Exhibitors will be allowed to purchase additional bedding to freshen stalls, but there will be a standard depth maintained.
7. Animals exhibited in this department must be housed Wednesday, August 7 - Thursday, August 8 in stalls designated by the FFA Beef Supervisors or forfeit all premiums earned. Beef entries from a school will be assigned adjacent stalls. **No FFA Beef at the Iowa State Fair will be permitted to be displayed or fit for show in breed association exhibits, Open Class, 4-H or other stalls for any reason before release time on August 8 or premium money will be withheld.**

Animals are subject to toweling.**
13. No artificial aides such as tail head or tail fins will be permitted.

8. Exhibitors must attend the exhibitor meeting and educational presentation at 3:00 p.m. on Wednesday, August 7 in the Youth Inn.

All FFA performance beef at the Iowa State Fair will be subject to urine, blood and tissue analysis for diuretics and anabolic compounds and feed additive or drug residues at the discretion of show management or federal inspector. Positive tests will result in forfeiture of premiums and sale price.
12. Each animal must compete in the live show to qualify for a performance placing. If an animal gets loose from the exhibitor three times during the show, it will be disqualified from the live and performance shows. The animal can be sent to the packing plant, but will not be included in show results.

The overall placing will determine the produce live placing.** Special awards will be given for both live and performance placings.
18. The price received by each exhibitor will be the current carcass price for the day of processing. All standard industry discounts for grade, weight, bullocks, dark cutters, trim, etc. will be applied by the packer.
19. **Exhibitors are reminded that there may be substantial price cuts on heavy carcasses; the packer will determine these cuts.**
20. Checks for the animals will be sent by the Iowa State Fair using figures supplied by the packing plant. Trucking, packer fees and other related expenses will be deducted from exhibitor checks.
21. Entries with hot dressed beef weight of less than 550 pounds will not be considered for Performance Beef premiums. Performance placing will be based on value of saleable meat per day on test. **Premiums will be paid on performance placings.**
22. The following formula is to be used -

Calculate % Retail Product:

$$[65.69 - (9.931 \times \text{Fat Thickness}) + (1.2259 \times \text{Rib Eye Area}) - (.013166 \times \text{Carcass Weight}) - (1.29 \times \% \text{Kidney, Pelvic and Heart Fat})]$$

Calculate Carcass Value Added Per Day on Feed: CV/DOF=

$$\frac{[\text{Hot Carcass Wt.} - (.55 \times \text{Starting Wt.})] \times \% \text{Retail Product} \times \text{Carcass Price, } \$/\text{lb.}/(.70)}{\text{Days on Feed}}$$

The Hotel-Restaurant Window (C) will have premiums added for High Choice, and Low Prime and above of \$2.50 and up to \$5.00 per cwt. above the choice base bid respectively. For Lean-Lite Beef (B), the price bid for Choice cattle will be used in the formula for Select and Choice quality grades. Prices received for the cattle will be those as bid by the packer the day of processing. Generally prices received are bids based on 550 to 1050 pound carcasses with discounts applied for Select, Standard and Bullock grading carcasses. Other discounts that can apply are for over 1050 pound carcasses, under 550 pound carcasses, and Yield Grade 4 and 5 carcasses. Cattle payments reflect subtractions for trucking, inspection, yardage, beef checkoff, data collection and dark cutter assessment.

23. At entry time, each exhibitor will choose one of the following three specification windows to exhibit each of his/her animals live and in the performance competition. Windows can be changed up until 11:00 a.m. on Wednesday, day of show. No changes can be made after that time. An animal shall be exhibited in only one of the specification windows.
