Supplemental Information

Return Reference	Explanation
Part X, Line 2	Accounting principles generally accepted in the United States of America require corporation management to evaluate tax positions taken by the corporation and recognize a tax liability (or asset) if the corporation has taken an uncertain tax position that more likely than not would be sustained upon examination by the Internal Revenue Service. Free Clinic of Powhatan's management has analyzed the tax positions taken by the clinic, and has concluded that as of December 31, 2018, no uncertain positions are taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The clinic is subject to routine audits by taxing jurisdictions, however, there are currently no audits of any tax periods in progress. The clinic believes it is no longer subject to income tax examinations for years prior to 2015.
