RUCKUS Analytics Promotion

Overview

RUCKUS Analytics from CommScope is a cloud service for network analytics and assurance. Powered by machine learning (ML) and artificial intelligence (AI), it helps IT teams become proactive, use the power of algorithms to remediate tedious problems. These are few of the benefits:

- Automate Manual Tasks
- Accelerate network and client troubleshooting
- Reduce Mean time to identify problems by 66%
- Reduce the number of service affecting incidents
- Helps IT teams prioritize
- Monitors network health
- Better planning and forecasting

RUCKUS Analytics appeals to IT, Line of business, Helpdesk and Support buyers.
