Supplemental Information

Return Reference	Explanation
Part X FIN48 Footnote	<p>The Organization's policy with respect to evaluating uncertain tax positions is based upon whether management believes it is more likely than not the uncertain tax positions will be sustained upon review by the taxing authorities, then the Organization shall initially and subsequently measure the largest amount of tax benefit that is greater than 50% likely of being realized upon settlement with a taxing authority that has full knowledge of all relevant information. The tax positions must meet the more-likely-than-not recognition threshold with consideration given to the amounts and probabilities of the outcomes that could be realized upon settlement using the facts, circumstances and information at the reporting date. The Organization will reflect only the portion of the tax benefit that will be sustained upon resolution of the position and applicable interest on the portion of the tax benefit not recognized. Based upon management's assessment, there are no uncertain tax positions expected to have a material impact on the Organization's financial statements. The Organization is no longer subject to U.S. federal and state tax examinations by tax authorities for years before 2015. The Organizations' federal and state tax returns are not currently under examination. The Organization recognizes interest and penalties related to unrecognized tax benefits in income tax expense. During the years ended June 30, 2019 and 2018, the Organization did not recognize any interest or penalties. The Organization did not have any interest or penalties accrued at June 30, 2019 and 2018.</p>
