Facts And Circumstances Test

Part II Section B Line 10 Amounts reported on this line in the 2016, 2017, and 2018 tax returns were for the sale of donated items which did not have an ascertainable fair value when received. Accordingly the value of the donated items was determined at the time the items were sold. As such the sale of these items creates donation revenue, not sales income. The sales income has been rechacterized as contributions reported on this Part, Line 1. The amount reported in 2019 is from the sales of purchased inventory.

Part I Line 25	Restore inventory consists of donated home furnishings and building and home improvement materials which are sold in ReStore. The Organization believes that the inventory of donated goods and materials does not possess an attribute that is easily measurable or verifiable with sufficient reliability to determine an inventory value at the time of donation. Accordingly, it is not practical to determine the value of donated inventory and is valued at zero prior to being offered for sale. The donated inventory is valued at its sale price at the time of sale and recorded as in-kind contribution in the financial statement.
