⚠ 交貨時，請立即檢查外包裝或洗碗機是否有運輸損傷的痕跡。如果發現機器破損、故障、零部件缺失或損壞、電源線或插頭破損，請不要使用並及時和供貨商聯繫。

## 安裝

⚠ 請單獨使用額定電流10A，額定電壓220V 單相電源插座，請勿與其它電器共用插座，可能會因發熱引起火災。

⚠ 洗碗機專用電源插座必須可靠接地，未安裝接地裝置，可能會引起箱體或其它進水部件帶有感應靜電，當發生故障或漏電時會有觸電的危險。

⊘ 請勿將洗碗機放置於距煤氣灶等熱源150mm 以內的範圍內使用。

⊘ 請勿將洗碗機安裝或者儲存在溫度低於0°C的地方或室外。

## 日常使用及維護

⚠ 洗碗機在運行狀態時，若需中途開門，請先按 [ 啟動/ 暫停 ] 鍵，機器停止運轉後再打開門添加或取出餐具。

⚠ 洗滌過程中請勿開門，因為洗滌水、熱氣、洗碗機內均為高溫，可能導致燙傷，洗滌過程中，請勿接觸排水軟管排出的熱水，請勿接觸側面出氣口。

- ⚠ 洗碗機打開後，禁止在門上放置其它重物，以免發生傾倒，造成人體損傷及財物損失。

- ⚠ 為保證最佳洗滌效果，請至少一周清理一次過濾器組件。
- ⚠ 排水管在排水時有一定噴射壓力，請牢靠固定排水管出水口，以免排水管警告排水時跳動，導致污水流到檯面或地板上。
- ⊘ 請使用洗碗機專用洗滌劑，禁止使用洗潔精、肥皂、洗衣粉、洗手液等代替。
- ⊘ 請使用洗碗機專用鹽，不能用其它類別的食鹽或工業用鹽等代替。
- ⊘ 請勿用力拖拽、按壓上層擱架，以免損壞。
- ⊘ 在斷開洗碗機電源線時，請勿濕手或者手持電源線拔出插頭。
- ⊘ 請勿向洗碗機潑水（否則，會導致火災、觸電等危險）。如需連接進水管，請一定使用新進水管，不能使用舊管。
- ⊘ 兒童一定要遠離洗碗機專用消耗品（否則，可能會造成口腔、喉嚨、眼睛等燒灼甚至窒息）。
- ⊘ 洗碗機門打開時，請勿讓兒童靠近，機器內殘留的水中任有洗滌劑和殘渣不能直接飲用。
- ⊘ 本產品可供年齡在8歲或以上的兒童及體質、感覺或智力有障礙人士或缺乏經驗和相關知識的人士使用，但他們必須接受負責安全人士的監督或指導如何安全地使用產品和理解所涉及的危險。

 Prohibition	Behavior or action that must be prohibited
 Warning	Behavior or action that must be observed
 Attention	If the operation is wrong, it may cause damage to people, articles and property.

## Place selection

-  This dishwasher is intended for home or similar kitchen use only. It can only be used for washing, drying and storage of household tableware. Please keep away from the gas range when selecting the location. It is recommended to be placed near to the sink to facilitate the placement of the drain. (The maximum length of the drain pipe is 150cm)
-  Do not place this product on a platform that is not stable, wet, smooth, or not heatresistant (such as plastic table cloths, cotton cloth, carpets, etc.) to avoid injury, property damage, etc. caused by electric shock, fire, or falling off.

Note: Please keep the machine horizontally during use, otherwise it may cause the water shortage indicator of the water tank to not go out or the abnormal alarm in the middle.

## Delivery inspection

-  When receiving the product, immediately check the outer packaging or the dishwasher for any signs of shipping damage. If the machine is found to be damaged, defective, missing or damaged, or the power cord or plug is damaged, please do not use it and contact the supplier in time.

## Installation

-  Please use a single-phase power socket with a rated current of 6A/10A and a rated voltage of 220V. Do not share the socket with other appliances, as it may cause fire due to heat.
-  The dishwasher's dedicated power outlet must be reliably grounded. Failure to install a grounding device may cause static induction in the cabinet or other water inlet components. There is a risk of electric shock when a fault or leakage occurs.
-  Do not use the dishwasher within 150mm of a heat source such as a gas range.
-  Do not install or store the dishwasher at temperatures below 0 °C or outdoors.

## Daily use and maintenance

-  If you need to open the door during the dishwasher is running, please press the "Start/Pause" button first, wait for the machine to stop running, then open the door to add or remove the tableware.
-  Do not open the door during the washing process. Due to the high temperature of the washing water, hot air, and dishwasher, it may cause burns. Do not touch the hot water from the drain hose during the washing process. Do not touch the side air outlet.

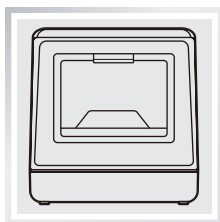

- ⚠ After the dishwasher is opened, it is forbidden to place other heavy objects on the door to avoid dumping, causing human injury and property damage.
- ⚠ The door should not be in a fully open position as this may cause the appliance to fall over. Do not tilt or move the body while it is running.
- ⚠ When placing knives and other sharp objects on shelves or baskets, the sharp side must be placed face down or horizontally to avoid being scratched.
- ⚠ To ensure excellent washing results, clean the filter assembly at least once a week.
- ⚠ The drain pipe has a certain injection pressure when draining. Please firmly fix the drain outlet to prevent the drain from jumping when it drains, causing the sewage to flow to the platform or floor.
- ⊘ Please use special detergents for dishwashers. Do not use detergents, soaps, washing powders, hand sanitizers, etc.
- ⊘ Please use the special salt for the dishwasher. It cannot be replaced by other types of salt or industrial salt.
- ⊘ Do not forcefully press or pull or press the upper shelf to avoid damage.
- ⊘ When disconnecting the dishwasher power cord, do not pull the plug out with wet hands or the handheld power cord.
- ⊘ Do not pour water into the dishwasher (otherwise, it may cause fire, electric shock, etc.). If you need to connect the inlet pipe, please use the new inlet pipe and you cannot use the old pipe.
- ⊘ Children must stay away from dishwasher-specific consumables. (Otherwise, it may cause burning, even suffocation in the mouth, throat, eyes, etc.)
- ⊘ Keep children away when the dishwasher door is open. No detergent or residue in the residual water in the machine can be directly consumed.
- ⊘ Never allow children to operate the dishwasher. Children under the age of 8 must stay away from household dishwashers unless they are supervised by adults. For children over 8 years of age, persons with disabilities or those who lack experience in life, this machine is not permitted because they are not supervised or instructed by those responsible. Cleaning and maintenance cannot be performed by unsupervised children.

## Failure or damage

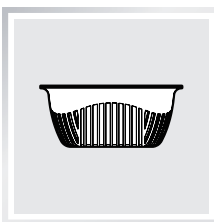

- ⚠ In case of abnormality or malfunction, please stop using it immediately, and power plug to turn off the water source.
- ⚠ Do not repair or replace any parts of the dishwasher unless specifically stated in this manual. If necessary, please contact the after-sales service for repair, or see the "Questions and Answers" section for information.
- ⚠ If the power cord is damaged, it must be replaced by a professional from the manufacturer, its service department, or similar department to avoid a hazard.
- ⚠ To prevent accidents when handling old machines, make sure that the old machines are no longer usable. Please dispose of the old machine according to the relevant regulations, such as cutting the power cord, breaking the door lock so that it cannot close the door.
