Demo Sign-Up Page – User Guide

DOCUMENT PURPOSE

This document provides a comprehensive guide for using the **ConnectLingua.ai Demo Sign-Up Page**. It explains the purpose of each section, available fields, buttons, and the end-to-end steps required to confirm a demo session. This guide is intended for **customers, sales engineers, solution consultants, and support teams**.

1. Page Overview

The **ConnectLingua.ai Demo Sign-Up Page** allows users to initiate a **real-time voice translation demo session**. The page collects essential user details, language preferences, and translation settings before generating a **Session ID** required to place a demo call.

Key Capabilities:

- Select language preferences
- Select voice options for translated speech
- Generate a unique demo Session ID
- Display demo dial-in number
- Present pricing and confirmation information

2. Header Section

2.1 Navigation

Information Icon

It is linked to the Connectlingua User Guides and opens up a new page which displays Guide for Customer and Agent.

Home Icon

Redirects the user to the ConnectLingua home page.

Support Email

Used for sales inquiries, demo support, and follow-ups.

3. Your Details Section

The screenshot shows a rectangular box with a thin black border. At the top left, there is a small blue icon of a person next to the text 'Your Details'. Below this, the text 'Your Language' is displayed. Underneath is a white dropdown menu with rounded corners and a thin grey border. The menu contains the text 'Select Your Language' and a small downward-pointing triangle on the right side.

This section captures the agent/user **language** required to personalize the demo session.

3.1 Your Language

Field Type: Dropdown

Purpose:

Selects the **speaker's original language** (the language spoken by the caller).

3.2 Email Address

The screenshot shows a rectangular box with a thin black border. At the top left, the text 'Email Address' is displayed. Below this is a white text input field with rounded corners and a thin grey border. The field contains the placeholder text 'Enter Your Email Address'.

Field Type: Text input

Purpose:

Associates the demo session with the user.

Best Practice:

Use a valid business email for session tracking and follow-up communication.

4. Translation Settings Section

The screenshot shows a rectangular box with a thin black border. At the top left, there is a small blue icon of a document with a speech bubble next to the text 'Translation Settings'. Below this, the text 'Translate to' is displayed. Underneath is a white dropdown menu with rounded corners and a thin grey border. The menu contains the text 'Choose Target Language' and a small downward-pointing triangle on the right side.

This section defines how the translated audio will be delivered during the demo call.

4.1 Translate To

Field Type: Dropdown

Purpose:

Selects the **target language** for translation output.

Usage Impact:

Determines the language spoken back to the listener after translation.

4.2 Select Voice

A screenshot of a user interface element. At the top left, it says "Select Voice" next to a small speaker icon. Below this is a large, light gray rounded rectangle containing the text "Choose Voice" and a small downward-pointing triangle on the right side, indicating a dropdown menu.

Field Type: Dropdown

Purpose:

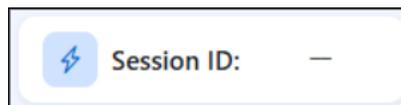

Allows selection of the **synthetic voice** used for translated speech.

Best Practice:

Choose a voice aligned with customer experience or brand tone.

5. Session Information Panel

5.1 Session ID

A screenshot of a user interface element. It features a light blue rounded rectangle with a lightning bolt icon on the left. To the right of the icon, the text "Session ID:" is followed by a horizontal line, representing a blank input field.

Purpose:

Displays the unique **Session ID** generated after successful submission.

Status:

Initially blank (—) until generated.

Operational Importance:

Required to authenticate and start the demo call.
