under IIFL Finance Employee Stock Option Plan 2020 – Merger Scheme pursuant to aforesaid Composite Scheme of Arrangement.

Stock Price: The fair value of stock as on Appointed Date, i.e., April 1, 2018 ("the Effective date" or the "Date of Modification") has been used to value the outstanding grants based on Mercahnt Banker's Report.

Volatility: The daily volatility of the stock prices on BSE, based on post demerger traded prices, has been considered to calculate the fair value.

Risk-free rate of return: The risk-free rate being considered for the calculation is the India Government Bond Generic Bid Yield with a maturity about equal to the expected life of the options.

Exercise Price: Price of each specific grant has been considered based on equity swap ratio of the Composite Scheme of Arrangement.

Time to Maturity: Time to Maturity / Expected Life of Options is the period for which the Company expects the Options to be live. The minimum life of a stock option is the minimum period before which the Options cannot be exercised and the maximum life is the period after which the Options cannot be exercised.

Expected dividend yield: Expected dividend yield has been calculated as an average of dividend yields for the three financial years preceding the date of the grant. The dividend yield for the year is derived by dividing the dividend per share by the average price per share of the respective period.

Note 45. Segment Reporting

The Group's primary business segments are reflected based on the principal business carried out, i.e. financing. All other activities of the Group revolve around the main business. The risk and returns of the business of the Group is not associated with geographical segmentation, hence there is no secondary segment reporting based on geographical segment. As such, there are no separate reportable segments as per the Indian Accounting Standard 108 on 'Segment Reporting'.

Note 46. Shared services

The Group operates from and uses the premises, infrastructure and other facilities and services as provided to it by its group companies, which are termed as 'Shared Services'. Hitherto, such shared services consisting of administrative and other revenue expenses paid for by the Group were identified and recovered/recoverable from them based on reasonable management estimates, which are constantly refined in the light of additional knowledge gained relevant to such estimation. These expenses are recovered on an actual basis and the estimates are used only where actual were difficult to determine.

Note 47. Previous year's figures are regrouped, reclassified and rearranged wherever considered necessary to confirm to current year's presentation.

The Board of Directors

IIFL Finance Limited (Formerly known as IIFL Holdings Limited)
8" Floor, Unit no 802, Hub town Solaris,
N S Phadke Marg, Vijay Nagar,
Andheri East - Mumbai - 400 069

Dear Sirs / Madams,

1. We have examined the attached reformatted standalone financial statements ("**Reformatted Standalone Financial Statements**") of IIFL Finance Limited (formerly known as IIFL Holdings Limited) (the "**Company**" or the "**Issuer**") as at and for the years ended March 31, 2022, March 31, 2021 and March 31, 2020 annexed to this report and prepared by the Company for the purpose of inclusion in the offer document in connection with its proposed issue of secured redeemable non-convertible debentures of face value of ₹ 1,000 each ("**Issue**"). The Reformatted Standalone Financial Statements, which have been approved by Finance Committee of the Board of Directors of the Company at their meeting held on June 23,2022, have been prepared by the Company in accordance with the requirements of:
 - a) Section 26 of Part I of Chapter III of the Companies Act, 2013, as amended (the "**Act**");
 - b) relevant provisions of the Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021, as amended (the "**SEBI NCS Regulations**") issued by the Securities and Exchange Board of India ("**SEBI**"); and
 - c) The Guidance Note on Reports in Company Prospectus (Revised 2019) issued by the Institute of Chartered Accountants of India, as amended from time to time (the "**Guidance Note**").
2. The Management of the Company is responsible for the preparation of the Reformatted Standalone Financial Statements for the purpose of inclusion in the Draft Shelf Prospectus to be filed with SEBI, BSE Limited, National Stock Exchange of India Limited and the Shelf Prospectus and relevant Tranche Prospectus to be filed with SEBI, BSE Limited, National Stock Exchange of India Limited and Registrar of Companies, Mumbai ("**Offer Documents**") in connection with the Issue. The Reformatted Standalone Financial Statements have been prepared by the Management of the Company on the basis stated in Note no.1 to the Reformatted Standalone Financial Statements. The Management's responsibility includes designing, implementing and maintaining adequate internal control relevant to the preparation and presentation of the Reformatted Standalone Financial Statements. The Management of the Company is also responsible for identifying and ensuring that the Company complies with the Act, the SEBI NCS Regulations and the Guidance Note.
3. We have examined such Reformatted Standalone Financial Statements taking into consideration:
 - a) The terms of reference and terms of our engagement agreed upon with you in accordance with our engagement letter dated June 10,2022 requesting us to carry out work on such Reformatted Standalone Financial Statements in connection with the Company's Issue;

- b) The Guidance Note. The Guidance Note also requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI;
 - c) Concepts of test checks and materiality to obtain reasonable assurance based on verification of evidence supporting the Reformatted Standalone Financial Statements; and
 - d) The requirements of Section 26 of the Act and the SEBI NCS Regulations. Our work was performed solely to assist you in meeting your responsibilities in relation to your compliance with the Act, the SEBI NCS Regulations and the Guidance Note in connection with the Issue.
4. These Reformatted Standalone Financial Statements have been compiled by the Management of the Company from the audited standalone financial statements of the Company as at and for the years ended March 31, 2022, March 31, 2021 and March 31, 2020 prepared in accordance with Indian Accounting Standard (IND AS) which comprises mandatory Accounting Standards as prescribed under section 133 of the Companies Act, 2013 and other accounting principles generally accepted in India, which have been approved by the Board of Directors at their meeting held on April 28, 2022, May 6, 2021 and May 28, 2020 respectively. The standalone financial statements for the year ended on March 31, 2022 were audited by us; for the year ended on March 31, 2021 were audited by one of the current joint statutory auditors of the company i.e., V Sankar Aiyar & Co. and for the year ended on March 31, 2020 were audited by the previous statutory auditors of the company i.e., Deloitte Haskins & Sells LLP. In relation to the aforesaid standalone financial statements audited by the said previous statutory auditors of the Company and furnished to us by the management, we have not carried out any audit tests or review procedures, and, accordingly reliance has been placed on the standalone financial statements audited by the said previous statutory auditors for the year ended on that date.
5. The Standalone Financial Statements as at and for the years ended March 31, 2021 and 2020 have been regrouped / reclassified wherever necessary to correspond with the presentation / disclosure requirements of the financial year ended March 31, 2022.
6. For the purpose of our examination, we have relied on the statutory auditors' report on the Standalone Financial Statements of the Company, issued by us dated April 28, 2022 for the year ended March 31, 2022; by one of the current joint statutory auditors i.e V Sankar Aiyar & Co, of the company dated May 6, 2021 for the year ended March 31, 2021 and by the previous statutory auditors i.e Deloitte Haskins & Sells LLP of the company dated June 7, 2020 for the year ended March 31, 2020. These Standalone Financial Statements were approved by the Board of Directors of the Company in those years, as referred in paragraph 4 above.
- a. Statutory audit report dated April 28, 2022 issued by us on the audited standalone financial statements for the year ended March 31, 2022, included the following Emphasis of Matter paragraph:

Emphasis of Matter

We draw attention to Note 8.3 to the Standalone Financial Statements, which fully describes that the Company has recognised impairment on financial assets to reflect the business impact and uncertainties arising from the COVID 19 pandemic. Such estimates are based on current facts and circumstances and may not necessarily reflect the future uncertainties and events arising from the full impact of the COVID 19 pandemic.

Our opinion is not modified in respect of this matter.

Other matters

The standalone financials statements of the company for the previous year ended March 31,2021 were audited by one of the current joint statutory auditors who had expressed unmodified opinion *vide* their report dated May 6,2021.

- b. Statutory audit report dated May 6, 2021 issued by one of the current joint statutory auditors of the company i.e V Sankar Aiyar & Co, on the audited standalone financial statements for the year ended March 31, 2021, included the following Emphasis of Matter paragraph:

Emphasis Of Matter

We draw attention to Note 8.3 to the Standalone Financial Statements, which fully describes that the Company has recognised impairment on financial assets to reflect the business impact and uncertainties arising from the COVID 19 pandemic. Such estimates are based on current facts and circumstances and may not necessarily reflect the future uncertainties and events arising from the full impact of the COVID 19 pandemic.

Our opinion above on the audited standalone financial statements, and our report on Other Legal and Regulatory Requirements above, is not modified in respect of the above matters.

- c. Statutory Auditors' report dated June 7, 2020 issued by previous statutory auditors of the company i.e Deloitte Haskins & Sells LLP, on the audited standalone financial statements for the year ended March 31, 2020, included the following Emphasis of matter paragraph:

Emphasis Of Matter

“We draw attention Note No.38 to the Standalone Financial Statements which describes the reasons for implementation of the composite scheme of arrangement amongst the Company, India Infoline Media and Research Services Limited, IIFL Securities Limited, IIFL Wealth Management Limited, India Infoline Finance Limited and IIFL Distribution Services Limited, and their respective shareholders, under Sections 230 - 232 and other applicable provisions of the Companies Act, 2013 (the “Scheme”), in Parts, based on the legal opinion obtained by the Company. The Scheme has been approved by the National Company Law Tribunal *vide* its order dated March 07, 2019 and filed with the Registrar of Companies on April 11, 2019

Subsequent to the receipt of certificate of registration by the Company for carrying on business of non-banking financial institution from the Reserve bank of India on March 11, 2020, the said Scheme has been refiled with Registrar of Companies on March 30, 2020 to give effect to the final part of the Scheme.

We draw attention to Note 8.3 to the Standalone Financial Statements, which fully describes that the Company has recognised impairment on financial assets to reflect the business impact and uncertainties arising from the COVID 19 pandemic. Such estimates are based on current facts and circumstances and may not necessarily reflect the future uncertainties and events arising from the full impact of the COVID 19 pandemic.

Our opinion above on the audited standalone financial statements, and our report on Other Legal and Regulatory Requirements above, is not modified in respect of the above matters.

7. We have performed adequate tests and procedures which in our opinion were necessary for the purpose of issuing our examination report on the Reformatted Standalone Financial Statements of the Company for the aforesaid periods. These procedures mainly involved comparison of the attached Reformatted Standalone Financial Statements with the Company's audited standalone financial statements for financial years ended March 31, 2022, March 31, 2021 and March 31, 2020 and regrouping and reclassification as per schedule III of Companies Act 2013 and requirements of SEBI NCS Regulations.
8. Based on our examination and according to the statements and explanations given to us, we report that the Reformatted Standalone Financial Statements are prepared, in all material aspects, on the basis described in Note 1 to the Reformatted Standalone Financial Statements.
9. At the request of the Company, we have also examined the Standalone Statement of Dividend, enclosed as Annexure VI for the years ended March 31, 2022, 2021 and 2020, prepared by the Management and approved by the Finance Committee of the Board of Directors vide Resolution dated June 23, 2022.
10. In the preparation and presentation of Reformatted Standalone Financial Information based on audited financial statements as referred to in paragraph 4 above, no adjustments have been made for any events occurring subsequent to dates of the audit reports specified in paragraph 4 above.
11. This report should not in any way be construed as a reissuance or re-dating of any of the previous audit reports issued by us or by one of the current joint statutory auditors (i.e V Sankar Aiyar & Co) or by previous statutory auditors (i.e Deloitte Haskins & Sells LLP) nor should this report be construed as a new opinion on any of the financial statements referred to herein.
12. We have no responsibility to update our report for events and circumstances occurring after the date of the report.
13. Our report is intended solely for use of the management of the Company for inclusion in the Offer Documents to be filed in connection with the proposed Issue and is not to be used, referred to, or distributed for any other purpose except with our prior consent.

Note 2. BASIS OF PREPARATION AND PRESENTATION OF FINANCIAL STATEMENTS:

The financial statements have been prepared in accordance with the Indian Accounting Standards ("Ind AS") on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period as explained in the accounting policies below and the relevant provisions of The Companies Act, 2013 ("Act").

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/ or disclosure purposes in these financial statements is determined on such a basis, except for share based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 116, and measurements that have some similarities to fair value but are not fair value, such as value in use in Ind AS 36.

Fair value measurements under Ind AS are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company can access at measurement date;
- Level 2 inputs are inputs, other than quoted prices included within level 1, (that are not traded in active market) that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the valuation of assets or liabilities.

(a) Use of estimates and judgments

The preparation of the financial statements in conformity with Indian Accounting Standards ("Ind AS") requires the management to make estimates, judgements and assumptions. These estimates, judgements and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as the management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

(b) Statement of compliance

The standalone financial statements of the Company have been prepared in accordance with the provisions of the Act and the Ind AS notified under the Companies (Indian Accounting Standards) Rules, 2015 issued by Ministry of Corporate Affairs in exercise of the powers conferred by section 133 read with sub-section (1) of section 210A of the Companies Act, 2013 along with the applicable guidelines issued by Reserve Bank of India ("RBI"). In addition, the guidance notes/ announcements issued by the Institute of Chartered Accountants of India ("ICAI") are also applied except where compliance with other statutory promulgations requires a different treatment.

(c) Presentation of financial statements

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in the Division III to Schedule III to Act applicable for Non-Banking Finance Companies ("NBFC"). The Statement of Cash Flows has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash Flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the Financial Statements along with the other notes required to be disclosed under the notified Accounting Standards and regulations issued by the RBI.

Note 3. SIGNIFICANT ACCOUNTING POLICIES

(a) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured and there exists reasonable certainty of its recovery.

i. Interest income and dividend income

Interest income on financial instruments at amortised cost is recognised on a time proportion basis taking into account the amount outstanding and the effective interest rate ("EIR") applicable.

Interest on financial instruments measured at fair value is included within the fair value movement during the period.

The EIR is the rate that exactly discounts estimated future cash flows of the financial instrument through the expected life of the financial instrument or, where appropriate, a shorter period, to the net carrying amount of the financial instrument. The future cash flows are estimated taking into account all the contractual terms of the instrument.

The calculation of the EIR includes all fees paid or received between parties to the contract that are incremental and directly attributable to the specific lending arrangement, transaction costs, and all other premiums or discounts. For financial assets at fair value through profit and loss ("FVTPL"), transaction costs are recognised in the Statement of Profit and Loss at initial recognition.

(FORMERLY KNOWN AS IIFL HOLDINGS LIMITED)**

Notes forming part of Reformatted Standalone Financial Statements as at and for the year ended March 31, 2022, March 31, 2021 and March 31, 2020

Dividend on equity shares, preference shares and on mutual fund units is recognised as income when the right to receive the dividend is established.

ii. Fees and charges

Fees and charges include fees other than those that are an integral part of EIR. The fees included in this part of the Company's Statement of Profit and Loss include, among other things, fees charged for servicing a loan.

Cheque bounce charges, late payment charges and foreclosure charges are recognised on a point-in-time basis, and are recorded when realised.

Fee and commission expenses with regards to services are accounted for as and when the services are delivered.

iii. Income from financial instruments at FVTPL

Income from financial instruments at FVTPL includes all gains and losses from changes in the fair value of financial assets and financial liabilities at FVTPL.

iv. Assignment transactions

In accordance with Ind AS 109, in case of assignment transactions with complete transfer of risks and rewards without any retention of residual interest, gain arising on such assignment transactions is recorded upfront in the Statement of Profit and Loss and the corresponding asset is derecognised from the Balance Sheet immediately upon execution of such transaction. Further, the transfer of financial assets qualifies for derecognition in its entirety, the whole of the interest spread at its present value (discounted over the life of the asset) is recognised on the date of derecognition itself as interest only strip receivable (interest strip on assignment) and correspondingly recognised as profit on derecognition of financial asset.

v. Securitisation transactions

In accordance with Ind AS 109, in case of securitisation transactions, the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

vi. Other operational revenue

Other operational revenue represents income earned from the activities incidental to the business and is recognised when the right to receive the income is established as per the terms of the contract.

(b) Property, plant and equipment ("PPE")

PPE is recognised when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. PPE is stated at original cost net of tax, if

(FORMERLY KNOWN AS IIFL HOLDINGS LIMITED)**

any, less accumulated depreciation. Cost includes professional fees related to the acquisition of PPE and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy.

Depreciation is charged using the straight-line method, based on the useful life of fixed assets as estimated by the Management, as specified below. Depreciation is charged from the month in which new assets are put to use. No depreciation is charged from the month in which assets are sold. In case of transfer of used fixed assets from group companies, depreciation is charged over the remaining useful life of the asset. Individual assets / group of similar assets costing up to ₹ 5,000 have been depreciated in full in the year of purchase.

The estimated useful life of assets is as under:

Class of assets	Useful life
Buildings	20 years
Computers	3 years
Office equipment	5 years
Plant and Equipment	5 years
Furniture and fixtures	5 years
Vehicles	5 years

For above class of assets, based on internal assessment and independent technical evaluation carried out by external valuers, the Management believes that the useful lives as given above best represent the period over which Management expects to use these assets.

An item of PPE is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of PPE is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss.

Capital work in progress

Projects under which tangible fixed assets are not yet ready for their intended use are carried at cost, comprising direct cost, related incidental expenses and attributable interest and are disclosed as "capital work-in-progress".

(c) Intangible assets

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably. Intangible assets are stated at original cost net of tax, less accumulated amortisation and cumulative impairment.

Intangible assets i.e. Software are amortised on straight-line basis over the estimated useful life of 3 years.

**STANDALONE FINANCIAL STATEMENTS OF IIFL FINANCE LIMITED
(FORMERLY KNOWN AS IIFL HOLDINGS LIMITED)**

**Notes forming part of Reformatted Standalone Financial Statements as at and for the year ended March 31, 2022,
March 31, 2021 and March 31, 2020**

Amortisation on impaired assets is provided by adjusting the amortisation charge in the remaining periods so as to allocate the assets revised carrying amount over its remaining useful life.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in the Statement of Profit and Loss when the asset is derecognised.

(d) Investment property

Investment properties are properties held to earn rentals and/ or for capital appreciation (including property under construction for such purposes). Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost, net of accumulated depreciation and accumulated impairment loss, if any.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in Statement of Profit and Loss in the period in which the Investment property is derecognised.

Freehold land and properties under construction are not depreciated.

(e) Non-current Assets held for Sale

Non-current assets are classified as held for sale if their carrying amount is intended to be recovered principally through a sale (rather than through continuing use) when the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sale of such asset and the sale is highly probable and is expected to qualify for recognition as a completed sale within one year from the date of classification. Non-current assets classified as held for sale are measured at lower of their carrying amount and fair value less costs to sell.

(f) Impairment of assets

As at the end of each accounting year, the Company reviews the carrying amounts of its PPE, intangible assets and investment property assets to determine whether there is any indication that those assets have suffered an impairment loss. If such indication exists, the PPE, intangible assets and investment property are tested for impairment so as to determine the impairment loss, if any.

Recoverable amount is the higher of fair value less costs of disposal and value in use. If recoverable amount of an asset is estimated to be less than its carrying amount, such deficit is recognised immediately in the Statement of Profit and Loss as impairment loss and the carrying amount of the asset is reduced to its recoverable amount.

When an impairment loss is subsequently reversed, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, to an extent that it does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised immediately in the Statement of Profit and Loss.

(g) Share-based payment arrangements

Equity-settled share-based payments to employees and others providing similar services are measured at the fair value of the equity instruments at the grant date.

The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity.

Securities premium includes:

- The difference between the face value of the equity shares and the consideration received in respect of shares issued pursuant to Stock Option Scheme.
- The fair value of the stock options which are treated as expense, if any, in respect of shares allotted pursuant to Stock Options Scheme

(h) Employee benefits

Defined contribution plans

The Company's contribution towards Provident Fund and Family Pension Fund are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees and are accounted for on an accrual basis and recognised in the Statement of Profit and loss.

Defined benefit plans

Short term employee benefits: Employee benefits falling due wholly within twelve months of rendering the service are classified as short term employee benefits and are expensed in the period in which the employee renders the related service. Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service. These benefits include performance incentive and compensated absences

Post employment benefits: The employees' gratuity fund scheme represents defined benefit plan. The present value of the obligation under defined benefit plan is determined based on actuarial valuation using the Projected Unit Credit Method.

The obligation is measured at the present value of the estimated future cash flows using a discount rate based on the market yield on government securities of a maturity period equivalent to the weighted average maturity profile of the defined benefit obligations at the Balance Sheet date.

Re-measurement, comprising actuarial gains and losses, the return on plan assets (excluding amounts included in net interest on the net defined benefit liability or asset) and any change in the effect of asset ceiling (if applicable) is recognised in other comprehensive income and is reflected in retained earnings and the same is not eligible to be reclassified to the Statement of Profit and Loss.

Defined benefit costs comprising current service cost, past service cost and gains or losses on settlements are recognised in the Statement of Profit and Loss as employee benefit expenses. Gains or losses on settlement of any defined benefit plan are recognised when the settlement occurs. Past

**Notes forming part of Reformatted Standalone Financial Statements as at and for the year ended March 31, 2022,
March 31, 2021 and March 31, 2020**

service cost is recognised as expense at the earlier of the plan amendment or curtailment and when the Company recognises related restructuring costs or termination benefits.

In case of funded plans, the fair value of the plan assets is reduced from the gross obligation under the defined benefit plans to recognise the obligation on a net basis.

Long term employee benefits: The obligation recognised in respect of long term benefits being long term compensated absences, is measured at present value of estimated future cash flows expected to be made by the Company and is recognised in a similar manner as in the case of defined benefit plan above.

(i) Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders (after deducting attributable taxes) and the weighted average number of equity shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented.

(j) Taxes on income

Current tax

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961 and other applicable tax laws.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Company's financial statements and the corresponding tax bases used in computation of taxable profit and quantified using the tax rates and laws enacted or substantively enacted as on the Balance Sheet date.

Deferred tax is not recognized for:

- Temporary differences on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss
- Temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the Group is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- Taxable temporary differences arising on the initial recognition of goodwill.

**STANDALONE FINANCIAL STATEMENTS OF IIFL FINANCE LIMITED
(FORMERLY KNOWN AS IIFL HOLDINGS LIMITED)**

**Notes forming part of Reformatted Standalone Financial Statements as at and for the year ended March 31, 2022,
March 31, 2021 and March 31, 2020**

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Future taxable profits are determined based on business plans and the reversal of temporary differences.

Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the assets to be recovered.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities. For this purpose, the carrying amount of investment property measured at fair value is presumed to be recovered through sale, and the company has not rebutted this presumption.

For transactions and other events recognised in profit or loss, any related tax effects are also recognised in profit or loss. For transactions and other events recognised outside profit or loss (either in other comprehensive income or directly in equity), any related tax effects are also recognised outside profit or loss (either in other comprehensive income or directly in equity, respectively).

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off assets against liabilities, representing current tax and where the deferred tax assets and deferred tax liabilities relates to taxes on income levied by the same governing taxation laws.

Current and deferred tax for the year

Current and deferred tax are recognised in the Statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

(k) Financial instruments

Financial assets and financial liabilities are recognised in the Company's Balance Sheet when the Company becomes a party to the contractual provisions of the instrument.

Recognised financial assets and financial liabilities are initially measured at fair value. Transaction costs and revenues that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at FVTPL) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs and revenues directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognised immediately in the Statement of Profit and Loss.

Financial assets

Classification and measurement

The Company classifies its financial assets into the following measurement categories: amortised cost; fair value through other comprehensive income; and fair value through profit or loss.

All recognised financial assets that are within the scope of Ind AS 109 are required to be subsequently measured at amortised cost or fair value on the basis of the entity's business model for managing the

financial assets and the contractual cash flow characteristics of the financial assets.

Financial instruments measured at amortised cost

Debt instruments that meet the following criteria are measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest (“SPPI”) on the principal amount outstanding.

For the purpose of SPPI test, principal is the fair value of the financial asset at initial recognition. The principal amount may change over the life of the financial asset (e.g. if there are repayments of principal). Interest consists of consideration for the time value of money, for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs, as well as a profit margin. The SPPI assessment is made in the currency in which the financial asset is denominated.

Contractual cash flows that are SPPI are consistent with a basic lending arrangement. Contractual terms that introduce exposure to risks or volatility in the contractual cash flows that are unrelated to a basic lending arrangement, such as exposure to changes in equity prices or commodity prices, do not give rise to contractual cash flows that are SPPI. An originated or an acquired financial asset can be a basic lending arrangement irrespective of whether it is a loan in its legal form.

An assessment of business models for managing financial assets is fundamental to the classification of a financial asset. The Company determines the business models at a level that reflects how financial assets are managed together to achieve a particular business objective. The Company’s business model does not depend on management’s intentions for an individual instrument, therefore the business model assessment is performed at a higher level of aggregation rather than on an instrument-by-instrument basis.

Debt instruments that are subsequently measured at amortised cost are subject to impairment.

Financial instruments measured at fair value through other comprehensive income (“FVTOCI”)

Debt instruments that meet the following criteria are measured at fair value through other comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Interest income is recognised in Statement of profit and loss for FVTOCI debt instruments. Other changes in fair value of FVTOCI financial assets are recognised in other comprehensive income. When the asset is disposed of, the cumulative gain or loss previously accumulated in reserve is transferred to Statement of Profit and Loss.

Financial instruments measured at fair value through Profit and Loss (“FVTPL”)

Instruments that do not meet the amortised cost or FVTOCI criteria are measured at FVTPL. Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognised in the Statement of Profit and Loss. The gain or loss on disposal is recognised in the Statement of Profit and Loss.

Interest income is recognised in the Statement of Profit and Loss for FVTPL debt instruments. Dividend on financial assets at FVTPL is recognised when the Company's right to receive dividend is established.

Investments in equity instruments at FVTOCI

On initial recognition, the Company can make an irrevocable election (on an instrument-by-instrument basis) to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Reserve for equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to Statement of Profit and Loss on disposal of the investments. Dividends from these investments are recognised in the Statement of Profit and Loss when the Company's right to receive dividends is established.

Reclassifications

If the business model under which the Company holds financial assets changes, the financial assets affected are reclassified. The classification and measurement requirements related to the new category apply prospectively from the first day of the first reporting period following the change in business model that result in reclassifying the Company's financial assets. Changes in contractual cash flows are considered under the accounting policy on modification and derecognition of financial assets described below.

Impairment of financial assets

Company recognizes loss allowances using the Expected Credit Loss ("ECL") model for the financial assets which are not fair valued through profit and loss. ECL is calculated using a model which captures portfolio performance over a period of time. ECL is a probability-weighted estimate of credit losses. A credit loss is the difference between the cash flows that are due to an entity in accordance with the contract and the cash flows that the entity expects to receive discounted at the original EIR. Vintage loss curve model is used for ECL computation of retail portfolio which involves assessment of performance of segmented portfolio over a time period. The model tracks month-wise losses during the loan tenor. Vintage loss rate models provide a simple, reasonable model for both one-year and lifetime expected credit loss forecasts. For wholesale portfolio, ECL computation is done for each loan account based on CRISIL default study and International Review Board ("IRB") guidelines.

ECL is measured through a loss allowance at an amount equal to:

- 12-month ECL, i.e. ECL that result from those default events on the financial instrument that are possible within 12 months after the reporting date (referred to as Stage 1); or
- full lifetime ECL, i.e. lifetime ECL that result from all possible default events over the life of the financial instrument (referred to as Stage 2 and Stage 3).

A loss allowance for full lifetime ECL is required for a financial instrument if the credit risk on that

**STANDALONE FINANCIAL STATEMENTS OF IIFL FINANCE LIMITED
(FORMERLY KNOWN AS IIFL HOLDINGS LIMITED)**

**Notes forming part of Reformatted Standalone Financial Statements as at and for the year ended March 31, 2022,
March 31, 2021 and March 31, 2020**

financial instrument has increased significantly since initial recognition. For all other financial instruments, ECLs are measured at an amount equal to the 12-month ECL.

The Company measures ECL on an individual basis, or on a collective basis for portfolios of loans that share similar economic risk characteristics. The measurement of the loss allowance is based on the present value of the asset's expected cash flows using the asset's original EIR, regardless of whether it is measured on an individual basis or a collective basis.

Key elements of ECL computation are outlined below:

- Probability of default ("PD") is an estimate of the likelihood that customer will default over a given time horizon. A default may only happen at a certain time over the assessed period, if the facility has not been previously de-recognised and is still in the portfolio.
- Loss given default ("LGD") estimates the normalised loss which Company incurs post customer default. It is usually expressed as a percentage of the Exposure at default ("EAD").
- Effective interest rate ("EIR") is the rate that discounts estimated future cash flows through the expected life of financial instrument. For calculating EIR any upfront fees needs to be excluded from the loans and advance amount.

Credit impaired financial assets

A financial asset is 'credit impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred. Credit-impaired financial assets are referred to as Stage 3 assets. Evidence of credit-impairment includes observable data about the following events:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or past due event;
- the lender of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession that the lender would not otherwise consider;
- the disappearance of an active market for a security because of financial difficulties; or
- the purchase of a financial asset at a deep discount that reflects the incurred credit losses.

A loan is considered credit-impaired when a concession is granted to the borrower due to a deterioration in the borrower's financial condition, unless there is evidence that as a result of granting the concession the risk of not receiving the contractual cash flows has reduced significantly and there are no other indicators of impairment.

Definition of default

Critical to the determination of ECL is the definition of default. The definition of default is used in measuring the amount of ECL and in the determination of whether the loss allowance is based on 12-month or lifetime ECL, as default is a component of the probability of default ("PD") which affects both the measurement of ECLs and the identification of a significant increase in credit risk.

Default considered for computation of ECL computation is as per the applicable prudential regulatory norms.

Significant increase in credit risk

The Company monitors all financial assets, issued loan commitments and financial guarantee contracts that are subject to the impairment requirements to assess whether there has been a

**STANDALONE FINANCIAL STATEMENTS OF IIFL FINANCE LIMITED
(FORMERLY KNOWN AS IIFL HOLDINGS LIMITED)**

**Notes forming part of Reformatted Standalone Financial Statements as at and for the year ended March 31, 2022,
March 31, 2021 and March 31, 2020**

significant increase in credit risk since initial recognition. The Company's accounting policy is not to use the practical expedient that financial assets with 'low' credit risk at the reporting date are deemed not to have had a significant increase in credit risk.

In assessing whether the credit risk on a financial instrument has increased significantly since initial recognition, the Company compares the risk of a default occurring on the financial instrument at the reporting date based on the remaining maturity of the instrument with the risk of a default occurring that was anticipated for the remaining maturity at the current reporting date when the financial instrument was first recognised. In making this assessment, the Company considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort, based on the Company's expert credit assessment.

Modification and derecognition of financial assets

A modification of a financial asset occurs when the contractual terms governing the cash flows of a financial asset are renegotiated or otherwise modified between initial recognition and maturity of the financial asset. A modification affects the amount and/ or timing of the contractual cash flows either immediately or at a future date. In addition, the introduction or adjustment of existing covenants of an existing loan would constitute a modification even if these new or adjusted covenants do not yet affect the cash flows immediately but may affect the cash flows depending on whether the covenant is or is not met (e.g. a change to the increase in the interest rate that arises when covenants are breached).

The Company renegotiates loans to customers in financial difficulty to maximise collection and minimise the risk of default. Loan forbearance is granted in cases where although the borrower made all reasonable efforts to pay under the original contractual terms, there is a high risk of default or default has already happened and the borrower is expected to be able to meet the revised terms. The revised terms in most of the cases include an extension of the maturity of the loan, changes to the timing of the cash flows of the loan (principal and interest repayment), reduction in the amount of cash flows due (principal and interest forgiveness) and amendments to covenants.

When a financial asset is modified, the Company assesses whether this modification results in derecognition. In accordance with the Company's policy, a modification results in derecognition when it gives rise to substantially different terms. To determine if the modified terms are substantially different from the original contractual terms the Company considers the following:

Qualitative factors, such as contractual cash flows after modification are no longer SPPI, change in currency or change of counterparty, the extent of change in interest rates, maturity, covenants. If these do not clearly indicate a substantial modification, then a quantitative assessment is performed to compare the present value of the remaining contractual cash flows under the original terms with the contractual cash flows under the revised terms, both amounts discounted at the original effective interest.

In the case where the financial asset is derecognised, the loss allowance for ECL is remeasured at the date of derecognition to determine the net carrying amount of the asset at that date. The difference between this revised carrying amount and the fair value of the new financial asset with the new terms will lead to a gain or loss on derecognition. The new financial asset will have a loss allowance measured based on 12-month ECL except in the rare occasions where the new loan is considered to be originated-credit impaired. This applies only in the case where the fair value of the new loan is recognised at a significant discount to its revised par amount because there remains a high risk of

default which has not been reduced by the modification. The Company monitors credit risk of modified financial assets by evaluating qualitative and quantitative information, such as if the borrower is in past due status under the new terms.

When the contractual terms of a financial asset are modified and the modification does not result in derecognition, the Company determines if the financial asset's credit risk has increased significantly since initial recognition.

For financial assets modified, where modification did not result in derecognition, the estimate of PD reflects the Company's ability to collect the modified cash flows taking into account the Company's previous experience of similar forbearance action, as well as various behavioural indicators, including the borrower's payment performance against the modified contractual terms. If the credit risk remains significantly higher than what was expected at initial recognition the loss allowance will continue to be measured at an amount equal to lifetime ECL. The loss allowance on forborne loans will generally only be measured based on 12-month ECL when there is evidence of the borrower's improved repayment behaviour following modification leading to a reversal of the previous significant increase in credit risk.

Where a modification does not lead to derecognition the Company calculates the modification gain/loss comparing the gross carrying amount before and after the modification (excluding the ECL allowance). Then the Company measures ECL for the modified asset, where the expected cash flows arising from the modified financial asset are included in calculating the expected cash shortfalls from the original asset.

Derecognition of financial assets

The Company derecognises a financial asset only when the contractual rights to the asset's cash flows expire (including expiry arising from a modification with substantially different terms), or when the financial asset and substantially all the risks and rewards of ownership of the asset are transferred to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain/loss that had been recognised in OCI and accumulated in equity is recognised in the Statement of Profit and Loss, with the exception of equity investment designated as measured at FVTOCI, where the cumulative gain/loss previously recognised in OCI is not subsequently reclassified to the Statement of Profit and Loss.

Write-off

Loans and debt securities are written off when the Company has no reasonable expectations of recovering the financial asset (either in its entirety or a portion of it). This is the case when the Company determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. A write-off constitutes a derecognition event. The Company may apply enforcement activities to financial assets written off. Recoveries resulting from the Company's enforcement activities will result in impairment gains.

Financial liabilities and equity Instruments

Debt and equity instruments that are issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangement.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Compound instruments

The component parts of compound instruments (e.g. convertible notes) issued by the Company are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Company's own equity instruments is an equity instrument.

At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible instruments.

A conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound instrument as a whole. This is recognised and included in equity, net of income tax effects, and is not subsequently re-measured. In addition, the conversion option classified as equity will remain in equity until the conversion option is exercised, in which case, the balance recognised in equity will be transferred to other component of equity. Where the conversion option remains unexercised at the maturity date of the convertible note, the balance recognised in equity will be transferred to retained earnings. No gain/ loss is recognised in Statement of Profit and Loss upon conversion or expiration of the conversion option.

Transaction costs that relate to the issue of the convertible notes are allocated to the liability and equity components in proportion to the allocation of the gross proceeds. Transaction costs relating to the equity component are recognised directly in equity. Transaction costs relating to the liability component are included in the carrying amount of the liability component and are amortised over the life of the convertible notes using the effective interest rate method.

Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest rate method.

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest rate method.

The effective interest rate method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the

amortised cost of a financial liability.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the Statement of Profit and Loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet only if there is an enforceable legal right to offset the recognised amounts with an intention to settle on a net basis or to realise the assets and settle the liabilities simultaneously

(l) Investment in subsidiaries

Investment in subsidiaries is recognised at cost and is not adjusted to fair value at the end of each reporting period as allowed by Ind AS 27 'Separate financial statement'. Cost of investment represents amount paid for acquisition of the said investment.

The Company assesses at the end of each reporting period, if there are any indications that the said investment may be impaired. If so, the Company estimates the recoverable value/amount of the investment and provides for impairment, if any i.e. the deficit in the recoverable value over cost.

(m) Cash and bank balances

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value. Cash and bank balances also include fixed deposits, margin money deposits, earmarked balances with banks and other bank balances which have restrictions on repatriation. Short term and liquid investments being subject to more than insignificant risk of change in value, are not included as part of cash and cash equivalents.

(n) Goods and service tax input credit

Goods and service tax input credit is accounted for in the books in the period in which the supply of goods or service received is accounted and when there is no uncertainty in availing/ utilising the credits.

(o) Borrowing costs

Borrowing costs include interest expense calculated using the EIR method.

(p) Foreign currencies

In preparing the financial statements, transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in the Statement of Profit and Loss.

**Notes forming part of Reformatted Standalone Financial Statements as at and for the year ended March 31, 2022,

Non-monetary items carried at fair value that are denominated in foreign currencies are translated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in the Statement of Profit and Loss in the period in which they arise.

(q) Segment reporting

The Company's primary business segments are reflected based on the principal business carried out, i.e. financing. All other activities of the Company revolve around the main business. The risk and returns of the business of the Company is not associated with geographical segmentation, hence there is no secondary segment reporting based on geographical segment. As such, there are no separate reportable segments.

(r) Provisions, contingent liabilities and contingent assets

Provisions are recognised only when:

- an entity has a present obligation (legal or constructive) as a result of a past event; and
- it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and
- a reliable estimate can be made of the amount of the obligation

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

Contingent liability is disclosed in case of:

- a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation; and
- a present obligation arising from past events, when no reliable estimate is possible.

Contingent liabilities are disclosed in the Notes. Contingent assets are neither recognised nor disclosed in the financial statements.

(s) Statement of Cash Flows

Statement of Cash Flows is prepared segregating the cash flows into operating, investing and financing activities. Cash flow from operating activities is reported using indirect method adjusting the net profit for the effects of:

- changes during the period in operating receivables and payables transactions of a non-cash nature;
- non-cash items such as depreciation, provisions, deferred taxes and unrealised foreign currency gains and losses.
- all other items for which the cash effects are investing or financing cash flows.

Cash and cash equivalents (including bank balances) shown in the Statement of Cash Flows exclude

items which are not available for general use as on the date of balance sheet.

(t) Derivative financial instruments and hedging

The company holds derivative financial instruments to hedge its foreign currency and interest rate risk exposures relating to foreign currency borrowings. Embedded derivatives are separated from the host contract and accounted for separately if certain criteria are met.

The company designates only the change in fair value of the spot element of the forward exchange contract as the hedging instrument in cash flow hedging relationships. The effective portion of changes in fair value of hedging instruments is accumulated in a cash flow hedge reserve as a separate component of equity.

The forward cost are separately accounted for as a cost of hedging and are recognised in OCI and accumulated in a cost of hedging reserve as a separate component within equity.

Cash flow hedges

When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognised in OCI and accumulated under the heading of Cash Flow Hedge Reserve. Any ineffective portion of changes in the fair value of the derivative is recognised immediately in profit or loss, and is included in the other Income line item.

The amount accumulated in equity is retained in OCI and reclassified to profit or loss in the same period or periods during which the hedged forecast cash flows affect profit or loss or the hedged item affects profit or loss.

If the forecast transaction is no longer expected to occur, the hedge no longer meets the criteria for hedge accounting, the hedging instrument expires or is sold, terminated or exercised, or the designation is revoked, then hedge accounting is discontinued prospectively. If the forecast transaction is no longer expected to occur, then the amount accumulated in equity is reclassified to profit or loss.

(u) Leases

The Company assesses whether a contract contains a lease, at the inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company considers whether (i) the contract involves the use of identified asset; (ii) the Company has substantially all of the economic benefits from the use of the asset through the period of lease and (iii) the Company has right to direct the use of the asset.

As a lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the site on which it is located, less any lease incentives received.

Certain lease arrangements include the option to extend or terminate the lease before the end of the lease term. The right-of-use assets and lease liabilities include these options when it is reasonably

**STANDALONE FINANCIAL STATEMENTS OF IIFL FINANCE LIMITED
(FORMERLY KNOWN AS IIFL HOLDINGS LIMITED)**

**Notes forming part of Reformatted Standalone Financial Statements as at and for the year ended March 31, 2022,

certain that the option will be exercised.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprises of fixed payments, including in-substance fixed payments, amounts expected to be payable under a residual value guarantee and the exercise price under a purchase option that the Company is reasonably certain to exercise, lease payments in an optional renewal period if the Company is reasonably certain to exercise an extension option.

The lease liability is subsequently measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if Company changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Lease liability and the right of use asset have been separately presented in the balance sheet and lease payments have been classified as financing activities.

The Company has elected not to recognise right-of-use assets and lease liabilities for short term leases that have a lease term of less than or equal to 12 months with no purchase option and assets with low value leases. The Company recognises the lease payments associated with these leases as an expense in statement of profit and loss over the lease term. The related cash flows are classified as operating activities.

As a lessor

Leases for which the Company is a lessor is classified as finance or operating leases. When the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the right of use asset arising from the head lease.

Critical accounting estimate and judgement

1. Determination of lease term

Ind AS 116 Leases requires lessee to determine the lease term as the non-cancellable period of a lease

**STANDALONE FINANCIAL STATEMENTS OF IIFL FINANCE LIMITED
(FORMERLY KNOWN AS IIFL HOLDINGS LIMITED)**

**Notes forming part of Reformatted Standalone Financial Statements as at and for the year ended March 31, 2022,
March 31, 2021 and March 31, 2020**

adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes assessment on the expected lease term on lease by lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of lease and the importance of the underlying to the Company's operations taking into account the location of the underlying asset and the availability of the suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

2. Discount rate

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

The Company as a lessee

As a lessee, the Company leases assets which includes gold loan branches/office premises and vehicles to employees. The Company previously classified leases as operating or finance leases based on its assessment of whether the lease transferred significantly all of the risks and rewards incidental to ownership of the underlying asset to the Company. Under Ind AS 116, the Company recognises right-to-use assets and lease liabilities for these leases.

6.1 Hedging activities and derivatives

The Company is exposed to certain risks relating to its ongoing business operations. The primary risks managed using derivative instruments are interest rate and currency risk.

6.1.1 Derivatives designated as hedging instruments

The foreign currency and interest rate risk on borrowings have been actively hedged through a combination of forward contracts and interest rate swaps.

The Company is exposed to interest rate risk arising from its foreign currency borrowings. Interest on the borrowing is payable at a floating rate linked to the Benchmark plus Margin. The Company has hedged the interest rate risk arising from the debt with a 'receive floating pay fixed' interest rate swap.

The Company uses Cross Currency Swap Contracts and Forward Exchange Contracts to hedge its risks associated with interest rate and currency risk arising from the foreign currency loans. The Company designates such contracts in a cash flow hedging relationship by applying the hedge accounting principles as per IND AS. These contracts are stated at fair value of the spot element of the forward exchange contracts at each reporting date. Changes in the fair value of these contracts that are designated as effective hedge of future cash flows are recognised directly in the "Cash Flow Hedge Reserve" under Other Comprehensive Income and the ineffective portion is recognised immediately in the Statement of Profit and Loss. Hedge accounting is discontinued when the hedged instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting.

There is an economic relationship between the hedged item and the hedging instrument as the terms of the Forward contracts/Interest Rate Swaps match that of the foreign currency borrowings (notional amount, interest payment dates, principal repayment date, etc.). The Company has established a hedge ratio of 1:1 for the hedging relationships as the underlying risk of the Forward contracts/interest rate swaps are identical to the hedged risk components.

Notes:

8.1 Secured loans are secured by way of equitable mortgage of property, pledge of shares, hypothecation of assets, company personal guarantees, physical gold, undertaking to create security.

8.2 Secured loans include loans aggregating to ₹ 2,003.15 million (March 31, 2021 ₹ 2,664.76 million and March 31, 2020 ₹ 3,434.30 million) in respect of which the creation of security is under process.

8.3 The Company's assessment of impairment loss allowance on its loans and other assets is subject to a number of management judgments and estimates. In relation to COVID-19, judgments and assumptions included the extent and duration of the pandemic, the impacts of actions of governments and other authorities, and the responses of businesses and consumers in different industries, along with the associated impact on the global economy. Given the dynamic nature of pandemic situation, the Company's impairment loss allowance estimates are inherently uncertain due to severity and duration of the pandemic and, as a result, actual results may differ from these estimates as on the date of approval of these Standalone Financial Statements.

Note 11.1:

The recently promulgated Taxation Laws (Amendment) Ordinance 2019 had inserted section 115BAA in the Income Tax Act, 1961 providing existing domestic companies with an option to pay tax at concessional rate of 22% plus applicable surcharge & cess. The reduced tax rates come with the consequential surrender of specified deductions & incentives. The option was to be exercised within the prescribed time for filing the return of income under section 139(1) of the Income Tax Act, 1961 for assessment year (AY) 20-21 or subsequent AYs. Once exercised, such an option cannot be withdrawn for the same or subsequent AYs.

The Company availed the option from previous year to pay income tax at the lower rate. Consequently, the opening deferred tax asset (net) was measured at the lower rate, with a one-time charge of ₹ 381.08 million to the statement of Profit & Loss during the year ended March 31, 2020.

Delta effect of +1% change in rate of employee turnover	1.84	0.33	(0.68)
Delta effect of -1% change in rate of employee turnover	(2.40)	(0.59)	0.63

The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

The sensitivity analysis presented above may not be representative of the actual change in the projected benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the projected benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the projected benefit obligation as recognised in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

Notes

Actuarial gains/losses are recognised in the period of occurrence under Other Comprehensive Income (OCI). All above reported figures of OCI are gross of taxation.

Salary escalation & attrition rate are in line with the industry practice considering promotion and demand and supply of the employees.

Maturity analysis of benefit payments is undiscounted cashflows considering future salary, attrition & death in respective year for members as mentioned above.

Average Expected Future Service represents Estimated Term of Post - Employment Benefit Obligation.

Value of asset is considered as fair value of plan asset for the period of reporting.

Qualitative disclosures

Characteristics of defined benefit plan

The Company has a defined benefit gratuity plan in India (funded). The company's defined benefit gratuity plan is a final salary plan for employees, which requires contributions to be made to a separately administered fund.

The fund is managed by a trust which is governed by the Board of Trustees. The Board of Trustees are responsible for the administration of the plan assets and for the definition of the investment strategy.

Risks associated with defined benefit plan

Gratuity is a defined benefit plan and company is exposed to the following risks:

Interest rate risk: A fall in the discount rate which is linked to the G.Sec. Rate will increase the present value of the liability requiring higher provision. A fall in the discount rate generally increases the mark to market value of the assets depending on the duration of asset.

Salary risk: The present value of the defined benefit plan liability is calculated by reference to the future salaries of members. As such, an increase in the salary of the members more than assumed level will increase the plan's liability.

Investment risk: The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create a plan deficit. Currently, for the plan in India, it has a relatively balanced mix of investments in government securities, and other debt instruments.

Asset liability matching risk: The plan faces the ALM risk as to the matching cash flow. Since the plan is invested in lines of Rule 103 of Income Tax Rules, 1962, this generally reduces ALM risk.

Mortality risk: Since the benefits under the plan is not payable for life time and payable till retirement age only, plan does not have any longevity risk.

Characteristics of defined benefit plans

During the year, there were no plan amendments, curtailments and settlements.

A separate trust fund is created to manage the Gratuity plan.

Note 38. Risk Management

The Company's activities expose it to market risk, liquidity risk and credit risk.

Risk management is integral to Company's strategy. The comprehensive understanding of risk management throughout the various levels of an organization aids in driving key decisions related to risk-return balance, capital allocation and product pricing. The Company operates under the guidance of the Board approved risk appetite statement that covers business composition, guidance around gross stage 3 assets and net stage 3 assets, leverage, funding and liquidity, etc.

Additionally, it is also ensured that appropriate focus is on managing risk proactively by ensuring business operations are in accordance with laid-down risk. A strong risk management team and an effective credit operations structure ensures that risks are properly identified and timely addressed, to ensure minimal impact on the Company's growth and performance.

Risk Management Structure

The Company has established multi-level risk governance for monitoring and control of product and entity level risks. The Board of Directors are responsible for the overall risk management approach and for approving the risk management strategies and principles. The Board has constituted the Risk Management Committee ("RMC") which is responsible for monitoring the overall risk process within the Company. The RMC is empowered to develop an independent risk strategy comprising of principles, frameworks, policies and limits and ensuring its effective implementation. Independent function of Risk management is in place headed by the Chief Risk Officer ("CRO") who reports to the Chairman and independently to RMC of the Board. The Risk department primarily operationalises risk management framework approved by RMC.

The Company has a well defined risk framework constituting various lines of defence – the first line of defence, consisting of management, is responsible for seamless integration of risk principles across all businesses. Additionally, it ensures adequate managerial and supervisory controls to ensure compliance and highlight inadequate processes and unexpected events. The Company has well-defined internal control measures in every process.

Independent risk and policy team constitutes second line of defence which is responsible for identification and assessment of entity-wide risks. Post its identification, it aims to mitigate risks either through portfolio trigger and caps (Credit risk) or through ongoing risk control and self assessment (Operational risk).

Internal Audit function is the third line of defence that independently reviews activities of the first two lines of defence and reports to the Audit Committee of the Board.

Risk Management Practices

The Company has developed the necessary competency to identify early stress signals and has also defined processes, including corrective and remedial actions as regards people and processes, for mitigation to ensure minimum damage. A stress testing mechanism is put in place to carry out the event based sensitivity analysis and identify the accounts under stress due to expected market movement. In event of susceptibility to external triggers, appropriate risk mitigation would be undertaken and thereby minimize the losses to the company.

It has initiated a detailed portfolio quality review mechanism which enables analysis of portfolio along various behavioural, demographic and financial parameters. Additionally, through tie-ups with external bureaus, an analysis of collection performance coupled with continuous credit assessment for various key segments is undertaken. The practices aid in proactive course correction thereby modifying credit or sourcing mechanisms, if required. Additionally, application scorecard has been developed enabling the Company to standardise credit underwriting and improve sourcing quality in the long run.

The Company's policy is to measure and monitor the overall risk-bearing capacity in relation to the aggregate risk exposure across all risk types and activities. Information pertaining to different type of risks are identified, analysed and tested on timely basis. The same is presented to RMC at periodic intervals.

In order to minimise any adverse effects on the financial performance of the Company, derivative financial instruments, such as cross currency interest rate swaps are entered to hedge certain foreign currency risk exposures and variable interest rate exposures.

The Company's central Treasury department identifies, evaluates and hedges financial risks in close co-operation with the Company's operating units. The Board provides written principles for overall risk management, as well as policies covering specific areas, such as foreign exchange risk, interest rate risk, credit risk, use of derivative financial instruments and non-derivative financial instruments and investment of excess liquidity. The Company's Treasury is responsible for managing its assets and liabilities and the overall financial structure. It is also primarily responsible for the funding and liquidity risks of the Company.

Financial Assets Measured Using Simplified Approach

The Company follows 'simplified approach' for recognition of impairment loss allowance on cash and cash equivalents, bank balances, trade receivables, other receivables and other financial assets. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

38A.2. Collateral Held

The Company holds collateral and other credit enhancements against certain of its credit exposures. The loans are collateralised against equitable mortgage of property, pledge of shares, hypothecation of assets, company personal guarantees, physical gold, undertaking to create security.

38A.6. Credit Risk Grading of Loans

Credit risk is the risk that the Company will incur a loss because its customers or counterparties fail to discharge their contractual obligations. The Company manages and controls credit risk by setting limits on the amount of risk it is willing to accept for individual counterparties.

The Company ensures effective monitoring of credit facilities through a portfolio quality review framework. As per this process, an asset is reviewed at a frequency determined based on the risk it carries at the review date.

For effective risk management, the company monitors its portfolio, based on product, underlying security and credit risk characteristics.

The credit quality review process aims to allow the Company to assess the potential loss as a result of the risks to which it is exposed and take corrective actions. An independent risk and policy team reviews adherence to policies and processes on a periodic basis.

Additionally, the Company evaluates risk based on staging as defined in Ind AS, details of which are mentioned below:

Credit Grading Details	(₹ in millions)			
Period	Stage 1	Stage 2	Stage 3	Total EAD
March 31, 2022	127,981.99	8,044.69	4,062.06	140,088.74
March 31, 2021	132,925.55	25,291.66	4,080.42	162,297.63
March 31, 2020	141,018.67	6,475.44	5,448.72	152,942.83

38A.7. Concentration of Credit Risk

Concentrations arise when a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions.

In order to avoid excessive concentrations of risk, the Company's policies and procedures include specific guidelines to focus on spreading its lending portfolio across various products/states/customer base with a cap on maximum limit of exposure for an individual/Group. Accordingly, the Company does not have concentration risk.

38B Liquidity Risk

Liquidity risk refers to the risk that the Company may not be able to meet its short-term financial obligations. The Company manages liquidity risk by maintaining sufficient cash and marketable securities and by having access to funding through an adequate amount of credit lines. Further, the Company has well defined Asset Liability Management (ALM) framework with an appropriate organizational structure to regularly monitor and manage maturity profiles of financial assets and financial liabilities including debt financing plans, cash and cash equivalent instruments to ensure liquidity. The Company seeks to maintain flexibility in funding mix by way of sourcing the funds through money markets, debt markets and banks to meet its business and liquidity requirements.

Interest rates – decrease by 30 basis points	134.46	119.63	116.52	-	-	-

(ii) The Company does not have any outstanding variable rate loans given and hence there is no impact on Profit & loss account due to any such change.

38C.2. Exposure to Currency Risks

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign currency rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the foreign currency borrowings taken from Financial Institutions, External Commercial Borrowings (ECB) and foreign bond markets.

(i) The Company has hedged its foreign currency exposure through Forwards/ Future and / or Cross Currency Interest Rate Swaps in such a manner that it has fixed determinate outflows in its functional currency and as such there would be no significant impact of movement in foreign currency rates on the Company's profit before tax (PBT).

38E. 1. Financial Instruments Measured At Fair Value – Fair Value Hierarchy

The following table analyses financial instruments measured at fair value at the reporting date, by the level in the fair value hierarchy into which the fair value measurement is categorised. The amounts are based on the values recognised in the statement of financial position.

38E.2. Valuation Methodologies Of Financial Instruments Measured At Fair Value

- Quoted equity/ debt instruments are measured based on the last traded price in the recognised stock exchange and are classified as level 1.
- Quoted Mutual Funds are measured based on the published net asset value (NAV) by AMFI and are classified as level 1.
- Alternate Investment Funds and unquoted Mutual Funds are measured based on the latest NAV provided by the fund house and are classified as level 3.
- Equity instruments in non-listed entities are initially recognised at transaction price and re-measured (to the extent information is available) and valued by external independent valuer and classified as Level 3.
- Government Securities are valued based on the closing price published by FBIL and are classified as level 2.
- Unquoted debt securities are measured based on average of security level prices received from AMFI appointed/designated agencies viz: CRISIL and ICRA and are classified as level 2.
- Fair value of loans measured at FVOCI approximates its carrying value and are classified as level 3.
- Fair value of forward foreign exchange contracts is determined by computing present value of payoff between contractual rate (Strike) and forward exchange rates at the testing date and are classified as Level 2.

38E.3. Valuation Methodologies Of Financial Instruments Not Measured At Fair Value

Below are the methodologies and assumptions used to determine fair values for the above financial instruments which are not recorded and measured at fair value in the Company's financial statements. These fair values were calculated for disclosure purposes only.

Short-Term Financial Assets And Liabilities

For financial assets and financial liabilities that have a short-term nature, the carrying amounts, which are net of impairment, are a reasonable approximation of their fair value. Such instruments include: cash and bank balances, Trade receivables, other receivables, balances other than cash and cash equivalents, other financial assets and other financial liabilities and trade payables.

Loans, Debts, Borrowings And Subordinated Debts

The fair values of these instruments are estimated by determining the price of the instrument taking into consideration the origination date, maturity date, coupon rate, actual or approximation of frequency of interest payments and incorporating the actual or estimated/proxy yields of identical or similar instruments through the discounting factor. For instruments, having contractual residual maturity or original maturity less than one year, the carrying value has been considered as fair value. Fair values of Loans and advances are presented net of provisions for impairment.

Notes forming part of Reformatted Standalone Financial Statements as at and for the year ended March 31,2022, March 31,2021 and March 31,2020

Stock Price: The closing market price on NSE one day prior to the date of grant has been considered for the purpose of Option valuation.

Volatility: The daily volatility of the stock prices on BSE, over a period prior to the date of grant, corresponding with the expected life of the Options has been considered to calculate the fair value.

Risk-free rate of return: The risk-free rate being considered for the calculation is the India Government Bond Generic Bid Yield with a maturity about equal to the expected life of the options.

Exercise Price: Price of each specific grant has been considered.

Time to Maturity: Time to Maturity / Expected Life of Options is the period for which the Company expects the Options to be live. The minimum life of a stock option is the minimum period before which the Options cannot be exercised and the maximum life is the period after which the Options cannot be exercised.

Expected dividend yield: Expected dividend yield has been calculated as an average of dividend yields for the three financial years preceding the date of the grant. The dividend yield for the year is derived by dividing the dividend per share by the average price per share of the respective period.

The Company has granted Employee Stock Options under IIFL Finance Employee Stock Option Plan 2020 – Merger Scheme pursuant to aforesaid Composite Scheme of Arrangement.

(c) Disclosures on Risk Exposure in Derivatives:

(I) Qualitative disclosure:

a) Structure and organization for management of risk in derivatives trading:

The Board of Directors, the Asset Liability Management Committee (ALCO) and the Risk Management Committee (RMC) are entrusted with the management of risks in derivatives.

The philosophy and framework for the derivative business is laid out in the Board approved policies including limits. It also reviews the market risk exposures of derivatives against the limits. The Risk Management Committee reviews all risks on a consolidated basis and also reviews stress testing.

The monitoring and measurement of risk in derivatives is carried out by the Risk Department. The Risk Department is independent of the Treasury Front office, back office and directly reports into the Chief Risk Officer.

b) Scope and nature of risk measurement, risk reporting and risk monitoring systems:

All significant risks of the derivative portfolio are monitored and measured daily. The Risk Department measures and reports Market Risk metrics like VaR, PV01, Option Greeks like Delta, Gamma, Vega, Theta, Rho, etc. The Credit Risk from the derivatives portfolio is also measured daily.

The Risk Department monitors these exposures against the set limits and also reviews profitability on a daily basis. MIS is sent to relevant teams on a periodic basis. Exception reports are also sent so that emerging risks are reviewed and managed on a timely basis. Stress testing is also performed on the Derivative portfolio.

c) Policies for hedging and / or mitigating risk and strategies and processes for monitoring the continuing effectiveness of hedges/mitigants:

The Board Approved 'Hedging Policy' details the hedging strategies, hedging processes, accounting treatment, documentation requirements and effectiveness testing for hedges.

Hedges are monitored for effectiveness periodically, in accordance with the Board Approved Policy.

d) Accounting policy for recording hedge and non-hedge transactions; recognition of income, premiums and discounts; valuation of outstanding contracts; provisioning, collateral and credit risk mitigation:

Initial and additional margin paid over and above initial margin for entering into contracts for Equity Index/Stock Futures/Currency Futures/Interest Rate Futures and/or Equity Index/Stock Options/ Currency Options as the case may be ("Derivatives Portfolio") which are released on final settlement/squaring-up of underlying contracts are disclosed under the head "Other Current Assets".

"Equity Index/Stock Option/Currency Option Premium Account" represents premium paid or received for buying or selling the Options, respectively which is amortised over the period of contract.

On final settlement or squaring up of contracts for Derivatives Portfolio, the realized profit or loss after adjusting the unrealized loss already accounted, if any, is recognized in the Statement of Profit and Loss. On settlement or squaring up of Derivatives Portfolio before expiry, the premium, prevailing in "Equity Index/Stock Option/Currency Option Premium Account" on that date is recognized in the Statement of Profit and Loss.

As at the Balance Sheet date, the Mark to Market/Unrealised Profit/(Loss) on all outstanding Derivative portfolio comprising of Securities and Equity/Currency Derivatives positions is determined on scrip basis with net unrealized losses on scrip basis being recognized in the Other Comprehensive Income.

(vi) Institutional set-up for Liquidity Risk Management

The Board of Directors of the Company has an overall responsibility and oversight for the management of all the risks, including liquidity risk, to which the Company is exposed to in the course of conducting its business.

The Board approves the governance structure, policies, strategy and the risk limits for the management of liquidity risk.

The Board of Directors approves the constitution of the Risk Management Committee (RMC) for the effective supervision, evaluation, monitoring and review of various aspects and types of risks, including liquidity risk, faced by the Company.

Further, the Board of Directors also approves constitution of Asset Liability Committee (ALCO), which functions as the strategic decision-making body for the asset-liability management of the Company from risk return perspective and within the risk appetite and guard-rails approved by the Board.

The main objective of ALCO is to assist the Board and RMC in effective discharge of the responsibilities of asset-liability management, market risk management, liquidity and interest rate risk management and also to ensure adherence to risk tolerance/limits set up by the Board.

ALCO provides guidance and directions in terms of interest rate, liquidity, funding sources, and investment of surplus funds. ALCO meetings are held once in a month or more frequently as warranted from time to time.

Qualitative Disclosure

Liquidity Coverage Ratio (LCR) aims to ensure that NBFC's maintains an adequate level of unencumbered High Quality Liquidity Asset (HQLAs) that can be converted into cash to meet liquidity needs for a 30 calendar day time horizon under a significantly severe liquidity stress scenario.

The Company has robust liquidity risk management framework in place that ensures sufficient liquidity including a cushion of unencumbered, high quality liquid assets, to withstand a range of stress events, including those involving the loss or impairment of both unsecured and secured funding sources. The Company has implemented the LCR framework and has maintained LCR well above the regulatory threshold.

HQLA comprises of unencumbered Bank Balances and Fixed Deposit, Cash in Hand, Liquid Investments after appropriate haircut. The Company maintains sufficient balance of Cash and Bank Balance and liquid Investments which can be easily liquidated in times of stress.

Liquidity Coverage Ratio results drive by inflow of next 30 days receivable on loans and advances and corresponding outflow over the next 30 days towards borrowings and other liabilities.

Independent Auditor's Review Report on Standalone Unaudited Quarterly and Year to Date Financial Results of the Company Pursuant to the Regulation 33 and 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

TO THE BOARD OF DIRECTORS OF

IIFL Finance Limited

1. We have reviewed the accompanying statement of unaudited standalone financial results of IIFL Finance Limited ("the Company") for the quarter and half year ended September 30, 2022 ("the statement"), being submitted by the company pursuant to the requirement of Regulation 33 and 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended.
2. This statement, which is the responsibility of the Company's Management and approved by the Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other accounting principles generally accepted in India. Our responsibility is to issue a report on these financial results based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying statement of unaudited financial results prepared in accordance with applicable accounting standards and other recognized accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 and 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 including the manner in which it is to be disclosed, or that it contains any material misstatement or that it has not been prepared in accordance with the relevant prudential norms issued by the Reserve Bank of India in respect of income recognition, asset classification, provisioning and other related matters.

Independent Auditor's Review Report on Consolidated Unaudited Quarterly and Year to Date Financial Results of the Company Pursuant to the Regulation 33 and 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

TO THE BOARD OF DIRECTORS OF

IIFL Finance Limited

1. We have reviewed the accompanying Statement of Consolidated Unaudited Financial Results of IIFL Finance Limited ("the Parent") and its subsidiaries (the Parent and its subsidiaries together referred to as "the Group") for the quarter and half year ended September 30, 2022 ("the Statement"), being submitted by the Parent pursuant to the requirement of Regulation 33 and 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended.
2. This Statement, which is the responsibility of the Parent's Management and approved by the Parent's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013, and other accounting principles generally accepted in India. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the circular issued by the SEBI under Regulation 33 (8) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, to the extent applicable.

4. The statement includes the results of the following entities

S No	Name of the Entities	Relationship
1	IIFL Home Finance Limited	Subsidiary
2	IIFL Sales Limited	Subsidiary
3	IIFL Samasta Finance Limited (Formerly, Samasta Microfinance Limited)	Subsidiary
4	IIFL Open Fintech Private Limited (w.e.f. 17-05-2022)	Subsidiary

5. Based on our review conducted and procedures performed as stated in paragraph 3 above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 and 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, including the manner in which it is to be disclosed, or that it contains any material misstatement or that it has not been prepared in accordance with the relevant prudential norms issued by the Reserve Bank of India in respect of income recognition, asset classification, provisioning and other related matters.

Other Matters

6. We did not review the interim financial results of 4 subsidiary companies included in the consolidated unaudited financial results, whose interim financial results reflects, total assets of Rs. 27,799.38 crore as at September 30, 2022, total revenues of Rs. 1056.79 crore and Rs. 2069.31 crore for the quarter and half year ended September 30, 2022 respectively, total net profit after tax of Rs. 210.97 crore and Rs. 383.81 for the quarter and half year ended September, 2022 respectively and total comprehensive income of Rs. 210.32 and Rs. 391.02 for the quarter and half year ended September, 2022 respectively and net cash inflows of Rs. 1817.23 crore for half year ended September 30, 2022, as considered in the standalone unaudited interim financial results of the subsidiary company included in the Group. These interim financial results have been reviewed by another auditor in respect of the 4 subsidiary companies, whose reports have been furnished to us by the Management and conclusion on the Statement, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries is based on the report of the other auditor and the procedure performed by us as stated in paragraph 3 above.

Our conclusion on the Statement is not modified in respect of the above matter.

Except as stated in this section, there are no outstanding: (i) criminal proceedings; (ii) actions by statutory/regulatory authorities; (iii) claims for any indirect and direct tax liability; and (iv) other litigations which are identified as material in terms of the Materiality Threshold (as defined hereinafter below), each involving our Company, Directors, Subsidiary Company, group companies or Promoter.

*Effective from June 23, 2022, the Board of Directors of our Company has adopted policy for determination of materiality for disclosure of events or information (“**Materiality Policy**”). The Materiality Policy sets out that all pending litigation involving our Company, Promoter, Directors, Subsidiaries and group companies, other than criminal proceedings and taxation matters (which would be disclosed in a consolidated manner), would be considered ‘material’ for the purposes of disclosure in this Shelf Prospectus if: (i) the monetary amount of claim by or against the entity or person in any such pending litigation is in excess of an amount of ₹ 200 million or 5% of Profit after tax of our Company as on March 31, 2022 or 1% of the net worth of our Company as on March 31, 2022, whichever is less, or (ii) any such litigation or regulatory action the outcome of which has a bearing on the business, operations, prospects or reputation of our Company, irrespective of the amount involved in such litigation.*

Further, except as mentioned in this section, there are no proceedings involving our group companies, which may have a material adverse effect on the position of our Company.

It is clarified that for the purposes of the above, pre-litigation notices received by our Company, Directors, Promoter, Subsidiary Company or group companies shall, unless otherwise decided by our Board of Directors, not be considered as litigation until such time that our Company or Directors or Promoter or group companies, as the case may be, is impleaded as a defendant in litigation proceedings before any judicial forum.

Further, except as stated in this section, there are no: (i) litigation or legal action pending or taken by any Ministry or Department of the Government or a statutory authority against our Promoter during the last three years immediately preceding the year of the issue of this Shelf Prospectus and any direction issued by such Ministry or Department or statutory authority; (ii) pending litigation involving our Company, our Promoter, our Directors, group companies, Subsidiary Company or any other person, whose outcome could have material adverse effect on the position of our Company; (iii) pending proceedings initiated against our Company for economic offences; (iv) default and non-payment of statutory dues, etc; (v) inquiries, inspections or investigations initiated or conducted against our Company and/or our Subsidiary under the Companies Act or any previous companies law in the three years immediately preceding the year of this Shelf Prospectus; (vi) prosecutions filed (whether pending or completed), fines imposed or compounding of offences done in the three years immediately preceding the year of this Shelf Prospectus; and (vii) material frauds committed against our Company in the last three years.

Further from time to time, we have been and shall continue to be involved in legal proceedings filed by and/or against us, arising in the ordinary course of our business. We believe that the number of proceedings in which we are/were involved is not unusual for a company of our size doing business in India.

Unless stated to the contrary, the information provided below is as of the date of this Shelf Prospectus.

All terms defined in a particular litigation disclosure below are for that particular litigation only.

(a) Material litigation involving our Promoter as on the date of this Shelf Prospectus

The material litigation involving promoters of the Company (being Mr. Nirmal Jain and Mr. R Venkataraman) are covered in section 4 (*Material litigations involving our Directors as on the date of this Shelf Prospectus*) of this *Outstanding Litigations* Chapter on page 240 below.

- (b) **Legal or regulatory action pending or taken by any Ministry, Government Department or a statutory body or any direction issued by such Ministry or Department or statutory authority upon conclusion of such legal or regulatory action against our Promoter during the last five years immediately preceding the date of this Shelf Prospectus.**

A notice dated December 2, 2020 was issued under Rule 4 of (Procedure for Holding Inquiry And Imposing Penalties By Adjudicating Officer) Rules, 1995 was issued) against the Promoters & Promoter Group (“Promoters”) to show cause against alleged violation of provisions of Regulation 3(1) read with Regulation 13(1) and 13(2)(a) of SAST Regulation. The Promoters responded with a reply dated December 19, 2020 contending that there was no such violation since Regulation 3(1) would be attracted if there is an entitlement to exercise voting rights of 25% or more and if the entitlement to exercise voting rights does not touch 25%, the charging provisions would not be attracted. Therefore, when an acquirer acquires, or even for that matter, “agrees to acquire”, the underlying contractual obligation or the intention of the impending contract ought to be the acquisition of an entitlement to voting rights of 25% or more. In the instant case, there was no intention or agreement to acquire an entitlement to voting rights of 25% or more. A computational error led to the instruction to the broker for purchase of shares. No sooner than the error was discovered, it was ensured that the entitlement to exercise voting rights of 25% or more never came about, by timely selling of existing shares. Therefore, the entitlement to exercise voting rights in the hands of the promoter group never reached the threshold of 25% or more. It remained 24.99 % as was always the actual intent of the Promoters. At no point of time, either during a day or at the close of the register of beneficial ownership of shares on any day, did the Promoters ever cross the threshold of 25% and hence there was no question of Regulation 3(1) read with Regulation 13(1) and / or Regulation 13(2) being violated. In spite of the above representation, an adjudication order dated March 28, 2022 was passed by SEBI against the Promoters imposing a penalty of ₹ 10,00,000/-. The Promoters vide its letter dated May 09, 2022 respectfully disagreed with the findings and imposition of the said penalty, however the Promoters paid the said penalty with a view to moving forward constructively and putting this matter behind.

8. *Litigation or legal action pending or taken by any ministry or government department or statutory authority against our Promoter during the last three years immediately preceding the year of the issue of this Shelf Prospectus and any direction issued by any such ministry or department or statutory authority upon conclusion of such litigation or legal action*

A notice dated December 2, 2020 was issued under Rule 4 of (Procedure for Holding Inquiry And Imposing Penalties By Adjudicating Officer) Rules, 1995 was issued) against the Promoters & Promoter Group (“Promoters”) to show cause against alleged violation of provisions of Regulation 3(1) read with Regulation 13(1) and 13(2)(a) of SAST Regulation. The Promoters responded with a reply dated December 19, 2020 contending that there was no such violation since Regulation 3(1) would be attracted if there is an entitlement to exercise voting rights of 25% or more and if the entitlement to exercise voting rights does not touch 25%, the charging provisions would not be attracted. Therefore, when an acquirer acquires, or even for that matter, “agrees to acquire”, the underlying contractual obligation or the intention of the impending contract ought to be the acquisition of an entitlement to voting rights of 25% or more. In the instant case, there was no intention or agreement to acquire an entitlement to voting rights of 25% or more. A computational error led to the instruction to the broker for purchase of shares. No sooner than the error was discovered, it was ensured that the entitlement to exercise voting rights of 25% or more never came about, by timely selling of existing shares. Therefore, the entitlement to exercise voting rights in the hands of the promoter

group never reached the threshold of 25% or more. It remained 24.99 % as was always the actual intent of the Promoters. At no point of time, either during a day or at the close of the register of beneficial ownership of shares on any day, did the Promoters ever cross the threshold of 25% and hence there was no question of Regulation 3(1) read with Regulation 13(1) and / or Regulation 13(2) being violated. In spite of the above representation, an adjudication order dated March 28, 2022 was passed by SEBI against the Promoters imposing a penalty of ₹ 10,00,000/-. The Promoters vide its letter dated May 09, 2022 respectfully disagreed with the findings and imposition of the said penalty, however the Promoters paid the said penalty with a view to moving forward constructively and putting this matter behind.

Debenture Trustee Disclosures

Appointment of Debenture Trustee

The Company has appointed the Debenture Trustee in accordance with the terms of the Debenture Trustee Agreement.

Fees charged by Debenture Trustee

Debenture Trustee Agreement (DTA) has been executed as per required regulations before opening of Issue. Service charges of Debenture Trustee are mentioned in the consent letter No. CL/MUM/22-23/DEB/20 dated June 20, 2022.

Terms of carrying out due diligence

As per the SEBI Circular “SEBI/HO/MIRSD/CRADT/CIR/P/2020/218 dated November 3, 2020 titled “Creation of Security in issuance of listed debt securities and due diligence by debenture trustee(s)”, the Debenture Trustee is required to exercise independent due diligence to ensure that the assets of the Issuer company are sufficient to discharge the interest and principal amount with respect to the debt securities of the Issuer at all times. Accordingly, the Debenture Trustee shall exercise due diligence as per the following process, for which our company has consented to.

- a. The Debenture Trustee, either through itself or its agents /advisors/ consultants, shall carry out requisite diligence to verify the status of encumbrance and valuation of the assets and whether all permissions or consents (if any) as may be required to create the security as stipulated in the offer document /disclosure document / information memorandum / private placement memorandum, has been obtained. For the purpose of carrying out the due diligence as required in terms of the Relevant Laws, the Debenture Trustee, either through itself or its agents /advisors/consultants, shall have the power to examine the books of account of the Company and to have the Company’s assets inspected by its officers and/or external auditors/valuers/consultants/lawyers/technical experts/management consultants appointed by the Debenture Trustee.
- b. The Company shall provide all assistance to the Debenture Trustee to enable verification from the Registrar of Companies, Sub-registrar of Assurances (as applicable), CERSAI, depositories, information utility or any other authority, as may be relevant, where the assets and/or encumbrances in relation to the assets of the Company or any third party security provider are registered / disclosed.
- c. Further, in the event that existing charge holders have provided conditional consent / permissions to the Company to create further charge on the assets, the Debenture Trustee shall also have the power to verify the Company such conditions by reviewing the relevant transaction documents or any other documents executed between existing charge holders and the Company. The Debenture Trustee shall also have the power to intimate the existing charge holders about proposal of creation of further encumbrance and seeking their comments/ objections, if any.
- d. The Debenture Trustee shall have the power to either independently appoint or direct the Company to (after consultation with the Debenture Trustee) appoint intermediaries, valuers, chartered accountant firms, practicing company secretaries, consultants, lawyers and other entities in order to assist in the diligence by the Debenture Trustee. All costs, charges, fees and expenses that are associated with and incurred in relation to the diligence as well as preparation of the reports/certificates/documentation, including all out of pocket expenses towards legal or inspection costs, travelling and other costs, shall be solely borne by the Company. Process of due diligence to be carried out by the Debenture Trustee will be carried out as per SEBI NCS Regulations, SEBI Operational Circular and circulars issued by SEBI from time to time. This would broadly include the following:
 - A Chartered Accountant (“CA”) appointed by Debenture Trustee will conduct independent due diligence as per scope provided, regarding security offered by the Issuer.
 - CA will ascertain, verify, and ensure that the assets offered as security by the Issuer is free from any encumbrances or necessary permission / consent / NOC has been obtained from all existing charge holders.
 - CA will conduct independent due diligence on the basis of data / information provided by the Issuer.
 - CA will, periodically undertake due diligence as envisaged in SEBI circulars depending on the nature of security.
 - On basis of the CA’s report / finding Due Diligence certificate will be issued by Debenture Trustee and will be filed with relevant Stock Exchanges.
 - Due Diligence conducted is premised on data / information made available to the Debenture Trustee appointed agency and there is no onus of responsibility on Debenture Trustee or its appointed agency for any acts of omission / commission on the part of the Issuer.

While the NCD is secured as per terms of the Shelf Prospectus and charge is held in favour of the Debenture Trustee, the extent of recovery would depend upon realization of asset value and the Debenture Trustee in no way guarantees / assures full recovery / partial of either principal or interest.

Other Confirmations

The Debenture Trustee confirms that they have undertaken the necessary due diligence in accordance with Applicable Law, including the SEBI (Debenture Trustees) Regulations, 1993, read with the SEBI circulars titled (i) "Creation of Security in issuance of listed debt securities and 'due diligence' by debenture trustee(s)" dated November 3, 2020; and (ii) "Monitoring and Disclosures by Debenture Trustee(s)" dated November 12, 2020.

The Debenture Trustee undertakes that the NCDs shall be considered as secured only if the charged asset is registered with sub-registrar and Registrar of Companies or CERSAI or depository, etc., as applicable, or is independently verifiable by the Debenture Trustee.

Specific terms for NCDs

As specified in the Tranche Prospectus(es).

Terms of payment

The entire face value per NCDs applied for will be blocked in the relevant ASBA Account maintained with the SCSB or under UPI mechanism (only for Retail Individual Investors), as the case may be, in the bank account of the Applicants that is specified in the ASBA Form at the time of the submission of the Application Form. In the event of Allotment of a lesser number of NCDs than applied for, our Company shall unblock the additional amount blocked upon application in the ASBA Account, in accordance with the terms specified in “*Terms of the Issue – Manner of Payment of Interest/Unblocking*” on page 293.

Participation by any of the above-mentioned Investor classes in the Issue will be subject to applicable statutory and/or regulatory requirements. Applicants are advised to ensure that applications made by them do not exceed the investment limits or maximum number of NCDs that can be held by them under applicable statutory and/or regulatory provisions.

The NCDs have not been and will not be registered, listed or otherwise qualified in any jurisdiction outside India and may not be offered or sold, and Applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction. In particular, the NCDs have not been and will not be registered under the U.S. Securities Act, 1933, as amended (the “Securities Act”) or the securities laws of any state of the United States and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the Securities Act) except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state securities laws. The Issuer has not registered and does not intend to register under the U.S. Investment Company Act, 1940 in reliance on section 3(c)(7) thereof. This Shelf Prospectus may not be forwarded or distributed to any other person and may not be reproduced in any manner whatsoever, and in particular, may not be forwarded to any U.S. Person or to any U.S. address.

Applications may be made in single or joint names (not exceeding three). Applications should be made by Karta in case the Applicant is an HUF. If the Application is submitted in joint names, the Application Form should contain only the name of the first Applicant whose name should also appear as the first holder of the depository account held in joint names. If the depository account is held in joint names, the Application Form should contain the name and PAN of the person whose name appears first in the depository account and signature of only this person would be required in the Application Form.

This Applicant would be deemed to have signed on behalf of joint holders and would be required to give confirmation to this effect in the Application Form. Please ensure that such Applications contain the PAN of the HUF and not of the Karta.

In the case of joint Applications, all payments will be made out in favour of the first Applicant. All communications will be addressed to the first named Applicant whose name appears in the Application Form and at the address mentioned therein.

Day Count Convention

Interest shall be computed on an actual/actual basis on the principal outstanding on the NCDs as per the SEBI Operational Circular.

Effect of holidays on payments

If the date of payment of interest does not fall on a Working Day, then the interest payment will be made on succeeding Working Day, however the calculation for payment of interest will be only till the originally stipulated Interest Payment Date. The dates of the future interest payments would be as per the originally stipulated schedule. Payment of interest will be subject to the deduction of tax as per Income Tax Act or any statutory modification or re-enactment thereof for the time being in force. In case the Redemption Date (also being the last Interest Payment Date) does not fall on a Working Day, the payment will be made on the immediately preceding Working Day, along with coupon/interest accrued on the NCDs until but excluding the date of such payment. The interest/redemption payments shall be made only on the days when the money market is functioning in Mumbai.

Applicants are advised to ensure that they have obtained the necessary statutory and/or regulatory Permissions / consents/approvals in connection with applying for, subscribing to, or seeking Allotment of NCDs pursuant to the Issue.

It is hereby confirmed, in case of an occurrence of a "default", the Debenture Trustee shall abide and comply with the procedures mentioned in the abovementioned circular (SEBI/HO/MIRSD/CRADT/CIR/P/2020/203) dated October 13, 2020 issued by SEBI.

NCD Holder not a Shareholder

The NCD Holders will not be entitled to any of the rights and privileges available to the equity and/or preference shareholders of our Company, except to the extent of the right to receive the annual reports of our Company and such other rights as may be prescribed under the Companies Act, 2013 and the rules prescribed thereunder and the SEBI Listing Regulations.

Rights of NCD Holders

Some of the significant rights available to the NCD Holders are as follows:

1. The NCDs shall not, except as provided in the Companies Act, 2013, our Memorandum and Articles of Association and/or the Debenture Trust Deed, confer upon the holders thereof any rights or privileges available to our Company's members/shareholders including, without limitation, the right to attend and/or vote at any general meeting of our Company's members/shareholders. However, if any resolution affecting the rights attached to the NCDs is to be placed before the members/shareholders of our Company, the said resolution will first be placed before the concerned registered NCD Holders for their consideration.
2. In terms of Section 136 (1) of the Companies Act, 2013, holders of NCDs shall be entitled to a copy of the balance sheet and copy of trust deed at the Registered Office of our Company during business hours.
3. Subject to the above and the applicable statutory/regulatory requirements and terms of the Debenture Trust Deed, including requirements of other applicable statutory and/or regulatory requirements, the rights, privileges and conditions attached to the NCDs may be varied, modified and/or abrogated with the consent in writing of the holders of at least three-fourths of the outstanding amount of the NCDs or with the sanction of a special resolution passed at a meeting of the concerned NCD Holders, provided that nothing in such consent or resolution shall be operative against us, where such consent or resolution modifies or varies the terms and conditions governing the NCDs, if the same are not acceptable to us.
4. Subject to applicable statutory/regulatory requirements and terms of the Debenture Trust Deed, the registered NCD Holder or in case of joint-holders, the one whose name stands first in the register of debenture holders shall be entitled to vote in respect of such NCDs, either in person or by proxy, at any meeting of the concerned NCD Holders and every such holder shall be entitled to one vote on a show of hands and on a poll, his/her voting rights on every resolution placed before such meeting of the NCD Holders shall be in proportion to the outstanding nominal value of NCDs held by him/her.
5. The NCDs are subject to the provisions of the SEBI NCS Regulations, the Companies Act, 2013, the Memorandum and Articles of Association of our Company, the terms of the Draft Shelf Prospectus, this Shelf Prospectus, Tranche Prospectus(es), the Application Forms, the terms and conditions of the Debenture Trust Deed, requirements of other applicable statutory and/or regulatory requirements relating to the issue and listing, of securities and any other documents that may be executed in connection with the NCDs.
6. For the NCDs issued in dematerialized form, the Depositories shall also maintain the up-to-date record of holders of the NCDs in dematerialized Form. For NCDs in dematerialized form, all interest and principal sums becoming due and payable in respect of the NCDs will be paid to the person for the time being appearing in the register of beneficial

owners of the Depository. In terms of Section 88(3) of the Companies Act, 2013, the register and index of beneficial of NCDs maintained by a Depository for any NCDs in dematerialized form under Section 11 of the Depositories Act shall be deemed to be a Register of NCD Holders for this purpose. The same shall be maintained at the registered office of our Company under Section 94 of the Companies Act, 2013 unless the same has been moved to another location after obtaining the consent of the NCD holders.

7. Subject to compliance with RBI requirements, the NCDs can be rolled over only with the consent of the holders of at least 75% of the outstanding amount of the NCDs after providing 15 days prior notice for such roll over and in accordance with the SEBI NCS Regulations. Our Company shall redeem the debt securities of all the debt securities holders, who have not given their positive consent to the roll-over. The roll-over of NCDs shall be as per regulation 39 of the SEBI NCS Regulations.

The aforementioned rights of the NCD holders are merely indicative. The final rights of the NCD holders will be as per the terms of this Shelf Prospectus and the Debenture Trust Deed.

Nomination facility to NCD Holder

In accordance with Rule 19 of the Companies (Share Capital and Debentures) Rules, 2014 (“**Rule 19**”) read with the applicable provisions of the Companies Act, 2013, the sole NCD holder, or first NCD holder, along with other joint NCD Holders’ (being individual(s)), may nominate, in the **Form No. SH.13**, any one person with whom, in the event of the death of Applicant the NCDs were Allotted, if any, will vest. Where the nomination is made in respect of the NCDs held by more than one person jointly, all joint holders shall together nominate in **Form No.SH.13** any person as nominee. A nominee entitled to the NCDs by reason of the death of the original holder(s), will, in accordance with Rule 19 and Section 56 of the Companies Act, 2013, be entitled to the same benefits to which he or she will be entitled if he or she were the registered holder of the NCDs. Where the nominee is a minor, the NCD holder(s) may make a nomination to appoint, in **Form No. SH.14**, any person to become entitled to NCDs in the event of the holder ‘s death during minority. A nomination will stand rescinded on a sale/transfer/alienation of NCDs by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at our Registered Office or with the Registrar to the Issue.

NCD Holder(s) are advised to provide the specimen signature of the nominee to us to expedite the transmission of the NCD(s) to the nominee in the event of demise of the NCD Holder(s). The signature can be provided in the Application Form or subsequently at the time of making fresh nominations. This facility of providing the specimen signature of the nominee is purely optional.

In accordance with Rule 19 read with the applicable provisions of the Companies Act 2013, any person who becomes a nominee by virtue of the Rule 19 read with the applicable provisions of the Companies Act 2013, will on the production of such evidence as may be required by the Board, elect either:

- to register himself or herself as holder of NCDs; or
- to make such transfer of the NCDs, as the deceased holder could have made.

Further, our Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the NCDs, and if the notice is not complied with, within a period of 90 days, our Board may thereafter withhold payment of all interests or other monies payable in respect of the NCDs, until the requirements of the notice have been complied with.

Since the allotment of NCDs will be made only in dematerialized mode, there is no need to make a separate nomination with our Company. Nominations registered with the respective Depository Participant of the Applicant would prevail. If the investors require changing their nomination, they are requested to inform their respective Depository Participant.

Jurisdiction

Exclusive jurisdiction for the purpose of the Issue is with the competent courts of jurisdiction in Mumbai, India.

Application in the Issue

Applicants shall apply in the Issue in dematerialised form only, through a valid Application Form filled in by the Applicant along with attachment, as applicable. Further, Applications in the Issue shall be made through the ASBA facility only (including Applications made by UPI Investors under the UPI Mechanism).

In terms of Regulation 7 of the SEBI NCS Regulations, our Company will make public issue of the NCDs in the dematerialised form only.

Form of Allotment and Denomination of NCDs

As per the SEBI NCS Regulations, the trading of the NCDs on the Stock Exchange shall be in dematerialized form only in multiples of 1 (one) NCD (“**Market Lot**”). Allotment in the Issue to all Allottees, will be in electronic form i.e., in dematerialised form and in multiples of one NCD.

For details of allotment refer to chapter titled “*Issue Procedure*” beginning on page 299.

Transfer/Transmission of NCD(s)

The NCDs shall be transferred subject to and in accordance with the rules/procedures as prescribed by NSDL/CDSL and the relevant DPs of the transfer or transferee and any other applicable laws and rules notified in respect thereof. The transferee(s) should ensure that the transfer formalities are completed prior to the Record Date. In the absence of the same, interest will be paid/redemption will be made to the person, whose name appears in the register of debenture holders maintained by the Depositories. In such cases, claims, if any, by the transferees would need to be settled with the transferor(s) and not with the Issuer or Registrar.

In the absence of the same, interest will be paid/redemption will be made to the person, whose name appears in the register of debenture holders maintained by the Depositories. In such cases, claims, if any, by the transferees would need to be settled with the transferor(s) and not with the Issuer or Registrar. The seller should give delivery instructions containing details of the buyer’s DP account to his depository participant.

Please see “*Terms of the Issue – Interest*” on page 292 for the implications on the interest applicable to NCDs held by Individual Investors on the Record Date and NCDs held by Non-Individual Investors on the Record Date.

Pursuant to the SEBI (Listing Obligations and Disclosure Requirements) (Fourth Amendment) Regulations, 2018 (“**SEBI LODR IV Amendment**”), NCDs held in physical form, pursuant to any rematerialisation, as above, cannot be transferred except by way of transmission or transposition, from December 4, 2018. However, any trading of the NCDs issued pursuant to the Issue shall be compulsorily in dematerialized form only.

Title

The NCD Holder(s) for the time being appearing in the record of beneficial owners maintained by the Depository shall be treated for all purposes by our Company, the Debenture Trustee, the Depositories and all other persons dealing with such person as the holder thereof and its absolute owner for all purposes.

Procedure for rematerialisation of NCDs

NCD Holders who wish to hold the NCDs in physical form may do so by submitting a request to their DP at any time after Allotment in accordance with the applicable procedure stipulated by the DP, in accordance with the Depositories Act and/or rules as notified by the Depositories from time to time. Holders of the NCDs who propose to rematerialize their NCDs, would have to mandatorily submit details of their bank mandate along with a copy of any document evidencing that the bank account is in the name of the holder of such NCDs and their Permanent Account Number to our Company and the Depository Participant. No proposal for rematerialisation of NCDs would be considered if the aforementioned documents and details are not submitted along with the request for such rematerialisation.

Pursuant to the SEBI (Listing Obligations and Disclosure Requirements) (Fourth Amendment) Regulations, 2018 (“**SEBI LODR IV Amendment**”), NCDs held in physical form, pursuant to any rematerialisation, as above, cannot be transferred except by way of transmission or transposition, from December 4, 2018. However, any trading of the NCDs issued pursuant to the Issue shall be compulsorily in dematerialized form only.

Register of NCD Holders

No transfer of title of a NCD will be valid unless and until entered on the Register of NCD Holders (for re-materialized NCDs) or the register and index of NCD Holders maintained by the Depository prior to the Record Date. In the absence of transfer being registered, interest and/or Redemption Amount, as the case may be, will be paid to the person, whose name appears first in the Register of NCD Holders maintained by the Depositories and/or our Company and/or the Registrar, as the case may be. In such cases, claims, if any, by the purchasers of the NCDs will need to be settled with the seller of the NCDs and not with our Company or the Registrar. The provisions relating to transfer and transmission and other related matters in respect of our Company's shares contained in the Articles of Association of our Company and the Companies Act shall apply, mutatis mutandis (to the extent applicable) to the NCDs as well.

Restriction on transfer of NCDs

There are no restrictions on transfers and transmission of NCDs allotted pursuant to the Issue. NCDs held in physical form, pursuant to any re-materialisation, as above, cannot be transferred except by way of transmission or transposition. However, any trading of the NCDs issued pursuant to the Issue shall be compulsorily in dematerialized form only.

Succession

Where NCDs are held in joint names and one of the joint holders dies, the survivor(s) will be recognized as the NCD Holder(s). It will be sufficient for our Company to delete the name of the deceased NCD Holder after obtaining satisfactory evidence of his death. Provided, a third person may call on our Company to register his name as successor of the deceased NCD Holder after obtaining evidence such as probate of a will for the purpose of proving his title to the debentures. In the event of demise of the sole or first holder of the Debentures, our Company will recognise the executors or administrator of the deceased NCD Holders, or the holder of the succession certificate or other legal representative as having title to the Debentures only if such executor or administrator obtains and produces probate or letter of administration or is the holder of the succession certificate or other legal representation, as the case may be, from an appropriate court in India. The directors of our Company in their absolute discretion may, in any case, dispense with production of probate or letter of administration or succession certificate or other legal representation.

Where a non-resident Indian becomes entitled to the NCDs by way of succession, the following steps have to be complied with:

1. Documentary evidence to be submitted to the Legacy Cell of the RBI to the effect that the NCDs were acquired by the non-resident Indian as part of the legacy left by the deceased NCD Holder.
2. Proof that the non-resident Indian is an Indian national or is of Indian origin.
3. Such holding by a non-resident Indian will be on a non-repatriation basis.

Joint holders

Where two or more persons are holders of any NCD(s), they shall be deemed to hold the same as joint holders with benefits of survivorship subject to other provisions contained in the Articles.

Period of subscription

ISSUE PROGRAMME	
ISSUE OPENS ON	As specified in the relevant Tranche Prospectus
ISSUE CLOSES ON	As specified in the relevant Tranche Prospectus

Applications Forms for the Issue will be accepted only between 10.00 a.m. and 5.00 p.m. (Indian Standard Time) or such extended time as may be permitted by the Stock Exchange, during the Issue Period as mentioned above on all days between Monday and Friday (both inclusive barring public holiday), (a) by the Designated Intermediaries at the Bidding Centers, or (b) by the SCSBs directly at the Designated Branches of the SCSBs. On the Issue Closing Date, Application Forms will be accepted only between 10.00 a.m. to 3.00 p.m. (Indian Standard Time) and uploaded until 5.00 p.m. or such extended time as may be permitted by the Stock Exchange. It is clarified that the Applications not uploaded on the Stock Exchange Platform would be rejected.

Due to limitation of time available for uploading the Applications on the Issue Closing Date, Applicants are advised to submit their Application Forms one day prior to the Issue Closing Date and, no later than 3.00 p.m. (Indian Standard Time) on the Issue Closing Date. Applicants are cautioned that in the event a large number of Applications are received on the Issue Closing Date, there may be some Applications which are not uploaded due to lack of sufficient time to upload. Such Applications that cannot be uploaded will not be considered for allocation under the Issue. Application

Forms will only be accepted on Working Days during the Issue Period. Neither our Company, nor the Lead Managers or Trading Members of the Stock Exchange are liable for any failure in uploading the Applications due to failure in any software/ hardware systems or otherwise. Please note that the Basis of Allotment under the Issue will be on a date priority basis except on the day of oversubscription and thereafter, where the Allotment will be proportionate in accordance with SEBI Operational Circular.

Interest

As specified in the relevant Tranche Prospectus

Basis of payment of Interest

The Tenor, Coupon Rate / Yield and Redemption Amount applicable for each Series of NCDs shall be determined at the time of Allotment of NCDs pursuant to the Tranche Prospectus. NCDs once allotted under any particular Series of NCDs shall continue to bear the applicable Tenor, Coupon/Yield and Redemption Amount as at the time of original Allotment irrespective of the category of NCD Holder on any Record Date, and such tenor, coupon/ yield and redemption amount as at the time of original allotment will not be impacted by trading of any series of NCDs between the categories of persons or entities in the secondary market.

We may enter into an arrangement with one or more banks in one or more cities for direct credit of interest to the account of the Investors. In such cases, interest, on the interest payment date, would be directly credited to the account of those Investors who have given their bank mandate.

We may offer the facility of NACH, NEFT, RTGS, Direct Credit and any other method permitted by RBI and SEBI from time to time to help NCD Holders. The terms of this facility (including towns where this facility would be available) would be as prescribed by RBI. Please see “*Terms of the Issue – Manner of Payment of Interest / Unblocking*” at page 293.

Taxation

Any tax exemption certificate/document must be lodged at the office of the Registrar at least 7 (seven) days prior to the Record Date or as specifically required, failing which tax applicable on interest will be deducted at source on accrual thereof in our Company’s books and/or on payment thereof, in accordance with the provisions of the IT Act and/or any other statutory modification, enactment or notification as the case may be. A tax deduction certificate will be issued for the amount of tax so deducted.

As per clause (ix) of Section 193 of the I.T. Act, no tax is required to be withheld on any interest payable on any security issued by a company, where such security is in dematerialized form and is listed on a recognized stock exchange in India in accordance with the Securities Contracts (Regulation) Act, 1956 and the rules made thereunder. Accordingly, no tax will be deducted at source from the interest on listed NCDs held in the dematerialized form.

If the Interest Payment Date falls on a day other than a Working Day, the interest payment shall be made by our Company on the immediately succeeding Working Day and calculation of such interest payment shall be as per original schedule as if such Interest Payment Date were a Working Day, in accordance with the Working Day Convention. Payment of interest would be subject to the deduction as prescribed in the I.T. Act or any statutory modification or re-enactment thereof for the time being in force, as applicable.

Subject to the terms and conditions in connection with computation of applicable interest on the Record Date as stated in the section titled “Issue Procedure” on page 299, please note that in case the NCDs are transferred and/or transmitted in accordance with the provisions of this Shelf Prospectus read with the provisions of the Articles of Association of our Company, the transferee of such NCDs or the deceased holder of NCDs, as the case may be, shall be entitled to any interest which may have accrued on the NCDs.

Day Count Convention

Interest shall be computed on an actual/actual basis on the principal outstanding on the NCDs as per the SEBI Operational Circular.

Effect of holidays on payments

If the Interest Payment Date falls on a day other than a Working Day, the interest payment shall be made by our Company on the immediately succeeding Working Day and calculation of such interest payment shall be as per original schedule as if such Interest Payment Date were a Working Day. Further, the future Interest Payment Dates shall remain intact and shall not be changed because of postponement of such interest payment on account of it falling on a non-Working Day. Payment of interest will be subject to the deduction of tax as per Income Tax Act or any statutory modification or re-enactment thereof for the time being in force, as applicable.

If Redemption Date (also being the last Interest Payment Date) falls on a day that is not a Working Day, the Redemption Amount shall be paid by our Company on the immediately preceding Working Day along with interest accrued on the NCDs until but excluding the date of such payment. The interest/redemption payments shall be made only on the days when the money market is functioning in Mumbai.

Illustration for guidance in respect of the day count convention and effect of holidays on payments:

The illustration for guidance in respect of the day count convention and effect of holidays on payments, as required by SEBI Operational Circular will be disclosed in the relevant Tranche Prospectus.

Maturity and Redemption

As specified in the relevant Tranche Prospectus

Application Size

Each Application should be for a minimum of 10 NCDs and multiples of one NCD thereof. Applicants can apply for any or all types of NCDs offered hereunder (any/all series) provided the Applicant has applied for minimum application size using the same Application Form.

Applicants are advised to ensure that applications made by them do not exceed the investment limits or maximum number of NCDs that can be held by them under applicable statutory and or regulatory provisions.

Terms of Payment

The entire issue price of ₹ 1,000 per NCD is payable on application itself. In case of allotment of lesser number of NCDs than the number of NCDs applied for, our Company shall instruct the SCSBs to unblock the excess amount blocked on application in accordance with the terms of the relevant Tranche Prospectus(es).

Manner of Payment of Interest / Unblocking

The manner of payment of interest / unblocking in connection with the NCDs is set out below:

The bank details will be obtained from the Depositories for payment of Interest / unblocking / redemption as the case may be. Applicants are advised to keep their bank account details as appearing on the records of the depository participant updated at all points of time. Please note that failure to do so could result in delays in credit of Interest/ Redemption Amounts at the Applicant's sole risk, and the Lead Managers, our Company or the Registrar shall have no responsibility and undertake no liability for the same.

In case of NCDs held in physical form, on account of rematerialisation, the bank details will be obtained from the documents submitted to the Company along with the rematerialisation request. For further details, please see "*Terms of the Issue – Procedure for Rematerialization of NCDs*" on page 290.

Printing of Bank Particulars on Interest/redemption Warrants

As a matter of precaution against possible fraudulent encashment of unblocking intimations and interest/redemption warrants due to loss or misplacement, the particulars of the Applicant's bank account are mandatorily required to be given for printing on the orders/ warrants. NCDs applied and held in dematerialized form, these particulars would be taken directly from the depositories. Bank account particulars will be printed on the orders/ warrants which can then be deposited only in the account specified.

Buy Back of NCDs

Our Company may, at its sole discretion, from time to time, consider, subject to applicable statutory and/or regulatory requirements, buyback of NCDs, upon such terms and conditions as may be decided by our Company.

Our Company may from time to time invite the NCD Holders to offer the NCDs held by them through one or more buy-back schemes and/or letters of offer upon such terms and conditions as our Company may from time to time determine, subject to applicable statutory and/or regulatory requirements. Such NCDs which are bought back may be extinguished, re-issued and/or resold in the open market with a view of strengthening the liquidity of the NCDs in the market, subject to applicable statutory and/or regulatory requirements.

Form and Denomination of NCDs

In case of NCDs held in physical form on account of rematerialisation, a single certificate will be issued to the NCD Holder for the aggregate amount of the NCDs held ("**Consolidated Certificate**"). The Applicant can also request for the issue of NCD certificates in denomination of one NCD ("**Market Lot**"). In case of NCDs held under different Options, by an NCD Holder, separate Consolidated Certificates will be issued to the NCD Holder for the aggregate amount of the NCDs held under each Option.

It is, however, distinctly to be understood that the NCDs pursuant to this issue shall be traded only in dematerialized form.

In respect of Consolidated Certificates, only upon receipt of a request from the NCD Holder, the Consolidated Certificates would be split into smaller denominations, subject to the minimum of Market Lot. No fee would be charged for splitting of NCD certificates in Market Lots, but stamp duty payable, if any, would be borne by the NCD Holder. The request for splitting should be accompanied by the original NCD certificate, which would then be treated as cancelled.

Procedure for redemption by NCD Holders

The procedure for redemption is set out below:

NCDs held in physical form on account of re-materialization

No action would ordinarily be required on the part of the NCD Holder at the time of redemption and the redemption proceeds would be paid to those NCD Holders whose names stand in the register of debenture holders maintained by us on the Record Date fixed for the purpose of Redemption. However, our Company may require that the NCD certificate(s), duly discharged by the sole holder/all the joint-holders (signed on the reverse of the NCD certificates) be surrendered for redemption on maturity and should be sent by the NCD Holders by Registered Post with acknowledgment due or by hand delivery to our office or to such persons at such addresses as may be notified by us from time to time. NCD Holders may be requested to surrender the NCD certificates in the manner as stated above, not more than three months and not less than one month prior to the redemption date so as to facilitate timely payment.

We may at our discretion redeem the NCDs without the requirement of surrendering of the NCD certificates by the holder(s) thereof. In case we decide to do so, the holders of NCDs need not submit the NCD certificates to us and the redemption proceeds would be paid to those NCD Holders whose names stand in the register of debenture holders maintained by us on the Record Date fixed for the purpose of redemption of NCDs. In such case, the NCD certificates would be deemed to have been cancelled.

NCDs held in electronic form

No action is required on the part of NCD Holder(s) at the time of redemption of NCDs.

Payment on redemption

The manner of payment of redemption is set out below:

NCDs held in physical form on account of re-materialization

The payment on redemption of the NCDs will be made by way of cheque/pay order/ electronic modes. However, if our Company so requires, the aforementioned payment would only be made on the surrender of NCD certificates, duly discharged by the sole holder/ all the joint holders (signed on the reverse of the NCD certificates). Dispatch of cheques/

pay orders, etc. in respect of such payment will be made on the redemption date or (if so, requested by our Company in this regard) within a period of 30 days from the date of receipt of the duly discharged NCD certificate.

In case we decide to do so, the redemption proceeds in the manner stated above would be paid on the redemption date to those NCD Holders whose names stand in the register of debenture holders maintained by us on the Record Date fixed for the purpose of Redemption.

Our liability to NCD Holders towards their rights including for payment or otherwise shall stand extinguished from the redemption in all events and when we dispatch the redemption amounts to the NCD Holders.

NCDs held in electronic form

On the redemption date, redemption proceeds would be paid by cheque /pay order / electronic mode to those NCD Holders whose names appear on the list of beneficial owners given by the Depositories to us. These names would be as per the Depositories' records on the Record Date fixed for the purpose of redemption. These NCDs will be simultaneously extinguished to the extent of the amount redeemed through appropriate debit corporate action upon redemption of the corresponding value of the NCDs. It may be noted that in the entire process mentioned above, no action is required on the part of NCD Holders.

Our liability to NCD Holder(s) towards his/their rights including for payment or otherwise shall stand extinguished from the date of redemption in all events and when we dispatch the redemption amounts to the NCD Holder(s).

Further, we will not be liable to pay any interest, income or compensation of any kind from the date of redemption of the NCD(s).

Right to Reissue NCD(s)

Subject to the provisions of the Companies Act, 2013, where we have fully redeemed or repurchased any NCD(s), we shall have and shall be deemed always to have had the right to keep such NCDs in effect without extinguishment thereof, for the purpose of resale or reissue and in exercising such right, we shall have and be deemed always to have had the power to resell or reissue such NCDs either by reselling or reissuing the same NCDs or by issuing other NCDs in their place. The aforementioned right includes the right to reissue original NCDs.

Sharing of Information

Our Company may, at its option, use on our own, as well as exchange, share or part with any financial or other information about the NCD Holders available with us, with our subsidiaries, if any and affiliates and other banks, financial institutions, credit bureaus, agencies, statutory bodies, as may be required and neither we or our affiliates nor their agents shall be liable for use of the aforesaid information.

Notices

All notices to the NCD Holder(s) required to be given by us or the Debenture Trustee shall be published in one English language newspaper having wide circulation and one regional language daily newspaper in Mumbai and/or will be sent by speed post/ courier or through email or other electronic media to the Registered Holders of the NCD(s) from time to time.

Future Borrowings

Our Company will be entitled to borrow/raise loans or avail of financial assistance in whatever form as also to issue debentures/ NCDs/other securities in any manner having such ranking in priority, *pari passu* or otherwise, subject to applicable consents, approvals or permissions that may be required under any statutory/regulatory/contractual requirement, and change the capital structure including the issue of shares of any class, on such terms and conditions as we may think appropriate, provided stipulated minimum security cover is maintained on the NCDs and the interest thereon and after obtaining the consent of, the NCD Holders or the Debenture Trustee regarding the creation of a charge over such security, as per the statutory/regulatory requirement.

Impersonation

As a matter of abundant caution, attention of the Investors is specifically drawn to the provisions of sub-section (1) of Section 38 of the Companies Act, 2013 which is reproduced below:

“Any person who- (a) makes or abets making of an application in a fictitious name to a company for acquiring, or subscribing for, its securities; or (b) makes or abets making of multiple applications to a company in different names or in different combinations of his name or surname for acquiring or subscribing for its securities; or (c) otherwise induces directly or indirectly a company to allot, or register any transfer of, securities to him, or to any other person in a fictitious name, shall be liable for action under Section 447 of the Companies Act, 2013.”

The liability prescribed under Section 447 of the Companies Act 2013 for fraud involving an amount of at least ₹ 10 lakh or 1.00% of the turnover of our Company, whichever is lower, includes imprisonment for a term which shall not be less than six months extending up to 10 years (provided that where the fraud involves public interest, such term shall not be less than three years) and fine of an amount not less than the amount involved in the fraud, extending up to three times of such amount. In case the fraud involves (i) an amount which is less than ₹ 10 lakh or 1.00% of the turnover of our Company, whichever is lower; and (ii) does not involve public interest, then such fraud is punishable with an imprisonment for a term extending up to five years or a fine of an amount extending up to ₹20 lakh or with both.

Pre-closure

Our Company, in consultation with the Lead Managers reserves the right to close the Issue at any time prior to the Issue Closing Date, subject to receipt of minimum subscription or as may be specified in the relevant Tranche Prospectus. Our Company shall allot NCDs with respect to the Applications received until the time of such pre-closure in accordance with the Basis of Allotment as described hereinabove and subject to applicable statutory and/or regulatory requirements. In the event of such early closure of the Issue, our Company shall ensure that public notice of such early closure is published on or before such early date of closure is published on or before such early date of closure or the Issue Closing Date, as applicable, through advertisement(s) in all those newspapers in which pre-issue advertisement have been given.

Minimum subscription

In terms of the SEBI NCS Regulations, for an issuer undertaking a public issue of debt securities the minimum subscription for public issue of debt securities shall be 75% of the Base Issue Size. If our Company does not receive the minimum subscription of 75% of Base Issue Size, prior to the Issue Closing Date the entire Application Amount shall be unblocked in the relevant ASBA Account(s) of the Applicants within 6 Working Days from the Issue Closing Date provided wherein, the Application Amount has been transferred to the Public Issue Account from the respective ASBA Accounts, such Application Amount shall be refunded from the Refund Account to the relevant ASBA Accounts(s) of the Applicants within 6 Working Days from the Issue Closing Date, failing which our Company will become liable to refund the Application Amount along with interest at the rate 15 (fifteen) percent per annum for the delayed period.

Under Section 39(3) of the Companies Act, 2013 and Rule 11(2) of the Companies (Prospectus and Allotment of Securities) Rules, 2014 if the stated minimum subscription amount is not received within the specified period, the application money received is to be credited only to the bank account from which the subscription was remitted. To the extent possible, where the required information for making such refunds is available with our Company and/or Registrar, refunds will be made to the account prescribed. However, where our Company and/or Registrar does not have the necessary information for making such refunds, our Company and/or Registrar will follow the guidelines prescribed by SEBI in the SEBI Operational Circular.

Utilisation of Application Amount

The sum received in respect of the Issue will be kept in separate bank account(s) and we will have access to such funds only upon allotment of the NCDs, execution of Debenture Trust Deeds and on receipt of listing and trading approval from the Stock Exchange as per applicable provisions of law(s), regulations and approvals.

Utilisation of Issue Proceeds

- (a) All monies received pursuant to the issue of NCDs to public shall be transferred to a separate bank account other than the bank account referred to in sub-section (3) of Section 40 of the Companies Act, 2013.
- (b) Details of all monies utilised out of Issue referred to in sub-item (a) shall be disclosed under an appropriate separate head in our Balance Sheet indicating the purpose for which such monies had been utilised; and

- (c) Details of all unutilised monies out of issue of NCDs, if any, referred to in sub-item (a) shall be disclosed under an appropriate separate head in our Balance Sheet indicating the form in which such unutilised monies have been invested.
- (d) Our Company shall utilize the Issue proceeds only up on (i) receipt of minimum subscription; (ii) completion of Allotment in compliance with Section 40 of the Companies Act, 2013; (iii) receipt of listing and trading approval from Stock Exchange and (iv) execution of the documents for creation of security.
- (e) The Issue proceeds shall not be utilized towards full or part consideration for the purchase or any other acquisition, *inter alia* by way of a lease, of any immovable property.
- (f) Details of all utilized and unutilized monies out of the monies collected in the previous issue made by way of public offer shall be disclosed and continued to be disclosed in the balance sheet till the time any part of the proceeds of such previous issue remains unutilized indicating the purpose for which such monies have been utilized and the securities or other forms of financial assets in which such unutilized monies have been invested.

A copy of the Shelf Prospectus and the relevant Tranche Prospectus will be filed with the RoC, in accordance with Section 26 and Section 31 of Companies Act, 2013.

Pre-Issue Advertisement

Subject to Section 30 of the Companies Act, 2013, our Company will issue a statutory advertisement on or before the Issue Opening Date. This advertisement will be issued in compliance with the Regulation 30(1) of SEBI NCS Regulations and shall contain the information as prescribed in the SEBI NCS Regulations and Section 30 of the Companies Act, 2013.

Material updates, if any, between the date of filing of the Shelf Prospectus and relevant Tranche Prospectus with ROC and the date of release of the statutory advertisement will be included in the statutory advertisement information as prescribed under SEBI NCS Regulations.

Listing

The NCDs offered through this Shelf Prospectus are proposed to be listed on the BSE and NSE. Our Company has obtained an 'in-principle' approval for the Issue from the BSE *vide* their letter dated August 17, 2022 and from NSE *vide* their letter dated August 17, 2022 and further extended *vide* letter No. NSE/LIST/D/2022/0168 dated November 21, 2022. For the purposes of the Issue, NSE shall be the Designated Stock Exchange.

Our Company will use best efforts to ensure that all steps for the completion of the necessary formalities for listing and commencement of trading at the Stock Exchange are taken within 6 Working Days of the Issue Closing Date. For the avoidance of doubt, it is hereby clarified that in the event of non-subscription to any one or more of the series, such series(s) of NCDs shall not be listed.

Guarantee/Letter of Comfort

The Security proposed for the Issue is not backed by a guarantee or letter of comfort or any other document and/or letter with similar intent

Monitoring and Reporting of Utilisation of Issue Proceeds

There is no requirement for appointment of a monitoring agency in terms of the SEBI NCS Regulations. The Audit Committee shall monitor the utilization of the proceeds of the Issue. For the relevant Fiscals commencing from the Fiscal 2022 - 2023, our Company will disclose in our financial statements, the utilization of the net proceeds of the Issue under a separate head along with details, if any, in relation to all such proceeds of the Issue that have not been utilized thereby also indicating investments, if any, of such unutilized proceeds of the Issue.

Lien

Our Company will have the right of set-off and lien, present as well as future on the moneys due and payable to the NCD Holder, to the extent of all outstanding dues, if any by the NCD Holder to our Company.

Lien on Pledge of NCDs

Subject to applicable law, our Company, at its discretion, may record a lien on pledge of NCDs if such pledge of NCDs is accepted by any bank or institution for any loan provided to the NCD Holder against pledge of such NCDs as part of the funding.

Method of Application

In terms of the SEBI Operational Circular an eligible investor desirous of applying in this Issue can make Applications through the ASBA mechanism only.

Applicants are requested to note that in terms of the SEBI Operational Circular, SEBI has mandated issuers to provide, through a recognized Stock Exchange which offers such a facility, an online interface enabling direct application by investors to a public issue of debt securities with an online payment facility (“**Direct Online Application Mechanism**”).

All Applicants shall mandatorily apply in the Issue through the ASBA process only. Applicants intending to subscribe in the Issue shall submit a duly filled Application form to any of the Designated Intermediaries.

Designated Intermediaries (other than SCSBs) shall submit/deliver the Application Form (except the Application Form from a Retail Individual Investor bidding using the UPI mechanism) to the respective SCSB, where such investor has a bank account and shall not submit it to any non-SCSB bank or any Escrow Bank.

Applicants should submit the Application Form only at the Bidding Centers, i.e., to the respective Syndicate Members at the Specified Locations, the SCSBs at the Designated Branches, the Registered Broker at the Broker Centers, the RTAs at the Designated RTA Locations or CDPs at the Designated CDP Locations. Kindly note that Application Forms submitted by Applicants at the Specified Locations will not be accepted if the SCSB with which the ASBA Account, as specified in the Application Form is maintained has not named at least one branch at that location for the Designated Intermediaries for deposit of the Application Forms. A list of such branches is available at <http://www.sebi.gov.in>.

The relevant Designated Intermediaries, upon receipt of physical Application Forms from Applicants, shall upload the details of these Application Forms to the online platform of the Stock Exchange and submit these Application Forms with the SCSB (except Application Form from RIBs using the UPI Mechanism) with whom the relevant ASBA Accounts are maintained.

For RIBs using UPI Mechanism, the Stock Exchange shall share the bid details (including UPI ID) with the Sponsor Bank on a continuous basis to enable the Sponsor Bank to initiate UPI Mandate Request to RIBs for blocking of funds.

For Applicants who submit the Application Form, in physical mode, the Application Form shall be stamped at the relevant Designated Branch of the SCSB. Application Forms in physical mode, which shall be stamped, can also be submitted to be the Designated Intermediaries at the Specified Locations. The SCSB shall block an amount in the ASBA Account equal to the Application Amount specified in the Application Form.

Our Company, the Directors, affiliates, associates and their respective directors and officers, Lead Managers and the Registrar to the Issue shall not take any responsibility for acts, mistakes, errors, omissions and commissions etc. in relation to ASBA Applications accepted by the Designated Intermediaries, Applications uploaded by SCSBs, Applications accepted but not uploaded by SCSBs or Applications accepted and uploaded without blocking funds in the ASBA Accounts. It shall be presumed that for Applications uploaded by SCSBs, the Application Amount has been blocked in the relevant ASBA Account. Further, all grievances against Designated Intermediaries in relation to the Issue should be made by Applicants directly to the relevant Stock Exchange.

In terms of the SEBI Operational Circular, an eligible investor desirous of applying in this Issue can make Applications through the following modes:

1. Self-Certified Syndicate Bank (SCSB) or intermediaries (viz. Syndicate members, Registered Stock Brokers, Registrar and Transfer agent and Depository Participants)

- a. An investor may submit the bid-cum-application form, with ASBA as the sole mechanism for making payment, physically at the branch of a SCSB, i.e., investor's bank. For such applications, the existing process of uploading of bid on the Stock Exchange bidding platform and blocking of funds in investors account by the SCSB would continue.
- b. An investor may submit the completed bid-cum-application form to intermediaries mentioned above along with details of his/her bank account for blocking of funds. The intermediary shall upload the bid on the Stock Exchange bidding platform and forward the application form to a branch of a SCSB for blocking of funds.
- c. An investor may submit the bid-cum-application form with a SCSB, or the intermediaries mentioned above and use his / her bank account linked UPI ID for the purpose of blocking of funds, if the application value is ₹5 Lakh or less. The intermediary shall upload the bid on the Stock Exchange bidding platform. The application amount would be blocked through the UPI mechanism in this case.

2. Through Stock Exchange

- a. An investor may submit the bid-cum-application form through the App or web interface developed by Stock Exchanges (or any other permitted methods) wherein the bid is automatically uploaded onto the Stock Exchange bidding platform and the amount is blocked using the UPI Mechanism.
- b. The Stock Exchanges have extended their web-based platforms i.e., 'BSE Direct' and 'NSE goBID' to facilitate investors to apply in public issues of debt securities through the web-based platform and mobile app with a

facility to block funds through Unified Payments Interface (UPI) mechanism for application value up to ₹ 5 Lakh. To place bid through 'BSEDirect' and 'NSE goBID' platform/ mobile app the eligible investor is required to register himself/ herself with BSE Direct / NSE goBID.

- c. An investor may use the following links to access the web-based interface developed by the Stock Exchanges to bid using the UPI Mechanism: BSE: <https://www.bsedirect.com>; and NSE: <https://www.nseindiaipo.com>.
- d. The BSE Direct and NSE goBID mobile application can be downloaded from play store in android phones. Kindly search for 'BSEdirect' or 'NSE goBID' on Google Playstore for downloading mobile applications.
- e. For further details on the registration process and the submission of bids through the App or web interface, the Stock Exchanges have issued operational guidelines and circulars available at BSE and NSE:
- f. <https://www.bseindia.com/markets/MarketInfo/DispNewNoticesCirculars.aspx?page=20201228-60>, and <https://www.bseindia.com/markets/MarketInfo/DispNewNoticesCirculars.aspx?page=20201228-61>; NSE: <https://www1.nseindia.com/content/circulars/IPO46907.zip>; <https://www1.nseindia.com/content/circulars/IPO46867.zip>
- g. To further clarify the submission of bids through the App or web interface, the Stock Exchange has issued operational guidelines and circulars dated December 28, 2020, available at <https://www.bseindia.com/markets/MarketInfo/DispNewNoticesCirculars.aspx?page=20201228-60>, and <https://www.bseindia.com/markets/MarketInfo/DispNewNoticesCirculars.aspx?page=20201228-61>.

Payment instructions

Payment mechanism for Applicants

An Applicant shall specify details of the ASBA Account Number in the Application Form and the relevant SCSB shall block an amount equivalent to the Application Amount in the ASBA Account specified in the Application Form.

An Applicant may submit the completed Application Form to designated intermediaries along with details of his/her bank account for blocking of funds. The intermediary shall upload the bid on the Designated Stock Exchange bidding platform and forward the application form to a branch of a SCSB for blocking of funds.

An Applicant (belonging to Category IV) may also submit the Application Form with a SCSB, or the intermediaries mentioned above and use his / her bank account linked UPI ID for the purpose of blocking of funds, if the application value is ₹5 lakh or less. The intermediary shall upload the bid on the Stock Exchange bidding platform. The application amount would be blocked through the UPI Mechanism once the mandate request has been successfully accepted by the Applicant in this case.

An Applicant may submit the Application Form through the App or web interface developed by Stock Exchange wherein the bid is automatically uploaded onto the Stock Exchange bidding platform and the amount is blocked using the UPI Mechanism once the mandate request has been successfully accepted by the Applicant.

Upon receipt of an intimation from the Registrar to the Issue, the SCSBs shall, on the Designated Date, transfer such blocked amount from the ASBA Account to the Public Issue Account in terms of the Public Issue Account and Sponsor Bank Agreement. The balance amount remaining after the finalisation of the Basis of Allotment shall be unblocked by the SCSBs on the basis of the instructions issued in this regard by the Registrar to the Issue to the respective SCSB within 6 (six) Working Days of the Issue Closing Date. The Application Amount shall remain blocked in the ASBA Account until transfer of the Application Amount to the Public Issue Account, or until withdrawal/ failure of the Issue or until rejection of the Application, as the case may be.

For ASBA Applications submitted to the Lead Managers or Lead Broker/ Consortium Member or Trading Members of the Stock Exchange at the Specified Cities, the ASBA Application will be uploaded onto the electronic system of the Stock Exchange and deposited with the relevant branch of the SCSB at the Specified City named by such SCSB to accept such ASBA Applications from the Lead Managers or Trading Members of the Stock Exchange, as the case may be (A list of such branches is available at <http://www.sebi.gov.in/sebiweb/home/list/5/33/0/0/Recognised-Intermediaries>). The relevant branch of the SCSB shall perform verification procedures and block an amount in the ASBA Account equal to the Application Amount specified in the ASBA Application.

For ASBA Applications submitted directly to the SCSBs, the relevant SCSB shall block an amount in the ASBA Account equal to the Application Amount specified in the ASBA Application, before entering the ASBA Application into the electronic system of the Stock Exchange. SCSBs may provide the electronic mode of application either through an internet enabled application and banking facility or such other secured, electronically enabled mechanism for application and blocking of funds in the ASBA Account.

Applicants should ensure that they have funds equal to the Application Amount in the ASBA Account before submitting the ASBA Application to the Lead Managers or Lead Broker/ Consortium Member or Trading Members of the Stock Exchange, as the case may be, at the Specified Cities or to the Designated Branches of the SCSBs. An ASBA Application where the corresponding ASBA Account does not have sufficient funds equal to the Application Amount at the time of blocking the ASBA Account is liable to be rejected.

The Application Amount shall remain blocked in the ASBA Account until approval of the Basis of Allotment and consequent transfer of the amount against the Allotted NCDs to the Public Issue Account(s), or until withdrawal/ failure of the Issue or until withdrawal/ rejection of the Application Form, as the case may be. Once the Basis of Allotment is approved, the Registrar to the Issue shall send an appropriate request to the controlling branch of the SCSB for unblocking the relevant ASBA Accounts and for transferring the amount pertaining to NCDs allotted to the successful Applicants to the Public Issue Account(s). The balance amount remaining after the finalisation of the Basis of Allotment shall be unblocked by the SCSBs on the basis of the instructions issued in this regard by the Registrar to the respective SCSB within 5 Working Days of the Issue Closing Date. The Application Amount shall remain blocked in the ASBA Account until transfer of the Application Amount to the Public Issue Account, or until withdrawal/ failure of the Issue or until rejection of the ASBA Application, as the case may be. In case of withdrawal/ failure of the Issue, the blocked amount shall be unblocked on receipt of such information from the Registrar to the Issue.

Payment mechanism for Direct Online Applicants

Please note that clarifications and/or confirmations regarding the implementation of the requisite infrastructure and facilities in relation to direct online applications and online payment facility have been sought from the Stock Exchange and the Stock Exchange has confirmed that the necessary infrastructure and facilities for the same have not been implemented by the Stock Exchange. Hence, the Direct Online Application facility will not be available for the *Issue*.

Additional information for Applicants

1. Application Forms submitted by Applicants whose beneficiary accounts are inactive shall be rejected.
2. No separate receipts will be issued for the money blocked on the submission of Application Form. However, the collection center of the Designated Intermediaries will acknowledge the receipt of the Application Forms by stamping and returning to the Applicant the acknowledgement slip. This acknowledgement slip will serve as the duplicate of the Application Form for the records of the Applicant.
3. Applications should be submitted on the Application Form only. In the event that physical Application Form do not bear the stamp of the Designated Intermediaries, or the relevant Designated Branch, as the case may be, they are liable to be rejected.
4. Application Forms submitted by Applicants shall be for allotment of NCDs only in dematerialized form.

Additional Instructions for Retail Individual Investors using the UPI mechanism:

Before submission of the application form with the Designated Intermediary, a Retail Individual Investor shall download the mobile app for UPI and create a UPI ID (xyz@bankname) of not more than 45 characters with its bank and link it to his/ her bank account where the funds equivalent to the application amount is available.
2. The Retail Individual Investor shall fill in the bid details in the application form along with his/ her bank account linked UPI ID and submit the application with any of the intermediaries or through the stock exchange App/ Web interface.
3. The Designated Intermediary, upon receipt of form, shall upload the bid details along with the UPI ID on the Stock Exchange(s) bidding platform using appropriate protocols.
4. Once the bid has been entered in the bidding platform, the Stock Exchange(s) shall undertake validation of the PAN and Demat account combination details of investor with the depository.
5. The Depository shall validate the aforesaid PAN and Demat account details on a near real time basis and send response to Stock Exchange(s) which would be shared by the Stock Exchange(s) with the Designated Intermediaries through its platform, for corrections, if any.
6. Once the bid details are uploaded on the Stock Exchange(s) platform, the Stock Exchange(s) shall send an SMS to the investor regarding submission of his / her application, at the end of day, during the bidding period. For the last day of bidding, the SMS may be sent the next Working Day.
7. Post undertaking validation with the Depository, the Stock Exchange(s) shall, on a continuous basis, electronically share the bid details along with investors UPI ID, with the Sponsor Bank appointed by the Company.
8. The Sponsor Bank shall initiate a mandate request on the investor i.e., request the investor to authorize blocking of funds equivalent to application amount and subsequent debit of funds in case of allotment.
9. The request raised by the Sponsor Bank, would be electronically received by the investor as a SMS / intimation on his / her mobile no. / mobile app, associated with the UPI ID linked bank account.
10. The investor shall be able to view the amount to be blocked as per his / her bid in such intimation. The investor shall be able to view an attachment wherein the bid details submitted by such investor will be visible. After reviewing the details properly, the investor shall be required to proceed to authorize the mandate. Such mandate raised by the Sponsor Bank would be a one-time mandate for each application in the Issue.
11. The investor is required to accept the UPI mandate latest by 5 pm on the third working day from the day of bidding

- on the stock exchange platform except for the last day of the Issue period or any other modified closure date of the Issue period in which case, he / she is required to accept the UPI mandate latest by 5 pm the next Working Day.
12. The investor shall not be allowed to add or modify the bid(s) of the application except for modification of either DP ID/Client ID, or PAN ID but not both. However, the investor can withdraw the bid(s) and reapply.
 13. For mismatch bids, on successful validation of PAN and DP ID/ Client ID combination during T+1 (T being the Issue Closing Date) modification session, such bids will be sent to Sponsor Bank for further processing by the Exchange on T+1 (T being the Issue Closing Date) day till 1 pm
 14. The facility of Re-initiation/ Resending the UPI mandate shall be available only till 5 pm on the day of bidding.
 15. Upon successful validation of block request by the investor, as above, the said information would be electronically received by the investors' bank, where the funds, equivalent to application amount, would get blocked in investors account. Intimation regarding confirmation of such block of funds in investors account would also be received by the investor.
 16. The information containing status of block request (e.g., accepted / decline / pending) would also be shared with the Sponsor Bank, which in turn would be shared with the Stock Exchange(s). The block request status would also be displayed on the Stock Exchange(s) platform for information of the intermediary.
 17. The information received from Sponsor Bank, would be shared by Stock Exchange(s) with the Registrar to the Issue in the form of a file for the purpose of reconciliation.
 18. Post closure of the Issue, the Stock Exchange(s) shall share the bid details with the Registrar to the Issue. Further, the Stock Exchange(s) shall also provide the Registrar to the Issue, the final file received from the Sponsor Bank, containing status of blocked funds or otherwise, along with the bank account details with respect to applications made using UPI ID.

Applicants are advised not to submit Application Forms to Public Issue Account Banks and the same will be rejected in such cases and the Applicants will not be entitled to any compensation whatsoever.

Application Forms are to be completed in full, in BLOCK LETTERS in ENGLISH and in accordance with the instructions contained in the Draft Shelf Prospectus, this Shelf Prospectus, the Tranche Prospectus and the Application Form. Incomplete Application Forms are liable to be rejected. Applicants should note that the Designated Intermediaries will not be liable for errors in data entry due to incomplete or illegible Application Forms.
3. Applications are required to be for a minimum of such NCDs and in multiples of one NCD thereafter as specified in the Issue Documents.
4. Thumb impressions and signatures other than in the languages specified in the Eighth Schedule in the Constitution of India must be attested by a Magistrate or a Notary Public or a Special Executive Magistrate under official seal.
5. Applications should be in single or joint names and not exceeding three names, and in the same order as their Depository Participant details and Applications should be made by Karta in case the Applicant is an HUF. Applicants are required to ensure that the PAN Details of the HUF are mentioned and not those of the Karta.
6. If the Application is submitted in joint names, the Application Form should contain only the name of the first Applicant whose name should also appear as the first holder of the depository account held in joint names.
7. Applicants applying for Allotment must provide details of valid and active DP ID, Client ID and PAN clearly and

without error. On the basis of such Applicant's active DP ID, Client ID and PAN provided in the Application Form, and as entered into the electronic Application system of the Stock Exchange by the Designated Intermediaries, as the case may be, the Registrar to the Issue will obtain from the Depository the Demographic Details. Invalid accounts, suspended accounts or where such account is classified as invalid or suspended may not be considered for Allotment of the NCDs.

8. Applicants must ensure that their Application Forms are made in a single name.
9. The minimum number of Applications and minimum application size shall be specified in the Tranche Prospectus. Applicants may apply for one or more series of NCDs Applied for in a single Application Form.
10. If the ASBA Account holder is different from the Applicant, the Application Form should be signed by the ASBA Account holder also, in accordance with the instructions provided in the Application Form.
11. Applicant should correctly mention the ASBA Account number and UPI ID in case applying through UPI Mechanism and ensure that funds equal to the Application Amount are available in the ASBA Account before submitting the Application Form and ensure that the signature in the Application Form matches with the signature in the Applicant's bank records.
12. All Applicants are required to tick the relevant column in the "Category of Investor" box in the Application Form.
13. Applications for all the series of the NCDs may be made in a single Application Form only.

The series, mode of allotment, PAN, demat account number, etc. should be captured by the relevant Designated Intermediaries in the data entries as such data entries will be considered for allotment.

Applicants should note that neither the Members of the Consortium nor the other Designated Intermediaries, as the case may be, will be liable for error in data entry due to incomplete or illegible Application Forms. Our Company would allot the NCDs, as specified in the Tranche Prospectus for the Issue to all valid Applications, wherein the Applicants have not indicated their choice of the relevant series of NCDs.

Applicants' PAN, Depository Account and Bank Account Details

ALL APPLICANTS APPLYING FOR ALLOTMENT OF THE NCDS SHOULD MENTION THEIR DP ID, CLIENT ID, PAN AND UPI ID (IN CASE APPLYING THROUGH UPI MECHANISM) IN THE APPLICATION FORM. APPLICANTS MUST ENSURE THAT THE DP ID, CLIENT ID PAN AND UPI ID GIVEN IN THE APPLICATION FORM IS EXACTLY THE SAME AS THE DP ID, CLIENT ID, PAN AND UPI ID AVAILABLE IN THE DEPOSITORY DATABASE. IF THE BENEFICIARY ACCOUNT IS HELD IN JOINT NAMES, THE APPLICATION FORM SHOULD CONTAIN THE NAME AND PAN OF BOTH THE HOLDERS OF THE BENEFICIARY ACCOUNT AND SIGNATURES OF BOTH HOLDERS WOULD BE REQUIRED IN THE APPLICATION FORM.

On the basis of the DP ID, Client ID, PAN and UPI ID provided by them in the Application Form, the Registrar to the Issue will obtain from the Depository the Demographic Details of the Applicants including PAN and MICR code. These Demographic Details would be used for giving Allotment Advice and unblocking intimations, if any, to the Applicants. Hence, Applicants are advised to immediately update their Demographic Details (including bank account details) as appearing on the records of the Depository Participant and ensure that they are true and correct. Please note that failure to do so could result in delays in despatch/ unblocking of funds, if any, to Applicants, delivery of Allotment Advice or unblocking of ASBA Accounts at the Applicants' sole risk, and neither the Members of the Consortium nor the Designated Intermediaries, nor the Registrar, nor the Banker(s) to the Issue, nor the SCSBs, nor our Company shall have any responsibility and undertake any liability for the same.

Applicants should note that in case the DP ID, Client ID and PAN mentioned in the Application Form, as the case may be and entered into the electronic Application system of the Stock Exchange by the Members of the Consortium or the Designated Intermediaries, as the case may be, do not match with the DP ID, Client ID and PAN available in the Depository database or in case PAN is not available in the Depository database, the Application Form is liable to be rejected and our Company, the Members of the Consortium and the other Designated Intermediaries shall not be liable for losses, if any.

These Demographic Details would be used for all correspondence with the Applicants including mailing of the Allotment Advice and for unblocking intimations (if any) as applicable. The Demographic Details given by Applicants in the Application Form would not be used for any other purpose by the Registrar to the Issue except in relation to this Issue.

By signing the Application Form, Applicants applying for the NCDs would be deemed to have authorised the Depositories to provide, upon request, to the Registrar, the required Demographic Details as available on its records.

Allotment Advice would be mailed by post or e-mail at the address of the Applicants in accordance with the Demographic Details received from the Depositories. Applicants may note that delivery of Allotment Advice may get delayed if the same once sent to the address obtained from the Depositories are returned undelivered. Further, please note that any such delay shall be at such Applicants' sole risk and neither our Company, Banker(s) to the Issue, Registrar to the Issue nor the Lead Managers shall be liable to compensate the Applicant for any losses caused to the Applicants due to any such delay or liable to pay any interest for such delay. In case of unblocking through electronic modes as detailed in the Tranche Prospectus, unblocking may be delayed if bank particulars obtained from the Depository Participant are incorrect.

In case of Applications made under powers of attorney, our Company in its absolute discretion, reserves the right to permit the holder of a power of attorney to request the Registrar to the Issue that for the purpose of printing particulars on and mailing of the Allotment Advice through post, the Demographic Details obtained from the Depository of the Applicant shall be used.

With effect from August 16, 2010, the beneficiary accounts of Applicants for whom PAN details have not been verified shall be suspended for credit and no credit of NCDs pursuant to this Issue will be made into the accounts of the Applicants. Application Forms submitted by Applicants whose beneficiary accounts are inactive shall be rejected. Furthermore, in case no corresponding record is available with the Depositories, which matches the four parameters, namely, DP ID, Client ID, PAN and UPI ID then such Applications are liable to be rejected.

Applicants should note that the NCDs will be allotted to all successful Applicants only in dematerialized form. The Application Forms which do not have the details of the Applicant's depository account, including DP ID, Client ID and PAN and UPI ID (for Retail Individual Investor Applicants bidding using the UPI mechanism), shall be treated as incomplete and will be rejected.

APPLICATIONS FOR ALLOTMENT OF NCDs IN THE DEMATERIALIZED FORM

Submission of Applications

Applicants can apply for NCDs only using the ASBA facility pursuant to SEBI Operational Circular. ASBA Applications can be submitted through either of the following modes:

- (a) Physically or electronically to the Designated Branches of the SCSB(s) with whom an Applicant's ASBA Account is maintained. In case of ASBA Application in physical mode, the Applicant shall submit the Application Form at the relevant Designated Branch of the SCSB(s). The Designated Branch shall verify if sufficient funds equal to the Application Amount are available in the ASBA Account and shall also verify that the signature on the Application Form matches with the Investor's bank records, as mentioned in the ASBA Application, prior to uploading such ASBA Application into the electronic system of the Stock Exchange. If sufficient funds are not available in the ASBA Account, the respective Designated Branch shall reject such ASBA Application and shall not upload such ASBA Application in the electronic system of the Stock Exchange. If sufficient funds are available in the ASBA Account, the Designated Branch shall block an amount equivalent to the Application Amount and upload details of the ASBA Application in the electronic system of the Stock Exchange. The Designated Branch of the SCSBs shall stamp the Application Form and issue an acknowledgement as proof of having accepted the Application. In case of Application in the electronic mode, the Applicant shall submit the ASBA Application either through the internet banking facility available with the SCSB, or such other electronically enabled mechanism for application and blocking funds in the ASBA Account held with SCSB, and accordingly register such ASBA Applications.
- (b) Physically through the Lead Brokers/ Consortium Members, Lead Managers, or Trading Members of the Stock Exchange only at the Specified Cities i.e., Syndicate ASBA. Kindly note that ASBA Applications submitted to the Lead Brokers/ Consortium Members, Lead Managers or Trading Members of the Stock Exchange at the Specified Cities will not be accepted if the SCSB where the ASBA Account is maintained, as specified in the ASBA Application, is maintained has not named at least one branch at that Specified City for the Lead Brokers/ Consortium Members, Lead Managers or Trading Members of the Stock Exchange, as the case may be, to deposit ASBA Applications (A list of such branches is available at <http://www.sebi.gov.in/sebiweb/home/list/5/33/0/0/Recognised->

Intermediaries).

- (c) A UPI Investor making an Application in the Issue under the UPI Mechanism, where the Application Amount is up to ₹5 lakhs, can submit his Application Form physically to a SCSB or a Designated Intermediary. The Designated Intermediary shall upload the application details along with the UPI ID on the Stock Exchange's bidding platform using appropriate protocols. Kindly note that in this case, the Application Amount will be blocked through the UPI Mechanism.

A UPI Investor may also submit the Application Form for the Issue through BSE Direct, wherein the Application will be automatically uploaded onto the Stock Exchange's bidding platform and an amount equivalent to the Application Amount shall be blocked using the UPI Mechanism.

Upon receipt of the Application Form by the Lead Brokers/ Consortium Members, Lead Managers or Trading Members of the Stock Exchange, as the case may be, an acknowledgement shall be issued by giving the counter foil of the Application Form to the Applicant as proof of having accepted the Application. Thereafter, the details of the Application shall be uploaded in the electronic system of the Stock Exchange and the Application Form shall be forwarded to the relevant branch of the SCSB, in the relevant Specified City, named by such SCSB to accept such ASBA Applications from the Lead Brokers/ Consortium Members, Lead Managers or Trading Members of the Stock Exchange, as the case may be (A list of such branches is available at <http://www.sebi.gov.in/sebiweb/home/list/5/33/0/0/Recognised-Intermediaries>). Upon receipt of the ASBA Application, the relevant branch of the SCSB shall perform verification procedures including verification of the Applicant's signature with his bank records and check if sufficient funds equal to the Application Amount are available in the ASBA Account, as mentioned in the ASBA Form. If sufficient funds are not available in the ASBA Account, the relevant ASBA Application is liable to be rejected. If sufficient funds are available in the ASBA Account, the relevant branch of the SCSB shall block an amount equivalent to the Application Amount mentioned in the ASBA Application. The Application Amount shall remain blocked in the ASBA Account until approval of the Basis of Allotment and consequent transfer of the amount against the Allotted NCDs to the Public Issue Account(s), or until withdrawal/ failure of the Issue or until withdrawal/ rejection of the Application Form, as the case may be.

Applicants must note that:

- (a) Physical Application Forms will be available with the Designated Branches of the SCSBs and with the Lead Managers and Trading Members of the Stock Exchange at the Specified Cities; and electronic Application Forms will be available on the websites of the SCSBs and the Stock Exchange at least one day prior to the Issue Opening Date. Application Forms will also be provided to the Trading Members of the Stock Exchange at their request. The Application Forms would be serially numbered. Further, the SCSBs will ensure that the Shelf Prospectus and the relevant Tranche Prospectus are made available on their websites.
- (b) The Designated Branches of the SCSBs shall accept ASBA Applications directly from Applicants only during the Issue Period. The SCSB shall not accept any ASBA Applications directly from Applicants after the closing time of acceptance of Applications on the Issue Closing Date. However, in case of Syndicate ASBA, the relevant branches of the SCSBs at Specified Cities can accept ASBA Applications from the Lead Managers or Trading Members of the Stock Exchange, as the case may be, after the closing time of acceptance of Applications on the Issue Closing Date. For further information on the Issue programme, please see section titled "*Issue Related Information*" on page 280.
- (c) In case of Applications through Syndicate ASBA, the physical Application Form shall bear the stamp of the Lead Managers or Lead Broker/ Consortium Member or Trading Members of the Stock Exchange, as the case maybe, if not, the same shall be rejected. Application Forms directly submitted to SCSBs should bear the stamp of SCSBs, if not, the same are liable to be rejected.

Please note that Applicants can make an Application for Allotment of NCDs in the dematerialized form only.

INSTRUCTIONS FOR FILLING-UP THE APPLICATION FORM

General Instructions

A. General instructions for completing the Application Form

- Applications must be made in prescribed Application Form only;

- Application Forms must be completed in block letters in English, as per the instructions contained in the Draft Shelf Prospectus, this Shelf Prospectus, Tranche Prospectus(es), the Abridged Prospectus and the Application Form.
- If the Application is submitted in joint names, the Application Form should contain only the name of the first Applicant whose name should also appear as the first holder of the depository account held in joint names.
- Applicants must apply for Allotment in dematerialised form and must provide details of valid and active DP ID, Client ID and PAN clearly and without error. On the basis of such Applicant's active DP ID, Client ID and PAN provided in the Application Form, and as entered into the electronic Application system of Stock Exchange by SCSBs, the Members of the Syndicate at the Syndicate ASBA Application Locations and the Trading Members, as the case may be, the Registrar will obtain from the Depository the Demographic Details. Invalid accounts, suspended accounts or where such account is classified as invalid or suspended may not be considered for Allotment of the NCDs.
- The minimum number of Applications and minimum application size shall be specified in the Tranche Prospectus. Applicants may apply for one or more series of NCDs Applied for in a single Application Form.
- If the depository account is held in joint names, the Application Form should contain the name and PAN of the person whose name appears first in the depository account and signature of only this person would be required in the Application Form. This Applicant would be deemed to have signed on behalf of joint holders and would be required to give confirmation to this effect in the Application Form.
- Applications should be made by Karta in case of HUFs. Applicants are required to ensure that the PAN details of the HUF are mentioned and not those of the Karta;

- No separate receipts will be issued for the money payable on the submission of the Application Form. However, the Lead Managers, Lead Broker/ Consortium Member, Trading Members of the Stock Exchange or the Designated Branches of the SCSBs, as the case may be, will acknowledge the receipt of the Application Forms by stamping and returning to the Applicants the acknowledgement slip. This acknowledgement slip will serve as the duplicate of the Application Form for the records of the Applicant. Applicants must ensure that the requisite documents are attached to the Application Form prior to submission and receipt of acknowledgement from the relevant Lead Managers, Lead Broker/ Consortium Member, Trading Member of the Stock Exchange or the Designated Branch of the SCSBs, as the case may be.
- Every Applicant should hold valid Permanent Account Number (PAN) and mention the same in the Application Form.
- All Applicants are required to tick the relevant column of "Category of Investor" in the Application Form.
- ASBA will be the default "Mode of Application" as per the SEBI Operational Circular.
- Applicants should correctly mention the ASBA Account number and ensure that funds equal to the Application Amount are available in the ASBA Account before submitting the Application Form to the Designated Branch and also ensure that the signature in the Application Form matches with the signature in Applicant's bank records, otherwise the Application is liable to be rejected

The series, mode of allotment, PAN, demat account no. etc. should be captured by the relevant Lead Managers, Lead Broker/ Consortium Member, Trading Member of the Stock Exchange in the data entries as such data entries will be considered for allotment.

Applicants should note that neither the Lead Managers, Lead Broker/ Consortium Member, Trading Member of the Stock Exchange, Public Issue Account Banks nor Designated Branches, as the case may be, will be liable for error in data entry due to incomplete or illegible Application Forms.

Our Company would allot the series of NCDs, as specified in the Tranche Prospectus to all valid Applications, wherein the Applicants have not indicated their choice of the relevant series of NCDs.

B. Applicant's Beneficiary Account and Bank Account Details

Applicants applying for Allotment in dematerialized form must mention their DP ID, Client ID, PAN and UPI ID (in case applying through UPI Mechanism) in the Application Form and ensure that the name provided in the Application Form is exactly the same as the name in which the Beneficiary Account is held. In case the Application Form for Allotment in dematerialized form is submitted in the first Applicant's name, it should be ensured that the Beneficiary Account is held in the same joint names and in the same sequence in which they appear in the Application Form. In case the DP ID, Client ID and PAN mentioned in the Application Form for Allotment in dematerialized

form and entered into the electronic system of the Stock Exchange do not match with the DP ID, Client ID and PAN available in the Depository database or in case PAN is not available in the Depository database, the Application Form for Allotment in dematerialized form is liable to be rejected. Further, Application Forms submitted by Applicants applying for Allotment in dematerialized form, whose beneficiary accounts are inactive, will be rejected.

On the basis of the DP ID and Client ID provided by the Applicant in the Application Form for Allotment in dematerialized form and entered into the electronic system of the Stock Exchange, the Registrar to the Issue will obtain from the Depositories the Demographic Details of the Applicant including PAN, address, bank account details for printing on unblocking intimations/unblocking through electronic mode, Magnetic Ink Character Recognition (“MICR”) Code and occupation. These Demographic Details would be used for giving Allotment Advice and refunds (including through physical refund warrants, direct credit, NACH, NEFT and RTGS), if any, to the Applicants. Hence, Applicants are advised to immediately update their Demographic Details as appearing on the records of the DP and ensure that they are true and correct, and carefully fill in their Beneficiary Account details in the Application Form. Failure to do so could result in delays in dispatch/credit of refunds to Applicants and delivery of Allotment Advice at the Applicants’ sole risk, and neither our Company, the Lead Managers, Trading Members of the Stock Exchange, Public Issue Account Bank(s), SCSBs, Registrar to the Issue nor the Stock Exchange will bear any responsibility or liability for the same.

The Demographic Details would be used for correspondence with the Applicants including mailing of the Allotment Advice and printing of bank particulars on the unblocking intimations, or for refunds through electronic transfer of funds, as applicable. Allotment Advice and physical unblocking intimations (as applicable) would be mailed at the address of the Applicant as per the Demographic Details received from the Depositories. Applicants may note that delivery of unblocking intimations/ Allotment Advice may get delayed if the same once sent to the address obtained from the Depositories are returned undelivered. In such an event, the address and other details given by the Applicant in the Application Form would be used only to ensure dispatch of unblocking intimations. Please note that any such delay shall be at such Applicants sole risk and neither our Company, the Lead Managers, Trading Members of the Stock Exchange, Public Issue Account Banks, SCSBs, Registrar to the Issue nor the Stock Exchange shall be liable to compensate the Applicant for any losses caused to the Applicant due to any such delay or liable to pay any interest for such delay. In case of refunds through electronic modes as detailed in the Tranche Prospectus, refunds may be delayed if bank particulars obtained from the Depository Participant are incorrect.

In case of Applications made under power of attorney, our Company in its absolute discretion, reserves the right to permit the holder of Power of Attorney to request the Registrar that for the purpose of printing particulars on the unblocking intimation and mailing of unblocking intimations/ Allotment Advice, the demographic details obtained from the Depository of the Applicant shall be used. By signing the Application Form, the Applicant would have deemed to have authorized the Depositories to provide, upon request, to the Registrar to the Issue, the required Demographic Details as available on its records. The Demographic Details given by Applicant in the Application Form would not be used for any other purpose by the Registrar to the Issue except in relation to the Issue.

With effect from August 16, 2010, the beneficiary accounts of Applicants for whom PAN details have not been verified shall be suspended for credit and no credit of NCDs pursuant to the Issue will be made into the accounts of such Applicants. Application Forms submitted by Applicants whose beneficiary accounts are inactive shall be rejected. Furthermore, in case no corresponding record is available with the Depositories, which matches the three parameters, namely, DP ID, Client ID and PAN, then such Application are liable to be rejected.

C. Permanent Account Number (PAN)

The Applicant should mention his or her Permanent Account Number (PAN) allotted under the IT Act. For minor Applicants, applying through the guardian, it is mandatory to mention the PAN of the minor Applicant. However, Applications on behalf of the Central or State Government officials and the officials appointed by the courts in terms of a SEBI circular dated June 30, 2008, and Applicants residing in the state of Sikkim who in terms of a SEBI circular dated July 20, 2006, may be exempt from specifying their PAN for transacting in the securities market. In accordance with Circular No. MRD/DOP/Cir-05/2007 dated April 27, 2007, issued by SEBI, the PAN would be the sole identification number for the participants transacting in the securities market, irrespective of the amount of transaction. Any Application Form, without the PAN is liable to be rejected, irrespective of the amount of transaction. It is to be specifically noted that the Applicants should not submit the GIR number instead of the PAN as the Application is liable to be rejected on this ground.

However, the exemption for the Central or State Government and the officials appointed by the courts and for investors residing in the State of Sikkim is subject to the Depository Participants’ verifying the veracity of such

claims by collecting sufficient documentary evidence in support of their claims. At the time of ascertaining the validity of these Applications, the Registrar to the Issue will check under the Depository records for the appropriate description under the PAN field i.e., either Sikkim category or exempt category.

D. Joint Applications

If the depository account is held in joint names, the Application Form should contain the name and PAN of the person whose name appears first in the depository account and signature of only this person would be required in the Application Form. This Applicant would be deemed to have signed on behalf of joint holders and would be required to give confirmation to this effect in the Application Form

E. Additional/ Multiple Applications

An Applicant is allowed to make one or more Applications for the NCDs, subject to a minimum application size of ₹10,000 and in multiples of ₹1,000 thereafter as specified in the Tranche Prospectus. Any Application for an amount below the aforesaid minimum application size will be deemed as an invalid application and shall be rejected. However, multiple Applications by the same individual Applicant aggregating to a value exceeding ₹1,000,000 shall be deemed such individual Applicant to be a HNI Applicant and all such Applications shall be grouped in the HNI Portion, for the purpose of determining the basis of allotment to such Applicant. However, any Application made by any person in his individual capacity and an Application made by such person in his capacity as a karta of a Hindu Undivided family and/or as Applicant (second or third Applicant), shall not be deemed to be a multiple Application. For the purposes of allotment of NCDs under the Issue, Applications shall be grouped based on the PAN, i.e., Applications under the same PAN shall be grouped together and treated as one Application. Two or more Applications will be deemed to be multiple Applications if the sole or first Applicant is one and the same. For the sake of clarity, two or more applications shall be deemed to be a multiple Application for the aforesaid purpose if the PAN of the sole or the first Applicant is one and the same.

Electronic registration of Applications

- (a) The Designated Intermediaries will register the Applications using the on-line facilities of Stock Exchange. The Lead Managers, Lead Broker/ Consortium Member, our Company, and the Registrar to the Issue are not responsible for any acts, mistakes or errors or omission and commissions in relation to (i) the Applications accepted by the Designated Intermediaries, (ii) the Applications uploaded by the Designated Intermediaries, (iii) the Applications accepted but not uploaded by the Designated Intermediaries, (iv) Applications accepted and uploaded by the SCSBs without blocking funds in the ASBA Accounts or (v) Applications accepted and uploaded by the Designated Intermediaries for which the Application Amounts are not blocked by the SCSBs.
- (b) The Stock Exchange will offer an electronic facility for registering Applications for the Issue. This facility will be available on the terminals of Syndicate Members and the other Designated Intermediaries during the Issue Period. On the Issue Closing Date, the Syndicate Members and the other Designated Intermediaries shall upload the Applications till such time as may be permitted by the Stock Exchange. This information will be available with the Syndicate Members and the other Designated Intermediaries on a regular basis. Applicants are cautioned that a high inflow of high volumes on the last day of the Issue Period may lead to some Applications received on the last day not being uploaded and such Applications will not be considered for allocation.
- (c) Based on the aggregate demand for Applications registered on the electronic facilities of the Stock Exchange, a graphical representation of consolidated demand for the NCDs, as available on the websites of the Stock Exchange, would be made available at the Application centers as provided in the Application Form during the Issue Period.
- (d) At the time of registering each Application, the Designated Intermediaries, shall enter the details of the Applicant, such as the Application Form number, PAN, Applicant category, DP ID, Client ID, number and Option(s) of NCDs applied, Application Amounts and any other details that may be prescribed by the online uploading platform of the Stock Exchange.
- (e) A system generated Acknowledgement Slip will be given to the Applicant as a proof of the registration of his Application. It is the Applicant's responsibility to obtain the Acknowledgement Slip from the Syndicate Members or the other Designated Intermediaries, as the case may be. The registration of the Applications by the Designated Intermediaries does not guarantee that the NCDs shall be allocated/ Allotted by our Company. Such Acknowledgement Slip will be non-negotiable and by itself will not create any obligation of any kind.

- (f) The permission given by the Stock Exchange to use their network and software of the online system should not in any way be deemed or construed to mean that the compliance with various statutory and other requirements by our Company, and/or the Lead Managers are cleared or approved by the Stock Exchange; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the compliance with the statutory and other requirements nor does it take any responsibility for the financial or other soundness of our Company, the management or any scheme or project of our Company; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the contents of this Shelf Prospectus; nor does it warrant that the NCDs will be listed or will continue to be listed on the Stock Exchange.
- (g) In case of apparent data entry error by the Designated Intermediaries, in entering the Application Form numbers in their respective schedules, other things remaining unchanged, the Application Form may be considered as valid, or such exceptions may be recorded in minutes of the meeting submitted to the Designated Stock Exchange.
- (h) Only Applications that are uploaded on the online system of the Stock Exchange shall be considered for Allotment. The Designated Intermediaries shall capture all data relevant for the purposes of finalizing the Basis of Allotment while uploading Application data in the electronic systems of the Stock Exchange. In order that the data so captured is accurate, Designated Intermediaries will be given up to one Working Day after the Issue Closing Date to modify/verify certain selected fields uploaded in the online system during the Issue Period after which the data will be sent to the Registrar to the Issue for reconciliation with the data available with the NSDL and CDSL.

Process for investor application submitted with UPI as mode of payment

- (a) Before submission of the application with the intermediary, the investor would be required to have / create a UPI ID, with a maximum length of 45 characters including the handle (Example: InvestorID@bankname).
- (b) An investor shall fill in the bid details in the application form along with his/ her bank account linked UPI ID and submit the application with any of the intermediaries or through the stock exchange App/ Web interface, or any other methods as may be permitted.
- (c) The intermediary, upon receipt of form, shall upload the bid details along with the UPI ID on the stock exchange bidding platform using appropriate protocols.
- (d) Once the bid has been entered in the bidding platform, the Stock Exchange shall undertake validation of the PAN and Demat account combination details of investor with the depository.
- (e) The Depository shall validate the aforesaid PAN and Demat account details on a near real time basis and send response to stock exchange which would be shared by stock exchange with intermediary through its platform, for corrections, if any.
- (f) Once the bid details are uploaded on the Stock Exchange platform, the Stock Exchange shall send an SMS to the investor regarding submission of his / her application, at the end of day, during the bidding period. For the last day of bidding, the SMS may be sent the next working day.
- (g) Post undertaking validation with the Depository, the Stock Exchange shall, on a continuous basis, electronically share the bid details along with investors UPI ID, with the Sponsor Bank appointed by the issuer.
- (h) The Sponsor Bank shall initiate a mandate request on the investor
- (i) The request raised by the Sponsor Bank, would be electronically received by the investor as a SMS / intimation on his / her mobile no. / mobile app, associated with the UPI ID linked bank account.
- (j) The investor shall be able to view the amount to be blocked as per his / her bid in such intimation. The investor shall be able to view an attachment wherein the public issue bid details submitted by investor will be visible. After reviewing the details properly, the investor shall be required to proceed to authorize the mandate. Such mandate raised by sponsor bank would be a one-time mandate for each application in the public issue.
- (k) An investor is required to accept the UPI mandate latest by 5 pm on the third working day from the day of bidding on the stock exchange platform except for the last day of the issue period or any other modified closure date of the issue period in which case, he / she is required to accept the UPI mandate latest by 5 pm the next working day.

- (l) An investor shall not be allowed to add or modify the bid(s) of the application except for modification of either DP ID/Client ID, or PAN ID but not both. However, the investor can withdraw the bid(s) and reapply.
- (m) For mismatch bids, on successful validation of PAN and DP ID/ Client ID combination during T+1 modification session, such bids will be sent to Sponsor Bank for further processing by the Exchange on T+1 day till 1 PM.
- (n) The facility of re-initiation/ resending the UPI mandate shall be available only till 5 pm on the day of bidding.
- (o) Upon successful validation of block request by the investor, as above, the said information would be electronically received by the investors' bank, where the funds, equivalent to application amount, would get blocked in investors account. Intimation regarding confirmation of such block of funds in investors account would also be received by the investor.
- (p) The information containing status of block request (e.g., accepted / decline / pending) would also be shared with the Sponsor Bank, which in turn would be shared with the Stock Exchange. The block request status would also be displayed on the Stock Exchange platform for information of the intermediary.
- (q) The information received from Sponsor Bank, would be shared by stock exchange with RTA in the form of a file for the purpose of reconciliation.
- (r) Post closure of the offer, the Stock Exchange shall share the bid details with RTA. Further, the Stock Exchange shall also provide the RTA, the final file received from the Sponsor Bank, containing status of blocked funds or otherwise, along with the bank account details with respect to applications made using UPI ID.
- (s) The allotment of debt securities shall be done as per SEBI NCS Regulations and SEBI Operational Circular.
- (t) The RTA, based on information of bidding and blocking received from the Stock Exchange, shall undertake reconciliation of the bid data and block confirmation corresponding to the bids by all investor category applications (with and without the use of UPI) and prepare the basis of allotment.
- (u) Upon approval of the basis of allotment, the RTA shall share the 'debit' file with Sponsor bank (through Stock Exchange) and SCSBs, as applicable, for credit of funds in the public issue account and unblocking of excess funds in the investor's account. The Sponsor Bank, based on the mandate approved by the investor at the time of blocking of funds, shall raise the debit / collect request from the investor's bank account, whereupon funds will be transferred from investor's account to the public issue account and remaining funds, if any, will be unblocked without any manual intervention by investor or their bank.
- (v) Upon confirmation of receipt of funds in the public issue account, the securities would be credited to the investor's account. The investor will be notified for full/partial allotment. For partial allotment, the remaining funds would be unblocked. For no allotment, mandate would be revoked, and application amount would be unblocked for the investor.
- (w) Thereafter, Stock Exchange will issue the listing and trading approval.
- (x) Further, in accordance with the Operational Instructions and Guidelines for Making Application for Public Issue of Debt Securities through BSEDirect issued by BSE on December 28, 2020 and NSE goBID platform, the investor shall also be responsible for the following:
 - i. Investor shall check the Issue details before placing desired bids;
 - ii. Investor shall check and understand the UPI mandate acceptance and block of funds process before placing the bid;
 - iii. The receipt of the SMS for mandate acceptance is dependent upon the system response/ integration of UPI on Debt Public Issue System;

General Instructions

Do's

1. Check if you are eligible to apply as per the terms of the Draft Shelf Prospectus, this Shelf Prospectus, the Tranche Prospectus and applicable law;
2. Read all the instructions carefully and complete the Application Form in the prescribed form;
3. Ensure that you have obtained all necessary approvals from the relevant statutory and/or regulatory authorities to apply for, subscribe to and/or seek Allotment of NCDs pursuant to the Issue.
4. Ensure that the DP ID and Client ID are correct and beneficiary account is activated for Allotment of NCDs in dematerialized form. The requirement for providing Depository Participant details shall be mandatory for all Applicants.
5. Ensure that you have mentioned the correct ASBA Account number in the Application Form;
6. Ensure that you have funds equal to the Application Amount in the ASBA Account before submitting the Application Form to the respective Designated Branch of the SCSB, or to the Intermediaries, as the case may be.
7. Ensure that you have been given an acknowledgement as proof of having accepted the Application Form;
8. In case of any revision of Application in connection with any of the fields which are not allowed to be modified on the electronic application platform of the Stock Exchange as per the procedures and requirements prescribed by each relevant Stock Exchange, ensure that you have first withdrawn your original Application and submit a fresh Application. For instance, as per the notice No: 20120831-22 dated August 31, 2012, issued by the BSE, fields namely, quantity, series, application no., sub-category codes will not be allowed for modification during the Issue. In such a case the date of the fresh Application will be considered for date priority for allotment purposes.
9. Ensure that signatures other than in the languages specified in the Eighth Schedule to the Constitution of India is attested by a Magistrate or a Notary Public or a Special Executive Magistrate under official seal.
10. Ensure that the DP ID, the Client ID and the PAN mentioned in the Application Form, which shall be entered into the electronic system of the Stock Exchange, match with the DP ID, Client ID and PAN available in the Depository database;
11. In case of an HUF applying through its Karta, the Applicant is required to specify the name of an Applicant in the Application Form as 'XYZ Hindu Undivided Family applying through PQR', where PQR is the name of the Karta. However, the PAN of the HUF should be mentioned in the Application Form and not that of the Karta;
12. Ensure that the Applications are submitted to the Lead Managers, Lead Broker/ Consortium Member, Trading Members of the Stock Exchange or Designated Branches of the SCSBs, as the case may be, before the closure of application hours on the Issue Closing Date. For further information on the Issue programme, please see the section titled "*Issue Related Information*" on page 280.
13. Ensure that the Demographic Details including PAN are updated, true and correct in all respects;
14. Permanent Account Number: Except for Application (i) on behalf of the Central or State Government and officials appointed by the courts, and (ii) (subject to SEBI circular dated April 3, 2008) from the residents of the state of Sikkim, each of the Applicants should provide their PAN. Application Forms in which the PAN is not provided will be rejected. The exemption for the Central or State Government and officials appointed by the courts and for investors residing in the State of Sikkim is subject to (a) the demographic details received from the respective depositories confirming the exemption granted to the beneficiary owner by a suitable description in the PAN field and the beneficiary account remaining in "active status"; and (b) in the case of residents of Sikkim, the address as per the demographic details evidencing the same;
15. Ensure that if the depository account is held in joint names, the Application Form should contain the name and PAN of the person whose name appears first in the depository account and signature of only this person would be required in the Application Form. This Applicant would be deemed to have signed on behalf of joint holders and would be required to give confirmation to this effect in the Application Form;
16. All Applicants are requested to tick the relevant column "Category of Investor" in the Application Form; and
17. Tick the series of NCDs in the Application Form that you wish to apply for.
18. Check if you are eligible to Apply under ASBA;
19. Retail individual investors using the UPI Mechanism to ensure that they submit bids up to the application value of ₹500,000;
20. Investor using the UPI Mechanism should ensure that the correct UPI ID (with maximum length of 45 characters including the handle) is mentioned in the Bid cum Application Form;
21. Investors bidding using the UPI Mechanism should ensure that they use only their own bank account linked UPI ID to make an application in the issue and submit the application with any of the intermediaries or through the Stock Exchange App/ Web interface
22. Ensure that you give the correct details of your ASBA Account including bank account number/ bank name and

branch;

23. Ensure that your Application Form is submitted either at a Designated Branch of a SCSB where the ASBA Account is maintained or with the Lead Managers or Lead Broker/ Consortium Member or Trading Members of the Stock Exchange at the Specified Cities, and not directly to the Public Issue Account Banks (assuming that such bank is not a SCSB) or to our Company or the Registrar to the Issue;
24. In case of ASBA Applications through Syndicate ASBA, before submitting the physical Application Form to the Trading Members of the Stock Exchange, ensure that the SCSB where the ASBA Account, as specified in the ASBA Form, is maintained has named at-least one branch in that Specified City for the Lead Managers or Lead Broker/ Consortium Member or Trading Members of the Stock Exchange, as the case may be, to deposit ASBA Forms (A list of such branches is available at <http://www.sebi.gov.in/sebiweb/home/list/5/33/0/0/Recognised-Intermediaries>);
25. In terms of the SEBI circular CIR/CFD/DIL/1/2013 dated January 2, 2013, in case of an SCSB making an ASBA Application, such ASBA Application should be made through an ASBA Account utilised solely for the purpose of applying in public issues and maintained in the name of such SCSB Applicant with a different SCSB, wherein clear demarcated funds are available.
26. Ensure that the Application Form is signed by the ASBA Account holder in case the Applicant is not the account holder;
27. Ensure that you have funds equal to the Application Amount in the ASBA Account before submitting the Application Form and that your signature in the Application Form matches with your available bank records;
28. Ensure that you have correctly ticked, provided or checked the authorisation box in the Application Form, or have otherwise provided an authorisation to the SCSB or Sponsor Bank, as applicable, via the electronic mode, for blocking funds in the ASBA Account equivalent to the Application Amount mentioned in the Application Form as the case may be, at the time of submission of the Bid. In case of Retail Individual Investor submitting their Bids and participating in the Issue through the UPI Mechanism, ensure that you authorise the UPI Mandate Request raised by the Sponsor Bank for blocking of funds equivalent to Bid Amount and subsequent debit of funds in case of Allotment;
29. Ensure that you receive an acknowledgement from the Designated Branch or the concerned Lead Managers or Lead Broker/ Consortium Member or Trading Member of the Stock Exchange, as the case may be, for the submission of the Application Form.
30. Retail Individual Investors submitting Application Form using the UPI Mechanism, should ensure that the: (a) bank where the bank account linked to their UPI ID is maintained; and (b) the Mobile App and UPI handle being used for making the Bid, are listed on the website of SEBI at www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognisedFpi=yes&intmId=40

In terms of SEBI Circular no. CIR/CFD/DIL/1/2013 dated January 2, 2013, SCSBs making applications on their own account using ASBA facility, should have a separate account in their own name with any other SEBI registered SCSB. Further, such account shall be used solely for the purpose of making application in public issues and clear demarcated funds should be available in such account.

SEBI Operational Circular stipulates the time between closure of the Issue and listing at six Working Days. In order to enable compliance with the above timelines, investors are advised to use ASBA facility only to make payment.

Don'ts:

1. Do not apply for lower than the minimum application size;
2. Do not pay the Application Amount in cash, by money order or by postal order or by stock invest;

For information on certain procedures to be carried out by the Registrar to the Issue for finalization of the basis of allotment, please see below “*Issue Procedure-Information for Applicants*”.

Information for Applicants

In case of ASBA Applications submitted to the SCSBs, in terms of the SEBI circular CIR/CFD/DIL/3/2010 dated April 22, 2010, the Registrar to the Issue will reconcile the compiled data received from the Stock Exchange and all SCSBs and match the same with the Depository database for correctness of DP ID, Client ID and PAN. The Registrar to the Issue will undertake technical rejections based on the electronic details and the Depository database. In case of any discrepancy between the electronic data and the Depository records, our Company, in consultation with the Designated Stock Exchange, the Lead Managers and the Registrar to the Issue, reserves the right to proceed as per the Depository records for such ASBA Applications or treat such ASBA Applications as rejected.

In case of Applicants submitted to the Lead Managers, Lead Broker/ Consortium Member and Trading Members of the Stock Exchange at the Specified Cities, the basis of allotment will be based on the Registrar’s validation of the electronic details with the Depository records, and the complete reconciliation of the final certificates received from the SCSBs with the electronic details in terms of the SEBI circular CIR/CFD/DIL/1/2011 dated April 29, 2011. The Registrar to the Issue will undertake technical rejections based on the electronic details and the Depository database. In case of any

discrepancy between the electronic data and the Depository records, our Company, in consultation with the Designated Stock Exchange, the Lead Managers and the Registrar to the Issue, reserves the right to proceed as per the Depository records or treat such ASBA Application as rejected.

Based on the information provided by the Depositories, our Company shall have the right to accept Applications belonging to an account for the benefit of a minor (under guardianship).

In case of Applications for a higher number of NCDs than specified for that category of Applicant, only the maximum amount permissible for such category of Applicant will be considered for Allotment.

Mode of making refunds

The Registrar to the Issue shall instruct the relevant SCSB to unblock the funds in the relevant ASBA Account to the extent of the Application Amount specified in the Application Forms for withdrawn, rejected or unsuccessful or partially successful Applications within 5 Working Days of the Issue Closing Date.

Retention of oversubscription

Our Company shall have an option to retain over-subscription up to the Issue limit.

Basis of Allotment

As specified in the relevant Tranche Prospectus.

Allocation Ratio

As specified in the relevant Tranche Prospectus.

Payment of Refunds:

The Registrar shall instruct the relevant SCSB to unblock the funds in the relevant ASBA Account for withdrawn, rejected or unsuccessful or partially successful ASBA Applications within the applicable regulatory timelines.

Issuance of Allotment Advice

Our Company shall ensure dispatch of Allotment Advice as per the Demographic Details received from the Depositories. Instructions for credit of NCDs to the beneficiary account with Depository Participants shall be made within 5 Working Days of the Issue Closing Date

Our Company shall use best efforts to ensure that all steps for completion of the necessary formalities and approvals for the commencement of trading at the Stock Exchange where the NCDs are proposed to be listed are taken within 5 Working Days from the Issue Closing Date.

Allotment Advices shall be issued, or Application Amount shall be unblocked within 15 (fifteen) days from the Issue Closing Date or such lesser time as may be specified by SEBI or else the application amount shall be unblocked in the ASBA Accounts of the applicants forthwith, failing which interest shall be due to be paid to the applicants at the rate of fifteen per cent. per annum for the delayed period.

Our Company will provide adequate funds required for dispatch of Allotment Advice, as applicable, to the Registrar to the Issue.

Investor Withdrawals and Pre-closure

Investor Withdrawal: Applicants can withdraw their ASBA Applications till the issue closure date by submitting a request for the same to the Lead Brokers/ Consortium Members, Trading Member of the Stock Exchange or the Designated Branch, as the case may be, through whom the ASBA Application had been placed. In case of ASBA Applications submitted to the Lead Managers, Lead Broker/ Consortium Member, or Trading Members of the Stock Exchange at the Specified Cities, upon receipt of the request for withdrawal from the Applicant, the relevant Lead Managers, or Trading Member of the Stock Exchange, as the case may be, shall do the requisite, including deletion of details of the withdrawn ASBA Application Form from the electronic system of the Stock Exchange. In case of ASBA Applications submitted

directly to the Designated Branch of the SCSB, upon receipt of the request for withdraw from the Applicant, the relevant Designated Branch shall do the requisite, including deletion of details of the withdrawn ASBA Application Form from the electronic system of the Stock Exchange and unblocking of the funds in the ASBA Account directly.

In case an Applicant wishes to withdraw the Application after the Issue Closing Date, the same can be done by submitting a withdrawal request to the Registrar to the Issue prior to the finalization of the Basis of Allotment.

Pre-closure

Our Company, in consultation with the Lead Managers reserves the right to close the Issue at any time prior to the Issue Closing Date, subject to receipt of minimum subscription or as may be specified in this Shelf Prospectus. Our Company shall allot NCDs with respect to the Applications received until the time of such pre-closure in accordance with the Basis of Allotment as described hereinabove and subject to applicable statutory and/or regulatory requirements. In the event of such early closure of the Issue, our Company shall ensure that public notice of such early closure is published on or before such early date of closure or the Issue Closing Date, as applicable, through advertisement(s) in all those newspapers in which pre-issue advertisement have been given.

If our Company does not receive the minimum subscription of 75% of Base Issue Size prior to the Issue Closing Date the entire Application Amount shall be unblocked in the relevant ASBA Account(s) of the Applicants within 6 (six) working days from the Issue Closing Date, provided wherein, the Application Amount has been transferred to the Public Issue Account from the respective ASBA Accounts, such Application Amount shall be refunded from the Refund Account to the relevant ASBA Account(s) of the Applicants within 6 (six) working days from the Issue Closing Date, failing which the Company will become liable to refund the Application Amount along with interest at the rate 15 (fifteen) percent per annum for the delayed period.

Revision of Applications

As per the notice no: 20120831-22 dated August 31, 2012, issued by BSE, cancellation of one or more orders (series) within an Application is permitted during the Issue Period as long as the total order quantity does not fall under the minimum quantity required for a single Application. However, please note that in case of cancellation of one or more orders (series) within an Application, leading to total order quantity falling under the minimum quantity required for a single Application will be liable for rejection by the Registrar.

Applicants may revise/ modify their Application details during the Issue Period, as allowed/permitted by the Stock Exchange(s), by submitting a written request to the Designated Intermediary, as the case may be. However, for the purpose of Allotment, the date of original upload of the Application will be considered in case of such revision/modification. In case of any revision of Application in connection with any of the fields which are not allowed to be modified on the electronic Application platform of the Stock Exchange as per the procedures and requirements prescribed by each relevant Stock Exchange, Applicants should ensure that they first withdraw their original Application and submit a fresh Application. In such a case the date of the new Application will be considered for date priority for Allotment purposes.

Revision of Applications is not permitted after the expiry of the time for acceptance of Application Forms on Issue Closing Date. However, in order that the data so captured is accurate, the Designated Intermediaries will be given up to one Working Day after the Issue Closing Date (till 1:00 PM) to modify/ verify certain selected fields uploaded in the online system during the Issue Period, after which the data will be sent to the Registrar to the Issue for reconciliation with the data available with the NSDL and CDSL.

Dear Mr. Govind Modani,

Re: CRISIL Rating on the Rs.5000 Crore Non Convertible Debentures#& of IIFL Finance Limited

We refer to your request for a rating for the captioned Debt instrument.

CRISIL Ratings has, after due consideration, assigned a CRISIL AA/Stable (pronounced as CRISIL double A rating with Stable outlook) rating to the captioned Debt instrument. Instruments with this rating are considered to have high degree of safety regarding timely servicing of financial obligations. Such instruments carry very low credit risk.

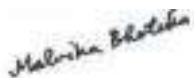

Further, in view of your decision to accept the CRISIL Ratings, we request you to apprise us of the instrument details (in the enclosed format) as soon as it has been placed. In the event of your company not making the issue within a period of 180 days from the above date, or in the event of any change in the size or structure of your proposed issue, a fresh letter of revalidation from CRISIL Ratings will be necessary.

As per our Rating Agreement, CRISIL Ratings would disseminate the rating along with outlook through its publications and other media, and keep the rating along with outlook under surveillance for the life of the instrument. CRISIL Ratings reserves the right to withdraw, or revise the rating / outlook assigned to the captioned instrument at any time, on the basis of new information, or unavailability of information, or other circumstances which CRISIL Ratings believes may have an impact on the rating. Please visit www.crisilratings.com and search with the name of the rated entity to access the latest rating/s.

As per SEBI circular (reference number: CIR/IMD/DF/17/2013; dated October 22, 2013) on centralized database for corporate bonds/debentures, you are required to provide international securities identification number (ISIN; along with the reference number and the date of the rating letter) of all bond/debenture issuances made against this rating letter to us. The circular also requires you to share this information with us within 2 days after the allotment of the ISIN. We request you to mail us all the necessary and relevant information at debtissue@crisil.com. This will enable CRISIL Ratings to verify and confirm to the depositories, including NSDL and CDSL, the ISIN details of debt rated by us, as required by SEBI. Feel free to contact us at debtissue@crisil.com for any clarification you may need.

Should you require any clarification, please feel free to get in touch with us.

Refer to Annexure for Details of Instruments & Bank Facilities

Detailed Rationale

CRISIL Ratings has assigned its 'CRISIL AA/Stable' rating to Rs 6,398 crore non-convertible debentures and enhanced bank facilities of Rs 4,000 crore. CRISIL Ratings has also reaffirmed its 'CRISIL AA/CRISIL PP-MLD AA/Stable/CRISIL A1+' ratings on the debt instruments and bank facilities of IIFL Finance Ltd (IIFL Finance; part of the IIFL Finance group).

Also, CRISIL Ratings has withdrawn its ratings on the Rs 6,111.66 crore non-convertible debentures (NCDs), Rs 300.37 crore subordinated debt, Rs 375 crore long-term principal protected market-linked debentures and Rs 7,500 crore commercial paper programme (IPO financing), as there is no outstanding amount against the rated instruments. This is in line with the withdrawal policy of CRISIL Ratings.

The ratings continue to reflect the diversified retail product offerings of the IIFL Finance group, with a large part of the portfolio having inherently less risky asset classes, an extensive branch network and adequate capitalisation. These strengths are partially offset by average, albeit improving, profitability.

Assets under management (AUM) grew to Rs 51,210 crore (15% growth year-on-year) as on March 31, 2022, driven by the retail segment and supported by a wide geographic presence. The four core segments identified-home, gold, business and microfinance loans-remain the focus area. Retail loans formed around 93% of the AUM, while the remaining were loans to the commercial and real estate sector and capital market financing. The group has also demonstrated its ability to raise capital from long-term marquee investors, such as Fairfax and the CDC group. Additionally, IIFL Home Finance Ltd (IIFL Home) has announced capital infusion of Rs 2,200 crore from Abu Dhabi Investment Authority (ADIA).

Lockdowns amid the Covid-10 pandemic disrupted economic activity and exerted pressure on the cash flow of borrowers. Consequently, collections dropped in the first as well as second waves but recovered gradually owing to subsequent easing of movement restrictions. Collection efficiency^[1] was 106% as of March 2022, while on a segmental basis, it was 100% for home loans, 96% for business loans, 105% for micro-finance and 145% for gold loans. Though the third wave of the pandemic has not disrupted the operations materially, any change in the payment discipline of the borrowers may affect delinquency levels and will remain a monitorable.

Under the Reserve Bank of India (RBI) Resolution Framework 1.0 and 2.0 for Covid-19-related stress, the company had a restructured portfolio of around 0.7% of the AUM as on March 31, 2022. Gross non-performing assets (GNPAs/loans) inched up to 3.2% as on March 31, 2022, from 2.1% as on March 31, 2021, largely on account of the impact from the notification released by the RBI on November 12, 2021, and on account of the pandemic to some extent. Ability to manage collections and asset quality will be a key monitorable.

Analytical Approach

CRISIL Ratings has consolidated the business and financial risk profiles of IIFL Finance and its subsidiaries, including IIFL Home and IIFL Samasta Finance Ltd (IIFL Samasta). This is because all these entities, collectively referred to as the IIFL Finance group, have significant operational, financial and managerial integration and operate under a common brand. Furthermore, CRISIL Ratings has factored in the business synergies that the group will have with IIFL Wealth Management Ltd and IIFL Securities Ltd given their common promoters and shared brand.

Please refer Annexure - List of Entities Consolidated, which captures the list of entities considered and their analytical treatment of consolidation.

Key Rating Drivers & Detailed Description

Strengths:

Diversified retail lending portfolio and an extensive branch network

Consolidated AUM stood at Rs 51,210 crore as on March 31, 2022 (Rs 44,688 crore a year earlier). IIFL Finance is primarily engaged in lending across various retail asset classes. Its two lending subsidiaries, IIFL Home and IIFL Samasta, carry out the mortgage finance and microfinance businesses, respectively.

Retail loans accounted for 93% of the AUM as on March 31, 2022, and had high granularity (loans of less than Rs 1 crore). Also, 69% of the portfolio, excluding gold loan business qualified under priority sector lending as on March 31, 2022. The company has four key segments: home loans (35% of the AUM as on March 31, 2022), gold loans (32%), business loans^[1] (15%) and microfinance (12%), which together accounted for 93% of the AUM, up from 67% as on March 31, 2017. These segments will continue to drive growth over the medium term. Apart from these, there are two non-core but synergistic segments, construction and real-estate (CRE) funding and capital market lending. The company has been consciously reducing the book under these segments, which together accounted for only 7% as on March 31, 2022. Under CRE, the company continues to finance the completion of projects that were already funded by it and construction finance, while the capital market segment finances the retail clients of IIFL Securities Ltd. Growth is also supported by a wide network of 3,296 branches as of March 2022, spread across 1260 towns/cities. The company leverages its distribution network to cross-sell financial products of other IIFL entities. It has made substantial investments in technology to leverage its geographical reach.

On a standalone level, IIFL Finance had AUM of Rs 21,109 crore as on March 31, 2022 (Rs 19,199 crore a year earlier), primarily towards gold loans (77%), business loans (9%), developer and construction finance (11%) and capital markets (3%). IIFL Home had AUM of Rs 23,617 crore as on March 31, 2022 (Rs 20,694 crore a year earlier), largely toward home loans (75%), followed by loans against property (LAP; 23%) and construction finance (2%). IIFL Samasta had AUM of Rs 6,484 crore as on March 31, 2022 (Rs 4,796 crore as on March 31, 2021).

Adequate capitalisation

Consolidated networth was around Rs 6,470 crore as on March 31, 2022 (Rs 5,393 crore as on March 31, 2021), with on-book gearing of 5.5 times; however, CRISIL Ratings-adjusted gearing (on-book borrowings + securitisation/assignment) was higher at 8.2 times. Networth coverage for net non-performing assets (NPAs) was comfortable at 10 times as on March 31, 2022 (16 times a year earlier). The group has demonstrated an ability to raise capital from long-term marquee investors, such as Fairfax and the CDC group. Also, IIFL Home recently announced raising of Rs 2,200 crore from ADIA. Given the growth plans and business strategy, capitalisation should remain adequate for the current and medium-term projected scale of operations. The ability to raise capital regularly and manage leverage levels will continue to be a monitorable.

As on March 31, 2022, IIFL Finance, on a standalone basis, had networth and CRISIL Ratings-adjusted gearing of Rs 4,427 crore and 5.6 times, respectively. Tier-I capital adequacy ratio (CAR) and overall CAR was 16.0% and 23.9%, respectively. Networth coverage for net NPAs was around 21 times. IIFL Home reported networth and CRISIL Ratings-adjusted gearing of Rs 2,681 crore and 8.3 times, respectively. Tier-I and overall CAR stood at 21.1% and 30.5%, respectively. Networth coverage for net NPAs was around 8 times. IIFL Samasta reported adjusted networth and CRISIL Ratings-adjusted gearing of Rs 964 crore and 5.5 times, respectively. Tier-I and overall CAR were 15.9% and 17.8%, respectively.

Weakness

Average, albeit improving, profitability

While CRISIL Ratings-adjusted return on managed assets (RoMA; adjusted for upfront income from direct assignment [DA]) improved to 1.4% for fiscal 2022 from 1.3% in fiscal 2021 (0.9% in 2020), it remains modest. Including income from DA, RoMA stood at 2.1% for fiscal 2022 (1.6% for fiscal 2021). On an absolute basis, IIFL Finance (consolidated) reported net profit of Rs 1,188 crore in fiscal 2022, up from Rs 761 crore in the previous fiscal and Rs 503 crore in fiscal 2020. Earnings were supported by lower credit cost and higher upfront income from DA transactions. Credit cost (provisions and write-offs/average managed assets) was 1.5% in fiscal 2022 compared with 2.4% in fiscal 2021. Elevated credit cost was mainly on account of Covid-19, which led to an increase in the delinquency levels. The company is increasingly looking at the partnership model, and co-lending is expected to contribute to improving profitability as this book materially scales up over the medium term.

On consolidated and standalone basis, IIFL Finance's GNPA's inched up to 3.2% and 2.9% respectively as on March 31, 2022, from 2.1% and 2.4% respectively as on March 31, 2021. This includes the impact of the notification released by the RBI on November 12, 2021 and excluding the same, GNPA's on a consolidated basis would stand at 2.3%.

On a standalone basis, IIFL Home and IIFL Samasta reported GNPA's (excluding impact of Nov'12 circular) of 2.1% and 3.1% respectively as on March 31, 2022 (2.0% and 1.8%, respectively, as on March 31, 2021). GNPA's for the home loan segment stood at 2.6%, gold loan at 0.9%, business loans at 6.0% and microfinance at 3.9%. Apart from this, the IIFL Finance group's restructured book stood at 0.7% of the AUM as on March 31, 2022. Ability to maintain delinquency levels and manage credit cost continues to be a key monitorable.

^[1] Business loans include LAP and unsecured loans to micro small and medium enterprises

Liquidity : Strong

As on May 31, 2022, the company had a liquidity cushion of Rs 3,384 crore (Rs 1,029 crore of cash and equivalents, Rs 1,438 crore of unutilised cash credit limit and Rs 917 crore of unutilised bank limit, including securitisation/DA limit). Against this, total debt obligation was Rs 2,203 crore over the four months through September 2022.

Environment, social and governance (ESG) profile

CRISIL Ratings believes that IIFL Finance group's ESG profile supports its credit risk profile.

The ESG profile of financial institutions typically factors in governance as a key differentiator between them. The sector has reasonable social impact because of its substantial employee and customer base, and it can play a key role in promoting financial inclusion. While the sector does not have a direct adverse environmental impact, the lending decisions may have a bearing on environmental and other sustainability related factors.

IIFL Finance group has demonstrated an ongoing focus on strengthening various aspects of its ESG profile.

Key ESG highlights of the IIFL Finance group

IIFL Finance has replaced 4,207 incandescent lights with light-emitting diode (LED) panels across 15 branches.

Processes have been digitalised and automated to provide a completely paperless journey to customers. As a result, IIFL Home was able to reduce paper consumption by 3.9 tonne in fiscal 2021 (approximately 0.78 million sheets of paper).

Women comprised 18% of the total employees as on December 31, 2021. One out of nine board members is a woman.

Of the company's board members, 67% are independent directors, split into the chairman and CEO positions. It has extensive investor grievance redressal disclosures and mechanism in place.

There is growing importance of ESG among investors and lenders. The IIFL Finance group's commitment to ESG will play a key role in enhancing stakeholder confidence given the substantial share of foreign investors as well as access to domestic capital markets.

Outlook Stable

IIFL Finance group will maintain adequate capitalisation and diversified product offerings in the retail segment.

Rating Sensitivity factors

Upward factors

- Significant improvement in the market position and better asset quality

- Improvement in profitability, with RoMA beyond 3.0% on a sustained basis

Downward factors

- Weakening of the asset quality, with GNPA's increasing to above 5% over an extended period, thereby impacting profitability
- Weakening of the capitalisation metrics, with a sustained higher-than-expected gearing

About the Company

IIFL Finance is the listed holding company of the IIFL Finance group and is registered as a systemically important non-deposit-taking non-banking financial company (NBFC). The group offers various retail lending products, including gold loans, home loans, LAP, business loans and microfinance loans which are the core segments and form 93% of the AUM while the rest comprises of capital market-based lending (margin funding and loans against shares) and construction and developer finance. As of March 2022, promoters held 24.9% stake in IIFL Finance, while 22.3% is held by Mr Prem Watsa-owned Fairfax Holdings and 7.8% by CDC Group PLC.

On a consolidated basis, IIFL Finance had total income (net of interest expenses) and profit after tax (PAT) of Rs 4,015 crore and Rs 1,188 crore, respectively, in fiscal 2022 against Rs 3,364 crore and Rs 761 crore, respectively, in the previous fiscal.

On a standalone alone basis, IIFL Finance reported total income (net of interest expenses) and PAT of Rs 2,474 crore and Rs 745 crore, respectively, in fiscal 2022 against Rs 1,881 crore and Rs 343 crore, respectively, in the previous fiscal. On a standalone alone basis, IIFL Home reported total income (net of interest expenses) and PAT of Rs 1,159 crore and Rs 578 crore, respectively, in fiscal 2022 against Rs 1,014 crore and Rs 401 crore, respectively, in the previous fiscal.

About CRISIL Ratings Limited (A subsidiary of CRISIL Limited)

CRISIL Ratings pioneered the concept of credit rating in India in 1987. With a tradition of independence, analytical rigour and innovation, we set the standards in the credit rating business. We rate the entire range of debt instruments, such as bank loans, certificates of deposit, commercial paper, non-convertible/convertible/partially convertible bonds and debentures, perpetual bonds, bank hybrid capital instruments, asset-backed and mortgage-backed securities, partial guarantees and other structured debt instruments. We have rated over 33,000 large and mid-scale corporates and financial institutions. We have also instituted several innovations in India in the rating business, including ratings for municipal bonds, partially guaranteed instruments and infrastructure investment trusts (InvITs).

CRISIL Ratings Limited ('CRISIL Ratings') is a wholly-owned subsidiary of CRISIL Limited ('CRISIL'). CRISIL Ratings Limited is registered in India as a credit rating agency with the Securities and Exchange Board of India ("SEBI").

Rationale

To arrive at the ratings, ICRA has considered the combined business of IIFL Finance Limited and its subsidiaries (IIFL Home Finance Limited and IIFL Samasta Microfinance Limited), referred to as IIFL/the Group/the company, given their common senior management team and strong financial and operational synergies.

The ratings favourably factor in the Group's diversified lending portfolio with assets under management (AUM) of Rs. 52,761 crore as on June 30, 2022 (retail portfolio constituting 95%) and its widespread presence across 25 states with 3,296 branches. The ratings also consider the Group's adequate capitalisation. With the off-balance sheet portfolio largely driving the growth, the company's capitalisation has remained stable with a consolidated net worth of Rs. 6,470 crore and on-book gearing of 5.7x as on March 31, 2022. IIFL Home Finance has entered into a definite agreement with Abu Dhabi Investment Authority (ADIA) for raising Rs. 2,200 crore of primary capital for a 20% stake, which is likely to support the company's growth plans. Further, given the increasing share of the off-balance sheet portfolio, the capitalisation is expected to remain adequate.

The ratings are constrained by the impact of the Covid-19 pandemic on the Group's profitability and asset quality. The asset quality has moderated on account of pandemic-related issues and slippages in the real estate book. With high slippages and write-offs, the credit costs remained high in FY2022 and FY2021, thereby impacting the profitability. IIFL's ability to manage the asset quality and control the credit costs would remain critical for maintaining the profitability. During the liquidity crisis post September 2018, the company had primarily been relying on the assignment/securitisation of its portfolio. However,

since then, it has raised long-term bank loans, retail non-convertible debentures (NCDs), foreign currency bonds and National Housing Bank (NHB) and National Bank for Agriculture and Rural Development (NABARD) refinance in the last two years, which has helped improve the funding profile. A further improvement in the Group's ability to raise funds from diverse sources at competitive rates will also remain a key monitorable.

ICRA has reaffirmed and withdrawn the rating outstanding on the NCD programme and subordinated debt programme of Rs. 341.04 crore and Rs. 35.00 crore, respectively, as these instruments have been redeemed in full and there are no dues outstanding against the same. The rating has been withdrawn in accordance with ICRA's policy on the withdrawal and suspension of credit ratings.

Key rating drivers and their description

Credit strengths

Diversified lending book with focus on retail lending provides comfort – The Group has a diversified lending book with AUM of Rs. 52,761 crore as on June 30, 2022. Home loans accounted for 35% of the portfolio, followed by gold loans, (32%), business loans (15%), microfinance (12%), developer and construction finance (5%) and capital market (1%). The total AUM grew by 22% YoY. With a focus on growing its assigned book and the AUM under co-lending, the off-balance sheet book has increased significantly and stood at Rs. 18,418 crore (35% of AUM) as on June 30, 2022 (Rs. 10,259 crore; 24% of AUM as on June 30, 2021). The company has tie-ups with various banks and this is likely to further increase the share of the off-balance sheet book in the medium term.

The AUM growth was largely led by a 29% YoY growth in gold loans, 26% in home loans while microfinance loans grew by 43% (albeit on a relatively smaller base). With the transfer of ~Rs. 1,300 crore of the book to Alternative Investment Funds (AIFs) in Q1 FY2022, construction finance and real estate witnessed a decline (of this, ~Rs. 900 crore was received as investment in the units of AIFs and the balance in cash). Further, unsecured business loans have been declining steadily.

ICRA takes note of the Group's extensive network of 3,296 branches across 25 states as on March 31, 2022, which is likely to support future growth. Going forward, the management intends to focus on retail mortgage loans and other high-yielding loans such as gold loans and microfinance loans and reduce incremental exposure to the wholesale segment (6% of the AUM as on June 30, 2022 – including investment in AIF).

Adequate capitalisation – IIFL Finance's consolidated net worth stood at Rs. 6,470 crore as on March 31, 2022 with on-book gearing of 5.7x (managed gearing, including off-book, of 8.5x). ICRA takes note of the definitive agreement between IIFL Home Finance and ADIA for raising Rs. 2,200 crore of primary capital for a 20% stake. The equity infusion is likely to support the company's growth plans in the medium term. The capitalisation is further supported by the increasing share of the off-balance sheet portfolio. The company's solvency profile remained comfortable with consolidated net stage 3/net worth at 7.3% as on June 30, 2022 (6.0% as on June 30, 2021).

On a standalone basis, the company reported a capital-to-risk weighted assets ratio (CRAR) of 23.9% with a Tier I of 16.0% as of March 31, 2022 (25.4% and 17.5%, respectively, as on March 31, 2021). IIFL Home Finance remained adequately capitalised with a CRAR and Tier I of 30.5% and 21.1%, respectively, as on March 31, 2022 (23.0% and 19.6%, respectively, as on March 31, 2021). Samasta's capitalisation has been supported by regular equity infusions by IIFL Finance and IIFL Home Finance. Samasta reported a CRAR and Tier I of 17.8% and 15.9%, respectively, as on March 31, 2022 (18.5% and 15.1%, respectively, as on March 31, 2021).

Credit challenges

Credit costs remain high; exposed to slippages from real estate and microfinance books – The IIFL Group's reported asset quality indicators were comfortable with the gross and net stage 3 at 2.57% and 1.48%, respectively, as on June 30, 2022

(2.20% and 0.80%, respectively, as on June 30, 2021). While slippages remained high in FY2022 and Q1 FY2023, the company's reported asset quality has been supported by significant write-offs, especially in the real estate book and the unsecured micro, small & medium enterprise (MSME) portfolio. IIFL's collections, like other non-banking financial companies (NBFCs), were impacted by pandemic-related issues. It has seen increased slippages in the unsecured MSME segment and the microfinance institution (MFI) portfolio. While the share of the unsecured MSME segment has been reducing and stood at 4% of the AUM as on June 30, 2022 (8% as on March 31, 2020), the company's ability to control slippages from its MFI segment (12% of the AUM) in light of the impact of the pandemic on the borrower profile will be a key monitorable.

Further, IIFL's asset quality is exposed to slippages from the concentrated wholesale lending portfolio. The wholesale lending portfolio largely comprises higher ticket size real estate loans (funding for the relatively initial stages of the project). ICRA, however, takes note of the decline in the real estate book to 5% of the AUM and 36% of the net worth as on June 30, 2022 (6% and 49%, respectively, including the investment in AIFs) from 9% and 79%, respectively, as on March 31, 2021. Given the delays in project execution, the company had extended the date of commencement of commercial operations (DCCO) for ~58% of its real estate portfolio as on June 30, 2021. While the projects have now come out of the DCCO, the Group's ability to control slippages remains a key monitorable.

Given the moderate seasoning of home loans, the Group's ability to maintain its asset quality through the current business cycles will remain a monitorable. Additionally, MFI loans are given to marginal borrower segments, which have been impacted by the pandemic. Microfinance remains susceptible to the risks associated with unsecured lending to marginal borrowers with limited ability to absorb income shocks and the rising borrower leverage levels owing to an increase in multiple lending in the areas of operations. Further, political and operational risks associated with microfinance may result in high volatility in the asset quality indicators.

With increased slippages, credit costs remained high at 1.5% of the average managed assets (AMA) in FY2022 though lower than FY2021 (2.4% of AMA). The profitability was largely supported by the higher upfront gain on assignment with IIFL reporting a profit after tax (PAT) of 2.1% of AMA in FY2022 (1.6% in FY2021). However, excluding the upfront gain on assignment, the PAT stood at 1.5% of AMA in FY2022 compared to 1.4% in FY2021. The company's ability to manage the asset quality and control the credit costs would remain critical for improving its profitability.

Limited diversification in funding profile despite improvement – The resource profile, as on June 30, 2022, consisted of bank loans of ~37%, assignment and securitisation of ~34%, debentures of ~20%, and refinance facility of ~10%. While the company has been raising long-term bank loans, retail NCDs, foreign currency bonds and NHB refinance in the past two years, the reliance has largely been on banks in terms of the investor profile. ICRA draws comfort from the significant retail exposures (~94% of the AUM) with priority sector loans accounting for 36%, which could be securitised/assigned to generate liquidity. An improvement in the Group's ability to raise diversified funds at competitive rates will remain a key monitorable.

Liquidity position: Adequate

As on June 30, 2022, the company had on-balance sheet liquidity (in the form of cash and unencumbered fixed deposits) of Rs. 2,384 crore and undrawn cash credit limits of Rs. 1,273 crore. Further, it had sanctioned but unutilised bank lines of Rs. 330 crore. The liquidity profile remains adequate in relation to the near-term debt maturities (debt obligations of ~Rs. 3,241 crore due till December 2022 for IIFL Finance consolidated).

Rating sensitivities

Positive factors – ICRA could revise the outlook to Positive or upgrade the ratings if the company reports a substantial and sustained improvement in its business performance, characterised by well-diversified growth and improvement in the profitability, asset quality and funding diversity.

Negative factors – ICRA could downgrade the ratings or change the outlook if there is a weakening in the asset quality, with the reported gross stage 3 increasing to more than 5%, or a deterioration in the profitability with PAT/AMA of less than 1.25% or a substantial increase in the on-book leverage on a sustained basis. Any deterioration in the funding flexibility would also be a key negative.

The Complexity Indicator refers to the ease with which the returns associated with the rated instrument could be estimated. It does not indicate the risk related to the timely payments on the instrument, which is rather indicated by the instrument's credit rating. It also does not indicate the complexity associated with analysing an entity's financial, business, industry risks or complexity related to the structural, transactional or legal aspects. Details on the complexity levels of the instruments are available on ICRA's website: www.icra.in
