Advancing Technology Adoption - We are building regional innovation clusters by connecting companies, academic and research institutions with opportunities to collaborate and take advantage of new technologies such as additive and smart manufacturing that build on the industrial, organizational and workforce strengths of the region. These clusters encourage technology adoption necessary to drive growth and improve the competitiveness of Northeast Ohio companies, while also introducing companies outside the region to deep manufacturing supply chain that exists here.

Promote Team NEO, the Region and Network Performance - Team NEO offers local partners a bigger, more powerful platform to highlight the merits of investing in Northeast Ohio by highlighting unique strengths and economic attributes of each market, while articulating the value of being a part of the larger Northeast Ohio region, including our critical mass as one region with its integrated supply chains, 2 million workers, 20-plus colleges and universities, etc. We believe this approach makes investing in Northeast Ohio a compelling alternative in comparison to other well-known locations.

Pt VI, Line 11b: The draft Form 990 and its schedules were reviewed by the CEO and the Treasurer of the Board. Any necessary changes were made and the final version was then made available to the Board members for their review. After the stated deadline for comments, the Form 990 and its schedules were mailed to the IRS.

Pt VI, Line 12c: Team NEO Foundation's Board Members annually sign a Conflict of Interest statement. As issues arise at the Board meetings, a Board Member having a conflicting interest would excuse himself/herself from the room during the discussion and voting of the issue as to not impact the results.

Pt VI, Line 19: Team NEO Foundation makes its governing documents, conflict of interest policy, and financial statements available to the public upon request, either by providing copies or inspection in the office.

Pt VI, Line 15a: The process for determining the CEO compensation originally included benchmark studies performed by a consulting firm on what other similar organizations around the country would pay their top person. The CEO Search Committee of the Board was involved in this process. Moving forward, the Governance Committee will play this role. On an annual basis, benchmark studies are available to the Governance Ctm to review. Locally, ERC does a salary study and universities such as Minnesota have done surveys on just economic development organizations. The CEO has an annual performance review which is conducted by the Board Chair and the Chair of the Governance Ctm. The Board Chair and Governance Ctm base the CEOs salary increase and any performance bonus on his performance and achievement of the organizations goals and objectives over the past 12 months. The process to hire key employees of the organization includes a review of salary benchmarks from other economic development organizations around the country. On an annual

basis, every employee is reviewed both at mid-year and at year-end by the CEO.
 An average salary increase for employees is agreed to by the CEO and the Board
 of Directors. The CEO applies the average salary increase at his discretion
 for all employees.
