ASC 740 requires a more likely-than not threshold for financial statement recognition and measurement of tax positions taken or expected to be taken on the organization's tax return. Management believes the tax positions taken on the organization's tax returns are fairly stated. To the extent that the organization's management's assessment of such tax positions changes, the change in estimate is recorded in the period in which the determination is made. The organization would report related interest and penalties, if any, as component of income tax expense.
