Form 990, Part VI, Section B, line 15	Two necessary components of compensation planning in any economic environment are compensation benchmarking and salary structure adjustments. The organization maintains a viable and comprehensive performance-based merit system. An outside consultant, The Management Association of Illinois, provided guidance in designing a wage and salary structure. The objectives were simply to: 1. Develop a competitive compensation structure utilizing benchmarking analysis of the metropolitan Chicago labor market; 2. Analyze current competitive pay practices of the organization in order to provide guidance on updating and improving administration of the compensation program for the employees in the positions involved. On an annual basis, aligned with the hiring anniversary of the CEO, the Executive Committee of the Board of Directors completes a performance evaluation on and approves the compensation for the organization's CEO. The CEO completes a performance evaluation for each member of the senior management team and consistent with guidelines established for the entire agency, and in adherence to the approved wage and salary structure, implements a salary adjustment based on the overall performance rating. A Board Resolution is completed and signed by the Board Chair following this process.

All other governing documents and the conflict of interest policy are available upon request. Documents are available on the same basis of disclosure prescribed by section 6104(d).
