

Garbage Collection and Removal

REQUEST FOR PROPOSAL

ADDENDUM #1

02/09/2026

**QUESTION: Where are the locations of the 3 compactors owned by the Fair?**

It was stated in the RFP that the Iowa State Fair owned three (3) compactors. This was an error.

The Iowa State Fair owns two (2) compactors:

One located at the Maintenance Shop.

One located at the Varied Industries Building at the loading dock.

All other compactors will be supplied by the Contractor.

**QUESTION: During the Fair, it was noticed that the units at the Blue-Ribbon Bar & Eatery, 4-H Building, and West Paddock Area were stationary compactors. Can these be self-contained compactors to help hold liquids?**

Yes, all three (3) of these units can be self-contained to help keep liquids contained. These will be the responsibility of the Contractor to provide.

**QUESTION: During the Fair, is the tipper located behind Shivers Plaza owned by the Iowa State Fair, and is there any other area during the Fair that needs an additional cart tipper?**

The tipper and compactor located behind Shivers Plaza (east side of the Model Railroad Building) is necessary and will need to be provided by the Contractor. It is not owned by the Iowa State Fair.

If the Contractor thinks that any additional tippers are necessary, the Contractor should include any additional equipment that is necessary to fulfill the Contract.

**QUESTION: Cardboard containers 7 days before the Fair - are these roll-off or commercial containers?**

These can be roll-offs or commercial containers or a combination of the two.

**QUESTION: Varied Industries Building during the Fair - how is the trash collection handled?**

The Contractor will be responsible for the trash collection service at the Varied Industries Building, both exterior and interior. The interior will consist of trash collection from the

interior perimeter of the building, main hallway, and lobbies. The exterior of the building will be included in the typical barrel service.

**QUESTION: Who pays to open the Landfill on both Sundays of the Fair?**

The Contractor will work with the Metro Waste Authority to coordinate weekend usage of the facility. The Contractor will work with the Metro Waste Authority to pay for weekend expenses and include those added expenses in an invoice to the Iowa State Fair for reimbursement.

**QUESTION: Are Parking Passes provided? If not, what is the cost.**

Parking passes and admissions credentials will be provided. The amount will be mutually agreed upon by the Fair and the Contractor.
