Our mission is to provide comprehensive, integrated primary health care services for all to improve the health and wellbeing of our patients and Maine Communities we serve. We commit not only to building the infrastructure for patient centeredness, but also to embracing the evolution of our personal roles, responsibilities and attitudes as we shift to a collaborative, team based model of care, partnered with the patient. We work to integrate community based resources, family, and health care services in order to promote wellness, manage disease, advocate for helpful public policy, and celebrate successes. We strive to understand the full picture of our patients' lives and all of the factors which impact their wellbeing, to consider those strengths and challenges as we provide care, to understand who they are in their family, workplace and community, and to ask about and listen for what matters most to them. We also commit, on a daily basis, to understand the role of our co-workers, to support each other in those roles, to properly value the contribution that every person makes to our success in fulfilling our mission, to communicate richly, to work together to solve problems and address challenges, and to interact with humor and good nature.
