## Supplemental Information

Return Reference	Explanation
Part X, Line 2	<p>The Organization regularly assesses uncertain tax positions in each of the tax jurisdictions in which it has operations and accounts for the related financial statement implications. Unrecognized tax benefits are reported using the two-step approach under which tax effects of a position are recognized only if it is "more-likely-than-not" to be sustained and the amount of the tax benefit recognized is equal to the largest tax benefit that is greater than fifty percent likely of being realized upon ultimate settlement of the tax position. Determining the appropriate level of unrecognized tax benefits requires the Organization to exercise judgment regarding the uncertain application of tax law. The amount of unrecognized tax benefits is adjusted when information becomes available or when an event occurs indicating a change is appropriate. Future changes in unrecognized tax benefits requirements could have a material impact on the results of operations. The Organization is generally no longer subject to tax examinations relating to US federal tax returns for years prior to the year ended July 31, 2012.</p>
