FIN 48 FOOTNOTE - FORM 990, SCH D, PART X, LINE 2	<p>WWH determines whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under this guidance, WWH may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by taxing authorities, based on the technical merits of the position. The tax benefits recognized in the financial statements from such a position are measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. The guidance on accounting for uncertainty in income taxes also addresses de-recognition, classification, interest and penalties on income taxes, and accounting in interim periods. Management evaluated WWH's tax positions and concluded that WWH has taken no uncertain tax positions nor are there any related penalties and interest that require adjustment to the accompanying financial statements to comply with the provisions of this guidance. Generally, WWH is no longer subject to income tax examinations by U.S. federal, state, or local tax authorities for years before 2016.</p>
