

Nexstim Receives NBS 5 System Order from Californian Clinic

Press release, Helsinki, 17 October 2024 at 9 AM (EEST)

Nexstim Plc (NXTMH:HEX) ("Nexstim" or "Company") has received an order for an NBS 5+ system from a clinic based in California, United States.

The NBS (Navigated Brain Stimulation) 5+ is a system configuration that enables the delivery of both diagnostic and therapeutic applications in the same device. The diagnostic indication of the system is non-invasive, pre-surgical mapping of motor cortices prior to neurosurgery. With a speech module that the specific system also includes, speech cortices can also be mapped. On the therapeutic side, the system is FDA cleared for the treatment of Major Depressive Disorder (MDD).

Mikko Karvinen, CEO of Nexstim, comments: *"Our products succeed at providing solutions to diverse needs that our customers have in diagnosing and treating brain diseases and disorders. We are constantly working hard on further developing our products and services, always focusing delivering the greatest value."*

About Nexstim Plc

Nexstim is a Finnish, globally operating growth-oriented medical technology company. Our mission is to enable personalized and effective diagnostics and therapies for challenging brain diseases and disorders.

Nexstim has developed a world-leading non-invasive brain stimulation technology for navigated transcranial magnetic stimulation (nTMS) with highly sophisticated 3D navigation providing accurate and personalized targeting of the TMS to the specific area of the brain.

Nexstim's Diagnostics Business focuses on commercialization of the Navigated Brain Stimulation (NBS) system. The NBS System 5 is the only FDA cleared and CE marked navigated TMS system for presurgical mapping of the speech and motor cortices of the brain.

Nexstim's Therapy Business markets and sells the NBS System 6 which is FDA cleared for marketing and commercial distribution for the treatment of major depressive disorder (MDD) in the United States. In Europe, the NBS 6 system is CE marked for the treatment of major depression and chronic neuropathic pain.

Nexstim shares are listed on Nasdaq First North Growth Market Finland.
