

# RAPPORT DE L'AUDITEUR OFFICIEL DE LA FIJ

## INDEPENDENT AUDITOR'S REPORT (Free translation)

### To the Executive Committee of the International Judo Federation

#### Opinion

We have audited the accompanying financial statements of the International Judo Federation (hereinafter the "Federation") which comprise the balance sheet as at 31 December 2021 (in which the balance sheet total is USD 29,501,904, the loss after tax is USD 1,077,069 thousand), the related income statement for the financial year then ended, and the notes to the financial statements, which include a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of Federation as at 31 December 2021, and of its financial performance for the financial year then ended in accordance with the provisions of Act C of 2000 on Accounting ("Accounting Act") as in force in Hungary.

#### Basis for Opinion

We conducted our audit in accordance with Hungarian National Standards on Auditing and with applicable laws and regulations in force in Hungary. Our responsibilities under those standards are further described in the "Auditor's responsibilities for the audit of the financial statements" section of our report.

We are independent of the Federation in accordance with the applicable laws of Hungary, with the Hungarian Chamber of Auditors' Rules on ethics and professional conduct of auditors and on disciplinary process and, for matters not regulated in the Rules, with the International Code of Ethics for Professional Accountants (including International Independence Standards) issued by the International Ethics Standards Board for Accountants (IESBA Code) and we also comply with further ethical requirements set out in these.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Other information: the public-benefit supplement and the business report

Other information comprises the public-benefit supplement and the business report of the Federation for the financial year ended on 31 December 2021. Management is responsible for the preparation of the public-benefit supplement in accordance with the relevant provisions of Government Decree No. 350/2011 (XII. 30.) and for the business report in accordance with the provisions of the Accounting Act and other relevant regulations. Our opinion on the financial statements expressed in the "Opinion" section of our report does not cover the public-benefit supplement and the business report and we do not express any form of assurance conclusion on the other information.

In connection with our audit of the financial statements, our responsibility is to read the public-benefit supplement and the business report, and, in doing so, consider whether the public-benefit supplement and the business report are materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appear to be materially misstated. If, based on our work performed, we conclude that the other information is materially misstated, we are required to report this fact.

*PricewaterhouseCoopers Könyvvizsgáló Kft., 1055 Budapest, Bajcsy-Zsilinszky út 78.  
T: (+36) 1 461 9100, F: (+36) 1 461 9101, www.pwc.hu*

Based on the Accounting Act, it is also our responsibility to consider whether the business report has been prepared in accordance with the provisions of the Accounting Act and other relevant regulations, and to express an opinion on this and on whether the business report is consistent with the financial statements.

In our opinion, regarding the financial year ended on 31 December 2021, the business report of the Federation is consistent with the financial statements in all material respects, and it has been prepared in accordance with the provisions of the Accounting Act. As there is no other regulation prescribing further requirements for the Federation's business report, we do not express an opinion in this respect.

We are not aware of any other material inconsistency or material misstatement in the public benefit disclosure or in the business report therefore we have nothing to report in this respect.

## **Responsibilities of management and those charged with governance for the annual financial statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Accounting Act, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Federation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis in preparation of the financial statements. Management has to apply the going concern basis of accounting unless other relevant rules prevent its application or there are facts and circumstances contradicting the going concern principle.

Those charged with governance are responsible for overseeing the Federation's financial reporting process.

## **Auditor's responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Hungarian National Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Hungarian National Standards on Auditing, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Federation's internal control.

# RAPPORT DE L'AUDITEUR OFFICIEL DE LA FIJ

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis in the preparation of the financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Federation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Federation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Budapest, 8 September 2022

# RAPPORT DE L'AUDITEUR OFFICIEL DE LA FIJ

International Judo Federation - Notes to the 2021 financial statements

## General part

Full name of the economic operator: **International Judo Federation**  
Short name: **International Judo Federation**  
Registered office: **1051 Budapest, József Attila utca 1.**

**II. 1.** Domestic establishments: no domestic establishment during the reporting period

Establishments abroad:  
no foreign establishments during the reporting period

The Federation moved its registered office to Hungary in 2020. Before that, it was based in Lausanne, Switzerland. The federation was registered by the Budapest-Capital Regional Court on 20.02.2020 with retroactive effect from 1 January 2020. In 2021, it still had an office in Switzerland, but as it did not perform any economic activity, only completed the closure work resulting from the move, this it does not constitute a permanent business site.

Based on the decision taken at the Congress on 23.08.2009, the International Judo Federation was registered with non-profit status under the Swiss law in Lausanne.

The ordinary Congress of the Federation held in Tokyo on 22 August 2019 discussed the transfer of the Federation's registered office to Budapest. The Congress unanimously agreed, together with amendments to the Statutes on other issues, to hold an electronic consultation with delegates on further changes required for the transfer of the registered office to Hungary, pursuant to Article 8.6 of the Statutes, should the Hungarian law impose additional requirements in this respect compared to Swiss law. The Congress also elected the General Secretary and the General Treasurer of the Federation, who accepted their mandate.

The General Secretary ordered an electronic consultation of the delegates of the Congress on the amendments to the Statutes required for the transfer of the registered office under Hungarian law on 07 November 2019. No comments on the proposed amendments were received within the deadline set for the call for comments, and they were therefore deemed to have been adopted by the delegates on 11 November 2019. On this basis, the Statutes have been amended to include the address of the registered office in Hungary and Hungarian law as the law governing the operation of the organisation.

According to a joint declaration issued by the Minister responsible for the development of Budapest and the metropolitan agglomeration (currently the Minister in charge of the Prime Minister's Office) and the Minister responsible for sports policy (currently the Minister of Human Resources) on 06 December 2019, they support the registration of the organisation as an international sports federation by the Hungarian court, with legal succession due to the transfer of the registered office. In the declaration, the ministers stated that the federation had attached all the documents required by law to its application and that, on this basis, there were no obstacles to the issuance of the declaration. The ministers examined, among other things, the existence of the federation, the eligibility of its representatives to represent it and the fact that the International Olympic Committee recognises the applicant as an official international federation of the sport.

The International Judo Federation has applied the Hungarian legal requirements since 1 January 2020.

In 2021, the Federation set up a diplomatic office in Paris, which also does not constitute a permanent business site.

The organisation is represented by the President and the Treasurer General, who are elected officers.

Contact details of representatives:

Name	Address
Marius Vizer	1112 Budapest, Zólyomi út 32/B.
Al Tamimi Naser	United Arab Emirates, 1280 Abu Dhabi, AlRaha Garden Villa 1280

The representatives are joint signatories of the federation.

Person authorized to represent the company and required to sign the annual accounts:

Name: Marius Vizer

Name: Al Tamimi Naser

Name of the chartered accountant responsible for drawing up the accounts: **Katalin Somogyiné Zombori**

Registration number: 206142

The organisation is subject to audit.

Auditor: PricewaterhouseCoopers Könyvvizsgáló Kft. Address:

1055 Budapest, Bajcsy-Zsilinszky út 78.

Person responsible for the audit of the Organisation: Anita Sávoly-Hatta Membership number of the auditor: 007380

# RAPPORT DE L'AUDITEUR OFFICIEL DE LA FIJ

International Judo Federation - Notes to the 2021 financial statements

Presentation of the fees charged by the auditor:

USD 27,000 for the period 01.01.2021 - 31.12.2020.

Legal status: Public Benefit

## **Presentation of the organisation**

Association Form:

association

Core activity of the organisation: 9312'08 - Sports club activities

Classification according to purpose: sports activities (e.g. physical, intellectual and technical sports, student sports, sports life) - Public benefit activity

It does not pursue any business activities, all its activities are in accordance with its main objective. The pursuit of the above activities is neither restricted nor prohibited by law.

## **Accounting Policy**

The financial statements are prepared in accordance with Act C of 2000 on Accounting, as amended several times, Decree 350/2011 (XII.30), Decree 479/2016. (XII. 28.) as well as the provisions of Act CLXXV of 2011 on the Right of Association, Public Benefit Status, and the Functioning and Support of Non-Governmental Organisations and the applicable tax laws, which have been applied by the Federation from 1 January 2020. No circumstances have arisen that would justify a derogation from the provisions of the law.

From 2021 the books are kept in US dollars in accordance with the rules of double-entry bookkeeping, and the figures in the financial statements are presented in US dollars unless otherwise indicated.

The switch to accounting in foreign currency was made pursuant to the modifications of Sections 7 and 9 of Government Decree 479/2016 (28 December) on the specificities of reporting and bookkeeping obligations of certain other organisations in line with the requirements of the Accounting Act, as stated in issue no. 232 of the HUNGARIAN GAZETTE published on 20 December 2021.

The conversion from HUF to USD was made at the MNB HUF/USD exchange rate of 31.12.2020 (297.36).

### **Data for the previous financial year, special accounting rules:**

The figures for the 2020 annual accounts are presented in HUF, while the figures for the 2021 annual accounts are presented in USD.

To ensure comparability, the opening balance sheet and income statement for 2021 have been prepared in USD at the MNB exchange rate prevailing on 31.12.2020.

Special accounting elements of the organisation's management:

- Judo has been an Olympic sport since 1964 and therefore the International Judo Federation is entitled to Olympic dividend after each Olympic Games, which is determined and paid by the International Olympic Committee. After each Olympic Games, the Federation receives an Olympic dividend in four equal parts from the International Olympic Committee, of which it transfers a part to the continental organisations, as defined in the Financial Regulations.
- The purpose of the Olympic dividend is to raise funds for the promotion of the federation's own sport. Since the Olympic dividend is necessary to finance the 4 years following each Olympic Games, the International Judo Federation will recognise this income in equal instalments over 4 years as Other Income on a straight-line basis in accordance with the Hungarian Accounting Policy, starting from 1 January 2020. During the transition, the revenue recognized for previous years has been adjusted, following the straight-line accounting, through the accruals and retained earnings balance sheet lines.

# RAPPORT DE L'AUDITEUR OFFICIEL DE LA FIJ

International Judo Federation - Notes to the 2021 financial statements

- Part of the income received will be transferred to the continental federations in accordance with the internal financial regulations of the International Judo Federation. The amount to be transferred is also accounted for by the federation, in accordance with the principle of comparison, spread over 4 years, as Other expenses. This has also been adjusted against the retained earnings during the transition.
- In the course of organising the competition, the Federation is the payer of a number of cash prizes to the winners of the competition. The amounts received for these cash prizes payable are accounted for separately by the Federation. The payment of prizes is linked to the competitions and is recognised as income and expenses when the competition has taken place.
- The competition organisation fee is recognised as revenue when the competition is actually held. This is a change from the previous accounting system. A detailed description of the change can be found in the 'Adjustments to previous years' chapter.

## Form of the accounts, financial year, balance sheet date, date of preparation of the balance sheet:

The Federation prepares annual accounts in accordance with Act C of 2000, subject to the provisions of Decree 479/2016. (28 December).

Type of balance sheet chosen: "Type A" annual balance sheet Type of selected income statement: Total cost method

The entity does not use the option to further subdivide or merge the balance sheet and income statement account according to the Accounting Act.

This report covers the period from **1 January 2021 to 31 December 2021**, the balance sheet date of the **International Judo Federation: 2021.12.31**.

Balance sheet date: 19.05.2022

As at the balance sheet date, there were no factors or circumstances that would conflict with the accounting principle of "going concern", the organisation is able to continue its operations for the foreseeable future, it can continue its activities, and no cessation or significant reduction in operations is expected. The Organisation will continue in operation indefinitely.

The accounts and related supporting information and reports are available for inspection at the registered office. The exact address of the registered office: **1055 Budapest, József Attila utca 1. II./1.**

The accounts are also available on the Federation's website:

Website: <https://www.ijf.org/documents>

Policies: the company has inventory and cash management policies.

The entity is not required to disclose information on specific activities.

In 2021, the Federation reviewed its practice of accounting for royalty income, and concluded that the previous practice (accounting for royalty income at the same time as signing the contract) is not appropriate, and therefore prepares the accounts in 3 columns. The accounts include the adjustments made in previous years, details of which are given in the 'Evolution of equity' section.

## The main valuation methods and procedures used in the preparation of the accounts are as follows:

### Valuation of assets and liabilities

# RAPPORT DE L'AUDITEUR OFFICIEL DE LA FIJ

International Judo Federation - Notes to the 2021 financial statements

## Rules for the recognition of scheduled depreciation:

The amount of depreciation is determined on the basis of an individual valuation, taking into account the expected useful life and residual value of the tangible and intangible assets acquired. Scheduled depreciation is charged once a year at the balance sheet date, taking into account the period of use of the asset. Typical Useful lives by category:

Properties: 50 years

Technical equipment, machinery, vehicles: 3 years,

Other equipment, fixtures, vehicles: 7 years.

Due to the nature of the entity's activities, no residual value has been recognised for assets acquired during the year because the value and/or residual value of the assets acquired is not significant.

The depreciation of intangible and tangible assets has been determined in accordance with the accounting policy.

The depreciation of intangible and tangible assets is calculated on a straight-line basis using the depreciation rates set out in the Corporation Tax Act and is charged once a year.

Tangible fixed assets with an individual acquisition cost of less than HUF 200,000 are expensed immediately at the amount of their acquisition cost, with depreciation charged at the time of their entry into use.

## Impairment

Valuation of receivables:

In accordance with the principles of individual valuation, receivables from customers are valued individually (per account). This includes the classification of receivables.

The classification shall be made according to the following categories:

Recognised receivables are those for the settlement of which the customer (counterparty, consumer)

- has not objected to the invoiced value by the due date for payment;
- responds to the debit note with a debt acknowledgement or does not send a negative reply;
- has settled the invoice between cut off date and the balance sheet date;
- received a correcting invoice for the value claimed in the invoice objected to.

A claim is overdue if the contractual or statutory payment deadline has expired but there is no information on the risk or uncertainty other than the time that has elapsed since the payment deadline expired.

An impairment loss is recognised for past due receivables on the basis of the specific assessment of the buyer or debtor if the difference between the carrying amount of the receivable and the estimated recoverable amount of the receivable is of a persistent and significant nature.

The Federation makes use of the option of individual impairment, so each claim is assessed individually.

## Valuation, valuation of foreign currency assets and liabilities:

The Federation carries its assets at acquisition value and does not use of the option to value at market value.

# RAPPORT DE L'AUDITEUR OFFICIEL DE LA FIJ

International Judo Federation - Notes to the 2021 financial statements

For the valuation of assets and liabilities denominated in foreign currencies, the organisation has opted to use the MNB exchange rate.

Items recorded in foreign currency were revalued at year-end at the MNB exchange rate prevailing on 31.12.2021.

## Ratings - ex-post verification, self-audit for the closed financial years

The organisation determines which assets, liabilities, profit or loss, equity and liabilities are affected by any identified error and the additional effects of the identified error.

Significant error: if, in the year when discovered the total of all errors (whether negative or positive) for a given financial year (separately for each year) and the impacts thereof - increasing or decreasing the profit or loss or the equity - exceeds 2 (two) per cent of the balance sheet total of the year audited. The effects of material errors relating to prior years shall be carried back to the first day of the year in which the error is detected and shall be presented separately from the year in which the error was detected in the balance sheet and income statement and in the notes to the accounts, broken down by year, alongside the data for the previous year.

In the case of material errors, the effects on assets and liabilities in the year of the error detection is recorded as at the first day of the year, with the effect on profit or loss being adjusted directly to the profit and loss reserve.

An error is not considered to be material if in the year of detection of the error, the aggregate amount (irrespective of the preceding year) of the errors or impacts of errors identified increasing or decreasing the profit or loss or equity, does not exceed 2 per cent of the total balance sheet amount of the audited financial year, i.e. the material threshold. The impacts of non-material errors must be recognised in the books during the current financial year.

## Classifications and interpretations for the purpose of accounting

Material to the financial statements is any information, the omission or misstatement of which would affect the judgements of users of the financial statements.

In addition, an amount that has the actual or potential effect of causing a material amount of error is considered material for accounting and valuation purposes.

The notes to the accounts shall show the breakdown of revenue by the amount of subscriptions, payments received from founders and grants received within other revenues.

Unless otherwise provided for by law or accounting policy, on the basis of past events and future expectations, a period of more than one year (365 days) and when a circumstance is considered to be final is considered to be permanent.

## International Judo Federation - Notes to the 2021 financial statements

### Adjustments to previous years

The adjustment to the previous year was necessary due to a revision of accounting policy. In the previous year, the Federation recognised the competition organisation fees as income at the time of signing the contract. Based on the events of the past year, there is uncertainty in this accounting. The Federation therefore reviewed this under the principle of prudence and concluded that the revenue can be realised when the competitions are actually held.

As a consequence, the accounts of two contracts had to be adjusted, which had been recognised as revenue in previous years due to the date of signature of the contract. See the detailed presentation under the 'Evolution of Equity' chapter.

# RAPPORT DE L'AUDITEUR OFFICIEL DE LA FIJ

International Judo Federation - Notes to the 2021 financial statements

## Receivables

Change in gross value of trade receivables USD	
Opening balance (01.01.2021)	11,599,522
Closing balance (31.12.2021)	8,510,719

Change in impairment on trade receivables USD	
Opening balance (01.01.2021)	5,927,035
Recognition of impairment losses	550,558
Derecognition of impairment losses	-4,517,029
Revaluations, exchange rate differences	-182,239
Closing Impairment 31.12.2021	1,458,387
Change %	<b>0.75%</b>

Net value 01.01.2021	5,672,488
Net value 31.12.2021	6,732,394

The main reason for the change in receivables is that there were more competitions in 2021, which resulted in more invoices being issued.

### Presentation of the main elements of prepayments and deferred expenses:

Revenue AIE: detailed reasons for this change can be found in the chapters 'Adjustments to previous years' and 'Evolution in equity'. Previously, the Federation recognised royalty income when the contracts were signed, which was recorded in Prepaid revenues.

### Evolution of equity in 2021 (USD):

The economic operator is considered as another entity and therefore does not have any mandatory registered capital for foundation.

# RAPPORT DE L'AUDITEUR OFFICIEL DE LA FIJ

<b>EQUITY 31.12.2021</b>	<b>391,009</b>

# RAPPORT DE L'AUDITEUR OFFICIEL DE LA FIJ

International Judo Federation - Notes to the 2021 financial statements

The adjustment in both the Retained earnings and Profit after tax relates to an improvement in the accounting of royalty income.

Retained earnings adjustment:

In the accounts as at 31.12.2020, the royalty income from competitions for which the contract was concluded by the Federation before 1 January 2020 but the competition did not take place until later was recognised in the Income Statement against Prepaid Revenues. These contracts were accounted for by the Federation in 2020 against Retained Earnings during the change of registered office in the transition to accounting in line with the Hungarian Accounting Act.

In 2021, the Federation reviewed its previous practice: based on the principle of prudence, it only recognises royalty income at the time of the competition/event, not at the time of contract signature. As a result, the retained earnings for the previous year decreased by USD 7,849,773. As the invoicing related to these competitions did not yet take place by 31.12.2020, the full adjustment is recorded against Prepaid revenues.

Profit after tax adjustment:

In the accounts as at 31.12.2020, the royalty income from the competitions for which the contract was signed in 2020 was recorded against Profit after tax (Revenue for the current year). Of these competitions, the Federation adjusted the previous year's turnover for those competitions that did not take place in 2020. The Federation reduced the previous year's revenue by the royalty income from these competitions by a total of USD 6,753,480. As these contracts were already invoiced, the invoiced part of the revenue, USD 4,911,622, was reversed against Accrued revenues and the remaining revenue of USD 1,841,858 was reversed against Prepaid revenues.

A summary of the adjustments is presented in the table below.

Balance sheet	31.12.2021 (USD)	concluded before contracts (USD)	01.01.2020 in contracts (USD)	Amendments total (USD)	Amended 31.12.2020 (USD)

	<b>3 869 828</b>		<b>0</b>		

The capital is entirely related to the public benefit activity. The federation has no other activities.

# RAPPORT DE L'AUDITEUR OFFICIEL DE LA FIJ

International Judo Federation - Notes to the 2021 financial statements

## Presentation of the main elements of liabilities:

There are no liabilities of the Federation that are secured by pledges or similar rights or that are not reflected in the balance sheet but would be significant in assessing the financial position.

The federation has no liabilities that are subordinated or have a maturity of more than five years.

The previous year, liabilities included a loan from the International Olympic Committee, as the Tokyo Olympics, scheduled for 2020, were not held until 2021, thus the Olympic dividend was not paid. The Olympics took place in 2021, thus the Olympic dividend was accounted for and the Federation's liability was terminated.

## Presentation of the main elements of accruals and deferred income:

Deferred income:

- The main reason for the increase is that according to the new accounting policy, the Uzbekistan World Cup will be recognised as revenue in 2022, therefore invoices already issued have been deferred for an amount of USD 4,911,622.

Accrued income includes payments received in relation to the organisation of a competition which takes place after the balance sheet date. At the end of 2021, the number of payments received for competitions in the following year was higher than those received at the end of 2020. This, and the change in accounting, explains the balance increase.

Accrued costs and charges

- Lawyer fees for 2021: USD 25,000
- Accounting fee for 2021. USD 8,459
- Other items: USD 5,078

Deferred income includes the deferred part of the amount allocated to the International Olympic Committee for 4 years. The amount of the Olympic Dividend received from the International Olympic Committee is recognised by the Company on a straight-line basis over 4 years (see under 'Elements of the Accounting Policy' and 'Other Revenues').

## Net sales revenue:

Denomination (USD)	Previous year 2020	Modifica tions of the	Amended 2020	Current year 2021
Net domestic sales revenue	230,515			2,922,975
Net export sales revenues	16,510,883	- 6,753,480	9,757,403	11,916,029
<b>Net sales revenue:</b>	<b>16,741,399</b>	<b>- 6,753,480</b>	<b>9,987,919</b>	<b>14,839,004</b>

The Federation's revenue typically consists of licence fees, sale of broadcasting rights, sponsorship fees. Net sales revenue for the current year: USD 14,839,004

# RAPPORT DE L'AUDITEUR OFFICIEL DE LA FIJ

International Judo Federation - Notes to the 2021 financial statements

Of which domestic sales: 2,922,975 USD of which  
export sales: USD 11,916,029

The main reason for the change in turnover is the change in accounting. See 'Equity' for a detailed description. In 2021, there were more competitions and higher revenues associated with them, which is the reason for the increase in the current year.

## Other revenues:

Denomination (USD)	2020	2021
<b>Other revenues</b>	<b>6,943,510</b>	<b>8,168,539</b>

Detailed presentation of the other revenues of the organisation:

IOC (International Olympic Committee support):	4,326,292 USD
Various other revenues:	USD 2,413
Subsidies:	USD 1,053,094
Membership fees:	USD 200,897
Rounding:	USD 582
Turnover bonus:	USD 156,977
Cash prizes for onward transfer:	USD 2,083,378
Profit adjusting items:	USD 97,500
Cancellation fees, other revenues:	USD 247,406
<b>Total</b>	<b>USD 8,168,539</b>

In accordance with Hungarian accounting, the Olympic dividend is recognised by the federation as other income on a straight-line basis over the 4 years (see the main features of the accounting policy and the General section.)

## Presentation of the main cost and expense items of the Federation:

Denomination (USD)	2020	2021
Material type expenses	9,274,900	10,505,82
Staff costs	5,835,122	6,134,98
Depreciation write-off	94,427	108,69
Other expenses	5,544,491	6,669,37

The main items of the material costs and cost of services used are the costs of organising competitions (travel, broadcasting, advertising, etc.) and operating costs.

<b>Material expenses</b>	<b>USD 324,741</b>
<b>Costs of services used</b>	<b>USD 9,858,683</b>
Travel expenses	USD 4,035,531
Transportation costs	USD 199,946
Donations	USD 2,326,612

# RAPPORT DE L'AUDITEUR OFFICIEL DE LA FIJ

International Judo Federation - Notes to the 2021 financial statements

Professional fees	USD 4,595,333
Media expenses	USD 829,418
Staff expenditure	USD 6,134,987
<b>Cost of other services</b>	<b>USD 322,398</b>
<b>Total material type expenses:</b>	<b>USD 10,505,823</b>

## Staff costs, other information

The average number of staff employed during the year was 17, and staff costs were as follows:

Denomination	2020 Amount USD	2021 Amount USD
Payroll expenses	588,354	700,047
Contributions on wages and salaries	11,760	32,036
Other personnel expenses	5,235,008	5,402,904
<b>STAFF COSTS</b>	<b>5,835,122</b>	<b>6,134,987</b>

Salaries paid to intellectual staff amounted to USD 887,004 and to HUF th 0 for representatives. Senior officials are reimbursed an amount set out in the Financial Regulation.

Other payments of a personal nature include the fees of coaches and referees with various contracts of engagement and reimbursements of expenses (typically travel-related) paid under various headings provided for in the Financial Regulation.

In 2018-2019, the number of staff was less than 50.

## Other expenses

Denomination (USD)	2020	2021
<b>Other expenses</b>	5,544,491	6,669,377

The largest item under other expenses is the cash prizes related to competitions. The increase is due to an increase in the number of competitions and cash prize amounts.

### Descriptive part

## Environmental protection

The entity had no environmental liabilities in the previous or the current year, no costs were accounted or provisions recognised in that regard, no environmental liabilities were recognised in the balance sheet, and it has no reconstruction obligation. The federation does not produce or store hazardous waste or substances harmful to the environment.

## Other information:

COVID has had a major impact on the life of our Federation. In 2020, the Olympics were cancelled and several competitions had to be rescheduled due to restrictions. However, with the reduction in travel, the associated costs have also decreased, and our Federation has also made the temporary decision to reduce both salaries and reimbursements by 15% to maintain sufficient liquidity and efficiency for the future. Wages were reinstated in the autumn of 2021. In 2020, the International Olympic Committee contributed to the maintenance of the Federation's operations with a quick loan, which was repaid in 2021 by way of deduction from the Olympic dividend. The "going concern principle" as an accounting principle continues to apply. The International Judo Federation restarted its competition series in 2021 following the pandemic in 2020. By the end of May, it organised 6 international competitions and signed up for 10 in 2021. The Hungarian World Championships was held in June, where they will hold their regular congress.

All supporters of the Federation have been retained and negotiations are ongoing with the federations that organised competitions between 2017-2020 on further competitions. This will lead to an increase in expenditure on the competition, such as travel and related costs.

The Tokyo Olympics, cancelled in 2020, was held in the summer of 2021, so the associated payment obligations also became relevant at that time.

## Events after the balance sheet date:

In 2022, another unexpected event shook the world. On 24 February, Russia launched a massive military offensive against Ukraine and entered the country from several directions. Our Federation has taken the following measures in response to the violence:

We have not banned any athletes, but they cannot compete under their own flags (Russian and Belarusian).

They choose not to enter our competitions, or to enter only a very small number of them.

We have cancelled the Kazan Grand Slam from our competitions.

Our sponsorship contract has not been terminated, but our partners are also in a difficult situation, so we do not know what the long-term consequences of the war will be on our revenues. What we can already see is that travel costs have increased, which is a significant part of our budget, so this is expected to have a negative effect on our profits. Despite this, the Federation's operation and its 'going concern accounting principle' are still guaranteed.

## Public Benefit Report

### 1 Identification data of the organisation

\*Data in USD

name:	<b>International Judo Federation</b>
registered office:	1051 Budapest, József Attila u. 1. II/1.
number of the resolution of registration:	9.Pk.60.844/2019/5.

## General part

A organisation full title:	<b>International Judo Federation</b>
Registered office:	<b>1051 Budapest, József Attila utca 1. II. 1.</b>
Domestic establishments:	no domestic establishment during the reporting period
Establishments abroad:	no foreign establishments during the reporting period

The Federation moved its registered office to Hungary in 2020. Before that, it was based in Lausanne, Switzerland. The Federation was registered by the Budapest-Capital Regional Court on 20.02.2020 with retroactive effect from 1 January 2020. In 2021, there was still an office in Switzerland, but as it did not pursue any economic activities, but only completed the closing works resulting from the move, it did not constitute a permanent establishment.

Based on the decision taken at the Congress on 23.08.2009, the International Judo Federation was registered with non-profit status under the Swiss law in Lausanne.

The ordinary Congress of the Federation held in Tokyo on 22 August 2019 discussed the transfer of the Federation's registered office to Budapest. The Congress unanimously agreed, together with amendments to the Statutes on other issues, to hold an electronic consultation with delegates on further changes required for the transfer of the registered office to Hungary, pursuant to Article 8.6 of the Statutes, should the Hungarian law impose additional requirements in this respect compared to Swiss law. The Congress also elected the General Secretary and the General Treasurer of the Federation, who accepted their mandate.

The General Secretary ordered an electronic consultation of the delegates of the Congress on the amendments to the Statutes required for the transfer of the registered office under Hungarian law on 07 November 2019. No comments on the proposed amendments were received within the deadline set for the call for comments, and they were therefore deemed to have been adopted by the delegates on 11 November 2019. On this basis, the Statutes have been amended to include the address of the registered office in Hungary and Hungarian law as the law governing the operation of the organisation.

According to a joint declaration issued by the Minister responsible for the development of Budapest and the metropolitan agglomeration (currently the Minister in charge of the Prime Minister's Office) and the Minister responsible for sports policy (currently the Minister of Human Resources) on 06 December 2019, they support the registration of the organisation as an international sports federation by the Hungarian court, with legal succession due to the transfer of the registered office. In the declaration, the ministers stated that the federation had attached all the documents required by law to its application and that, on this basis, there were no obstacles to the issuance of the declaration. The ministers examined, among other things, the existence of the federation, the eligibility of its representatives to represent it and the fact that the International Olympic Committee recognises the applicant as an official international federation of the sport.

The International Judo Federation has applied the Hungarian legal requirements since 2020, the differences in accounting between Swiss and Hungarian regulations are detailed in the general part.

The organisation is represented by the President and the Treasurer General, who are elected officers. In 2021, it set up a diplomatic office in Paris, which also does not constitute a permanent business site.

From 2021 the books are kept in US dollars in accordance with the rules of double-entry bookkeeping, and the figures in the financial statements are presented in US dollars unless otherwise indicated.

The conversion from HUF to USD was made at the MNB HUF/USD exchange rate of 31.12.2020 (297.36).

## **Other information:**

COVID has had a major impact on the life of our Federation. In 2020, the Olympics were cancelled and several competitions had to be rescheduled due to restrictions. However, with the reduction in travel, the associated costs have also decreased, and our Federation has also made the temporary decision to reduce both salaries and reimbursements by 15% to maintain sufficient liquidity and efficiency for the future. Wages were reinstated in the autumn of 2021. In 2020, the International Olympic Committee contributed to the maintenance of the Federation's operations with a quick loan, which was repaid in 2021 by way of deduction from the Olympic dividend. The “going concern principle” as an accounting principle continues to apply.

In 2022, another unexpected event shook the world. On 24 February, Russia launched a massive military offensive against Ukraine and entered the country from several directions. Our Federation has taken the following measures in response to the violence:

We have not banned any athletes, but they cannot compete under their own flags (Russian and Belarusian). They choose not to enter our competitions.

## **Events after the balance sheet date, outlook for 2021**

The International Judo Federation restarted its competition series in 2020 following the pandemic in 2020. By the end of May, it organised 6 international competitions and signed up for 10 in 2021. The Hungarian World Championships was held in June, where they will hold their regular congress.

All supporters of the Federation have been retained and negotiations are ongoing with the federations that organised competitions between 2017-2020 on further competitions. This will lead to an increase in expenditure on the competition, such as travel and related costs.

The Tokyo Olympics, cancelled in 2020, was held in the summer of 2021, so the associated payment obligations also became relevant now.

Budapest, 08.09.2022
