Supercharge your growth with the Innovation Accelerator Partner Program

The Innovation Accelerator Partner Program encourages healthcare innovation through close collaboration with select digital health leaders. The program empowers our partners to think big on their product roadmaps, and we provide valuable insights into how partners can win customers and deliver an exceptional experience. By working together and sharing industry knowledge with our global network of healthcare experts, our partners can improve market efforts and showcase their strengths to potential partners and customers.

At every membership level, the multitiered program offers qualified partners a platform to accelerate growth with breakthrough clinical, financial, and operational solutions through the Innovaccer[®] Health Cloud. As the industry's first and only full-stack platform, the health cloud combines its Best in KLAS Data Activation Platform, Application Suite, Innovation Toolkit, and Innovation Accelerators to propel innovation in healthcare.

An ecosystem of technology partners to accelerate healthcare innovation

Abhinav Shashank, cofounder and CEO at Innovaccer

“Our data model is unique because it’s fundamentally organized around the whole patient. The unified patient record—a single source of clinical and financial truth—is at the center of the Innovaccer Health Cloud’s ecosystem. That’s what makes this program distinctive. We’re bringing the industry together around a common vision and mission to help healthcare care as one.”

Here's what our partners have to say:

"We are excited about the opportunity to partner with Innovaccer and broaden access with a best-in-class, voice-enabled, AI-powered assistant that can help clinicians overcome the daily burden of clinical documentation. The more we can empower the healthcare technology industry with intuitive digital solutions, the greater the potential we have to improve the overall care landscape. Innovaccer's Accelerator Partner Program is a transformative step in that direction."

–**Jallel Harrati**, SVP of Sales at Suki

"More than ever, healthcare is turning to digital solutions to improve efficient care delivery. DocSpera delivers an intelligent software platform for surgeons, outpatient, and inpatient ORs to coordinate care in a highly productive manner. Our partnership with Innovaccer allows us to drive a seamless AI-based surgical intelligence and management platform to reduce surgical cancellations and accelerate patient rebooking—which costs our customers millions annually—while increasing patient satisfaction."

–**Samuel Ethiopia**, Chief Operating Officer at DocSpera

"b.well creates informed, connected consumers, transforming the way people interact with healthcare. Our partnership with Innovaccer enables more health systems to shift to a consumer-centric approach and opens doors in a whole new way to their populations. Our customers are being rewarded with increased engagement and are seeing complete patient health profiles for the first time. Personalized patient communication is driving improved health and financial outcomes for all involved."

–**Kristen Valdes**, CEO of b.well Connected Health

**Build once. Scale fast.
Accelerate innovation together.**
