Return Reference	Explanation
Part X FIN48 Footnote	Federal income taxes are not reflected in the financial statements due to the Organization's tax exempt status under the applicable provisions of the Internal Revenue Code, Section 501(c)(3). The Organization is not considered a private foundation. Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Organization and recognize a tax liability (or asset) if the Organization has taken uncertain positions that more likely than not would not be sustained upon examination by taxing authorities. Management has analyzed the tax positions taken by the Organization, and has concluded that as of December 31, 2015 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.
