

Giffy CMS

Giffy CMS is one of the most seamless Content Management Systems. Built on GIFFY, our platform comes with a handful of features making any editorial action easier for you. From publishing articles to editing contents, the whole process is simplified so that any layman can make the best use of it.

Modules & features

- > **Register Article:** Using our CMS is an excellent way to manage the creation, modification, and registration of your digital content
- > **Site Setting:** Without any technical setup, you can create amazing websites of different layouts for publishing contents.
- > **Topic Setting:** Instead of manual page creation, Topic Setting allows creating new pages dynamically for article registration.
- > **Add Product:** Uplift the look and feel of your product listing page in the e-commerce site using our Add Product feature.
- > **Manage Gallery:** Our CMS lets you create beautiful gallery for product portfolio or to showcase the article snippets.
- > **Banner Setting:** GIFFY-CMS simplifies adding beautiful and precise images to your content in the banner sections.
