**ABSTRACT**

This hypothesis is based on the butterfly effect of chaos theory, which describes how a complex system's sensitivity to initial conditions can result in delayed and potentially catastrophic outcomes. **Objective:** What are the odds of "LBJ's misrepresentation contributed to My Lai massacre and Vietnam genocide?" **Method:** We applied the probability to JFK assassination and the Vietnam war to project the odds of random occurrence of "LBJ's misrepresentation in 1963 triggered the My Lai massacre in 1968?" **Results:** "LBJ's misrepresentation in 1963 triggered the My Lai massacre in 1968.

Certainty of this observation being correct is 99.99%."

- Lee Harvey Oswald was a witness at the doorway, Lee's passport was not valid for travel to Cuba, the whole Mexico City narrative was a fabrication, the extant autopsy photographs are not of the body of JFK,
- Saxitoxin, a CIA special poison arrow immobilized JFK during the ambush on 11/22/1963,
- Lucien Conien (CIA)-NSA memo reported JFK's homicide on 11/21/1963.
- Christchurch newspaper in New Zealand reported JFK's murder by Lee Harvey Oswald a lone assassin before JFK died,
- LBJ reversed JFK's NSAM 263 the military withdrawal from Vietnam on the second day of presidency.

**Discussion:** Mathematical evidence suggests a cause-and-effect relationship between the Coup D'etat of November 22nd, 1963 and the Vietnam War made possible by clandestine well-organized actions to sabotage JFK's presidency. The random occurrence of "a coup D'etat caused the My Lai massacre and the Vietnam War carpet bombing" is 99.99%. Evidence based history of the Vietnam war in our textbooks, museums, memorials and would promote lasting peace. Conclusion: President Johnson's misrepresentations triggered the My Lai massacre and carpet bombing of Vietnamese civilians. Evidence based history of the Vietnam war in our textbooks, museums, memorials and would promote lasting peace. War and Genocide triggered by Initial Presidential Misrepresentations Consistent with the Butterfly Effect of Chaos Theory.

Istanbul 11/22/1963

On November 22nd, 1963 President John F. Kennedy was assassinated at the Dailey Plaza in Dallas, TX.<sup>[1,2,3,4,5]</sup> On the second day of presidency the new president Lyndon B. Johnson reversed JFK's orders to end the American military involvement in Vietnam.<sup>[6]</sup>

The central hypothesis of this paper is "presidential lies by President Lyndon Johnson triggered the Vietnam war and My Lai massacre".

**OBJECTIVE**

What are the odds of "LBJ's misrepresentation of "Oswald killed JFK triggered the My Lai massacre and Vietnam genocide?"

To determine a cause and effect relationship between the coup D'etat of November 22nd, and the subsequent serial

killings of thought leaders, the My Lai Massacre and the Vietnam war and genocide.

## METHOD

We reviewed data by using key words JFK assassination, Coup D'etat of November 22nd, 1963., Vietnam War through Internet search and by identifying 304 articles relevant to our investigation. We applied the probability to project the odds of random occurrence of a cause and effect of the odds of "LBJ's misrepresentation of Oswald killed JFK contributed to My Lai massacre and Vietnam genocide?"

## RESULTS

**DISCUSSION**

Dailey Plaza was a man made disaster meticulously planned and executed with military excellence. Astonishingly, the world wrongly believed JFK was killed by a lone assassin, a former CIA agent, an obvious patsy, with his top secret background published in Christ Church newspaper in New Zealand before JFK died.

The Coup D'etat of 1963 followed the tragic Second world war. FDR modernized the Soviet army upgrading the Soviet Union to become a military superpower.<sup>[22]</sup> FDR never informed the Pacific commanders of his foreknowledge of the Japanese assault on Pearl Harbor.<sup>[22,23]</sup> He covered up the Katyn massacre by Stalin.<sup>[22]</sup> FDR and Churchill covered up Stalin's atrocities.<sup>[22]</sup> Truman knew very little about the Manhattan Project did not- in writing authorize Hiroshima and Nagasaki.<sup>[24]</sup> The bloody Second World

War secrets remained undercover after the assassination of James Forrestal, the First Secretary of Defense.<sup>[25,26]</sup> (Table (G,H,I).

It is my lucky discovery to observe that the butterfly effect of sensitive dependence of complex systems on Initial conditions can trigger delayed catastrophic events mediate human behavior and wars and genocide.

Should we surprised that the physical and thermodynamic laws of universe govern human biology wars and peace on earth ?<sup>[27,28]</sup>

We are complex chemical entities governed by physical laws; our philosophical scientific religious moral beliefs and behavior are shaped by environmental influences: Talat pasha lies triggered the Armenian genocide in 1915.<sup>[29,30,31,32,33]</sup> FDR lies of Pearl Harbor triggered genocide of Hiroshima and Nagasaki residents. LBJ lies about Lee Harvey Oswald triggered the My Lai massacre in 1968.

Bundy and Conien were the operational chiefs of the assassinations of Diem Brothers, John F Kennedy and Robert F Kennedy and possibly others. Bundy from the situation Room at the White House, Conien in Saigon on 11/01/1963 and on Main street, Dallas, TX on 11/22/1963 were the masterminds of both assassinations.

JFK's foreign policy;" Diplomacy first, war only when the US national security is in danger." was consistently sabotaged by JFK insiders Mc George Bundy, Michael Forrestal, Roger Hilsman, tactfully documented by Robert McNamara, In retrospect.<sup>[13]</sup>

It seems that scientifically inaccurate narratives of the Vietnam War by our text books, national museums, monuments limit our ability to learn from past presidential mistakes have been counterproductive for lasting peace by suppressing scientific evidence.

In addition to hundreds of serial killings by government sanctioned homicides the My Lai massacre and the carpet bombing of Vietnamese were concealed under presidential lies that the war in Vietnam was necessary to stop communism.

Collectively fake news - Wikipedia and government propaganda- disseminate inaccurate information about past tragedies.

Inaccurate information about past tragedies caused by LBJ's ambush of JFK at the Dailey Plaza that silenced hundreds of peace advocates by GHHS before carpet bombing Vietnamese and massacring 302 and women and children in My Lai.

Even the most eloquent healing message cannot fully diminish the endured by a large number of researchers dedicated to the Hippocratic spirit, science and the

American Constitution. They all say Integrity matters, for lasting peace our museums memorials and textbooks must be rooted in evidence based history of the Vietnam war.

Less than perfect integrity is pregnant for disaster. For lasting peace our museums memorials and textbooks must be rooted in evidence based history of the Vietnam war.

Consistent with the probability theory," the odds of a coup D'etat caused the My Lai massacre and the Vietnam War carpet bombing "is not a random occurrence %99.99.

Textbooks, museums, and memorials would foster enduring peace by disseminating evidence based history.<sup>[83]</sup>

### CONCLUSION

President Johnson's misrepresentations triggered the Mai Lai massacre and carpet bombing of Vietnamese civilians.

Textbooks, museums, and memorials would foster enduring peace by disseminating evidence based history.
