Part X : FIN48 Footnote	Accounting principles generally accepted in the United States of America require uncertain tax positions to be recognized in the financial statements if they are more likely than not to fail upon regulatory examination. Management has evaluated the Organization's tax positions as of and for the years ended December 31, 2019 and 2018 by reviewing its income tax returns and conferring with its tax advisors, and determined that the Organization had no uncertain tax positions required to be reported in accordance with such generally accepted accounting principles. The Organization is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any open tax periods.
