Part X, Line 2	<p>Management has assessed the Organization's exposure to income taxes at the entity level as a result of uncertain tax positions taken in current and previously filed tax returns. Examples of tax positions taken at the entity level include the continuing validity of its exempt organization status, potential filing requirement for unrelated business income and other tax positions that could result in income tax liabilities to the Organization upon examination by taxing authorities. Presently, management believes that it is more likely than not its tax position will be sustained upon examination, including any appeals and litigation, such that the Organization has no exposure to income tax liabilities from uncertain tax positions.</p>
