**Part III Statement of Program Service Accomplishments**

Check if Schedule O contains a response or note to any line in this Part III

<b>1</b>	Briefly describe the organization's mission	
<p>Since 1991, the Maine Migrant Health Program (MMHP) has championed the health care needs of migrant and seasonal farmworkers (MSFWs) and their families by providing quality primary, preventive, and chronic health care services to MSFWs across the state. MSFWs are one of the nation's most vulnerable and invisible populations. Their health status is compromised by poverty, living/working conditions, immigration status, interruptions in care, lack of culturally and linguistically appropriate services (CLAS), social isolation, and an overwhelming lack of access to health care in general. As a migrant health voucher program, the MMHP is dedicated to maximizing access to health care for Maine's seasonal workers by providing mobile medical care, and by reimbursement arrangements (i.e. vouchers) with a broad network of medical, dental, and behavioral health providers.</p>		
<b>2</b>	Did the organization undertake any significant program services during the year which were not listed on the prior Form 990 or 990-EZ? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	
If "Yes," describe these new services on Schedule O		
<b>3</b>	Did the organization cease conducting, or make significant changes in how it conducts, any program services? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	
If "Yes," describe these changes on Schedule O		
<b>4</b>	Describe the organization's program service accomplishments for each of its three largest program services, as measured by expenses. Section 501(c)(3) and 501(c)(4) organizations are required to report the amount of grants and allocations to others, the total expenses, and revenue, if any, for each program service reported.	
<b>4a</b>	(Code ) (Expenses \$ 547,800 including grants of \$ ) (Revenue \$ 6,524 )	
<p>Community Service (Enabling Services) - The Maine Migrant Health Program is a 330g migrant voucher program. However, it does not operate out of a fixed site or "bricks and mortar" health center. All direct services are provided in the community, so the engagement of patients and clients is always from an 'outreach' perspective. Mobile medical clinics, pesticide safety trainings, health education sessions, etc, all take place in the farmworkers' communities - their camps, homes, work places, Rakers' Center etc. MMHP's enabling services are provided where they are most needed, where farmworkers live and work. These services are the cornerstone of migrant voucher programs across the country and provide a strong base of supportive services that create access. MMHP's existing service area is the entire state of Maine (33,215 sq mi) with major harvest areas in Aroostook, Hancock, Washington, and Androscoggin counties. Both Washington and Aroostook qualify as 'very rural', their population density being 14.0/sq mi and 11.6/sq mi, respectively. Aroostook County also has the distinct honor of being the only county east of the Mississippi that qualifies as a frontier designated area. In addition, parts of these major harvest areas have been classified as Health Professional Shortage Areas, Medically Underserved Areas, or as having a Medically Underserved Population. Unfortunately, they are home to mental health and dental shortage areas as well. Maine state demographics only add to the difficulties MSFWs face as described in Part III, Line 1. Add to this inadequate transportation, geographic isolation, unfamiliarity with local resources and systems, as well as the inability to arrange time off from work. These are the barriers community (enabling) services are designed to bridge and/or eliminate, thereby increasing access to care. This is accomplished through outreach services, health education, case management, transportation, eligibility assistance, medical interpretation, and referral services to local network providers. Community service workers also spend time scouting for new crews and workers to ensure all who need services have the opportunity to access them. Thus, enabling services are an integral component in MMHP's success in meeting migrant and seasonal farmworker needs and in fulfilling its mission to improve the health status of Maine's seasonal workers and their families.</p>		
<b>4b</b>	(Code ) (Expenses \$ 254,292 including grants of \$ ) (Revenue \$ 4,662 )	
<p>Medical Services - MMHP's direct medical services include comprehensive mobile care, access to referral services, emergency room care, and coverage for laboratory and radiology testing. MMHP accomplishes this by bringing services directly into worker camps, communities, and work sites, as well as utilizing its statewide referral (voucher) network of medical, dental, and behavioral health providers. This unique combination of direct clinical care and voucher arrangements with local providers ensures that Maine's migrant and seasonal farmworkers have access to care that is appropriate, timely, and cost-effective. This model also ensures greater responsiveness to farmworkers' needs as it is designed with an inherent level of flexibility to accommodate ever-changing circumstances affecting the farmworkers and their provision of care.</p>		
<b>4c</b>	(Code ) (Expenses \$ 78,652 including grants of \$ ) (Revenue \$ 2,010 )	
<p>Dental and Pharmacy Services - Dental and pharmacy services are both provided solely under voucher arrangement as MMHP's mobile medical units (MMUs) are not equipped or staffed to provide them directly on site. A number of dentists and pharmacies participate in MMHP's provider network in the communities where seasonal workers live and work. This past year, one dental practice brought its staff and equipment out into the blueberry fields to provide services directly. Another opened its office doors after hours solely to see MMHP patients on more than one occasion. This commitment was much-needed and well-received by the workers, and resulted in increased usage over prior years by approximately 419%.</p>

Mobile Medical Units - As discussed, part of Maine Migrant's unique model of service delivery is to go directly to the worker camps, communities, and work sites. To accomplish this, MMHP operates a fleet of vehicles designed and utilized as mobile medical centers. These mobile medical units (MMUs) are staffed by, at a minimum, one provider and two outreach and/or intake staff. At least one member of the team is bilingual to ensure that the clinics run smoothly and efficiently, and that farmworker needs are identified correctly and treated appropriately. Team members are either on staff or under contract. This past year, contracted interpretation services was secured for worker languages not spoken by staff. Clinics are generally scheduled after harvest work hours and, whenever possible, continue until all workers have been seen by a provider. When necessary, arrangements are made and assistance provided for any referrals to local voucher network providers.

(Code ) (Expenses \$ 29,115 including grants of \$ ) (Revenue \$ )

Behavioral Health Services - Due to an overwhelming declaration of need by migrant and seasonal farmworkers, behavioral health services were added to MMHP's core services seven years ago. These services have been successfully integrated into MMHP's primary care model and work hand-in-hand to support and enhance the provision of quality primary, preventive, and chronic health care services to seasonal workers across the state. Behavioral services currently include mental health and substance abuse counseling. In the past, care was provided directly on the MMUs as well as through voucher (referral) providers. Unfortunately, MMHP's Behavioral Health Specialist left the program mid-year. Despite efforts to fill this position, and even upgrade it, it remained vacant at fiscal year-end. It is anticipated that MMHP will be able to resume providing these sorely-needed services next year.
