

Nexstim Receives System Order from Distributor in the Middle East

Press release, Helsinki, 27 June 2025 at 9 AM (EEST)

Nexstim Plc (NXTMH:HEX) ("Nexstim" or "Company") has received an order for an NBS System 5 from a distributor for a clinic in the Middle East. The end customer is new to Nexstim.

The Nexstim Navigated Brain Stimulation (NBS) System 5 ordered includes a therapy module, allowing the system to be used for the treatment of major depression and chronic neuropathic pain. The end customer intends to use the system mainly in therapy and potentially also for research purposes.

Mikko Karvinen, CEO of Nexstim, comments: *"With the hard work and expertise of both our international Nexstim team as well as our distributors, we have continued to achieve system sales to different kinds of customers in a large geographical area. Happy to see the efforts pay off as we near the end of the first half of the year."*
