PHARMA

INNOVATIVE, WORLD-CLASS TOOLING SOLUTIONS THAT MAXIMIZE
THE FLEXIBILITY & PRODUCTIVITY OF YOUR BLISTER MACHINES

OEM EXPERTISE IN TOOLING

Designed and manufactured by the leading North American manufacturer of pharmaceutical blister machines, Pharmaworks tooling solutions will get you up and running quickly.

BECAUSE WE DESIGN AND BUILD BLISTER MACHINES, WE CAN SUPPORT YOUR PROCESS FROM DESIGN THROUGH PROJECT LAUNCH.

- Our dedicated tooling engineers are experts in the machines you depend on.
- You get incredible customer service and support from right here in the USA.
- We provide optimal machine parameters for your tooling, reducing setup time.
- We maintain your profile, keeping specs and preferences for your machines and tooling at the ready.

Your tooling will be tested in blister machines on the Pharmaworks facility, and you'll receive optimal settings for quick startup.

Our machine shop utilizes state-of-the-art equipment.

AFTERMARKET TOOLING

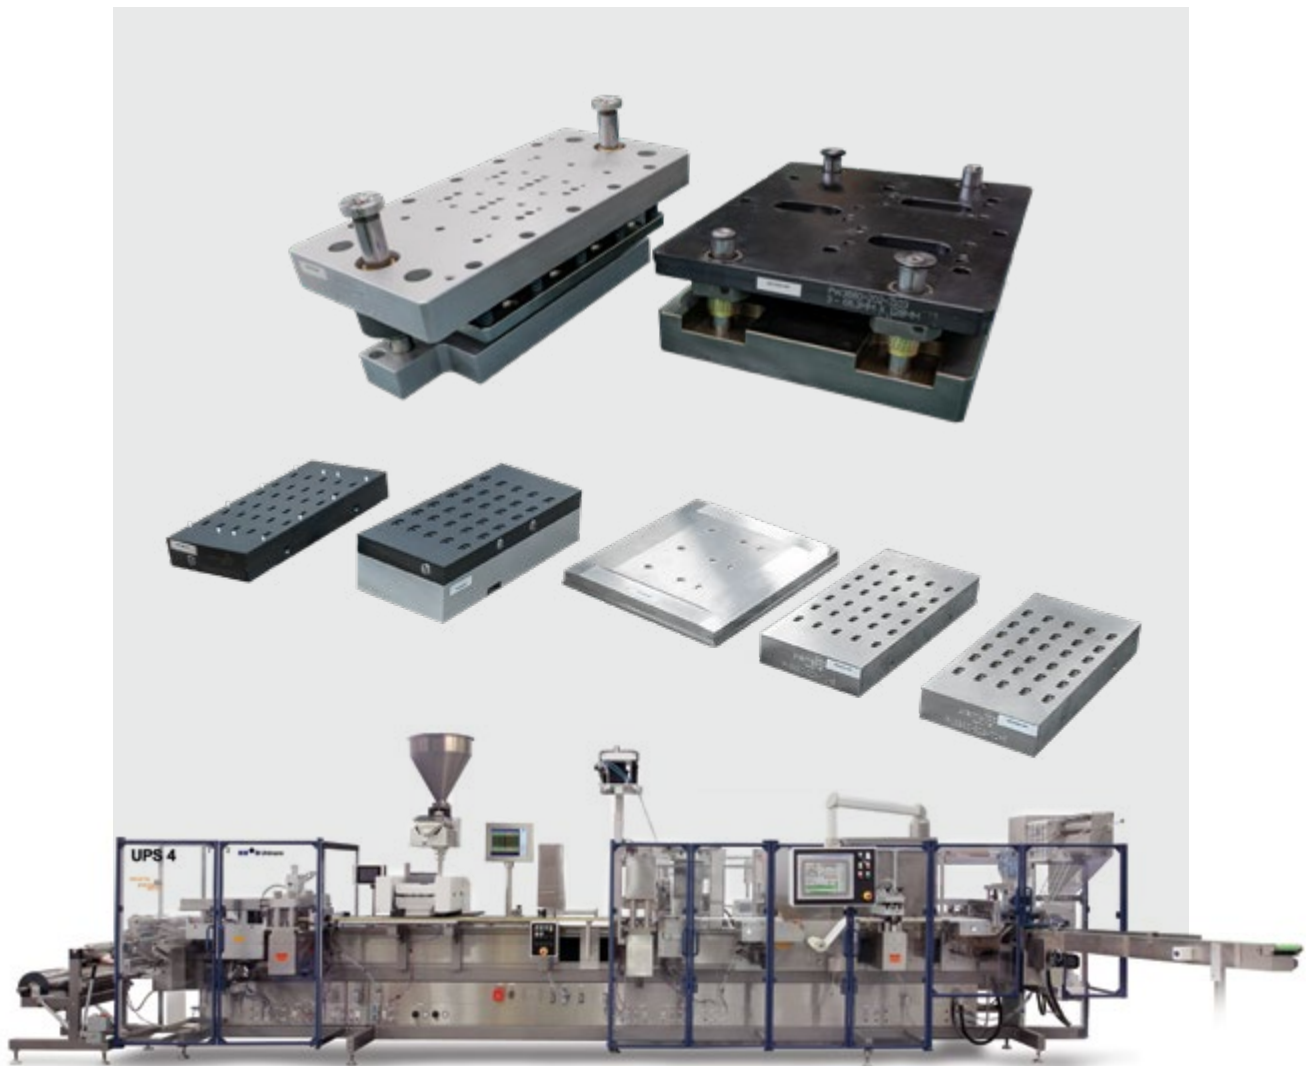

It goes without saying that our dedicated tooling division is the ideal source of tooling for our legendary TF line of blister machines.

The Pharmaworks tooling division is committed to keeping our machines available for testing to make sure your tooling solution is ready for production.

As market leaders in blister machine rebuilding, Pharmaworks is prepared to provide precise tooling for any machine.

Pharmaworks provides tooling for most brands of intermittent blister machines, in addition to our own machines.

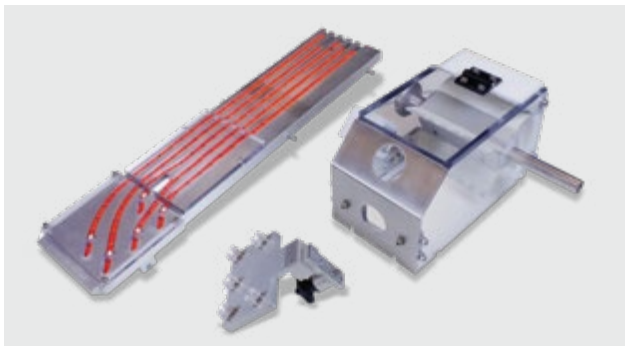

One of many blister machines completely rebuilt by Pharmaworks.

FEEDER CHANGE PARTS

No matter what feeder you're using, Pharmaworks has the expertise to build and test the change parts you need.

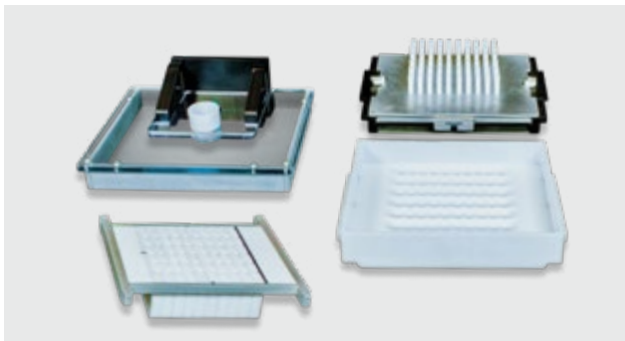

PHARMAWORKS FA SERIES

We create the precise tooling and change parts needed for this series of pick and place type feeders.

PHARMAWORKS FT SERIES

Since Pharmaworks is the original manufacturer of this series of dedicated tube style feeders, we're the best choice to produce your change parts.

OTHER OEM FEEDERS

As a leading North American manufacturer of feeding systems, Pharmaworks has the experience required to design and fabricate change parts for virtually any brand of feeder.

The Pharmaworks Feeder Lab

YOUR MATERIAL, YOUR FEEDER, OUR TEST STAND

Every feeder tool or change part we make is inspected and tested in our on-site, climate-controlled Feeder Lab. We also provide you with optimal settings for startup.
