Form 990, Part I, Line 1

Committed to the future of Knox County and its changing and diverse needs, Knox County Head Start works in partnership with the community to provide quality preschool, childcare, and family services. Our purpose is to engage children, families, and staff in reaching their full potential. The primary mission of Head Start and Early Head Start services is to provide comprehensive health, educational, social-emotional, nutritional, mental health and family services to economically disadvantaged young children and their families.

Form 990, Part III, Line 4a

Head Start is a federally funded, comprehensive developmental preschool program for income eligible children ages three to five and their families. Knox County Head Start, Inc. receives grants from the Federal Department of Health and Human Services for the operation of the program. There is no fee to participate in the program. Services are provided to 122 children in half-day, school based programming; 22 children in home based programming; and 54 children in full day, full year classrooms funded by a combination of Head Start, child care subsidy and parent fees paid according to child care subsidy regulations for child care services. During 2015-2016 Knox County Head Start served 251 children in 198 funded Head Start slots. Children served received screenings for health issues, including physicals, lead and hemoglobin screenings, speech, hearing and developmental screenings; dental screenings; and mental health screenings. Sixty-three children, or 26% of children served, required follow up medical care, and 100% of those children received the follow up care. Forty-four children, or 19.8% of children served, required follow up dental care, and 31 of those children received the care needed, for a dental follow up rate of 70.5%. Twenty-seven children, or 10.8% of the total children served, were identified as children with disabilities receiving services under an Individualized Education Plan in partnership with local education agencies.

Children served in the Head Start program showed gains in developmental categories related to school readiness, including language development, literacy, mathematics, cognitive development, social-emotional development, and physical development, including gross motor and fine motor development. During the school year, 109 four-year old children (transitioning to kindergarten at the end of the school year) entered classrooms and were assessed according to widely held developmental expectations. Seventy-eight children had assessments completed in both the fall and spring checkpoints. At entry, average score in each developmental domain was near or below the bottom of the widely held developmental expectations range; at exit, all scores were within widely held expectations and achieved at least 90% or better of the top range score, with October 2015 and May 2016 scores listed below:

Its mission is to promote healthy prenatal outcomes for pregnant women, to enhance the development of very young children, and to promote healthy family functioning. Knox County Head Start is funded to serve up to 66 infants, toddlers and pregnant women and their families in Early Head Start at any one time. KCHS provided services to 101 infants and toddlers and eleven pregnant women in the 66 funded slots. KCHS is funded for 30 center based slots, in full day, full year centers in Fredericktown, Gambier and Mount Vernon, Ohio. Center based services are provided from ten to eleven and one half hours per day, five days per week. KCHS is funded to serve 36 infants, toddlers and pregnant women in the home based program, with Home Visitors working with parents in a 90-minute home visit weekly, and with all families coming together for twice monthly group socializations. Fifteen children (14.9%) served were identified as having disabilities or developmental delays, and received services under an Individual Family Service Plan. Ninety-three percent (94/101 children served) were up to date on a schedule of age-appropriate preventive and primary health care; and 95% of children served were either up to date on immunizations or had received all immunizations possible. Eighteen children (19.1%) were diagnosed as needing follow up medical treatment and both children, or 100%, received those follow up services. KCHS provides extensive parenting education to families with infants and toddlers, including trainings such as: The Magic of Connecting; Your Child's Temperament; Healthy Sleep Habits, Happy Child; Dealing with your Child's Fussing and Fits; Conscious Parenting and Conscious Couples, funded in part through the United Way of Knox County and the Head Start Center of Excellence grant.
