**Part XIII** Supplemental Information *(continued)*

Accounting for Uncertainty in Income Taxes, which addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under this guidance, the Organization may recognize the tax benefit from an uncertain tax position only if it is more-likely-than-not that the tax position will be sustained on examination by taxing authorities, based on the technical merits of the position. The tax benefits recognized in the financial statements from such a position are measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. The Organization's status as a tax-exempt non-profit entity is a tax position subject to these recognition requirements.

The Organization's federal tax returns for the prior three years remain subject to examination by the Internal Revenue Service.
