Part III Statement of Program Service Accomplishments

Check if Schedule O contains a response or note to any line in this Part III

1 Briefly describe the organization's mission:

We mobilize community engaging students that are historically underserved in creating a future of limitless possibilities.

Our mission is to bring local businesses and schools together to provide real-world, hands-on learning experiences that expand opportunities for students that are historically underserved to engage in their education and aspire to careers in fields they might not otherwise consider possible

2 Did the organization undertake any significant program services during the year which were not listed on the prior Form 990 or 990-EZ? Yes No

If "Yes," describe these new services on Schedule O.

3 Did the organization cease conducting, or make significant changes in how it conducts, any program services? Yes No

If "Yes," describe these changes on Schedule O.

4 Describe the organization's program service accomplishments for each of its three largest program services, as measured by expenses. 4a (Code:) (Expenses \$ 684,625 including grants of \$) (Revenue \$)

Educational Work Experiences:

In4All works with local businesses to provide school-year and summer work experiences for high school and college students. All work experiences are paid opportunities that create practical and impactful career-connected experiences. Connecting classroom learning to a work environment enables students to make meaning of critical subjects, increase their skill sets and informing their future. Through partnerships with local schools we work to prioritize opportunities for students disproportionately underrepresented in careers. Our partners are linking arms with us to overcome access barriers for students - because student success is a shared responsibility.

4b (Code:) (Expenses \$ 111,538 including grants of \$) (Revenue \$)

In4All Elementary and Middle School Programs:

Our elementary STEM Connect program brings local businesses and neighborhood schools together to shift student attitudes toward math, science and careers. Our trained volunteers bring In4All, standards-connected activities into the 4th and 5th grade classrooms of Oregon students that are historically underserved, creating a bridge between critical subjects and careers. Reaching almost 4,000 students this year we expanded programming to reach students in Roseburg and Medford helping us come closer to realizing our goal to work in rural communities.

Similar to STEM Connect, trained volunteers bring our middle school design thinking program to 8th grade math classes. Students partner with industry professionals, their teachers and peers to solve a problem they define in their community. This nascent program is demonstrating strong student, volunteer and teacher outcomes. 2018 will allow us to bring formal evaluation to this very promising opportunity to extend the impact our business and school partnerships has on students during the school day.
