# **Azure Migrate and Modernise Program**

#### Azure Migrate and Modernise Program

The Azure Migration and Modernisation (AMM) Program pulls together all aspects of support that an organisation will need to succeed in its cloud adoption. A significant element of the AMM Program is the funding your customers may be eligible to receive to subsidise the investment of adopting the cloud.

With Infinigate Cloud as your AMM partner, you'll be working with one of the most trusted Azure services providers, with decades of Microsoft expertise and proven excellence in delivering enterprise cloud transformations. We are also proud to have earned a Solutions Partner designation for Infrastructure (Azure) and specialisations in Infra and Database Migration to Microsoft Azure and Microsoft Azure **Virtual Desktop**, meaning that we have met Microsoft's strict requirements in technical expertise, service delivery and support.

#### What is the AMM Program?

AMM is a program from Microsoft designed to help vou accelerate vour customer's cloud journey with expert help at every stage, and partner funding available from assessment through to migration. If you have a customer project where you're looking to migrate them into the cloud, we can work with Microsoft to get you and your customer the right support at every step.

#### What are the partner benefits?

Receive expertise and quidance

Direct access to AMM funding for your customers, led by Infiniaate Cloud Azure **experts** in adoption, migration, and modernisation.
