Form 990 (2018)

Form 990, Part III, Line 4a:

Horizons is built on developing a passion for learning in children who are at risk for academic failure. We make use of independent schools' resources and facilities to develop the physical, emotional and educational capacities of over 360 low-income children during a 6-week summer enrichment program and Saturday program during the school year. Presented by professional, paid faculty with a 5:1 student teacher ratio, academics are taught in a hands-on, project-based style. But there are no tests, quizzes or workshops. Instead learning is interactive and engaging. Our academics are complemented by instruction in swimming and weekly field trips of academic or cultural significance. Horizons is unique compared to our peers in our concentration on long-term continuity of services and our focus on building confidence through swimming. Horizons students enroll in our program while in kindergarten and participate for nine summers. By providing a dependable and safe environment where students not only strengthen their aptitude, but also develop resiliency, Horizons is able to significantly increase the likelihood that our students will graduate from high school. The goals of Horizons are to (1) improve students' school-year attendance and performance over time, (2) mitigate summer decline in students' academic achievement, (3) build self-esteem and raise students' aspirations and vision for success, and (4) support families in their efforts to be involved in their children's education. Results over multiple years show that Horizons students show on average one to two months of growth in reading and math during the six-week summer session.
