Return Reference	Explanation
PART X, LINE 2	The Corporation identifies and evaluates uncertain tax positions, if any, and recognizes the impact of uncertain tax positions for which there is a less than more-likely-than-not probability of the position being upheld when reviewed by the relevant taxing authority. Such positions are deemed to be unrecognized tax benefits and a corresponding liability is established on the Statement of Financial Position. The Corporation has not recognized a liability for uncertain tax positions. If there were an unrecognized tax benefit, the Corporation would recognize interest accrued related to unrecognized tax benefits in interest expense and penalties in operating expenses. The Corporation's tax years subject to examination by the Internal Revenue Service generally remain open for three years from the date of filing.
