Supplemental Information

Return Reference	Explanation
Part X, Line 2	The Organization follows the standards for accounting for uncertainty in income taxes according to the principles of ASC 740, Income Taxes, which prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken, or expected to be taken, in a tax return. It requires management to evaluate tax positions taken by the Organization, including whether the entity is exempt from income taxes. Management evaluated the tax positions taken and concluded that the Organization had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Organization is no longer subject to income tax examinations by the U.S. Federal, state, or local tax authorities for years before 2014.
