Accordingly, no provision for income tax has been made. Accounting principles generally accepted in the United States of America require the Organization's management to evaluate tax positions taken by the Organization and recognize a tax liability (asset) if the Organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Organization's management has analyzed the tax positions taken by the Organization and has concluded that as of December 31, 2019, no uncertain positions are taken or are expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.
