Part X, Line 2	FASB has issued guidance which clarifies generally accepted accounting principles for recognition, measurement, presentation and disclosure relating to uncertain tax positions. This guidance clarifies the accounting and recognition for income tax positions taken or expected to be taken in the Organizations income tax returns. The Organizations income tax filings are subject to audit by various taxing authorities. The years of filings open to these authorities and available for audit are 2012, 2013 and 2014. The Organizations policy with regards to interest and penalties is to recognize interest through interest expense and penalties through other expense. In evaluating the Organizations tax provision and tax exempt status, interpretations and tax planning strategies were considered. The Organization believes its estimates are appropriate based on the current facts and circumstances.
