PNAE
Paediatric Nursing Associations of Europe

BUILDING TO LAST:

European perspectives on integrated paediatric care in the future

We are delighted to announce that the 51st ANPDE National Study Days will be held in Paris from 10th to 12th June 2026 at the *Palais des Congrès* in *Issy-les-Moulineaux*, near Paris, in collaboration with the 7th European Congress on Paediatric Nursing.

We have joined forces with esteemed colleagues in France to promote the sharing of knowledge and experience with the aim of enhancing paediatric nursing and the care of newborn, children, young people and their families across Europe.

We are aiming to share research findings, educational knowledge, service improvements and valuable practical experience regarding the care of babies, children, young people and their families from Nurses and other professionals from across Europe.

The Congress in France will provide the ideal opportunity to network, share ideas and learn from colleagues about improving the care and outcomes for newborn, children and young people and their families.

We shall look forward to networking and seeing you at this beautiful venue.

Warmest wishes,

Charles Eury (Chair Local Organisational Committee)

Nadia Boutih (Chair Local Scientific Committee)

Dr Immacolata Dall'Oglio (Chair International Organisational Committee)

Prof. Jane Coad (Chair International Scientific Committee)

INFORMATION

This congress will be managed with Imagina:
ticketing, detailed and updated program, interactive map of the venue, practical information, satisfaction survey...

To download the Imagina app on your smartphone, follow these steps, preferably before the beginning of the conference:

- Download the Imagina app from your [App Store](#) or [Play Store](#).
- Log in to your Imagina account.
- The event will appear in your favorites. If not, search for "PNAE" or "ANPDE" in the search bar at the top of your screen.
